P.O. Box 700, Rio Linda, CA 95673

YL HARMONICS is published by and for the members of the Young Ladies' Radio League, Inc. YLRL is a non-profit fraternal organization, comprised of women amateur radio operators, incorporated as such under the laws of the State of California. Dues are \$6.00 per year, due and payable March 1, and delinquent March 31. For new and reinstating members joining after August 31, the dues may be pro-rated by half the annual dues for that fiscal year (currently \$3.00). Add \$1.95 for First Class postage, if desired. Dues of DX members are \$6.00 may not be pro-rated for portions of years. In addition, \$2.50 for surface mail or \$6.25 for Air Mail postage is required for DX members. Dues for a "family member" are \$1.25; subscriptions by non-members are \$6.00 per year and may not be pro-rated for portions of years.

Words from the President

Congratulations to the newly-elected 1984 officers! We still need 1st and KL7 District Chairmen. Can you help?

I am pleased to announce the recipient of YLRL's sixth annual Scholarship is Pamela Sue Hayward, WBØMUS, a very deserving young lady. We hope to have her photo and biography in the next issue of Harmonics.

I wish to thank Jan K6HHD for editing the Directory Issue. Switching over to the computer format for the Directory Issue in the long run will save much work plus give us greater accuracy. It took many hours by Jan and others to put this list together. At the time of the Directory Issue we lost our Editor, and though Doris W8BIKC eventually agreed to be Editor, we were most fortunate that Jan K6HHD agreed to do the Directory Issue for us. She was able to use the same computer set-up that she and her husband use on their DX manager list. Unfortunately, she found out too late that there would not be enough time to list the calls the way we normally have had them in the past (due to the computer program). She has ask for comments; let her know how you would like it done next year.

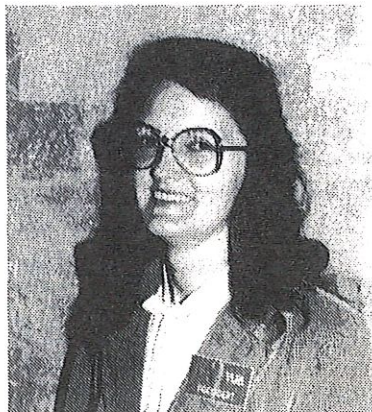

I have heard much interest in a YLRL convention in Las Vegas. The YL International SSB'ERS is having their annual convention June 21-24, 1984 in Las Vegas. For information send a #10 SASE (37¢) to YLISSB president-elect and convention chairman: Jan Weaver N7YL, 2195 East Camero Avenue, Las Vegas, Nev. 89123. Although, YLISSB is separate from YLRL Jan N7YL has been kind enough to schedule a YLRL get-together Thursday June 21 8PM in her private suite. Both YLRL president-elect Rose Ellen N2RE and I will be there. How about you? We hope at that time we can discuss the possibility of having our own YLRL Las Vegas convention in 1985.

I'll be looking for you all during the phone and CW portions of YLAP and the other YL contests coming up soon.

Very 33,

WA6WZN

Sandy 😊

Editor's note: I have received compliments on the appearance and the hard work that went into the Directory Issue, YLH #4. The Directory Issue was done in its entirety by Jan O'Brien, K6HHD, and she deserves all the credit. It was a monumental task.

I have agreed to take over the editorship for YLH #5 and YLH #6. Please send your news items to me before the next deadline of November 1, 1983.

33, Doris Smith, WD8IKC

IMPORTANT:

IF THERE IS A CHANGE IN YOUR ADDRESS, NAME OR CALLSIGN • • • PLEASE NOTIFY BOTH OF THE FOLLOWING IMMEDIATELY:

CIRCULATION MANAGER

Carol Bourne, N6YL
1923 E. Palm
Orange, CA 92667

AND

RECEIVING TREASURER
FOR YOUR DISTRICT

(See inside front
cover)

(It would be helpful if you would include a little note indicating that both the Circulation Manager and Receiving Treasurer were being notified by you.)

FOR THE RECORD

BY-LAWS: ARTICLE II - DUES: Sec. 8 reads: Dues may not be paid for more than one year in advance, except when a reinstatement or a new member's application is accepted on a pro-rated basis, she may include dues for the following year.

Silent Keys

It is with deep regrets that we report the passing of:

WIGAI, Mary LeVan

W9BJH, Orma Donkle

Condolences to:

NIYL, Diane on the very sudden loss of her Mother.
K8DHK, Carol on the loss of her Mother-in-Law.
K9ILK, Fran on the loss of her OM Bud, K9ILL.
VE4ST, Bubbles on the loss of her OM Ted, VE4TT.
CTIYH, Lucia on the loss of her Mother.

ELECTION RESULTS

1984 Officers

PRESIDENT.....Rose Ellen Bills, N2RE
 VICE-PRESIDENT.....Marilyn Backys, WB9TDR
 SECRETARY.....Jeanette Ellis, W04U
 DISBURSING TREASURER....Karla Holmes, WA1UVJ
 RECEIVING TREASURER #1...Barbara Robinson, WB1ACA
 RECEIVING TREASURER #2...Mary Lou Brown, N7DHA
 RECEIVING TREASURER #3...Becky Skinner, KA9GWE

DEADLINE

PLEASE

Here's

Erica
KA8NXV

Then . . . Erica, who started into Amateur Radio at the age of seven, was licensed on September 11, 1981, when she was eight years old... the youngest Amateur in the entire upper Ohio Valley. She made some of the highest grades on the Novice test and had no trouble with the code. She checked into the TSRAC (Triple States Radio Amateur Club) nets; sent Amateur Radiograms; and worked DX.

TSRAC was extremely proud of her. While she was still 8 years old, they ran her picture (the one shown above) in one of the issues of their excellent publication, *THE TSRAC BNT*. The editor (Ralph McDonough, KBAN, who was also her Novice teacher) predicted, "One of these days she will be a net control station for a TSRAC CW Net." The Detroit ARA (D.A.R.A.) lifted her picture from that publication and used it on the front page of their January 1982 *DARA BULLETIN* making her their first "Cover Girl".

and Now . . . Last January, at the age of ten, Erica became **NET MANAGER**, with full responsibilities, of the Triple States Radio Amateur Club's Slow Speed Traffic Net. The net is held every Wednesday from 7:00 to 8:00 p.m. (local time) on 28.120 MHz. There was another article on Erica in the March 1983 issue of *THE TSRAC BNT* which began... "Little 10 year old Erica KA8NXV is developing into a net manager that could be an example for others to follow...."

She is now a member of YLRL; Buckeye Belles (#52); and TSRAC (Member #831). And girls, get this...she will become eligible for QCWA and QCWW when she is only 33 years of age!

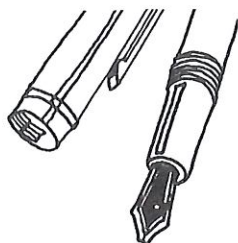

Her proud parents are KA8OPR Linda and N8CGE Stan Burech of St.Clairsville, OH.

FINE NET MANAGER!!

Speak-out!

WHAT DO YOU THINK ABOUT...

From Jodie, N8ALJ, and Doris, WDBIKC . . .

We would be in favor of having on-the-air Board Meetings once or twice a month where official YLRL business could be conducted. This would avoid a lot of long-distance telephone calls, time wasted while waiting for replies to letters, and jobs left undone. □

From Dot, K4AOH . . .

