EDITORIAL

With this edition of HARMONICS, I complete my two year stint as Editor. I have learned a lot about the logistics of printing a magazine; printing, layout, addressing, postal regulations, etc. I have also learned much about the increasingly important role of women in amateur radio. We are an incredibly strong group—many of us working long, hard hours in public service, frequently combining our caring for others with our family lives and jobs outside the home. ■

I appreciate your patience with me in the last few months when YLH came out late at times. I have spent many hours updating the address files so that the new editor will have everything complete and accurate.

I wish for Jerrie nothing but the best as she takes over the editorship of YLH. Please send all news and address changes to

My sincerest wishes to all members of YLRL and their families for a joyous holiday season and the happiest of New Years.

Marlene

PRESIDENT'S MESSAGE

In Ecclesiastes, we read the words of the Preacher "To every thing there is a season, and a time to every purpose under heaven." The time has come when I pass the gavel along to Phyllis, W2GLB, with the responsibilities, demands, honor, joys, and sometimes frustrations attendant upon this office. With the loyal help and encouragement of the fine YLRL Board, elected by a concerned membership, I have enjoyed a wonderful year at the helm of our renowned League. Thank you, everyone, for your support.

Carlyle says "Every noble work is at first impossible." So when Ethel Smith, KU1MB, asked me to propose a YLRL scholarship fund and restructure the Constitution, By-Laws, and Procedure Policies to conform to IBS government requirements for the Scientific, Educational and Charitable rating 501 (c) (3), it was an inspiration to accept the challenge and attempt the impossible.

The first portion has become a successful reality. YLRL has provided a \$300 scholarship this year for a brilliant IL to further her scientific career. It has been awarded to one of our own young members, Elizabeth K. Riemer, N7IT. In addition, through YLRL interest and participation, there were more YL applications for Foundation for Amateur Radio Scholarships than ever before, and two other YLs qualified for awards: Alicia A. Moore, WB^LAD, and Katherine Hevener, WB8TDA. This is truly a remarkable record.

As I write this message, there are still two and a half months to fulfill our goal of obtaining the new IBS rating, and a new postal permit. With the cooperation of my special committee for this purpose, K^1MB, WIZEN, KUZT, and W7NJS, our efficient treasurer, Rose Ellen, N2RE, and our capable secretary, Ione, WA2DMK, I hope to attain the impossible, and hope also that I can be remembered as a YLRL President for what I have done, for the great use of life is to spend it for something which outlasts it.

It is my earnest wish that the YLRL Scholarship Fund will continue to grow and benefit many worthy YL students through the years. Abraham Lincoln said "I always plucked a thistle and planted a flower - where I thought a flower might grow." I trust that this YLRL Scholarship Fund is a flower that will grow. My sincere thanks to everyone for your share in this project.

33,
Eila

Christmas is coming
2 sooner than you think

This year Foundation for Amateur Radio, Inc, published information about available awards in the May issue of all the major amateur radio magazines. Over 100 application requests were received and of these 58 were submitted for consideration from 24 of the 50 states, plus Ontario. This year there was the highest number of women applicants, undoubtedly in response to the new YLRL Scholarship. These recipients were selected:

- Gore Scholarship \$750 - Alicia A. Moore, WB9LAD
- Chicester \$750 - Katherine Hevener, WB8TDA
- VahDeusen \$250 - David Newmyer, WB0NLA
- ROA \$250 - James S. Storey, WB9NIO
- QCWA \$500 - John Georges, WA2MXU
- XIBL \$300 - Elizabeth K. Riemer, N7IT

Our treasurer is accepting gifts and pledges now for next year's YIKL Scholarship. We only offer one if we have the money or pledges for the award to be paid by February. So far, we have \$50 from a 7-lani donor and a \$25.00 pledge from WAXLARC.

The DL/YL INFORMATIONS, publication of the German YLs recent issue brought an article and picture of the Buckeye Belles Certificate which can be worked for by contact with 4 confirmed Buckeye Belle Stations, Ursula (Uschi), DL3LS, and her am Heinz, DL1RA, accompanied by Margot, DK5TT, and Elfie, EF3TE, toured the United States in September and October, stopping off to visit YLRL President Ella, WAFBBS, and her OM Jim, W8BU, in Fairview Park OH. They took the German visitors to Niagara Falls and showed them interesting points, then to their summer home on Kelly's Island.

