NEW MEMBER EDITOR...Jeanie Parker, WA6UVF, 26361 Cynthia St., Hemet, CA 92344

YL Harmonics is published by and for the members of the Young Ladies' Radio League, Inc. YLRL is a non-profit organization (501) (c) (3), comprised of women amateur radio operators, incorporated under the laws of the State of California. Dues are \$8.00 per year, due and payable March 1, and delinquent March 31. Dues for new and reinstating members joining after August 31 are pro-rated by half the annual dues for that fiscal year. Add \$2.00 for first class postage, if desired. Dues for DX members are \$8.00 and may not be pro-rated for portions of years. In addition, \$3.00 for surface mail or \$6.00 for air-mail postage is required for DX members. Dues for a licensed YL "Family Member" are \$2.00; subscriptions for non-members are \$8.00 per year and may not be pro-rated for portions of years.

Y L HARMONICS DEADLINES				
+ #4	Directory Issue	-----	send no news to DC	+
+ #5,	November	1,	1988	+
+ #6,	January	2,	1989	+
+ #1,	March	1,	1989	+
+ Deadline for May/June issue is April 1st! +				

PHASE NOTE!!! The May/June 1989 issue will be the Super Directory which must be ready for the printer no later than May 1st in order for me to get it into the mail to you before the Convention. I hope to have it ready for the mail no later than June 1st. It is imperative that you return your information cards to me as soon as possible. They will be in the envelope with your Jan/Feb issue so please fill them out promptly and return them to me so you will be listed in the special convention issue of the Directory. Also, please be sure you get your dues in early so I may have the notices of your renewals from the Receiving Treasurers in plenty of time for you to be listed in this special Convention Super Directory. If you do not get your cards to me by April 1st or you don't have your dues paid, you will not be in the Convention Directory.

CeMING EVENTS

1988 - All Year:		The YL-Year 1988 Award. YL Activity Day, the 6th of each month, call on the hour, any hour: on 14.288, 21.188, 28.588, and 25.688 MHz.
1/1 - 12/31	**	AIARA Mavis Stafford Bicentennial Trophy
3/3 - 8/8	**	JIRS YL-88 Award - Work 88 YIs incl. 2 JIRS members
4th Sat in July 0400-1200UTC		Special AIARA Birthday YL Activity Day, same frequencies as above.
August:	**	Netherland YIs 8-8-88 Award
August 6:	+	Summer SSB Sprint
Sept 7-9	++	YIRL Howdy Days
Sept. 24, 1300 UTC to **		Elettra Marconi Contest and Gioconda Award
Sept. 25, 1300 UTC		
Oct.12-14 & 26-28	++	YIRL YIAP, rules in this issue of YIH
Nov. 12, 0001-2359 UTC	**	AIARA Contest
	**	BYLARA, Advanced BYLARA, & Scottish BYLARA Awards
SPECIAL NOTE IN RE NETHERLAND		YIs AWARD: QSOs made on 8/8/88 count double.

+ Details are on Page 8 of the July/Aug, 1988 issue of Harmonics Magazine.

-H- Rules are printed elsewhere in this issue of YL Harmonics

** A copy of the details may be obtained by sending a size 10 (so-called legal size) SASE (Self Addressed Stamped Envelope) to the YIRL Editor, Jean Kincheloe, K6OQD, P.O. Box 1446, Magalia, CA, USA.

When requesting rules, please be specific as to which contest. I do not make special mailing for YIRL contests. All their rules may be found in the 1987 July/Aug. issue of YIH.

ANNOUNCING : ASSISTANTS TO THE PUBLICITY CHAIRMAN

Instead of the Convention Kits all being kept by the Publicity Chairman at her QIH, we now have them located at strategic places around the U.S. The following YIs have graciously consented to be Custodians of these kits.

PLEASE BE SURE TO MAKE YOUR REQUEST TO THE APPROPRIATE CUSTODIAN!

- For Districts 1, 2, 3 & VE Lia Zwack, WA2NFY
138 Farwood Rd., Haddonfield, NJ 08033
(716) 647-1145
- For Districts 4 & 5 Jan Scheuerman, WB2JCE/4
3818 S.E. 1st Place, Cape Coral, FL 33904
(813) 542-6507
- For Districts 6, 7, KH & KL Joan Upton, KD7YB
5T South 6th St., Independence, OR 97531
(503) 838-5951
- For Districts 8, 9, 0 Roxanne Moss, NO9W
R.R. 1, Downs, IL 61736
(309) 378-4032

These kits contain a beautiful banner, copies of YIRL Certificates, application blanks and information sheets, pictures of our YIRL jewelry, stationery, etc., and copies of YIH. Anyone wishing to borrow these kits to use to augment any materials they have for their local group at any convention, hamfest, or the like, may obtain them from these YIs. YIRL will pay the postage to send them to you but the person requesting them is responsible for the return postage!!