...While I was visiting with Martha, WD4NKP, I noticed that she was displaying all of her gold cups that she had won in YLRL contests. I made her get them all together and took a picture of her with all her winnings, keeping in mind that they were all won in the year of 1982, which is quite a feat, I think. She got a gold cup for YLAP/SSB, one for YLAP/CW, one for DX/NA YLSSB, also the Corcoran Award, and a gold pin for Howdy Days. I did not tell Martha that I was going to write about this, but I do feel that it would be good reading in Harmonics, especially to have achieved all of this in one year. □

From Diana Green, ZS6GH . . . (Re South African Women's Radio Club)

It is with the deepest regret that we have to advise you that we have been unable to raise a Council to administer the affairs of the Club in 1983. We have therefore decided that we will be in recession until the 1st of Jan. 1984, unless members come forward to volunteer to take office for this year. The funds of the Club will remain in trust except for urgent correspondence, nominations, stationery expenses, etc.

The YL Net on Monday at 2 p.m. on 40 meters will continue to provide a link between members. Please call in and give the Net your support.

Gwen Smith, ZS5NR will continue as Custodian of Certificates and will issue awards for WAYL (Worked All YL) and K.K.K. (Key KEEN Klub).

We will call for nominations for 1984 towards the end of this year. It is a sad situation that after 30 years of existence we are unable to continue our activities this year. We look forward to your cooperation for 1984. □

From Dot, N9ALC . . . (and Bob, W9LNQ)

Our first time at being DX operators and it was an exciting experience. Six months prior to date of departure we sent a letter requesting permission to operate as portable 6Y5 station. Jamaican government was very cooperative. We listed our equipment and serial numbers. This made it easier to get through customs.

Saturday-July 16, 1983-left O'Hare 11:30 a.m. and arrived at Montego Bay-3:30 p.m. Went through customs without any difficulty. The mini van that we rented for the week was waiting for us when we landed. After riding for one and a half hours we reached the seaside villa, poured a tall cool drink and then jumped into the pool. Later Bob set the rig up.

Brought our 830S transceiver, MFJ tuner and MFJ keyer. Our antenna was 130 feet of wire through the window and up into a coconut tree about 35 feet high. Worked out very well for us.

Checked into YLISSB system every morning and afternoon when propagation permitted. Bob was on CW every evening, and I would take over on SSB. One of the highlights was having a list waiting to contact us.

Jamaica is a beautiful island. Each day for a few hours we visited one of their tourist attractions. All of them were beautiful and very interesting. The wind blows constantly but it's very refreshing.

Saturday-July 23rd-Bob was still operating CW. Later we checked into the YLISB system for the last time as 6Y5. At noon everything was down and ready to be packed. For the week we made a grand total of 600 contacts and took 140 pictures which turned out great. It was a fabulous vacation and we will be talking about it for some time.

Getting lots of mail since we returned home. Trying to keep up with it each day. Just knowing that we were able to give so many Hams a 6Y5 contact made our "DXpedition" a huge success. 73. □

From Betty, W2PVS . . .

"OVER TWO HUNDRED MILES ON BICYCLE IN THE NETHERLANDS"

Bill (W2KBH) and I joined 19 others on a tour for people over 50 years old. We left New York City June 18 and returned July 1 via KLM Airlines. Our tour took us mostly north of Amsterdam, across the former Zuider Zee, and back through Friesland. We had time for sightseeing and partook of the local special foods. We were able to see and do things that most tourists don't get a chance to do.

For instance, we had a tour of the largest tree nursery (in the world?) by boat. We visited the last factory making wooden ice skates. I sailed on a unique small sailboat in Friesland. We were ferried across the Ijsele River in a row boat with our bikes by a ferryman who, of course, wore wooden shoes.

We did see other typical tourist attractions, like the largest flower market in the world, under one roof, and a working windmill that was grinding pigments for paints. Every evening we had a different special food for supper. I don't remember what they all were. Of course all our breakfasts were Continental! At one hotel I had the best fresh squeezed orange juice I have ever had except fresh off trees in Florida.

It was the trip of a lifetime for the two of us! □

From Verline, K18V . . .

I found some articles for Harmonics you might like to use for September issue. They are from the Detroit News, Cynthia Boal's Travel Column. One might be good for those traveling by trailer to the Olympics. The other is for the DXpeditionist who wants to know the danger areas.

RV'ers planning to attend the Olympics in Los Angeles next summer can reserve parking site through Trailer Life Enterprises, which has secured the Los Angeles County Fairgrounds in Pomona and the Orange County Fairgrounds in Costa Mesa with a capacity for 2,500 rigs.

These locations will be open to the public for 18 days beginning July 27, 1984. The standard nightly rate will be \$30 per rig, with discounts for reservations made before Jan. 1, for longer stays and to members of the Good Sam RV Owners Club. Call toll-free (800) 423-5061 for details. □

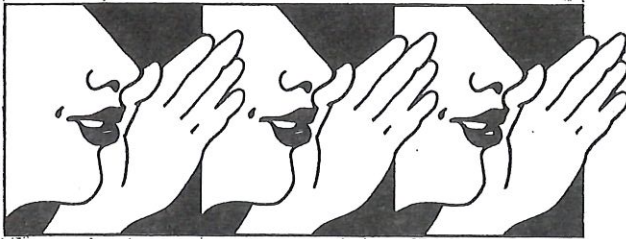

* * *

International travelers who want current information on war zones, danger areas, U.S. Department of State advisory areas and disease reports can find it in the World Status Map published monthly by EM Electronics, Box 2533, Fairfax, VA 22031. A three-month subscription costs \$7.50. □

. . . Verline, K18V, Continued . . .

I hope the YLs will write in and mention that the "YL News and Views" in QST is important. QST would be lacking something without it. Apparently since I recently was in the column I'd feel out of place mentioning how I feel, however, it was almost 18 years since I've been a ham before I made it in there. Those 18 years were spent reading QST YL column which was enjoyable even as a Technician. I think the QMs read it as well since most nice comments were from the QMs I've talked to. □ (Ed. Note: Refer to "YL News and Views" "Opinion Time" in January 1983 issue of QST.)

Diane Haigh, NYL

Judy, WBIQI, has a super job as Secretary to the General Manager of a posh hotel in Hartford. It must be very interesting work.

The State of Maine YLs held their Spring Luncheon in Union on April 3. It was an enjoyable event for the YLs, QMs and guests who attended. Hostesses were Edna KIVEB and Florence WNTXD. Favors were made by Lydia WAIJZP and Thelma NICH0.

A Yankee Swap was enjoyed by all. Quilt squares were passed out and a quilt was to be put together. Raffle tickets were to be sold during the summer and the lucky winner's ticket drawn at the Windsor Hamfest in September.

Leona, WIYPH, is making good progress since being in the hospital and expected to attend the WRONE Luncheon in Barre, VT. Judy, KAILF attended the PVRA Hamfest held here in Conn. and saw Dede, KAIBMB and Nina, WBIDJL.

Sue WBIATJ finished a computer course and, after a vacation in Bermuda, was planning to go out job hunting to put her new skills to work.

The Northeast can report lots of hot and sunny weather and most of our locals have been taking full advantage of it. Phyllis, KAIJC and her OM have a summer home on Squa Pan Lake in Maine and even have the rigs with them but the outdoors has proved too tempting and there has been little air time.

Helen WAILZR will be hostessing the State of Maine YL's Fall luncheon October 1, along with Judy, WAIJCN. It will be held at Judson's Motel in Carrabassett Valley near Sugar Loaf Mountain. A beautiful area and just right for foliage viewing around then. There will be a Yankee Swap and plenty of Maine YLs as this is always a well-attended affair. Helen has also been busy as Secretary of her local radio club and is also in the process of learning to drive and get her driver's license. All this from a wheelchair. Good for you, Helen.

Congratulations to Joanna KBIER for upgrading to Extra. All because her OM insisted she keep trying.

Congratulations also to Elinor KALIMK for upgrading to General. She has had a summer full of golf, gardening and family along with tutoring two children with reading disabilities.

I'm sorry to report a silent key, Mary LeVan, W1GAI. Mary was a charter member of YLRL under the call W3FXZ. She was an avid DX'er and contesteer and could always be found in the YLAP.