THE CLARION, publication of the Canadian Club CLARA, edited by Ann Nutter, VE3HAL, lists proposed new FCC Exam Format with possible changes which will tighten the standards for the Amateur Radio License by replacing the Multiple Choice Questions on Theory by Problem Type Questions, some portions to remain multiple choice however. It also lists the many contest end rules, as well as news from its members coast to coast. The CLARION is published four times each year.

The WRONES (New England) Luncheon was held November 4 in Portsmouth NH. Their publication, MISS WRONG'S CHATTER is edited by Mery McLam, KUCW, and is published 5 times a year. The WRONES hold the Yankee Lassie Net at 1230 GMT every Wednesday (one hour later during the winter months) on 3.910 with certificate. They encourage all new members as well as regular members to check in and become acquainted. They also have a Secret Pal program. (See Net Listing YLH#4)

The LARKS (Illinois) publication LARK NOTES is filled as always with worthwhile information, and is edited by Marilyn Backys, WB9TDR, and Kathy Allison, WB9YOK. Their recent issue covers QSLing, and its proper usage on incoming as well as outgoing WSLs. Three pages were devoted to this sub; eat, all worth holding onto.

The WAYLARCS (Washington area) new club year began September 16 with a meeting and installation of officers at the home of Liz, W3CDO, in Washington DC. Their first order of business was a pledge of \$25 from their treasury to the YERL for the Scholarship Award Fund, with an added plea for personal contributions where possible. Outgoing President is Ethel Smith, K4LMB, who is known throughout the "Amateur Radio World" for her many fine contributions to Amateur Radio.

The Floridorss (Florida) celebrated their 21st year anniversary in May with a gala meeting and installation of new officers, held at Sambo's in Atlanta. Their publication FLORIDORA NEWSLETTER is edited by Cathy Soehl, W4BAV. Who proudly wears her 25 year ARRL pin. Cathy's feet left the ground recently when informed that she will receive her 40 year pin in June, 1979, "id they haven't touched ground yet. A double celebration will fill the bill for her then, as she plans to celebrate the YLRL 40th anniversary as well as her *mm* 40th celebration.

TOT TOPICS, publication of the Canadian of the (Canadian) Ontario Trilliums, is edited again by Thelma Woodhouse, VE3CLT, and lists numerous contests and covers information in recent issues of YLRL also an in depth history of ARRL and its inner workings by Moreen, VE3GOL.

The Buckeye Belles (Ohio) publish the Buckeye Burr bi-monthly and it is edited by Lillian Abbott, K8CKI, (also serving as President 1978/1979). The organization of the Buckeye Belles purposes to further cooperation among all women Amateur Radio Operators, motivate good fellowship and interest in Amateur Radio and develop proficiency in all modes of operation. They hold two nets weekly, one every Monday at 9:00 am on 3.95° with Beaulah Shelly, WA8EKO, as NO. The other is every Tues, at 8:00 pm with Jean Blakeslee, WB8FIC, as NC of Memorial Station W8MBI, with Certificate. The Belles will donate gifts to YERL for prizes at convention in 1979 at Philadelphia. A number of Belles are already making their plans to attend.

Girls, please note! If that 610 form you plan to send to the FCC is dated earlier than 1977, don't use it!!! Use of obsolete forms increases the error rate—in some cases, amateurs wanting to stick with their present call signs have lost them for that reason. TAKE HEED !!

Girls, please send your club news and bulletins to me for next YLH. My deadline for news to the Editor is DEC.15 so I must have YOUR news by Dec. 11. Happy Holidays to all!!

Greetings to everyone for Christmas and the New Year. This is my last column and X am going to miss hearing from all the DX YLs. Maybe you will still find time to write me. Thank you one and all for making my job easy and enjoyable.