XXX

BYLAWS: ARTICLE II - DUES Sec. 8 reads: Dues may not be paid for more than one year in advance, except that when a reinstatement or a new member's application is accepted on a pro-rated basis, she may include dues for the following year.

XXX

Copies of the updated Constitution and Bylaws are available. YI's who are interested in obtaining a copy, free of charge, may do so by writing:
Sue Ludemann, KA6SOC, YIRL Secretary
6815 Del Monte Ave., Richmond, CA 94805

AUDITORS OF TREASURER'S BOOKS:

- Debbie Brown, N5HNS
- Brenda Hebert, N5GGA

SECRETARY'S BATTAL AUDITORS:

- Jane Willis, K6RIR
- Jeanne Cross, KB6C0H

AFFILIATED CLUBS COMMITTEE:

Phyllis Shanks, W2GIB/7, 1345 West Escarpa, Mesa, AZ 85201

BUDGET AND FINANCE COMMITTEE MEMBERS:

- Madeline Greenberg, W2EB0
- Box 311 Park St.
- Wading River, NY 11792
- Jean Peacor, K1IJV
- P.O. Box 1148
- East Orleans, MA 02643-1148

PRESTEWT'S MESSAGE

If you have been listening on the HF bands, you are well aware that propagation has been improving greatly now that we are into the next solar cycle. This is good news to all of us who like to chase DX, participate in nets, etc. The improved propagation should also make our contests more exciting.

Speaking of contests, a recent note from our Vice President, Carol, W14K, expressed disappointment in the low turnout for contests. I noted this also when I was the Vice President. Both of us also noted that a lot of the YLs don't

bother to send in logs. Granted this makes it easier on the V.P., but the results published are not really representative of what took place. I am afraid that the poor conditions of the recent years discouraged a lot from entering contests. This is particularly true of the DX-YL to NA-YL contest. Hopefully things will pick up for our upcoming contests, Summer YI<-CM sprint, Hewdy Days, and the YIAP.

During the last couple of years we tried to hold 4-hour long contests on Saturdays. Quite a few complaints had been received from working YIs who could only participate in the YL-CM contest. The short, Saturday contests were an attempt to have sane other contest activity in which the working girls could participate. However, participation has been low and has not involved very many of the working YIs. The Board of Directors is now considering whether or not such short contests should be continued. Before making any final decision we would like as much input as possible. Please send me your thoughts on the matter as soon as possible.

The last time I talked to Ruth, K1IIF/7 about convention plans, she said that quite a few of the YIs had already turned in the pink form with their convention intentions. If you think you might possibly be going and haven't sent her your form, Ruth would still like to know your plans.

I just heard that Madeline Greenberg, W2EEO, has consented to chair the Prize Committee for the 1989 convention. If you have any ideas or are in a position to help, I am sure she would be glad to hear from you.

Guess this is all for now.

33,

Mary Lou, NM7N

Mary Lou's report on her DX-pedition with Jan, WA2JCE/4 is on page 10.

Check logs: KLQFD, W4DEV, W3CEQ, NM7N

I particularly want to thank the many YLs who included letters and notes with their logs. Only wish I had time to answer them all.

Unfortunately scores had to be changed on several of the logs because of errors in listing calls, counting sections instead of states, contact was am, CM, etc. However, I was able to raise a few scores, too, a much more pleasant task. Scoring contests has been an enjoyable task and I hope that Carol, WI4K, finds it as pleasurable as I did.

1988 HOWDY DAYS PULES—Sponsored by YLRL

Starts: Wed., Sept.7, 1988 at 1400 UTC Ends: Fri. Sept.9, 1988 at 0200 OTC
ELT/TRTT/TTY: All licensed women operators throughout the world are invited to participate.

PROCEDURE: Call "CQ YL"

OPERATION: All bands and modes of emission may be used. No cross band operation. A station may be worked and counted once on each band and mode for QSO points. Participants may operate only 24 hours of the 36 hours of the contest. Operating breaks must be indicated in the log. The maximum power output that may be used at any time during the contest is 750 watts on CW and 1500 watts PEP on SSB.

EXCHANGE: YIRL member or non-YIRL member. Entries in log must also show date, time, band, call of station worked, and operating breaks.

SCORING: Score two (2) points for each YIRL member worked and one (1) point for each non-YIRL member worked. NO MULTIPLYERS.

IPGS: All logs must show if operator is YIRL member or non-YIRL member to be eligible for awards. DO NOT send carbon copies of logs. Please print or type. Logs must be signed by the operator. No logs will be returned. Logs must show score and be received by October 10, 1988.

SND ICGS TO: Carol Shrader, W14K, 4744 Thoroughbred Dr., Virginia Beach, VA 23455, U.S.A. Please mark your return address clearly.

DUPLICATES: For each duplicate contact that is removed from the log by the Vice President, a penalty of three (3) additional and equal contacts will be exacted.