Shirley, KA1EWT has had an uneventful summer so far this year. No travel; instead she and her husband, in addition to starting a new business, are working through the Department of Youth Services providing temporary homes for troubled children. Shirley is going back to school this fall to work on her degree in Social Service.

Don't forget the WRONE Luncheon. It will be held Saturday, November 5 at the Sheraton Tobacco Valley Inn in Windsor, CT. Cocktail hour at 11:00 and lunch at 12:00. There will be a gift exchange as well as the gift table with fabulous ideas for Christmas giving. Ably hosted by Gladys W1VPF, this is one to look forward to.

My thanks to everyone who shared the news with me and I look forward to hearing from a lot more of you.

SECOND DISTRICT NEWS

Lia Zwack, WA2NFV

Didn't we have a wonderful summer! The SAYLARC Net is going fine with our very capable NC KA2AFL, Roberta, thank you for being so faithful! WB2FNF, Billie called from VE land where she was having a nice vacation on Long Point Lake.

N2AKC, Myrtle has a good signal...it's always nice to hear you.

WB20QY, Gladys's garden is doing good this year.

WB3JUT, Marge, glad the storm passed far from your QTH. We are happy that you have recovered well from surgery.

WA2BGE, Jean was not feeling well, but we hope all is better by now. Attending DX Conventions in CA and Dayton, and meeting famous DXers like SMØAGD and SM3CXS, who helped to put the cement in for the new tower with their call signs in the fresh cement, kept Jean smiling. In May she had as a houseguest VS6CT, Phil, whom she had met in Hong Kong, coming from mainland China! Isn't this a small world!

Jean toured "Southfork", where "DALLAS" is filmed after the YLISSB Convention. She met with Phyllis, W2GLB/7, who sends 33 to all the members of SAYLARC. Thanks! Jean has a new baby blue Buick, after the old "shack on wheels" passed the 100,000 mark and was retired, Hi!

WB2RWT, Gladys was elected VP of the YLISSB System. We are all proud of her.

W2JZX, Vi visited her daughter in town and we had a lovely eyelash QSO and lunch, after many tries! Vi did PR at a TV show in New York and was interviewed by N2NY, Larry. They discussed YLRL and Ham Radio. Maybe more YLs can listen to the tape from the show. We all thank Vi for her work and for being so generous in giving her time to design the Certificates for our Presidents. Vi is also very active on 2 Meters now. She won a TV at the Eastern Star meeting and I think this was great.

N2RE, Rose Ellen asks the YLs to write to the Editor of the YL column in QST, so we can continue the very valuable articles about the YLs. Send your comments direct to the Newington Office, ARRL, c/o Jean Peacor, K1IJV. Rose Ellen also stresses that we should vote when asked to do so. Swimming and bicycling keeps Rose Ellen in shape, and also the work for YLRL and Hamfests! A special thank you!

WB2YBA, Christine sends a lot of news for which we are thankful. A spring luncheon in NYC; a meeting of the National Comm. of Health Explorers Council of the Boy Scouts in Chicago in her uniform as Colonel, was sponsored by the Army Medical Corps.

Helen, Assoc. Member of NY YLs found an old program for the first NY YLRL luncheon on May 25, 1946! The price was \$1.00! Good old days!

W2EEO Madeline went to Daytona in Florida where OM Art gave a lecture on antennas. 500 Hams attended! Great! They went to Florida via the boat "Scandinavia" which also carried the car.

Also at the luncheon were WA2KWG, Irene; W2MVV, Alma; W2UXM, Sally who is recovering nicely from an illness, and W2AIM, Nat. Thank you, Chris, for all the news.

KA2CLX, Elsie, moved to S. Carolina and we wish her many happy years at the new QTH. With six acres of land, there is room for the antennas and we hope to hear you soon.

At the hamfest in Rochester which was organized so well by WA2YEK, Lee, nine SAYLARCS, 4 daughters, and one grandson were present. We had a nice place at the Market Place Mall for our gathering and luncheon. WB2JCE, Jan sent red dice key chains for each YL. Thanks, Jan. The door prize made by KA2UYM, Regina, who could not come, was given to Lee, WA2YEK for all the fine work in preparing the meeting for us. We all enjoyed the meeting.

Rose Ellen, N2RE, also sent a display of QSLs and pictures. Thank you. WA2RXO, Lois brought greetings from WA2JNL, Minerva who could not be present because the wedding of her daughter kept her busy sewing the gowns and preparing for an outdoor wedding and reception. We hope the weather was nice for the great event. Minerva had lunch with WA2VIE, Tina who had a good winter in Florida with OM Otto.

WA2DMK, Ione graduated with honors from her LPN studies on June 7, 1983, and was presented with a plaque at the ceremony for her outstanding marks. Ione will begin work at the Saranac Hospital in Saranac, NY on June 20, 1983. Congratulations, dear Ione!

W2PVS, Betty went on a tour by bicycle through Holland. We hope to let you know about it. We hope the Editor finds the space to print a fine article about YLs in Ham Radio at a later date.

We welcome our newest member NB2H Herminia who, along with her OM NB2I, upgraded to Extra. Congratulations to you both. We hope to hear you on the net soon.

We all send congratulations to KA2EAY, Barbara, who has just upgraded to Extra!

CONGRATULATIONS to Lois Ierlan, WA2RXO, who received the Central New York OUTSTANDING HAM OF THE YEAR AWARD from the Rome Radio Club. The recipient is chosen each year by the people who have been selected in previous years. The award was given at the Rome Ham Family Day, June 5, 1983.

Your DC had a wonderful trip to Europe, traveling from New York to Frankfort-through Switzerland, and seeing my six sisters, hams and friends. The weather was fine for the most part, and the country was at its best with trees blooming everywhere, people working in the fields and gardens, and the snow on the mountains. The train ride was so enjoyable and relaxing. Bad conditions on the bands made it impossible to have a single QSO with my OM who was at home. It was a wonderful experience to see the babies I raised, and I felt welcome and had a great time everywhere I went.

Hope to see many SAYLARCS at the luncheon in Glens Falls, NY on September 24, 1983. 33 and thank you for all the news.

THIRD DISTRICT NEWS

Jeanne Doncaster, KA3CEO

M1, Gals! Don't have too much news for this time--suspect that many were and are on vacation, as we were. We had a lovely trip to Combermere, Ontario, Canada in our motor home--living in it with just the electric "hook-up". But with a "one-holer" just behind the RV - we managed very nicely. We were right along side the Madawaska River and had a fine time boating, fishing, swimming and mostly, just relaxing. RVing is a new

experience for us this year and we are certainly enjoying it. On with just a little news...

WB3EFQ, Lois and her OM, Tom, W3BZN are in their motor home on the way to and from California. I believe they are in a caravan of RV's and we will be anxious to hear of their travels. Lois had been in contact with Usha, VU2UGI and Sheila, G3HCQ by skeds they had been able to keep.

WB3CQN, Ruthanna is still looking forward to her great trip this fall to Australia. We will all be waiting to hear of her visits with Gill, Heather and Poppy.

I have had a few good "chats" on 2 meters with Cathy, WB3HYN and Ruthanna, WB3CQN. Also had a contact with Grace, VE3MCO from Oshawa, Ontario, Canada on 2 meters!! Most unusual, but we manage this several times a year.

That's all from this corner--hope you all had a good summer. We are looking forward to one more week away--at the ocean. Our best to you all!!

FOURTH DISTRICT NEWS

Jeanette Ellis, W04U

Hi everyone. Well, I wanted warm weather but this is ridiculous. Every day it's 100 degrees or better and there's no end in sight. Maybe by the time you read this it will be cool.

