There were 274 sealed ballots which were properly identified with the voter's name and call on the mailing envelope as required. There were 3 ballots received with no identification on the mailing envelope so that it was impossible to establish membership status. These ballots were discarded and not counted.

In several instances where no candidate was listed, a write-in vote was cast. However, none was counted or considered since the organization's By-laws state, in Article X, Section 3, "No member may be nominated to office without her written consent."

PRESIDENT'S MESSAGE

The uoiden-Rod is yellow
The corn is turning brown.
The trees in apple orchard
With fruit are bending down.

■'ls the Autumn Season approaching. Mother Nature has made the various parts of our Country very beautiful with the fantastic colors which make a spectacular sight. 'Twas the same time of year when our YLRL organization was first organized. At this time we are happy and honored to be able to salute those YLs who were so conscientious, courageous and ambitious in getting this group organized in Oct. 1939. A constitution was drawn, the Founder Ethel Smith was made President. The Officers at that time were chosen by-her.

The YLs listed at this time were WTGQT, W5HYF, W6RGX, W7GXI, W8SBB, W0TAY, W9CHD (now W6NAZ), W9NBX (now WfiUXF), W9NLW, W9UA (now W0UA), W9WWP (now W6ASV), and VE2H1.

It has been a pleasure to receive notes from several of these Charter Members & I would like to share their thoughts with you.

Ethel, KkLMB, our first President says it all-started with that 1939 Ad of Two Hundred Meters and Down "Where Clint de Soto said, 'Heaven only knows how many YLs there are and they won't tell.' Well we did tell. And I'm delighted to hear that the YLRL Membership has now passed the 1,000 mark. Today YLRL has a Worldwide Membership and an impressive list of Contests, Certificates etc. Our members are taking an active part in every phase of Amateur Radio and hold many important leadership posts. YLRL has truly lived up to its slogan - QRV - 'I am ready'.

I am proud that I had an opportunity to have a part in founding YLRL. I am even more proud to be a member of the great organization it has become today. My congratulations to the wonderful members and the fine leadership over the years that made YLRL possible. May we have many years of 'Love sealed with friendship between one YL and another."

33, Ethel Smith, K^IIMB

"First, Congratulations to all hard-working Officers who have kept YLRL progressing. Then, to every member with an eye toward WARC, an expectation that YLs will lead all operators in meticulous operating, thus encouraging all to the highest possible standards in the use of our frequencies. Too, here's a hope that YLRL members will also lead in fine public relations to each community, spreading the good word about Ham Radio in new, interesting ways."

33, Lenore Kingston Jensen, W6NAZ (ex-W9CHD)

"There may never have been a Young Ladies' Radio League had not Ethel Smith, KHLMB, not been inspired to place her memorable lace bordered ad in QST. 'Never underestimate the power of a woman'. In plural, that means all the wonderful gals who over the years have carried the load of work in behalf of YLRL,

When our rigs were silent during the war years, YLH continued to be published which I feel kept the group together and because of the numerous ads YLH carried for war work, many of our gals became involved in the war effort.

I maintain that women Radio Amateurs are among the most dedicated and finest group of hobbyists in the world. Many of the best belong and work for our wonderful growing organization, the Young Ladies' Radio League."

Sincerely, Anita, W8TAY

Dear YLs:

One of the (few) pleasant aspects of growing old is that your memories grow with you and I have many happy memories of the early days of YLRL. Here is a personal note that few people know about. I was formally introduced, to Bill Aldwell (then W6LBM) on 80 meter CW by Carrie Jones (W9ILH, another of YLRLs earliest members). He told me later that he had arranged the meeting because he had already decided that he wanted to marry me (just from listening in on my QSO's). He wanted to do things right. So girls, you never know what the next QSO may bring. My Congratulations to you who are now carrying on the work of YLRL and my best wishes for continued success.