AWARDS: Top scoring YIRL member will receive her choice of a YIRL pin, charm or stationery. Top scoring non-YIRL member will receive a one (1) year membership in YIRL.

SUGGESTED FREQUENCIES: CW

SSB

80 Meters:	3.540-----3.570	3.940— ■3.970
40 Meters:	7.040-----7.070	7.240— ■7.270
20 Meters:	14.040—14.070	14.250—14.280
15 Meters:	21.120—21.150	21.380—21.410
10 Meters:	28.180—28.210	28.280—28.210

NOTE: Since band allocations in other countries are often different from the U.S.A., North American YL's should look for DX YL's in other parts of the bands, especially on 40 and 80 meters.

1988 YL ANNIVERSARY PARTY RULES—Sponsored by YIRL

CW

SSB

Starts Wed., Oct. 12, 1988 at 1400 OTC Starts Wed., Oct. 26, 1988 at 1400 OTC
Ends Fri., Oct. 14, 1988 at 0200 OTC Ends Fri., Oct. 28, 1988 at 00 OTC

ET.TGTHHT.TTY: All licensed waven operators throughout the world are invited to participate. Only YIRL members are eligible for the cup awards. Non-members will receive certificates. Only YIRL members are eligible for the Corcoran and Hager awards.

roPCTSORe: call "CQ YL"

OPERATION: All bands may be used. No cross band operation. Net contacts, repeater contacts, and contacts with CW's do not count. A station may be counted once on each band for credit. Participants may operate only 24 hours of the 36 hours of the contest. Operating breaks must be indicated in the log.

EXCHANGE: Station worked, QSO number, RS(T), and country/state/VE-province.

SOCKING: A. CW and SSB will be scored as separate contests. Submit separate logs for each contest.

B. All YL's within one of the fifty United States or within a Canadian province: score one (1) point for each QSO with another station located in a state or province. Score two (2) points for each contact with a station not located within a state or province, (i.e. DX). Definition of DX: all stations not located within a state or province. DX YL's shall score two (2) points for each contact with a station located in a state or province; two (2) points for each contact with a station on another continent and one (1) point for each contact with a station on their own continent. Multiply the number of contact points by the total number of different states/provinces/countries worked.

C. Contestants running with a power output of 100 watts or less on CW and 200 watts PEP or less on SSB, at all times may multiply the results of (B.) by 1.50 (low power multiplier). The maximum power output that may be used at any time during the contest is 750 watts on CW and 1500 watts PEP on SSB.

IOCS: All logs must show the operator's state/province/or country to qualify for awards. Logs should also state whether or not operator is a member of YIRL. For each QSO, logs must show the station worked, QSO number given and received, RS(T) given and received, country/state/province of station worked, Time, band, and date. Logs must also state the power output used and the operating breaks taken. If you have 200 or more QSO's submit a separate log for each band and submit a "dupe" sheet. Do not send carbon copies of logs. Please print or type. Logs must be signed by the operator and no logs will be returned. Remember to file separate logs for each contest. Logs must show claimed score, be postmarked by November 11, 1988, and be received by December 2, 1988 or they will be disqualified. Send logs to: Carol Shrader, W14K, 4744 Uioroughood Dr., Virginia Beach, VA 23455, U.S.A.

CUUCAIES: For each duplicate contact that is removed from the log by the Vice President, a penalty of three (3) additional and equal contacts will be exacted.

AWARDS: A. For the YIAP, cups will be awarded for both the NA-YL and the DX-YL with the highest CW scores and for the highest SSB scores. Only YIRL members are eligible to receive cups. If the winner of either contest is a non-YIRL member, a first place certificate will be awarded. If a DX-YL does not wish to receive a cup because of duty charges, a first place certificate may be awarded. Second and third place certificates will be awarded for each contest. The highest CW and the highest phone score in each district, province, and country will receive a certificate.

NOTE: Certificates for the highest score in a district, province, or country will be awarded only if there are at least 10 valid contacts on the log.

B. CORCORAN AWARD: A plaque given for the highest combined CW and phone score for YIRL members within a state or province.

C. HAGER AWARD: A plaque given for the highest combined CW and phone score from North and Central America, including the Greater and lesser Antilles, for YIRL DX members only. A duplicate plaque given for the highest combined CW and phone score from any other part of the world, for YIRL DX members only.

SUGGESTED FREQUENCIES:

80 Meters:	3.540-----3.570	3.940-----3.970
40 Meters:	7.040 ---7.070	7.240--- 7.270
20 Meters:	14.010—14.07	0 14.250—14.280
15 Meters:	21.120—21.150	21.380—21.410
10 Meters:	28.180—28.210	28.380—28.410

NOTE: Since band allocations in other countries are often different, from the U.S.A., North American YL's should look for UX YL's in other parts of the bands, especially on 40 and 80 meters.