Got the news from the Floridoras via Cathy, W4BAV. She says that Dorthea, W4QBY, has done some extensive work in her house. She now has central air-conditioning, the entire house has been painted inside, and she has new counter tops for her kitchen as well as a new carpet. It seems that her daughter did most of the work, which sounds like a good deal to me.

Marge, K4RNS, has a new apartment. She has her 2-meter rig set up and is trying to get permission for lower band operation. She also has a new handheld Kenwood TR-2500, which she is enjoying. She's having to take it easy for a bit because of some trouble with her foot and ankle. Hope that gets better soon.

Little Bo, W4HRC, is working part time. She is expecting the "kids" to visit in the middle of September, and is making dolls and such for them to take back to Massachusetts for their bazaar.

The last bit of news from Florida is a change for your Directories. It seems that Thelma, WB4AUR's zip code has gone and changed to 32738.

In the news from "Hotlanta" we'll go all the way back to June and talk about the Hamfest. We had a combination YLRL-MALARC booth which was a lot of fun. We also had an excellent YL forum which featured a panel discussion moderated by Carol, WI4K, and included on the panel YLRL Vice-President Rose Ellen, N2RE, and Martha, WD4NKP. We MALARCs had lunch with several of the out of town YL's, including Rose Ellen, N2RE, Martha, WD4NKP and Dot, K4AOH.

FCC exams were given at the Hamfest, and many people upgraded. Among those upgrading were three YLRL members who upgraded to extra. They are Emmy, KE4UF (now WS4H), Dot, K4AOH, and Martha, WD4NKP. Also Steve, WA4GOX, who is the OM of Carol, WI4K, upgraded to extra.

Well, that's it from here. Hope to hear from lots more of you for next time. My next deadline is November 1, so I would like to hear from you by October 25. Bye for now.

FIFTH DISTRICT NEWS

Esther Smith, WD5EMZ

She did it! Maureen, N5FFB, is now a General Class Amateur operator. Congratulations! Her OM Fred, N5DRZ, son Frank, N5FHQ, and daughter Laura, KASNAD, gave Maureen an 80 meter antenna for her birthday. Great hearing her check into the nets. The "North Texas HF Association" elected her to Sec/Treas and editor of the club's newsletter, "Watts Happening". She is a busy gal and does a FB job.

Darleen, WD5FQX, writes that she, OM Joe, and daughter Diane are having a great time in China. She says, "The Chinese are very warm and friendly and the food is excellent". Look for Diane on TV this fall. She was an "extra" on the "Love Boat" filming. Thanks for the beautiful postcard from China, Darleen.

KJ5C, Wanda, and OM, A.B., had a wonderful vacation touring Colorado and Utah. They enjoyed the wonders of Mother Nature. It's amazing what she did with wind, water, sun and time.

Hostesses for TYLRUN's 29th Birthday Party in September will be Martha, W5YKE, and her daughter Jennifer, N5DXD. Everything sounds so exciting, thanks to their good efforts, and everyone will be there.

I had a nice letter from Mary, WB5DVA. She and OM Chaffie enjoyed visiting and meeting new friends at the Shreveport hamfest. Mary is still a working girl, but promises to check into the nets as often as her job will permit.

Doris, K5BNQ, reports she has enjoyed the opportunity to serve as Sec/Treas in TYLRUN this year. She had many interesting letters and feels closer to the gals on the net. She and OM Andy spent ten days in Brazil last March. They saw Rio de Janeiro, San Paulo, and spectacular Iguacu Falls that borders Brazil, Argentina and Paraguay. They plan to return to Belize in Central America this October. Their Missionary trip there last year was so successful, they plan to go back for a more extensive Mission effort. They plan to motor to Washington, DC, camping in their new (to them) Dodge Van. They will also attend the International Conference of Women's Aglow at the Washington Hilton. Doris is a State Officer for Aglow and travels over the state, speaking to other Aglow chapters. She is looking forward to attending the TYLRUN party in September.

Congratulations, Melinda, N5EZX, on upgrading to Advanced. OM Brent installed 3 antennas...40 and 80 meter dipoles and a TH3 Jr. beam. Melinda is now checking into the nets. They have a new toy...a Commodore 64, and they hope to interface it with her electronic typewriter and do some word processing. Great news! Their 6-year old daughter, Michelle, is learning Morse Code. Melinda had a nice visit with Billie, WB5YLI, at the Jackson hamfest.

Betty, WB5ILY, and OM LaVell, WB5ILX, stayed home from a family reunion which was held in Dolham, AL to help with the Gulf Coast Hurricane Net when Hurricane Alicia blew through Texas. They (and all the traffic handlers) did a tremendous job. Amateur Radio is at its finest when we volunteer this service in time of crisis. They have a new computer...her computer course at school last year came into good use. They enjoyed the Shreveport hamfest and are looking forward to attending the Mena, AR hamfest in September.

Did you hear on the air waves how proud and happy Joyce, W5MWK, and OM Jim were when youngest son, Mike, graduated with his Masters Degree! They were delighted with the visit of Richea, KU5L, and her two sons who were perfect little gentlemen, when Richea attended the YL International SSB Convention in Dallas.

Billie, WB5YLI told the net about three goals she wanted to achieve.

The first one was to become an amateur radio operator, which she did; the second was to play the piano for her own pleasure (she did that also); and the third was to learn to paint. To do that, she enrolled in an art class and is well on the way to achieving the last goal.

That's all for now...hope to hear from more of you for next issue. Thanks to all who wrote news. Do enjoy the coming of fall, with all the beautiful autumn colors which Mother Nature provides, and hope we have milder weather soon. It's been a long, hot summer. See you on the nets.

SIXTH DISTRICT NEWS

To Dow, WA6ZGM

This is getting to be a regular part of my column...Congratulations to Lenore Jensen W6NAZ!! She received a Special Achievement Award at the Dayton '83 Hamvention for her work in public relations for Amateur Radio. She is active in her local club and is currently Public Information Officer for ARRL/LA. She also writes monthly for WorldRadio. Good goin', Lenore...

Got a long letter from Beverly Ridley K6FRM and has she been busy? You Bet!! In a little over a year she has upgraded from Novice to Advanced and is working on her Extra. She is active in ARES and RACES and also definitely does her part for the Red Cross such as running communications during the flood for 8 hours on 2 meters while the Red Cross radios were not working. She holds the Red Cross Advanced First Aid/Emergency card, a CPR card, and a Vital Signs 1&2 card. In her spare time, she runs traffic for West CARS and is a certificate hunter. Thanks for the newsy letter, Bev.

Edith dropped me a line that was full of news...that's Edith K6AYJ! According to her, Dora Tuttle N6GGN has upgraded to Advanced and heading toward Extra. Her new call is KF6TF. Her son was in a boating accident but is recovering OK, although slowly. Edith's daughter came in first in the women's division of a marathon at Ukiah, CA and beat her coach in the process. Her time was 26 miles in 3 hours, 3 minutes. That makes me tired just to type the details, hi!

Mable Field W6YZV (I still think that call is nearly as bad as mine!) is doing fine now..no more casts--just a metal plate in her kneecap. OUCH! Speaking of things like hospitals and such, Avalon WB6H0J is recuperating from a broken shoulder and Mildred W6HTS is out of the hospital with her new pacemaker and doing just fine. Locals wonder if Mildred had the pacemaker set to 20 wpm, hi? The most amazing news of all is that Jane K6RLR hasn't broken anything or been sick for nearly a year. Shall we all celebrate....

Hear that Irma K6KCI finally has life under control again with all her antennas back up and working, Lou recuperated from his fall, and...by the time you read this...a trip to Saratoga under her belt. Something about parties and birthdays and grandsons and all that stuff...

The YLRC/LA is busy as usual! They have new members like Erma KF6AJ and Nancy K6GRSR. They have new officers like Pres.-Charlene K6GHNI, VP-Barbara KA60JX, Treas.-Midge K6BUS, Rec. Secy-Froma WA6IWT, and Corres. Secy-Barbara N6CBN. Congratulations to you all....Also they've awarded their scholarship to Heidi from Fallbrook High School who is going into communications and received their Marion Peak Award. (Hope I got that right...)