33 and Aloha: Enid Aldwell, KHSIHM (ex W9NBX,W6UXF)

"There isn't much to say except when I received a letter from Ethel Smith so many years ago asking to help her organize a Ladies' Radio Organization, little did we know it would grow into a World Wide Organization. At that time, there were few YLs in the West. I drove Ho Country miles to meetings. I don't think Ethel gets enough credit for the wonderful work she did."

•33, Marge, W7GXI

"I was glad to see the YL Amateur Radio operators organize. We were few and scattered but by organizing we gained recognition. The OM's were slow to make a place for the YL in the early days of Radio.

By organizing, we created interest among ourselves, and were able to help each other. We learned the location of other YLs on the band and off.

I know that my being on the air and having spent many hours as a substitute teacher of the 'code lessons' was directly responsible for the continuing interest of many YLs. I received many pleasant contacts on the air and off because of that,

I know that I never will get away from Amateur Radio, although I'm not working at it at the present time."

73 - 33, Loretta Ensor, W0UA

"As you can guess, I'm very much a Senior Citizen and now days my chief hobby is Amateur Radio. My special interest at the present time is P.L, Net (Professional Loafers). It is@a group of old timers. These hams are scattered all over the country. I usually run the net. This is a fine group of people. It is Just like a big family. I like YLRL as it keeps me in touch with what YLs are doing. I have been Secretary of Montreal Amateur Radio Club for 25 years. The cooperation among my friends and acquaintances is marvelous. I am very fond of all of them."

33-73-88, Ethel, VE2HI

"I did not have a thing to do about starting YLRL, I Just Joined after all the hard work was done. At present I am not on the air. There are not enough hours in a day for me to get everything done that I have to do. I live on a 10 acre farm and being a widow, I am kept pretty busy."

33, Lida King, W1GQT

I am sorry that we did not receive notes from the other Founders of YLRL but perhaps another time they will send us a summary of their views.

My thanks to the Founders of YLRL and to all the Past Officers and the Members who have worked so constantly and faithfully over the years. They have contributed their time and efforts to make it grow into this wonderful organization for which we are truly grateful. My prayer is that YLRL will continue to grow and that Peace and Harmony will always prevail.

33,

Beth, WA7FFG
President of YLRL

On June 3rd, 4th, and 5th, the Canadian Ladies Amateur Radio Assn, celebrated their 10th birthday with a mini-convention in conjunction with the ARRL National Convention in Toronto. Their luncheon on Saturday, followed by a full afternoon program, with Louise R. Moreau, W3WRE, editor of QST's "YL News and Views", speaking of the growth, accomplishments and friendship of YL activity, was both fun and an inspiration to attend. One DX-YL member of YLRL, Anny Schwager, DF2SL, came from Illertissen, West Germany.

1977 is also a momentous year for the South African Women's Radio Club. They celebrate their Silver Anniversary, for which each division is sponsoring a special event.

The LARKS encourage their readers in "Lark Notes" to spend time on the air and list awards and nets of LARK and YLRL. They also keep their meetings radio-oriented. Janice Shillington, WB90IA, had an article published in the October 1977 Issue of HAM RADIO HORIZONS entitled "Some Advice for Beginners". In 2 1/2 years of hamming, Janice has passed her Extra Class and is still taking time to encourage others to enjoy the world through Ham Radio. Another member of LARKS who is full of enthusiasm and good ideas and using them for ham radio is their president, Marilyn Backus, WB9TDR. She has an Advanced License now and is ardently seeking DX and waiting anxiously for QSLs.

The MINOWS from Montana, Idaho, Nevada, Oregon, & Washington, have an 80 meter net on 3.9.3 Friday mornings. On the weekend of May 28-29, they held a business meeting and election of officers, with a Saturday banquet and Sunday Pot Luck dinner. All officers were reelected for a second term: President, Pat Smith, WA7GMX; Vice-Pres., Margaret, WA7RBR; Sec.-Treas: Marion, WA7TLL; and Sunshine/Chairman, Joan, WA7BDD. In Sept, they had their get-together in conjunction with the Walla Walla Hamfest.