ANNOUNCING!!!!
YIRL 50TH ANNIVERSARY AWARD

The Young Ladies Radio League would like to invite you to join us in the celebration of our 50th Anniversary in 1989. We are offering a special award in recognition of the event.

The YIRL 50TH ANNIVERSARY AWARDS is available to any licensed amateur in the world.

Two-way communications must be established on the amateur radio bands with fifty (50) YIRL members during the calendar year 1989. Any and all amateur radio bands may be used. Cross-band, repeater, or net contacts EQ NOT count.

Applications must be received no later than December 31, 1990 and should include a list of contacts, including date, call sign, time, RS(T), band, and mode. Please indicate and sign on your log that you have operated consistent with the rules of the award and your license privileges. Include your name, call sign, and mailing address. Applications should be accompanied by four dollars (\$4.00) USA. Non-USA applicants may choose to remit \$4.00 USA in the form of an International Money Order, or 5 IRC's. Any proceeds over and above the cost of printing and distributing the certificates (should there be any) will be transferred to the YIRL Scholarship Fund.

Decisions of the Certificate Custodian regarding interpretations of these rules as here stated or later amended, shall be final. All inquiries regarding applications or the certificate should be addressed to the Custodian as follows:

Joan M. Gibson, EGIF
RR 1, Box 1465
Waterbury, VT 05676, U.S.A.

THE OTHER SHE OF THE PHE UP

By Mary Lou Broun, ZK2MB

Anyone who has chased OX on the bands has wished at one time or another to go on a DX-pedition. This past February the wish came true for me and Jan, WB2JCE. Our DX-pedition to Niue Island in the South Pacific was the first for both of us.

After checking and rechecking gear, antennas, and lists, we took off from my QIH in Washington on Feb. 13th. Enroute we stepped off in Honolulu for a visit with Vai, KH6QI. From there we headed on to Auckland, NZ and stayed with Celia, ZL1ALK, until our Air Nauru flight took off for Niue Island on Saturday, Feb. 20th. It was thrilling to look down from the plane and see our home for the next week came into view.

When we landed on Feb. 19th (don't forget the good old dateline) and stepped off the plane, we knew we were in the hot, humid tropics (95 deg. F, 85% humidity). We didn't know whether we would be staying at the hotel in Alofi or Esther's Motel in Avatele, 11 kilometers out of Alofi. We also needed to pick up our licenses. The solution to both problems lay with John Thompson, ZK2JT, the Director of Telecommunications. Unknown to us he had just returned to Niue on our flight and was just three or four people ahead of us in the customs line. As it turned out, we would be staying at Esther's Motel, and Douglas would drive us there (for a price). Upon reaching the motel we immediately unpacked the radio gear and set up the shack as John would be out later that afternoon with the boys to put up the dipole.

John and the boys arrived on schedule and quickly strung up the 20 - 40 trap dipole between a bread fruit tree and a coconut palm. The line to the palm was run over the top of the palm and then attached, to a large rock near the bottom of the tree. This arrangement acted like a pulley, keeping the proper tension on the dipole no matter how much the trees swayed in the breeze. We were able to get on the air five hours after touching foot on Niue soil. What a thrill to make the first contact!

Little did we know that disaster would strike that very night. The keying processor on the Yaesu 757GX went belly-up and we were reduced to SSB, not the favorite for either Jan or me. At least we could still function and we were resigned to our fate.

The next day John and the boys returned to raise the TA33 Jr. tribander beam we had brought with us in a ski bag. (No airline questioned whether or not we had skis.) I spent most of the morning screwing it together. Thank goodness for the assembling practice at home. The premised mast turned out to be a 20 foot long piece of iron pipe weighing a "ton". After many aarghs, we managed to get it up and properly guyed. It was a joy to have a beam going for us, although the dipole gave us good service.

Sunday the pile-ups really tult up and we were working fast and furiously. Jan and I were taking two hour shifts and had dreams of glory—i.e., making 3 to 4 thousand contacts during our stay. However, disaster struck again! Monday morning I woke up early, and full of anticipation after Sunday's success, got on the bands right away. When I put on the headphones and turned on the rig, I knew all was not well and that "something up there" had happened. What I didn't know was whether the lack of propagation was temporary or permanent. After working most of the day, vainly calling GQ, I managed only 11 contacts—eight of which were with South America and the Carrihfean. Jan only managed three contacts. I found out the next day we had experienced the worst geomagnetic storm in over two years. Propagation was not expected to recover fully for several days. They were right. Propagation was

very patchy for the rest of the time. Openings would occur for a few minutes and then die cut. After a while an opening to another area would appear for a short time. And so it went.