From Sylvia, ZL2IS, a nice letter about YLs in New Zealand. When Sylvia first got her license in 1954, there were only 4 YLs and now, it has grown to 100 with 74 transmitting and the rest associates. She was recently elected a member of the -Ex "G" Radio Club which is for hams born in the United Kingdom and living overseas. She is the first woman to be elected to the New Zealand branch. A nice honor for Sylvia.

A nice letter from Nozomi, JH3SON. With a card that was signed by 57 members that attended the General meeting in July. It is like our YERL Convention. She also sent the rules for the JLRS Part Contest for YLs but it arrived too late for the last issue. There were 80 YLs at the meeting..

Lorraine, G4GSZ, writes about her family and being a new Ham for about 11 months now. She is very busy with 2 children and her home but she does find time to get on the air.

Anita, DK1HH, and OM DK1HG, sent a nice card from the Isle of Capri where they were enjoying a Holiday. They also visited many other places.

Akiyo, J3HGMZ, tells about the JLRS Convention and the nice time everyone had. A buffet lunch was served and by the pictures a very beautiful thing. Awards were made. Some got ham gear, ham radio clocks, digital indicator and other nice miscellaneous gifts. Each one got something. They all send their greetings to YERL.

Helen, HB9AC0, is Secretary of the Swiss Radio Amateurs. They have 3000 members, only 35 of whom are YLs.

Mary, G4GAJ, tells of her visit from Karin, OZ1AW in June. She also met Lea, LX1TL, and OM Jules plus Agnes, PA3ADR and Ter CM. They enjoyed a very nice vacation. She is also Captain of the YL Tennis Team which plays on grass courts. Their league won a cup this year which they retain until next year. She is very active on the air.

Diana, G4EZI, tells of the nice summer she had this year. She and her OM went to Scotland and made many contacts—even on low power. She welcomed Diana, ZS6GH, Lorraine 9H1YL, and Karin, OZ1AW. She is now back into her routine of teaching and taking care of her home.

Lynn, DJONT, has passed her Advanced test in Canada and will have full privileges when she returns home. Her folks visited her this summer and she had a grand time showing them the sights in Germany. They took a vacation to the European hamfest and met many YLs she talks with. They then visited Denmark, the Netherlands, and then back home.

Svatava, 0Z7YL, vacationed in Corfu and sent a nice card.

Anny, DF2SL, and Lea, WA2NEI, sent a card from Germany telling of the good times they were having.

Eva-Maria, DIWA, daughter of Margot DK6TT, was recently-married and her new name is Binder.

Maud, VP8NY, writes a most interesting letter about her country. This is the time of year for the lambs to come in and get the gardens cleaned up and ready for planting of next winter's food. They also have to cut the peat which she told about in her last letter. If anyone has read THE THOBNBIRDS, her letter makes you think of the story. She has a Swissmatic twin bed knitting machine and is looking for patterns if anyone has them. I will gladly send them to her if you send them to me. She would like to have regular hand knitting instructions too.

Raj, K7NZ0, and Beth sent a nice letter from Vai, GhEML.

In regards to becoming a radio operator, VAI said, the Radio Amateur Exam is in two parts. The first part is theory and second part is rules and regulations. They have to receive and transmit 12 wpm. After that, if they pass they can send their money and get their call. It is renewable each year. If things go right, she may attend the 1LRL Convention.'

Also from Raj - a letter from Anita, DKLHH. She and her family went to the Northsea Coast to visit her brothers. After that they drove to the southern part and made short trips to the mountains. In August, they went on a bus to Italy, where they visited the Neapel-Sorrent and then to the Isle of Capri. They also visited the Vatican. They met HV3SJ, Pater Ed, a Jesuit Padre while there. She also met Diana, ZS6GH, and her OM, plus Ella, DK9ZL and Christa, DJ1TE. On the weekends, they attend many radio group meetings with the different clubs and friends they talk to.

Alda, I1YG, sends her best from Portugal. She was on a Holiday. A real pretty card showing different scenes from Portugal.

All my love and gratefulness to each of you.