Up North, things are kind of quiet. Mary WD6FYE got back from Rio and reported a good time even though she had plane connection troubles on the way down there. Char KA6LIJ is still busy driving everywhere and being VP of her local club and...playing Mah Jong! Saw a nice article in WorldRadio about Betty AG6C and all of her students/amateurs/alums. Even manage to hear her occasionally on 2 meters.

I survived all of the weddings and am now getting ready for grandbaby #2 and trying to get ready to move into a new house. It's only a mile away

but we've been in this place for 22 years and the junk I've tucked in the corners is...well...never mind! We're spending July 4th at a nearby lake and still trying to squeeze in a visit to Oregon, but who knows?

Per usual, special thanks to Barbara N6CBN for her articles, and also to Carol N6YL and Edith K6AYJ and Beth W7NJS and...can I thank "you" next time? News is running a little scarce up here. It's a "6-land" column! Let's have some "6-land" news....

(Ed. Note: Be sure to write to Jo at her new address: Rte. 5, Box 108, Chico, CA 95926.)

SEVENTH DISTRICT NEWS

Phyllis Douglas, K7SEC

Probably the biggest news from Arizona was the Hamfest at Ft. Tuthill in July. For the first time, YLRL had a booth set up with the convention kit materials. We had Sandi WA6WZN there which was very special. 71 licensed YLs signed our register, 18 of them were already YLRL members, 8 joined up on the spot, and the rest were given information on YLRL, their nets, cert., and membership forms. We had hourly drawings with prizes donated by our members and we took turns at the booth. Dorothy WD5AHE and Helen K5ECP pitched in just as if they had done this before. There was a potluck for YLRL and their families on Sat.

K7SEC Phyllis, was very pleased to receive a Special Merit Award from the ARCA Council at the hamfest.

W7JZA Ruby, is at cool Showlow for most of the summer. She and OM Bob W7CDU go into town each Wed. p.m. to the local ham club meeting which runs about 20. KQ7Y Shirley and Bob WB7QON, and Inez WB7USZ are there too. Ruby and Bob return to Cave Creek in late Sept.

KC7ET Evelyn writes that it was the first time out for her and OM Ed on an extended trip in their Ultravan and they covered 5000 miles with stops in Texas, Louisiana, Arkansas, and Illinois where they spent most of the time visiting family and friends. The weather was extremely hot and humid so they returned earlier than anticipated. They were gone three months. While in the midwest she was very pleased to check into TYLRUN with W6QGX/5 as well as Tangle and Open House when possible. Evelyn has just completed her DX-YLCC! That represents many long nights.

(Ed. Note: I have just learned on Open Net House and Tangle Net that Evelyn's OM Ed has suffered a massive heart attack and is in very bad condition. Our thoughts and prayers are with them.)

MINOWS had a booth at the Tacoma Hamfest with W7WLX Ethel in charge. 52 YLs signed the book. 14 of them were MINOW members.

K7UBC Verda had a nice two week visit to Alaska and is now home enjoying her microwave and catching up on her yardwork.

WA7BDD Joan had her daughter Julie and son-in-law Gary visit from Pasadena.

WA7TLL Marion went on a two month trip to Great Britain. They have relatives in Wales and also saw parts of England and Scotland. She talked on phone to GM3NYG.

W2GLB/7 Phyllis and her OM Bill W2GTX spent most of the summer in the northwest. While in Oregon, they saw W7NJS Beth.

We are glad to hear that W7QME Ruby is feeling better after being sick most of the summer.

A letter from Marge K1Y CZ/7, "Thurs., July 28th, along with my son's Boy Scout Troop from Mesa, we packed up and headed for the Hamfest at Ft. Tuthill, where I had a ball meeting all my old friends and also many, many new ones. The Scouts set up a food booth where they sold coffee and donuts in the a.m. and hamburgs, hot dogs, chili dogs, and soda the rest of the days. I am very proud of this troop as in the past year they have earned all the funds to send the entire troop to the Whiting High Adventure Camp

at Green's Peak. They got home on Sat. from a week of back-packing over 60 miles and turned around the following week to start to make money for next year's camp. They proved that the price of food can be kept reasonable and still make a profit. They made almost \$1000 selling 1/4 lb. hamburgers for \$1.00. I came home with a new rotor and new beam for 2 mtrs. so am looking forward to getting that up in the air. We stayed over an extra day and took the boys trout fishing where our luck held out and every boy came home with some fish."

W7GNV Lucile called it a pleasure and privilege to attend the MINOW picnic in Seattle May 22nd. It was her first chance to meet some of the girls, and thoroughly enjoyed getting to know them. WA7RVA Ruth's lovely home was perfect, the lunch delicious and the weather couldn't have been better. The Olympic Mts. were beautiful. 13 members and 9 OMs were there. YLRL members were WA7RVA Ruth, KU7F Flo, W7GNV Lucile, W7NJS Beth, W7WLX Ethel, WA7RBR Margaret, WA7CUB Betty, K7PVG Frieda, W7QGP Mary, WA7TPU Bernice, K7KHU Orissa, WA7FRM June, and WA7TLL Marion.

KC7TE Daurel, had a new son, Trevor Russell on March 23rd. He is already showing some amateur operator potential as he listens intently to the dits and dahs emitting from their automatic keyer and is definitely enthralled by the "woodpecker". As Daurel's mothering skills and organization improve, she hopes to get on the air to meet some U.S. YLs as well as to renew contact with her ALARA colleagues.

WA7QQN Helen now has her EXTRA! FINALLY! It took three trips and oh so much studying. She got it in June and is still recovering. (That's where persistence and hard work really pays off). Her husband is co-editor with another YLRL member in their area, KB7TW Pat who is an active DXer and vegetable gardener. They edit the Mt. Baker ARC bulletin called *GROUNDWAVE*.

KC7NL Rosie, and her OM KØTW Tom, with their kids went to West Virginia to visit relatives. They are both from Charleston. They attended the Jackson's Mill ARRL Convention. While there Rosie gave a plug for YLRL to the YLs that she met. They saw W8KNG Bill and wife Faye; KC8YU Dwight and wife WD4KAI Phyllis; K8BHW Bill and wife Julia; W8YP Tom; and W8MIO Connie who is YLRL and an officer in Buckeye Belles.

K7JGU Terry and her OM Nino went to Vancouver B.C. to a computer conference where Nino spoke. In August Terry will hold down the fort while Nino travels around European computer labs and centers. She has been busy organizing fund raisers for Planned Parenthood and the Society of Women Engineers which will coincide with Engineer's Day and the 50th Anniversary of the IEEE on Feb. 24, 1984. She figures that there will be no rest for the weary until 1985 and then maybe she can get on the air more regularly and get together with the Tucson YLs. She sends thanks to K7ESA Dottie, who called her with good ideas for her call, like "John's Greasy Underalls", among many other amusing ones.

EIGHTH DISTRICT NEWS

Donis Smith, WD8IKC

There have been many activities in 8-land since YLH #3. The miserable weather at Dayton Hamvention didn't dampen our spirits. The Buckeye Belles and YLRL shared a very crowded booth. We were happy to see W6NAZ Lenore Jensen who received the Special Achievement Award; K4LMB Ethel; N2RE Rose Ellen, and many YLRL members from all over the U.S. and Canada (there are too many to list individually). KG8P Judy's YL Forum was attended by 55 YLs. There were 46 people at our Friday night dinner at the Barnsider. It was so nice and the food was so delicious we decided to reserve the large room again for next year. (I'll bet Adah, W9RTH, will never order their rainbow trout again...ask her about it.) Our Saturday night cookout at the campground was almost washed out by heavy rains, thunder, lightning and wind, but those who braved the storm had a very good time and good food.