Life on Niue was pleasant except for the hot, humid WX, which Jan, who lives in FL, tolerated better than I. We did drink gallons of the NZ Kbolaid equivalent and iced tea. At least the motel had a kitchen with a good refrigerator. It was my job to cook the meals and Jan did the cleaning up. Grocery shopping on the way out to the motel was a little Spartan. It seems that fresh fruit and vegetables are only available from 5:30 to 7:00 am Friday mornings (we arrived at noon on Friday). The next time fresh produce would be in the stores was the day we left! However, Douglas did introduce us to bread fruit; which, boiled as he suggested, made a good substitute for the non-existent potatoes. It comes out the same consistency as potato, but tastes a little sweeter. Granola bars, referred to as "eggs Benedict", were our main breakfast item. On four of the mornings we did manage to get a couple of papayas to have as fresh fruit. What a treat!

Not realizing island customs, I had left all my good clothes at Celia's in Auckland and filled my suitcase with coax, trap dipole, etc. Fortunately Jan brought a dress so she could represent us at church on Sunday. Esther, the 13 year old daughter of the motel owner, brought her a hat to wear and told her to be sure and be there by 10:00 am. At 9:45 Jan took off for church, but came back shortly to say she had only made the last hymn. It seems that the airline had told us the wrong time for Niue and we were an hour off. So, Jan had to go back for the 4:00 PM service. Although everything was in the local Polynesian tongue, the minister introduced her in English to the congregation. Jan said the singing was particularly beautiful.

We did manage a couple of swims in the morning when propagation was almost nil. It felt good to be cool again, but the walk back in the sun undid it all.

The town of Avatele where we stayed is a beautiful spot. One is particularly impressed with the friendly, helpful people. After school the children would come in and stand behind us while we worked the world. They had a lot of questions, but I am not sure they really grasped what it was all about.

Finally, Thursday afternoon, just as the bands were getting back to normal, the boys arrived to take down the antennas as we had to depart the next day. John and his wife invited us over for a delicious dinner and pleasant evening.

We were both glad to get on the cool, air conditioned plane, but were sad at leaving and wished we could stay another week. Hopefully we can return another day as ZK2MB and ZK2JS. Only, next time we shall take an electric fan, a spare rig, and consult the sun on it's plans.

XXX

I kt he's thinking akut the wonderful tine the VLs are going to have at the YLRL 50th Anniversary Convention in Hawaii. Are you giving it sone serious thought too?

ATTEHITCN. PTFASE!!!!

YOU ARE INVITED to send a recorded remembrance to be included in an audio tape to be played at the YLRL Convention next year in Kauai. We'll be interested in something that happened because of your membership in YLRL, either on-the-air or off, recently or many years ago. Please give it a bit of preparation. (Use cassette or reel-to-reel and be sure to have a few quiet seconds before you start with your name and call.) Try to keep your remembrance to 20 seconds - and you'd be amazed how much can be tucked into a short "byte" as the TV newscpeople call them.

ALSO this would be a good project for YL club meetings, recording everyone. Send your tape to Lenore Jensen, W6NAZ, 14867 Round Valley Dr., Sherman Oaks, CA 91403. Your tape will be returned.

PT RASE WET-TIME THE TOUCWDC NEW MFMBTOS

KLRZO, Ruth McNamara, 51 Wedge St., Lowell, MA 01851. General Class, she has been off the air for 15-18 years. Watercolorist, specializing in portraits. CM, KLVKT; Sister WA4HCP; brother-in-law, KB4VJH.

KB2FD0, Yvette Bennett, 1622 - 10th Ave., Brooklyn, NY 11215. Novice Class. She is a Computer Technician, member of Tower ARC, Metropolitan Life.

K4JGK, Ann White, 105 O'Hara Dr., Woodstock, GA 30188. Technician Class. She is an Accountant. Sons are N4RFE & WB4YRV; brother is K4BPK.

N4CGH, Ronda Darkus, P.O. Box 787, Burgaw, NC 28435. Technician Class, formerly KB4VSO. CM, KF4GW. Very interested in DX work.

KB6MXH, Leila Henderson, 857 Tamarack lane, Sunnyvale, CA 94086. Advanced Class. She is a Psychiatric Technician. CM, KB6MAA; son KB6UBA; daughter-in-law, KB6SAJ. Operates CW only on 10-80 meters.

N6PEP, Allison McKcwen, P.O. Box 4210, Point Mugu, CA 93042. General Class. She works on San Nicolas Island as an Electronics Technician for the Navy. Is building an HW-9 QRP rig.

KA6UMX, Joanne Thill, 4955 Shark Dr., Huntington Beach, CA 92649. General Class. She is a Teacher. CM is WD6EGS.

KB7ADX, Carol Jager, 3201 S.E. 140th, Portland, OR 97236. Technician Class. CM is N7HIL. She has two daughters, loves needlework crafts.

WE7B, Laura Zitting, 6105 South 300 East, Murray, UT 84107. Extra Class. Ex N7TEM & KF7AD. Enjoys contesting i DXing. Mother is K7RJB.

KB7BI0, Jeanette May, Rt 1, Box 1603, Benton City, WA 99320. Technician Class. She is a Housewife, active in MARS; has 19 year old daughter.