33,
Tina WA2VIE

Phyllis, W2GDB, was hostess on October 6 at an open house in honor of Jerri, WA6QFO, and Al, WA5QEN, who are visiting in the United States after having spent time in Swaziland as 3D6AG and 3D6AH. Twenty six hams were there including Ursula, DL3IS, and Heinz, DA1RA. What a fine eyeball QSO it must have been! Jerri and Al will be returning to Africa and hope to hear from all.

Phyllis wants all the 2-land girls to know about and join the newly organized YL club, the proposed name is SAYLARC, for second area Young Ladies Amateur Radio Club. Minerva, WB2JNL, is heading the Nominating Committee. Contact either of them for more information.

Here is a real goodie! Phyllis is redoing her radio room to accommodate a microcomputer. Fine business, Phyllis, you will love it, I'm-sure.

Betty, W2EVS, entertained fifty friends and relatives on Saturday, October 7 in honor of her OM's birthday. Congratulations to Bill, W2KBH, and to Betty on keeping it all a surprise. They had Open blouse at home and later a dinner at the Church Parish Hall. About 12 of the guests were Hams, but all admired the large sheet cake decorated like his station complete with his rig down to the last knob and his tower with tri-band beam.

Jean, WA2BGE, arranged a real fine get-together in Tupper Lake on Saturday, Sept. 23, 1978, for members of the Cracker Barrel Net. About 30 members and guests enjoyed dinner at a local restaurant after which many stayed overnight at the motel with Bobbie, Ione, WA2BMK, and Lois, WA2RX0.

Viv, WA2PUU, did a fabulous job as Chairman of the Radio Amateurs of Greater Syracuse (RAGS) hamfest on Saturday, Oct. 7. It was held at the New York State Fairgrounds in Syracuse and was the best ever. Ione, WA2DMK, had charge of the YLRL booth and it was my pleasure to be able to staff the booth during the day; Others who assisted were Tina, WA2VIE; Gilda, WB2OHP; and Pattie, WA2RIE. The Chairlady of the Ladies' Program was Nita, WB2HGO, who "arranged organ music, a Stretch-and-Sew fashion show, a flower arrangements program and games for the ladies present. It was delightful.

I am happy to report that I had a fine vacation in Alaska and Canada during the summer. Thanks to Ione, WA2DMK, for handling the Two-land news. Two meters was a bit scarce as much of the time we were out of range of the repeaters, but the contacts we made were beautiful. It was so nice to meet Mary, KL7JDI, and Lucy^{^1} KL7LH, as we were passing through Anchorage. Many thanks, girls.

We hope all had a super summer and that the coming winter will be a time of good health, good fellowship, good hamming and happiness.

EDITOR'S NOTE: I received the following column from incoming District Chairman, Ruthaxma Pearson.

On Aug. 23, 1978, a group of hams from the York Radio Club went to Gettysburg PA to "Charlie's Texas Hot Weiner Place", for some chow and chatter. You say: "Nothing unusual about that". How about this: Ruth, WB3CON, on YL Open House. Ask Irma, K6CKI, net control to relay an invitation to Dottie, WA3ZGK, in Hanover and Kathy, WB3HYN, in Abbottstown to meet us at Charlie's. Dottie and Kathy are only 25 miles from me but hard to hear on 20 meters. So, thanks to Irma, they got the message the long path. There were 21 hams—Charlie is a ham too. The other YLs were Dawn, WB3G0C; Am, WB3GR0, and Janis, WB3GFZ.

On September 4, York had their hamfest. Dawn, WB3GOC, and OM Pat, KB3AW, took their camper. Ruth, WB3CON, Ann, WB3GRN, and OM Al, WB3GRQ, Dottie, WA3ZGK, Kathy, WB3HCT, and OM Jim, WB3HYO, Judy, VZB3GRT, and OM Jim all took lunch and we ate together—what a feast!! A good time was had by all! |

Judy, WB3GRT, and Bob Showers got married Sept. 20.

Bob is not a ham—we're betting it won't be too long! I

Dillsburg PA had their farmer's fair and Halloween parade on Oct. 21. Thanks to 21 hams, they had al 7 the communication they needed. The following YLS helped with traffic; messages, etc. Dawn, WB3GOC; Kathy, WB3KYN; Judy, WB3GRT. and Ruth, WB3COW.