The Buckeye Belles were happy to sign up new members K8CSM Ann and N8DYF Thelda, and new Associate Members N2AKC Myrtle; W8BQQ Carol and N8EDL Kathy. The Belles raffled off an afghan made by WA8VTS Ann's mother-in-law. The winning number was drawn by W89TDR Marilyn's OM Don and the lucky winner was K8TVX Thelma.

W8YPY Ruth's ham station was off the air due to a lightning strike on Palm Sunday. The radios are now repaired but they still need antenna work.

K8QXK Barb received a certificate for having the 4th highest score in the 1983 Novice Roundup. She was in charge of the Novice station for her local club during Field Day. She has now upgraded to Tech and plans to upgrade again.

W8QOY Donna and KM8E June conducted a YL Forum at Grand Rapids, MI Hamfest in June. Donna presented the Michigan YL of the year award to WA8DHB Aileen at the Upper Peninsula Hamfest on July 30...in front of TV cameras. Donna's daughter Jeannie is now working in a hospital in Lansing.

KT4E Amy was at the Canton HOF Hamfest and we were so happy to finally meet her. She has been living in the Canton area for a few years. We are still trying to talk her into joining the Belles.

18 people attended the TASYL picnic in Mt. Pleasant, MI on a sunny, breezy day in July. They had a lot of good food and fellowship, but they wished more could have attended. W8DQG Carol, TASYL president is attending many hamfests and meetings in an effort to become more acquainted with the gals. She will be at Findlay Hamfest in September.

KJ30 Joanne and OM Larry, W8MPV, working as a team in the OHIO QSO Party in August 1982, came in second over All; first in Portage County; and first in Multi-Multi Class. "Joie" is Editor and Secy of Portage ARC. They organized and participated in Communications for the Aerobatic Competition in July. She and Larry worked the entire 27 hours straight during Field Day.

KB8YS Donna went on a trip to Egypt with OM Tom in May; in July she went to Jamaica with her sister; and spent the week beginning August 28 at Pointe au Baril in Canada with Tom. This busy gal is very active in public service events and is also taking flying lessons.

KB8RT Lee is still trying to sell her home in Michigan so they can move to Arizona, but no luck so far. Her tower and tri-bander are down and she is confined to 20 meters and a dipole which will have to do for Howdy Days. She hopes to have her tri-bander up by October for YLAP. She has received the very striking Dutch YL "88 Certificate", and is awaiting her Dutch YL Newsletter which she thinks will confirm that she is the first U.S. YL to receive the 88 Certificate.

W8EIR Kate said in May that her foot was driving her crazy...the nerves and muscles were bad; she hated being shut in, and welcomed company. She said she was glad she was a Ham Radio operator. Kate is now in a nursing home and is very depressed. She cannot have her radio with her. You can send get-well cards to her at: Alvine Kate Eastman, 2000 Provincial House, Provincial House Rd., Lansing, MI 48910.

K8JVJL Betty went to a convention of blind people in Kansas City where they had a meeting of blind hams.

There were 24 in attendance at the BB picnic/meeting at K8MZT Shirley's QTH on August 13, with Belles coming from as far away as Marietta, Worthington, and the Cleveland area. We were happily surprised to see W8LGY Ruth and W8BTW Ralph who were celebrating their 34th wedding anniversary. We had perfect weather, delicious food and wonderful fellowship. After the picnic 13 people made their way to the QTH of W8IKC Doris where we again partook of the goodies and had an enjoyable evening.

K8CKI Lillian says her Jim's blood pressure is "holding down real well." She watches his salt use. Lillian reports that W8BWD Lucy had surgery on both her eyes and that it was a great success.

W8SYZ Verla was hospitalized for phlebitis. Her condition has improved and she is now at home.

W9NBW Dot (Assoc. BB) is registered with Martha W0ZNL as a great-grandmother. Perhaps the great-grandmother's list will be updated to include your name, Dot. She has 5 grandsons, 2 granddaughters and one great-grandson who was one year old March 4, 1983.

N8ALJ Jodie's son Dan is to enter a Seminary in September to become a Minister and daughter Molly is entering Boston University. Jodie's OM Fred finished his radiation treatments and he and Jodie moved into their lake-front home at Holland, MI for a much needed respite. He is now undergoing chemotherapy treatments. You are still very much in our thoughts and prayers, Fred and Jodie.

W8IKC Doris was happy to be able to give 2-meter assistance to WB1FIQ Betty who was aeronautical mobile, heading west over Pittsburgh. She and her OM were on their way to St. Louis (I think) and they had left a suitcase at home which contained her OM's clothing. A collect call was made to Betty's daughter in Massachusetts requesting that the suitcase be rushed to the airport before the next flight. I just received a QSL card from Betty saying the suitcase arrived that nite! She said her kids saw Ham Radio's most positive side.

W8MEV Shirley is planning to return to work as an RN in the new Pediatrics unit of their local hospital. She is doing a very fine job as Editor of the TASYL TATTLER.

NINTH DISTRICT NEWS

Adah Elliott, W9RTH

We finally got .045 inches of rain, the first since the last of June, and we had 102 degrees of heat on Sunday with 100% humidity. That is h-o-t! We have had hot weather since the first of July. The slight rain did cool things off a little and I got one night of good sleep.

K9ILK is doing well following the death of her OM K9ILL. Good luck to you, Fran. I received a nice note of thanks for the Memorial which was sent in her OM's honor. Thanks to W9NBW, Dot; KA9JJB, Mary and K9RXX, Ann and also to all who sent cards. Donations are greatly appreciated and will be used for Memorials in the future. Did I miss anyone? Fran is quite busy with volunteer hospital work, Church organizations and Ham Radio.

Ann, K9RXX, is back teaching and is now in a new building after the schools were consolidated. She is studying for her Extra Class license. Good luck, Ann. She contacted a DX YL and was awarded an Honorary Membership to that club, but I did not get the name of it. Ann, please explain. Ann and Frank also have a new granddaughter...another prospective ham. She has not been able to contact her son David in Germany as yet, but she keeps trying. We had the H.A.W.K. picnic at her home on August 7. Five HAWKS and their families were present and we had plenty of good food and a lot of chatter. We hope the pictures that were taken will be good. We had a very nice time even though it was hot.

I received a nice note from WA9LYJ (Little Yellow Jacket), Mickie Micka. She is quite a unique gal. She is an Associate Member of the Buckeye Belles. There are seven hams in her family. She has a studio in her attic which was used for religious services recently. She is a foster daughter and her foster father is a Minister. She is also a Minister and is blind. She lives in Elgin, Illinois.

N9DRU was listed in the Directory as N9DRV, Debbie Burton. Hope all difficulties are cleared up now, Debbie. Welcome to YLRL.

Received a note from KQ9F, Patricia Olson of Superior, WI. Her call was omitted from the last Directory. Perhaps it was because of your new callsign, Pat, however, since you received your Directory you must be listed someplace, HI.

I talked to WA9HLW on fone. She has moved to a new apartment in the same building and hopes to get on 2 meters soon. She is OK, just busy. She was moving the day before our picnic and could not come.

KA9MXZ, Barb, has advanced to Advanced license. Congratulations, Barb. She is quite busy with MARS traffic. She tells us she checked into Tangle Net last week and really enjoyed it.

KA9JJB, Mary, worked on Hurricane Net "Alicia". No news from her on how much she did.

W9RTH Adah spent a week in Indianapolis with her daughter and family and enjoyed their central air-conditioned home during the extremely hot weather. She got to visit with her oldest great-grandson who is 10 years old. She had a good time.

If you don't send me any news I can't publish it. So please get your news and actions to me. We are interested in your activities.