The Floridas celebrated their 20th anniversary at the annual meeting in Orlando with 3* present, including h charter members: Fran, irtBIL; Ruth, WUBWR; Ellie, WhZVW; and Cathy, WhBAV. Their new president is Lyn Welliver, WBURVW; Vice Pres. Maxine, idKUTJ; Sec. Lucille, WhKZT; and Trees. Alice, WB4ZPU. They feature "Dates to Remember" in their news sheet with top billing and print details of the Hamfest, Contests, and events in subsequent paragraphs. They held a special meeting at the Melbourne Florida Hamfest September 10-11.

The Buckeye Belles operated both from their Memorial station, W8BMI, and at their own homes in conjunction with the Ohio QSO Party during August 27-28. This was a marvelous opportunity to obtain an attractive Buckeye Belles certificate from Marge, K8ITE. At the annual meeting, the Buckeye Belles voted to accept amateur YL operators from other states as Associate Members. To Join, send your name, call, address, to treasurer Zip, K8IUIft, ^7^ Darbyhurst Rd., Columbus OH 4322fl with a check for \$2.00.

Lia, LX1TL, from Luxembourg, attended the KRONE's annual luncheon.

All six New England states were represented and 12 charter members attended. Their exchange column in their magazine CHATTER was officially designated WRONE CRACKER BARREL and is quite a success. They also have Secret Pals, a Gift Shoppe, and a cookbook, note paper, and QSL card. *■>. sale. The latest issue of CHATTER published an account of their adop.--, DL1RA-DL3LS (Henry and Ursula's) trip to the Mediterranean.

The Ontario Trilliums sent a copy of TOT TOPICS which is full of announcements and information concerning hamfests, fall meetings, nets, anniversaries, special call signs. Field Day, and QSL Bureau management. There are also personal items and a page of articles needed by hospitals, handicapped, blind, retarded, etc. that members should donate.

The DL-YLs held a national meeting in Limbourg and the editor sent me a picture of the YML members who attended. There are many active German YLRL members. They publish a magazine "DL-YL Informationen."

Deep sorrow was felt upon the death of Sister Mary Emiliana, W1HUH. She was 91 yrs. young and had taught at the Tyler and Cleary Schools, Providence, for 50 years until she retired to St. Matthews Convent in Cranston RI in 1972. In 1919, she became the country's first nun to hold a ham radio license. She was a member of YLRL and the Rhode Island Young

Ladies' Radio League. During WW II, she was, active in civil defense work and received a certificate from the RI State Council of Defense for service. She attended many of the WRONE luncheon meetings so lots of the girls knew and loved Sr. Mary Emiliana.

Congratulations to Claire, WAIUSW, and Mort, W1UO, on twin harmonics born 1/15/77. Names Melissa and David. Announcements set up as QSL cards.

WAIGRA Irving and Bonnie, WAIGOZ held their yearly Abbot Hamfest in August. This is the 11th year and bigger and better every year with many camping for the entire weekend. YLs lucky enough to go home with prizes were Andrea, K1WLX, and Tena, WA2VIE.

From WAIYII - April 27, two YLs with their forms and writing tools in a Manila envelope discreetly entered the Boston FCC office. The room quickly filled with others carrying calculators, briefcases crammed with forms, manuals, handbooks, etc. The YLs tried to blend in with the 80 or so men. Before long, 13 wpm filled the examining room. WAIYII, Joyce, and WAIYII, Janie, patiently awaited the verdict. Alas!! They would have to try for Tech. They began their written exam. YII sped through but didn't make it. Waited in the hall praying for Janie. After half hour, they both sat and waited. A braggart remarked on the ease of the test but left quickly when informed he had 25 wrong. Someone watching the grading remarked that the next test had only 2 wrong. Then "WAIYII" - the announcement broke the silence. Janie tried to be unassuming which was difficult since Joyce couldn't stop screaming. The following week, Janie upgraded even further to General, and their driver, WB1CKC passed the tech. As for YII - back to the books!!