Bella, G4BWK, talked with Judy, WB3GRT, and wants all to knot/ she wasn't on the air because her antenna was down among the trees; it's now fixed and she's angbus to talk with her sponsor, K70YD and any of the YLs who might hear her.

Please send your news for the next issue to: Ruthanna Pearson, WB3COF 3120 Alta Vista Rd., Dover PA 17315.

I was really happy to hear from so many of our TO YL's the past couple of months. They all sound like they are really enjoying Amateur Radio and are all so enthusiastic.

Kathy, WD0ARX, is a life-long resident of Marionville, a gma.11 town in Missouri's Ozark Mountains. She was licensed as a Novice in April, 1977, upgrading to General in December of the same year. She enjoys rag-chewing and DX-ing on the 15 and 10 meter bands, operating all on CW. She worked all states as a Novice, but is finding DXCC a longer project. She is sure a new home-brew five element quad at 50 feet will hurry that certificate on the way. The antenna specialist is the OM, Mick, WB0ZSS, who also designed and built the tilt-over tower. Sparking the family's interest in the wide world of Hem Radio was Russell, WB0UZU, Kathy's younger son, currently with the US Air Force at Wichita Falls TX. Kathy won the Club Logo Design Competition of the Ozarks Amateur Radio Society. Embroidered patches and caps with the design silk-screened on them are now being made.

Have talked to Lois, K0SEB, both on the phone and on a group net at 8:00 in the mornings on 7.290. Lois really enjoys being on the air and works 40, 15, 20 and 10 meters for SSB aid also gets on with sane CW. Shewas off CW for about 20 yrs. but her brother-in-law got his Novice ticket'so she got back on again I There are 5 Hams in the Keene family and one waiting to see if he passed his Novice test. Her CM is K0BXH. They have 4 children; two are married and the other two are teenagers. The youngest is the only one interested in Ham Radio. They also have two grandchildren. Lois bowls, likes hard crossword puzzles and says she used to crochet a lot but naif that she is a Ham, she does not have tine. Lois keeps talking about studying for her Advanced, and has been doing same reading, but has not gotten' down to serious study yet.

<26

Was glad to hear from Cheryl, WB0IX. She enjoyed working Howdy Days, was not able to stay on too long, but did make quite a few contacts. She finds it hard to find too many IDs on the bands just to talk. Cheryl is a member of the YLISSB and checks in whenever she can. She has two boys, 11 & 7, and as every young mother—they keep her busy. Her OM is WB03RP, and they work setae as a team from Kansas.

Another Missouri YL is Gloria, WDffewZ. She upgraded to General in May of 1978 and has really been enjoying her new privileges on both SSB and CW. She finished her WAS mixed bands in June. She is Manager of the QSL bureau for the UO Meter 'Century Club Net' which is a Worked-All-States net. It also offers several certificates of its own. She is enjoying the net as well as the bureau. The Net meets at 7233 from 0100 to 0500 7 nights a week. Her OM Dennis is WD0BWY and they belong to three local radio clubs. They enjoy square dancing and bowl on a mixed bowling league. They have 4 children, 3 boys and one girl, ages 8 to 10, so they are also very active with them in Cub Scouts and Girl Scouts. Gloria works from HiOO IM to 7i00 AM at the Harry S. Truman Neurological Center for Children,

Kathy, WD0BMR, lives in Clair City BD. She recently upgraded to General and is enjoying phone as well as CW. She recently completed her WAS on her second band, 15 meters, CW, and completed WAS on 4C meters CW last fall. She now is starting to get involved with traffic handling and is net control for one hour of the Piconet on Mondays and Net Manager for a 2 meter emergency net they have just organized. OM Dave, WD0IMS, is involved in County Hunting and checking into nets. They have two boys, ages 5 & 3. She thoroughly enjoys Amateur radio and gets on the air whenever possible.