WE7D, Nancy Zitting, 6105 South 300 East, Murray, OT 84107. Extra class. Ex N7IDG. loves contesting & DXing. She is a Receptionist. Mother is K7RJB.

KB7DJN, Shirley Martin, P.O. Box 2341, Everett, WA 98203. Novice Class. She is an LFN/CRCST. Has been away from radio for 30 yrs. Ex KN7AZM.

KB7DWJ, Judith Crouse, 304 North 10th, St. Helens, OR 97051. Novice Class. She is a Retail Sales Clerk. CM, W7DJS; father-in-law, KB7DEY. She is looking forward to DXing with her CM.

KB7DXC, Elva Martin, 678 Broad St., Wenatchee, WA 98801. Novice Class. She is a Senior High School Student and works as a Secretary.

KF7GU, Edna Zitting, 6105 South 300 East, Murray, OT 84107. Extra Class. Ex, KA7YMZ & N7JH. Waiting for Extra call sign. Mother is K7RJB.

W7JM, Vilate Zitting, 6105 South 300 East, Murray, OT 84107. Extra Class. Ex KA7ST. She is a Secretary. Mother is K7RJB.

N7ISZ, Elvera Zitting, 6105 South 300 East, Murray, OT 84107. Advanced Class. Ex KA7YNA, waiting for new call sign. Mother is K7RTB.

K7JRB, Rhea Zitting, 6105 South 300 East, Murray, OT 84107. Advanced Class. She is a Medical Secretary. CM is W7MR.

KE7RU, Margret Zitting, 6105 South 300 East, Murray, OT 84107. Advanced Class. Ex N7IEN. Mother is K7RTB.

KA8EHR, Joan Gerken, 102 Becker Lane, Marietta, CH 45750. Novice Class. She is a Beautician. CM is KA8GVG. She is a toefoer of Parkersburg ARC.

KA9EIV, Blanche Elpers, 840 Herndon Dr., Evansville, IN 47711. Extra Class. Active on phone traffic nets; editor of local RC newsletter; President of Senior Citizen Social ARC; NCS an ITO.

KA9YWC, Jolene Ross, M7969 Highway 51, Irma, WI 54442. Technician Class. She is a Housewife. CM is K9CTQ.

KA9ZZW, Karen Crull, 1824 Hoover Dr., Normal, IL 61761. Technician Class. She is a Payroll Clerk. Son, KA9VIN; CM, KA9VIO.

KB0BIN, Peggy Higgins, 322 E. 9th St., Grand Island, NE 68801. General Class. She's a Real Estate Broker with her own office. CM is KA0CPO

WN0DEP, Lois Weichman, 304 South 11th St., Salina, KS 67401. Novice Class. She is a Housewife. CM is WA0YXK.

WB0MST, Carol Thavenet, 4225 New York Ave., Grand Island, NE 68803. General Class. She is a Bookkeeper. CM is WB0MSU, son-in-law, KA0CND.

KA0TDL, Michelle Wing, 3012 West 16th St., Grand Island, NE 68801. Technician Class. Received license at age of 11. Local club artist. Parents are KCOGF & KA7HEM, Carol and KA0GF.

KA0TJM, Carol Wing, 3012 West 16th St., Grand Island, NE 68801. Technician Class. She is in Retail Management. Editor of Grand Island ARC. CM is KCOGF, mother of KA^TDL.

KA0VWP, Allura Sortland, Box 476, Jamestown, ND 58401. Technician Class. She is a Librarian. CM is WD0HFW. They have "His/Her Shack". She enjoys DXing and looks forward to being on phone.

DID YOU MISS THE ANNOUNCEMENT CH PAGE 9

ABGOT TOE

YI RL 50 TO ANNI VERSARY AWARD?

FIRST DISTRICT NEWS **Aire Marra, WB1AMJ**

Wow - it's time for YIH again! The last two months just flew by. I've been so busy with the end of school, especially since I won't be teaching next year. I'm sure looking forward to having more time to be on the air, though.

I spent a lot of time on the air over Field Day weekend. Our local club had a site in a State Park where we operated 3A plus a novice station. We had an 11 year old YL Novice with us, as well as a brand new YL Tech.

Back on the first weekend in May, the WROTE Spring luncheon was held on Cape Cod with Rita, WB1API, as the hostess. There was a wonderful turnout, including Leona, W1YPH. She looks great and was just as happy to be there as we all were to see her. Her son, KLIJU, CM of Jean, KIUV, drove from the Cape to Maine just to bring her down for the event.

Regular check-ins on the Yankee Lassie Net (3.910 - 8:30 ET - Wed) have included Onje, WIZEN, Blanche, W4GXZ, Barb, WBLEHS, Helen, KB1NX, Rita, WB1API, Vera, WAUYO, and Peg, WIUPK. I hope to be one of the regulars from now on.