Greetings from our new home - the Tupper Lake Motel. After 23 1/2 years of teaching Industrial Arts, the OM decided it was time to try something else. No antenna for 75 yet but it's on the drawing board. I really miss the Yankee Lassies and the Harem. I get news via Lois, WA2RX0 on 31/91 and from Ione, WA2DMK on 52. Following the July 19 flood in Johnstown, the Western

Pennies spent all possible time monitoring the Emergency Health and Welfare frequencies from that area. PA, Ohio, VA, NY, and NJ also had operators volunteering their efforts.

While many manned their stations at home, our "on the scene" operators will be long remembered. (Ed. Note.: Another YLRL member on the scene was WB3EJX, Barbara Hertok, from Horsham, I also helped out by running the H & W net on 75 one evening from WA3PZ0. MPM) The voice of KfIONA, Mary, as she worked with messages, seemed a cry in the wilderness the first evening. A time such as this brings a renewed appreciation of each and every operator.

It was our pleasure to attend the YL luncheon at the ARRL Convention in Toronto and to the CLARA gals, a sincere thank you is due for a real spread of the Royal Carpet. Their talents and arts appeared endless and coupled with this was the opportunity to meet and enjoy YLs from here and abroad. From 3-land we found W3PUD, Lillian, and W3WRE, Louise who was also on the program. Honorable mention must be given to the item used to reinforce the kitty of the CLARAs - a cookbook entitled "2/Y.(ohm) on the Range" and edited by VE3EOE and VE3ER0. We found the book as interesting as its cover.

WA3ZGK, Dorothy, has a new Kenwood TR22Q0A and has gone mobile. A faithful MARS listener, she hopes to join them when antenna permits. Although a busy gal and editor of the Penn-Mar Radio Club Newsletter, she is looking forward to formation of a local YL club.

WA3GMN, Peg, has returned to Erieland after spending the past 6 months in Arizona and California.

WB3CNI, Cindy, is now stationed at Lackland AFB Texas.

WB3IDN, Evelyn, and WB3IDM, Elaine, new novices and on Ho meters are looking for YL contacts. WB3HYN, Catherine, may be found on the 80, 40, or 15 meter novice band. A new member of YLRL, Catherine is a school teacher. Her OM is WB3HY0.

K3ZDN, Jane Jones, is retiring from her position as librarian in the Phila. School District. She has been on sabbatical leave and now is kept busy being guest of honor at the many dinners and receptions given for her. Sounds like fun. Jane says she hopes to find more time for hamming. Edith, W3AAU, mobiled to Fargo ND in June operating 2 meter FM, and was given directions from 20 miles outside Moorehead MN to her destination. A week later, met the OM who gave her directions and had the opportunity to send traffic back to Phila. via phone patch.

Ann, WB3HVE, and Jerry, WB3FPU, also attended the PJYL brunch and are active on local repeaters operating a Brimstone ihh as their base station and a Drake 22C mobile. Both Jerry and Ann have recently upgraded after attending code and theory classes at Ridley Park Junior High.

WA3NGV, Edna, will resume operating her station after Labor Day and a summer in Ocean City.

Bob Murphy, a friend of Jane, K3ZDN, and her OM Don, was also present at the PJYL luncheon. Bob Just passed his novice and is most anxious to receive his ticket. Bob and his wife Edna, were happy to meet other amateurs.

Bert, W3TNP, was happy to meet Marlene, WA3U0C, and Haney WA3ZST, and their respective spouses, Al, W3DZI, and Bill at the PJYL lunch. Bert has been busy working. Her PA Army MARS assignments as Senior Net Control and Net Control stns. keeps her so busy that her amateur operation has slid somewhat.

It is with great sorrow that I announce the sudden death of Mildred, W6PJU. She was President of the North County YL Radio Club and also past President of the YLRC of LA. She was always there will!... to help out—offering to do the impossible. Our sympathy to Mi", WfIDEY. Mild e< will be dearly missed by all of us who knew her and loved her.

The BAYLARCs have been having some unusual meetings this summer. The June meetings was aboard "Agua Alegre" sailboat of Mary, WA6KFA. Their August meeting was a swim party at Jessymae's, WB6GD. Lea, LX1TY has joined the BAYLARCS. She and OM Jules, LX1TI, were BAYLARC guests in early June at the end of their tour of the U.S.