Our New member from the Omaha area is Jill, WB0NYH. The Ramsays have sometimes been teased about being "the Ham's Family." Her OM Kaye, W03BZ, got his first ticket at age 15. In 1974, Jill and their 11 year old son, Doug, WB0NYG, were licensed. Jill, Doug, and her father all upgraded to Advance this year and Greg is a Novice. On President Carter's Inauguration Day, the Ramsays celebrated too. Kaye got his Amateur Extra and Jill, son Doug, and father all became Generals, Morse code comes in handy in another way for this family in their flying hobby. Her OM is a certified instrument flight instructor in his spare time and Jill is a private pilot. Their son Doug has recently begun flying lessons under his father, Jill teaches speech at the Nebraska School for the Deaf, Kindergarten through 5th grade. Welcome to YLRL Jill!

I truly thank all of the girls for writing and sharing their activities with us this year. I can hardly believe that this is my last column as District Chairman of Zero Land. It has truly been a great year to serve YLRL and I consider it a privilege. It was also fun to be Chairman of the Nominating Committee and I feel that I made so many wonderful friends. My thanks to all.

Please send your news to Lovelle Pederson, WB0J3T,

Hi all you YLs (and OMs too)!

As I put pen to paper for my last column, I want to take this opportunity to thank you all for the fun I've had as Alaska D.C. Couldn't have done it without you!

Not much news this month. I did get to have an ¹¹ eyeball" with Mary, KL7JOL, and her family the first part of September. Mary is very-involved with Civil Defense in Anchorage...a very busy gall.

Betty, KL7FJW, just returned from a nice sailing vacation out of Anacortes, Washington, with OM Ralph, KL7FJW. With as much fun as they had, look for them to be the proud owners of a sailboat before spring! She said they could have used more wind. She has been busy canning and freezing vegetables and fish. With winter coming on, we plan on spending many days together during the season for sewing, perhaps making quilts!

As for me, we finally got on the air. However, since I quit my full time job the end of August, I have been hamming and having a great time. Just found out what I've been missing those 4 years of silence. My husband Stan, KL7FOR, and I have been busy with our new business of making and selling gold nugget jewelry from our gold mine through the home party system. This way we can mine all summer and "party" all winter.

It has been fun as D.C. I wish Mary all the best. Have a wonderful year, gal! Please send your district news to Mary Moore, KL7JDI, 210646 F Apricot St., Elmendorf AFB, Anchorage, AS 99506. ■

KH6 DISTRICT - Eleanor Kimitsuka, KH6YL, 45-045 Malulani St.,
Kaneohe HI 96744

Greetings from Hawaii. YL activities got a real boost when the annual YL night was held at the Honolulu Amateur Radio Club's monthly meeting in October. Bev Nelson, KH6IPQ, organized the evening's program, which I got rolling with some hints on upgrading your license. Organize your program; breakup the needed studies into bite-sized chunks. The code is manageable when practiced consistently for short periods of time each day. I also listed the advantages of several license guides and told how to enlist the OM's help when needed. Have him do the dishes so you have time to study!

Gail, KH6JAM, began her talk by mentioning the Importance of volunteers to join the maritime nets. She has taken up several hams' invitations to visit islands in the South Pacific, probably none of which she would have had the opportunity to do except for her work with maritime mobile nets. Gail expressed her excitement when she first checked into a YL net and gals all over the US tried to work her. She accepted the challenge to upgrade her license.

Jolly, KH6INK, told how she had first learned about electronics from her OM KH6EKQ. Words used by hams can sound confusing to the newcomer, and Jolly proceeded to give her first impressions of "die pole, induct-her, resist-her, and dummy load". Over 100 people and 13 YL hams were amused by her account of her attempt to clean up the OM's shack and put everything just where she thought it belonged.

The meeting was wrapped up by Pam, KH6JNK, and her accounts of her first year of being married to a ham. She has discovered that she was in great demand on Field Day, not to operate the rigs, but to run the services that fueled the OM's stomach, not the generators.

A great evening was enjoyed by all present, ana with only 8 YLRL members on the Island, this was really the YL event of the year. WA8FSX and OM John joined the Honolulu Amateur Radio Club as they are here 7 months out of the year—Ruth makes member #9.

Please send all District News to me for the upcoming year.