.....
TENTH DISTRICT NEWS

Marj Tiritilli, KBØZC
.....

From the date of this writing there are but 121 days left until Christmas. Bite your tongue, Marj! Forgive me, ladies; I am only trying to think cool thoughts to get me through these scorching days of August.

Bless those Colorado YLs; they have provided me with some tidbits from ten-land. Perhaps some of you have already met one of them.... Barbara Koch, WBØZZR. I doubt that Barbara has much, if any, time for mischief because in addition to the normal everyday tasks that we all must perform, she has the additional duties of EC for the Denver County ARES. She also coordinates activities with the Denver Red Cross. Marie, WBØHUC, mentioned this in a little note.

Those Colorado gals also held their second annual "mini-field day" on June 11. Penney Gray, NØDKS, was this year's coordinator of the event. For this activity the gals do it ALL when it comes to setting up and operating a radio station in the field. OMs and other family members "are invited to advise, criticize, kibitz, and/or cook lunch." Contacts are made and a good time is enjoyed by all.

THE COLORADO YLs...super 10s for sure. If you're ever in Colorado, find at least one for an eyelash QSO. Better yet, if you're heading in that direction, write to Barbara or Penney or Marie for the monthly meeting time and place and you'll get to meet them all. That is a warm experience.

Also heard from Dolores Huiatt, KAØEAJ, who lives in Maitland, MO... 50 miles northwest of St. Joe. She attended the Des Moines Hamfest and set up a YLRL booth complete with info sheets. She wrote that the following signed the register: NØBCI, NØDRV, KAØHJD, KAØMVS, KAØOBK, KCØGM, and NØCOI. Dolores says she will try to get the YLRL Convention kit for next year's 'fest. She is not active on the air right now, but we shall be listening for you, Dolores.

Recently had the pleasure of hearing Martha, WØZWL, once again on Tangle Net after a 1-o-n-g absence. She had to have surgery this Summer and had to go through a rough post-op course as well. On top of that her rig was "attacked" by lightning. I am delighted to say that Martha reports that she is improving nicely and her rig is operational. Hang in there, Martha.

Jer and I had a great visit with my side of the clan in Minnesota in July. Also attended my 25th highschool class reunion; of course, everyone else had changed, but not me. Am now awaiting the Big 50.

Now that Summer is winding down I am looking forward to an overstuffed mailbox with much news of what you've all been doing. Remember, my deadline for the next issue (that'll be the last one for this year) is November 1. So please get that letter mailed to me BEFORE you get started on the Halloween costumes.

Many thanks to this issue's contributors. God bless and 33.

VE DISTRICT NEWS

Elizabeth Anderson, VE7BIP

VE2JZ Jeanne writes that they had a really nice ten day holiday in Northern Ontario. She said that Ottawa was by far the prettiest city, with Peterborough a close second because of the lovely parks there. Half the fun of holidays is meeting super people from other places who are also on holidays. It's always hard to get back to the daily routine after such a nice vacation!!

VE2EDO Pat writes that OM John took early retirement in May and much to their surprise they are both enjoying this new stage in their lives. They had heard so many negative stories from retirees! John's parents celebrated their 60th wedding anniversary in July and relatives came in from many directions to celebrate with them. Pat and John spent four days at the Special Event Radio Station at "Man & His World" in the Quebec Pavilion, and were also part of a 2 meter team that acted as relay stations for 2 cross country horse races. They are now on a trip in the States visiting Ham friends. Obviously they are going to find retirement no trouble at all!!

VE3KTX Barb and her family were also packing for a holiday when she wrote. They are now camping in the Peterborough area. Their weather has been very hot, humid and dry all summer and they have not managed to play much golf, but hope that the fall will be nice so that they can play then. I look forward to working Barb during the YLAP.

VE7CBK Bobby keeps busy with her Marine net, the BC net and also the Trans Canada net. Bobby's granddaughter took a nasty fall down the back stairs but fortunately was not hurt too badly. She certainly scared herself and everyone else.

VE7CIK Betty and OM Mike went to Hawaii for a three week holiday and thoroughly enjoyed it. They are planning on going again, needless to say! They attended the Maple Ridge Hamfest and also drove down to the Northwest DX convention in Seattle. Later in the fall they hope to take their yearly trip to Reno.

VE7BIP Elizabeth. Our trip to Europe was great fun but unfortunately the weather was very poor. Propagation to North America was terrible, but down to VK/ZL and the South Pacific it was excellent. LOVED the Channel Islands, they are truly beautiful. Worked the only ham in Sark, GU2FRO, Eric on 2M while on a leisurely tour of the island in a horse-drawn trap! We are now living in Richmond, 10 miles out of Vancouver, and the new house is slowly taking shape. The tower and beam have arrived and will go up as soon as the outside of the house is finished. What a wonderful day that will be! Hope all of you have had a lovely summer. Our weather was terrible in June and July but now that summer is coming to an end the sun has come out!! We are going back to Jasper early in September for the Totem Golf Tournament. We enjoyed it so much last year and hope that the weather will be kind to us this year. I love golf but hate playing in snow and you can certainly get that in the Rockies in September!

I'm sorry to have to report that Bubbles, VE4ST, lost her OM, Ted, VE4TT, in July.

VE7EHI Marjorie was in a tornado while traveling in North Dakota and the windows of their motor home were broken out.

There has been a change in the time of the CLARA Net. Starting September 1st the net will start at 1800Z (NOT 1900Z) on Tuesdays-14.160 MHz.

As this will be my last VE column, please send all your VE news to VE3CLT Thelma Woodhouse who is your new VE District Chairman.

VE DISTRICT NEWS (Additional)

TheLma Woodhouse, VE3CLT

Doris, VE3BBO has taken on the chairman's job of organizing a lady's luncheon for the Radio Society of Ontario Convention to be held in "The Inn On the Park" Hotel on September 24 and 25, 1983.

The new executives for TOTs as of June 1st are: Pres. Audrey Cuthbert, VE3ILT; VP Eva Colleck, VE3EVA; Sect. Leonora Wilson, VE3IGN; Treas. Beverley Blakey, VE3LZU; Membership, Judy Vance, VE3LXC; and Editor and Publisher, Thelma Woodhouse, VE3CLT for 16th term.

This year has been my big thrill for Amateur Radio. I received the honor of "Amateur of the Year" for SARC (Scarborough Amateur Radio Club). Also the Appreciation Plaque along with an appreciation dinner from the Borough of Scarborough. Scarborough became a city on June 27, 1983. I have the job of Sect-Treas for the Canadian National Exhibition Amateur Radio Project. The CNE station will be VE3CNE from Aug. 17 to Sept. 5, 1983, the duration of the Exhibition this year.

I received two great grandsons, Kevin on Nov. 25, 1982, and Shawn on Jan. 7, 1983. They are darlings and I get a great thrill of being with them.

I am a delegate to arrange Amateur Radio Communications for the Scarborough-Indianapolis Peace Games, taking place here on August 6 and 7.

Audrey, VE3ILT manned the base station for the Robbie Tournament which took place July 2 and 3. This was her fourth year. Doris VE3BBO helped her with the logging this year.

Had a letter from Malcolm, VE4MG and he gave me information about Bubbles VE4ST and Ted VE4TT (his mother and father). Ted just became 65 in April and his company gave him a lovely retirement party. But now, he is suffering from a liver cancer. Bubbles has taken an extended leave of absence to look after him. Malcolm and Heather are expecting their second child in November. His sister Karen is expecting her first child in September. That will give Bubbles and Ted three grandchildren.

The weather has been hot and humid up here.