The ARRL District Convention is in Boxboro again this fall (Oct. 1 & 2). I'll be there and am planning to have a table for YIRL. It will be shared space with WROTE. I'll look forward to meeting old and new friends at that event, so be sure to look for us there.

33, Anne

SBCOTD DISTRICT NEWS **Vai FUCile, N2FNJ**

Hi! 2-news is light. First, sane corrections (oops!): Billie, WB2FNE, did not have the heart attack, but rather her husband Ken did.

Lia, WA2NFY, has made all 88 YL contacts for an award being given by a Japanese girls' club. Contacts had to include 2 Japanese YIs and the deadline is 8/8/88.

On June 18th and CM Lee, W2WPF, participated in communications for a 10K run from the War Memorial (from the Al Sigi Center in Rochester).

Lee and Lia also participated in communications on June 25th and 26th along the course of the pony jump in Mendon. Lia, WA2NFY, says her garden is beautiful; she is now also interested in Bonsai. When she was in Japan, she bought sane containers and has been potting the plants. She gets some help from a neighbor who also has a Bonsai collection. (There really are some unusual ones—I think the tiny red maples are my favorites. Anyone else into Bonsai?) Lia also recently (June) picked strawberries and plans to do some canning. She also finished her stained glass windows and is now working on a quilt. Whew - busy lady!

Lia, WA2NFY, gave her new cockatiel an interesting name: Tori Anthony. She said Tori means bird in Japanese. Anthony comes from having gotten him on St. Anthony's Day. The bird is gray and Lia said he likes greens and apples. (Make some more room in the grocery cart!) Enjoy, Lia! He sounds nice.

Yoko Arakawa, JG3FAR, sent a short note June 18th and included sane pictures for YIH. Her husband took them when they visited Lia, WA2NFY, and Eila, WA8EBS, on the way back from the Dayton Hamvention. Yoko is returning to Japan the end of June. Thanks for writing, Yoko, and by the time this issue is out, I hope you'll have had a good and safe trip back home.

Well, tiao's it for new. Have a good suntner and thanks for the news.

33, Vai

Hello out there!! Hope you're enjoying the summer! Want to report that Flora WORLR moved from Annapolis MD. to Ojai, CA. but kept her WO call. She has met Frances, W6GQY. Despite having antenna problems. Flora hopes to be on the air soon (mostly CW).

Ruth, WA3JRL, filled up a 15 cent postcard with \$1.00 worth of print! Ruth is PA District 8 ARES "DEC" for 5 counties. Also is a Radio Officer for RACES in Montour County. She recently planned and produced a skywam weather training program for the Columbia-Montour Radio Club. It has proven to be successful. Wait! There's more! She is also net manager for the 5 county RACES/ARES net using 147.30/90 and 147.225/825, which meets every Tuesday night at 7: IM. And That's not all! She is, and has been for the last 20 years, net control for a Civil Air Patrol station. Retired from her 150 acre farm where she used to have 300 head of sheep (did all the work herself) Ruth enjoys her 3 great grandchildren, her daughter-in-law and her 2 sons Bob, KA2BCD, and Allan, a Lt. Colonel in the US Air Force who is a B52 pilot. Thank you Ruth, for sharing your very full life with us.

The HJYL Rado Club meets at 2: EM Tuesday on two meters. luring these nets there are many times when other than members will check in, specifically CMs who are retired or on shift schedules. Am,ongst them has been Leon, K3GM, who would drop in to say hello and make some cortments abort the subject being thrown around that day. The members of RJYL would like to mention here that Leon has becane a Silent Key and that he will be missed greatly not only by the Fttila Fire Department of which he was a part, but by his many friends and of course the gals of HJYL.

Kay, KC3IM, SCM for Eastern Panna was recently guest speaker at a meeting of the Mt. Airy VHF Radio Club. I'roud of you, Kay!

How nice it is to hear from the Washington DC area again. Irene, W3RXT, is preparing to help at the Festival of American Folklife which the Smiothsonian Institution and the Nat'l Park Service have each year. Peg, W3HSS, who retired and moved to Florida, was in the DC area for a visit. The WAYIARCS recently held a short meeting and visited with Liz, W3CDO, who had been hospitalized for treatment for bong cancer. For those of you who weren't around ham radio that long ago, Liz was 3rd District Chairman in the 2nd, 3rd, & 4th years of YIRL's existence. Then in 1943 she was elected Vice President and in 1944 President of YLRL. Then in 1951 and 1955 she was again 3rd District Chairman. Cur prayers are with you, Liz.

Norma, W3CG, has been a terrific help with her news. Rebecca O'Connell from Conneaut, CH made KB8EH; Jane Thomas fran Union City, PA made Tech and Barbara Halfast from Spartanskurg, PA made novice tut failed to send her call. However all of these YLs are going to receive applications for YLRL membership and becane one of us—we hope! Norma, W3CG, has becane Amateur Radio Columnist for the Erie, PA Sunday Times. Frank Grace, W3NR, who was the previous reporter for many years, becane a Silent Key. Cheryl, N3CKN, has been appointed Club Historian of the Fort Venango Mike and Key Club.