VE LAND - Ebba Kristjansson, VE5DZ, Box 71, Colonsay, Sask, Canada

EDITOR'S NOTE: I found a letter from Ebba in a supposedly empty folder—letter was dated 7/13/78. Reprinted are excerpts from that letter. I also received news from Thelma, VE3CLT, incoming D.C. Her news follows Ebba's letter. MPM

Please accept my apologies for not getting news to you...with my not being on the air, I cannot answer in on nets (to get news). I have a few (Items) about what I've been doing. Seems my family takes most of my time as I enjoy being with them and helping them whenever need arises. So nice to have them to visit with.

I was out in Winfield B.C. to my oldest daughter and son-in-law and family for 3 weeks during Easter time. We came back and stopped in Alberta with my son, daughter-in-law and children. They are in the process of building a new home, and with 2 little ones, it is hart—was so glad I could help.

Attended a 25th triple anniversary—three of my cousins got married at the same time. Then took in showers and more weddings.

I am still hoping to get on the air in the fall—but seems so many little things to check in to, especially when one is not in your own place, but renting.

Have a very close friend who will give me a hand getting it set up, once I know what I want.

Weather here has been very unusual. Had a heavy rainstorm a while ago. It was very bad in some places, causing a lot of damage.

Hope to have the pleasure of meeting you gals' on the air, when and if I get things set up.

Ebba. VE5DZ

I must correct a report in YLH #5. I am fine but I received a card from Eila to get well. Our Trillium who has been seriously ill contracted Guillaume Barre Syndrome and suddenly col lapsed-paralyzed. Velma Brindle, VE3JNS, is in Intensive Care in Sunnybrook Hospital in Toronto. Just able to open and close her eyes at present.

Since the festive season is fast approaching, all of the YLs here wish all the YLs worldwide a blessed Merry Christmas and a fruitful New Year.

Up here we have just opened up again after the postal strike, Seems every time we turn around, some branch of the service is on strike.

First brother and sister act in the class of '78. She is able to travel more with OM since she left work. They have the Sparkettes Net and Mae, VE3TAMB, is a regular check in. In 1979, they will be attending the 15th anniversary of the Sparkettes.

There are several VE YLRL girls who check in Tues, afternoon to the CLARA net. Marjory, VE6LC, President of CLARA, often acts as Net Control. Ann, VE3HAL, Vice President of CLARA, organized a lovely luncheon for CLARA members during the RSO organization in London, Ontario in October. We had a lovely time, Vivian, VE3HGA, was presented with an inscribed plaque for her work in CLARA., Tess, VE3HIR, Doris, VE3BBO, and Thelma, VE3CLT, were in attendance as well as quite a few who are not YLRL members. Tess, VE3HIR, is very active on the bands and also Net Control for ONTARS daily on her hour.

Our deepest sympathy to Doris, VE3BBO, and her family on the loss of her OM Steve, VE3BBC, who became a Silent Key on Sept. 11. We ail lost a very good friend.

I hear Ethel, VE2HI, operating a Quebec net and still quite active on the air.

Heather, VE3HOH, goes to work and the family take hops in their "Eherokee", Nice to have the OM as the pilot.

Mildred, VE3GTI, and OM Ivan, VE3GTH, are operating with a CZ prefix this year to celebrate Belleville Ontario's Centennial, along with other stations in Quinte ARC.

Ivy, VE3IV's OM Cliff, VE3EZC, was in the hospital at the same time as Ivy. He is back to work. Ivy has just gotten home November 6 after surgery on her left foot. She had to have the bones reconstructed and is in a cast for 4 weeks. Will be home for a while. In March, she had the same surgery on her right foot. Her father is in the hospital in England again.

Bubbles, VE4ST, is busy at work. Both Malcom and Karen are married now and away from home. She has a sked on 20 mtrs every Saturday at noon with Barbara, VE3BFN, and whoever else checks in.

Barbara, VE3BFN, has sold her city home and moved to their cottage for the summer. In mid November they take off for their Florida home. She and OM Chas, VE3DIU, have both retired. She received several gifts from work and a "get together" was held at QEH.

Please send me all your news for the next year. Mail to:
Thelma Woodhouse, VE3CLT, 44 Innisdale, Scarborough, ONT,-Can, MIR 1C3.