Vera, WA6PRP, combined a trip to Kansas for her high school's both class reunion and visiting her family.

Congratulations to Sophie, W6SH, and OM Ralph, WbRH, who will celebrate their 58th anniversary in October. Ralph got his first license in 1907 and convinced Sophie by 1927 to get hers. Both have contributed much to amateur radio.

Juliette, WB6PBA, who received her novice ticket last August, earned her Bicentennial WAS. Her OM Eddy, K6AFQ, taught a Novice class with her help at Palo Verde Community College in Blythe. The class was so successful that they not only plan to teach classes for higher licenses but started an Amateur Radio Club (Desert 'Waves ARC), of which Juliette is Secretary.

Kathryn, WPSSXG, and O'boy, 1bTK, are as busy as ever teaching all levels of Amateur Radio Classes at Cerritos College. They have also started an Amateur Radio Club (falcons) which will soon have its own 19 repeater.

The May meeting of the YLRC of LA was held at the home of President Joan, WA6QKC. Irma, K6KCI, helped Joan with the program on Sunkist flower arrangements and centerpieces for various table arrangements. The June meeting was held at Harryette, W6GX. We had a nice potluck luncheon and Mary, W6VPP, installed the new officers for next term. The August picnic was held at the home of Edith, K6AYJ, and OM Art, W6EVL, in Fallbrook. The North County YLs donated gifts for the ladies while the YLRC of LA donated gifts for the men. As in the past, the food was excellent and a good time was had by all.

Fried, WA6WZ0, and I attended a very informative meeting on WARC at the Los Angeles Council of Amateur Radio Clubs in August. Bruce A. Johnson, WA1ZOP/WA6IDN of ARRL's International Services was the guest speaker. In 1979, the International Telegraphic Union (ITU) will convene a General World Administrative Conference (WARC) in Geneva Switzerland. During the WARC, all ITU rules, regulations and frequency allocations applicable to the orderly use of the spectrum from 10 KHz to over 300 GHz will be examined in detail. And this includes the Amateur Radio Service. Since the US has only one vote, it is important to maintain a good image to promote Amateur Radio around the world.

I hope to hear from all of you on the Working Girls Het or Ironing Board Net. Hope to B C N U!! I

I want to thank all of you for writing and hope to hear from some, more of you.

I want to express my heartfelt thanks for all those cards and letters I received from across the country this summer expressing sympathy on the passing of Fran, W8RZM. He is and will be missed but life goes on. It's your thoughts and prayers that have carried me through it, somehow.

NINE-LAND - Dori Leiser, W9VNG, 364 Normandy Lane, Grayslake IL 60030

Martha, W0ZWL, besides operating the ever-growing South Dakota WX Net, bowls, dances and puts together and sells needpoint kits of Mt. Rushmore. She completed a 10 week sign language course for the purpose of helping others. Custodian of the Grandmother's Club Certificate, Murtha has not issued one for a long time. As a grandmother and Certificate holder, I hope many of you will try for the award.

Sister Lauren, WA0RRL, jokes about her work interfering with her hobbies. Her first love is amateur radio - DXing, ragchewing, & participating in nets. Past president of a Rochester MN radio club; past vice pres. of YLISSB; an original officer of Handi-Ham System; editor of THE FLYER with distribution of over 575 subscribers; and member of several other radio clubs. She has participated in many stamp collector shows. Administration Secretary at St. Mary's Hospital in Rochester, Sr. Lauren invites any YL passing through to stop by - hopefully not as a patient. She looks forward to operating in YLRL contests would they be scheduled on weekends.

Other hobbies create QRM and keep her from radio, says Sarah, WB0DOR, who is busier since retiring than before. She is proud of her QSLs and enjoys QSOs, preferring CW - "Maybe it is because I think I am hiding."