KH6 DISTRICT NEWS

Val Von Holt, KH6QI

You haven't heard much from Hawaii this year, but I guess some news is better than no news. Much has happened since I last wrote about Hurricane Iwa. On March 20th I got married--July 16th I flew to San Francisco, where I shopped and had dinner one nite with a daughter of a very dear Texas friend, Beulah Hodge, of the now off-the-air show of "Men and Ideas-People and Ideas", a Public TV program that originated at the University of Texas, Austin. On the 20th my Hubby and I sailed to Glacier Bay on the Royal Viking Star. He first wanted to make the trip to the North Cape of Norway, but we were too late to get passage, and decided to take the Alaska trip. Best decision we've made so far...we loved the trip, hated the cold, took sunshine everywhere we went, visited the Buchart Gardens in Victoria, took tours, saw the grave of the infamous Soapy Smith at Scagway (6 feet outside of the community grave yard), saw a condor on an iceberg in Glacier Bay, and through it all found the same scenery of the inland passage somewhat boring compared to our islands. However, as long as there is an Alaska, we will never run out of Christmas trees. We disembarked San Francisco on the 1st of August and stayed several days more to see "Zorba" and "Hello Dolly", only to come home and buy more tickets for "Dolly", 'cause now she is here.

Frankly, I am appalled at the lack of interest in YLRL by the Island hams, and I wonder if we could manage a small blurb in QST. I know most of

the men get it, and perhaps some of the women read the YL page. I just feel like a whole state has no knowledge of us. Perhaps the problem is the kind of life we live here in the islands. Our days are full of so many things to do. Then there is also the fact that I have not yet been able to slow down long enough to get a 2 meter rig and I understand that most of the gals are on 2 meters.

If any of you out there are planning to come to Hawaii in the next year or so, change your plans and come now. We are celebrating our 25th year of Statehood, and for us the year has just begun. There are all kinds of special events to celebrate Statehood. The Hawaiians really know how to party and this will prove to be a party lasting a full year.

Be looking for KH6QI on 20 meters, after midnite Honolulu time. I'm on 2½ acres of a great hillside on the North side of the Pali...a beeline to the States.

Verline Ferris, KI8V

I would like to introduce the following new members:
G4LSS-Anne has two young children 3 and 7. Her OM is G4AJJ. They have recently moved to England from Hong Kong. She was licensed in 1981 and enjoys phone and RTTY.

ZS1YL-Lee has two sons 7 and 10. Her OM is ZS1GP. She enjoys DXing.
VK3VBK-Joyce has a son and a married daughter. Her OM is Stan, VK3BSO/P29SO. Joyce teaches crafts with a local community association and the family interest is sailing.

VK7HD-Helene is a pharmacist. She has two daughters and a son. One daughter is studying law and the other nursing. Her OM is Peter, VK7PR. Her brother is VK7RR and his wife Sue is VK7NSU/ZSU-also an ALARA member. Helene has been making her own computer and studying programming at a local college.

VK3DMS-Marilyn and her OM Geoff, VK3ACZ have 20 acres and grow grapes for dried fruit. Last year their 19 year old daughter, Cathy, died with cystic fibrosis. Geoff has a small computer business. They have two cats and a dog. Marilyn's hobbies are stamp collecting, sewing and knitting.

Now for some news from our other members:

DK1HH Anita had met with the DL-YLRL members and went to the DL Ham Radio Exhibition.

HB9YL-Anny sent a lovely post card from her vacation to SV9-Crete for two weeks. Then she had to take a trip to recuperate from a chest infection to the mountains with the glaciers.

4X4NW-Devora is a member of Minow net and sponsored by that group, not W7NJS as listed in #3 Harmonics..sorry.

SM5CXC-Anita and OM Stig, SM5DIB visited Tenerife last April and met SMSIWC/EABZY Ulla, who lives near the mountains. What a lovely trip!

GM4KNQ-Helen has moved with her new job as head teacher of the village school at Newcastleton.

G4KFP-Jasmine will be in St.Ives, Cornwall. They are taking the new dog "Raffles" with them. While away they are having a new porch built in the front of their QTH.

YO4UJ, Maria's OM Sever passes along 73/88 to all the YLRL members.

OK3TMF-Gita had her right hand in a cast. She's been working on her 5 Band DXCC and 5 Band WAZ.

I received a post card from JH3SQN-Nozomi from the JLRS meeting of July 31, 1983. She gave some silver dollar seeds to some YLs which originally came from some seeds from WA2NFY. The Iwakuni Convention was attended by 82 YLs and 22 OMs. Nozomi says that they are moving things around the house since they put on a new addition. XE1CI, Nellie visited them and

they made her a kimono. Nozomi also was in Seoul, Korea on a trip in April for a Christian Missionary Conference. The Korean women put on a pot luck dinner for her and Ken. They attended some weddings where the brides wore pink lovely garments in Korea called Chimachogori. F5RC-Renee and FLAG-Guy and their family went to a convention in France. Renee works as a dietician in a hospital. She mentions that her triplets were confirmed and she met FICSW who also has triplets about the same age as her children.

G4ESR-Violet has been busy as a chairman of a County Visually handicapped group which includes deaf/blind people. She has been very busy watching her grandkids earlier this year when her daughter was ill.

G3JZP-Jean took a trip to Scotland. Unfortunately she fell requiring an incredible trip to get her to the hospital to get her broken wrist set and stitches over her eye.

VK7CC-Christine and her son were able to meet and talk to Prince Charles. She sent W8QOY-Donna her official pass she wore and a brochure of the Royal visit.

YV5CKR-Helena likes to do oil paintings. She misses Hungary, saying it is difficult to adjust to living in Latin America.

VU2CP-Leela is active on 40 and 20 meters daily. She has been busy attending weddings and entertaining a lot of visitors. She says most of the VU-YLs are active only on 40 meters.

G3LWY-Frances visited her two granddaughters on the Isle of Man last May and will be leaving for N.W. Scotland in October. What a nice vacation!

LX1XX-Martine will be starting work as a primary school teacher. She had her graduation exams in June. Congratulations!

G4KVR-Cilla has a ZX81 Sinclair computer and is learning programming. She was to be married in June to Allan, G6AXO, an electrical engineer working in computers.

SM5EUU-Kerstin and OM Christer, SM5BZL put a KLM-KT 34XA on the tower last fall. She is working on the UK-WAB Award of 3000 squares to fill in. They have built a new bedroom while they were waiting for the birth of their new baby in July.

LX1TL-Lea spent 1½ months trip with their trailer to Italy. Her daughter is LX1TP-Patsy who lives two miles from her QTH. LX1GK-Guy, her son-in-law makes 6 hams in her total family.

VK2NQI-Geraldine has returned to fulltime work as a Market Researcher. They sold a lot of the farm animals because of the drought. Her sons enjoy soccer.

VU2UGI-Usha has been on 14.273 at 1100Z on Mondays. DL1HBN and DF7HW, as well as F6GUG and K4YT, visited them. Usha and Gu1 planned to visit the SEANET Convention in Singapore. They hoped to be VU7 in Andaman Island and were awaiting word on their approval of license.

ZL4GR Myrtle mentioned the annual Convention in Dunedin in June where the WARO girls held their annual meeting.

GM4C00-Denise just celebrated their son Peter's first birthday August 29th. She is now starting to feel better. Denise and GM4LUS, Shirley set up a booth for BYLARA at the Scottish Convention in August.

DX8WX-Karin has been busy sewing and had a nice vacation in July.

SMØHNV-Raija was in N. Italy last April and met Helen, 1LKAX. G3HCQ, Sheila was to have visited Raija in August.

P29NUN-Sr. Margaret has a new appointment for Bundi in 1984. It is a remote area only accessible by plane on a small landing strip. She hopes to be on 15 meters while there. She is presently studying in Australia for five months. Her call there is VK2PNC.

SP2FF-Barbara worked DX while tent camping on vacation. Since April she worked 80 countries using RTTY.

JH3ROF-Akemi will be finishing medical school in March of 1984. She took five exams and has twelve more in December and final exams in February.