Katy, WB0JBZ, and OM have traveled to Memphis, Tyler TX, and Albuquerque NM on two trips this summer to visit their children and grandchildren, enjoying a visit to Calif, so the OM could show her places he ised to live. Advanced Class, she hopes to hold her Extrr «onn.

In response to my request for news, Nell, WA0VUV, wrote that she no longer holds that call now that she doesn't have to sign portable or mobile. She uses her WB6ERE call exclusively. Nell attended the Independent County Hunters' annual convention in Rochester MN over the Jul; ' h weekends, enjoying Kee*1n<- *can.-. members she's talked with. 23

Rose, WB0IKZ, has been mostly on 2-M since moving into her new home. BALLOT

Our Constitution has stated that the Officers of the League shall be elected for a term of one year. The President and Vice President shall not be eligible for more than one term of office consecutively. They cannot succeed themselves in office.

The Board has voted to change this rule as it is getting harder to get a YL to serve. Are you in favor of changing this rule and allowing the- acting President to run a second term?

Please underline your answer. Yes No

YLRL has not allowed a YL to take an office unless she has been a member of YLRL for two years. The Board has favored changing this rule allowing the YL to belong one year before she takes office. The office must not be a major office. Are you in favor of making this change?

Please underline your answer. Yes No

Please duplicate this ballot or remove it from HARMONICS and mail it to Jackie van deKamp, W6YKU, Uimshew Stage Route, Box 86, Chico CA 95926 as soon as possible.

Here's the challenge. You need a watch, and a pencil or pen. Start with the number 1 in the center of the ribbon. Then as quickly as you can, cross out every number one at a time IN NUMERICAL ORDER. When you've reached number 60, check your watch. If it took you less than three minutes, you've met the challenge! GOOD LUCK!!

THE FURTHER ADVENTURES OF LLARA m-Chapter 3
(Laurel Lasses Amateur Radio Assn.)

Ignorance IS bliss, gals, as we found out on Saturday, March 26 at the University of Pittsburgh's first annual hamfest. The Laurel Lasses, newly formed YL repeater group, Butler PA, volunteered to man (or should I say person) the food concession at Pitt, and hopefully raise some money for needed improvements. Having no prior experience, no idea of the amount of people to plan for, and a treasury of zilch, we had our work cut out for us.

For the next month, the YL repeater hummed with activity, as our five member group spent long evenings in deep discussion over quantities and prices of food and planning our menu. All the while, everyone of us secretly harbored the fear that each and every amateur would arrive at Pitt directly after consuming a ten course dinner.

Finally, the fateful day dawned, and faint of heart but high in spirit, we embarked on our adventure. Transporting everything was no problem, as Hazel, K3ENM, and OM, Chuck, W3M0N, have a lovely camper which we packed to the roof. With OM, Hugh, K3FVH, we headed south, carvan style, trailing a mile long aroma of sauerkraut, and bar-b-q. Shirley, WB3AWF, had presented each of us with a gift, courtesy of OM, Bob, WB3AWDJ black pullovers with our call emblazoned across the front and our club name on the back, which we wore with pride.

The hamfest was held in a most unlikely setting, the old Schenley Hotel ballroom, now the Pitt student Union. Just picture tables heaped high with flea market ham goodies, surrounded by mirrored walls, and lit with-crystal chandeliers. Elegant !!

Gals, we had a wonderful day, and wish everyone of you could have been there to share it. Our cashier of the day, Jackie, W3WKD, was beaming with pleasure as our food stand was a success, and WA3ZUE, Becky, sold chances on a macrame owl, crafted by WB3AWF to bring in additional revenue. We are well on our way to purchasing an antenna and tower which should improve our coverage, enabling more YL's to use the repeater.

The high point of the day came when the local Pittsburgh TV station appeared with their roving camera. Tired but Jubilant, we broke speed records driving home to see the 6:00 News, only to find that the hamfest film had been pre-empted. However, it did make the 11:00' broadcast, and with aching feet and bleary eyes, we watched ourselves on Channel 2. That is, all but K3ENM and W3WKD, who fell asleep and misBed their television debut.

Old Murphy Just had to get in there somehow!!