All of us wish to extend our sincere condolences to the family and friends of Cur Friend, Betty Aylor, W3SIS. Betty becane a Silent Key in May. She was a member of WAYIARC.

On that sad note — 33, Sylvia

I am writing this while relaxing on the river bank for a week. The CM and I left MOST of our cares and responsibilities behind. Our three children and two grandchildren joined us for the week end and a Father's Day celebration. We wish they could spend the week but the girls had jobs to go back to and our son (home from college for the summer) is managing the business for us.

We enjoyed seeing Dot. K4A0H. and Jane. WA4YWK. at the lake Hartwell Hamfest. What a beautiful Place! In fact, we hope to go back sometime to camp.

Dot. K4ACH. and her CM are planning a trip to California, up the coast to Canada, across to the East Coast and down the coastline home. They plan to visit many ham friends and relatives along the way.

Martha. WD4NKP. is still too hard at work to get time to ha, but we hope to hear her back on the air soon.

Carol. W14K. was back in Atlanta for a brief visit. Sharon. N4MA0. Ann. K4JGK and Jeanette. WD4U. met with her for lunch. Sorry I missed you, Carol.

Several of the MAIARCs met at Ann's. K4JGK. to help with the annual mail outs for the Atlanta Hamfest. Everyone enjoyed both the work and the cookout.

Lucille. W4KZT. hopes to be back on the air soon. She has had trouble with her 75 meter antenna.

Ruth. W4BWR. has been missed on the Floridora net. The girls hope to hear her more often.

We are looking forward to seeing Alice. N4DDK. at the Atlanta Hamfest. Her daughter has moved to suburban Atlanta so we hope to see her more often.

Pam. WA4OZV. had her parents as house guests. Her father is KC4MX. She and her CM are expecting a new grandchild anytime now.

Cathy. W4BAV. has some noise problems but is still on the air quite a bit.

Betty. W4EHN. is not too well, and the Florida girls are delighted when she can join in the net.

Dorothea. W40BY. who claims to be in her 90's, is still very active both physically and on the air. She is now planning a trip to California and then on to Hawaii.

Received a late note from John, K4JNB regarding Esther. K4JNC. "Esther broke her left arm and hip in June—just able to get around with walker when she fell again and fractured her shoulder Feb. 14th then April 1 and broke her right hip. Right now she is learning to walk again. She sends her best to all the girls." And our best wishes to Esther for a complete recovery.

Thanks girls for sending me information. We would love to hear from more of you though. We have states not heard from.

See you in the Fall—

33,

Dot

FIFTH DISTRICT NEWS

Ye Biitar substituting for Elli, N5BYF

Elli is on vacation so I am making a poor substitute, hi!

Congratulations to the new TYIRUN Officers: President N5BPT; Vice President Julia, K5JFJ; Secretary/Treasurer Jennifer, N5DXD; and Publicity Chairman Doris, K5BNQ. Hope you all have a very successful year.

I received a nice card from Mickie, WA9IYJ/5 who is crocheting a visor with her call and a little yellow jacket or wasp on it. She is busy training her guide dog, Buddy, who is 6 1/2 months old and weighs 75 lbs. She is also training her folks' Spitz puppy named Dante. She writes that she might be training a German Sheperd for a fellow who wants basic obedience training—the dog, not the man, hi! Her parents are doing better.

Elli reported from Europe that she has been having a glorious time there. They spent a glorious week on an island located in Lake Constance with her brother Jerry, DJ8GB, sis-in-law Johanna and their Aunt Frieda. Jerry has a 2 meter rig in the car. Made many contact over relays (repeaters) such as the Zrgspitze, Friedrichshafen, Constance, Freiburg and ever Strassbourg. Met several YIs that way. All of them still much younger it seems and busy with jobs and young children. They all said that they shall keep in touch and as soon as time allows, they would like to come aboard and join our YLRL family.

The highlight of the trip had been a meeting with Greta, HB9ARC in Frauenfeld, Switzerland. Their mutual friend, Kurt HB9MX from Winterhur arranged it. She, Jerry, and Kurt picked Greta up after work in front of the building where she has her practice. Greta took them to a coffee shop and they filled up an seme of the most sinfully rich and delicious pastries you can imagine!! Ellie is still on cloud 9, everything seems like a dream. She has had a warm welcome and enjoyed the beautiful country and people. Greta sends fondest 33 to all.

Elli tried listening for Tangle net but only heard static. She was hoping to get together with her adoptee Anita, DK1HH and her CM Dieter who were due to arrive in Friedrichshafen for the big Hamfest Friday, June 17th -the day she has to leave! They will attempt a meeting somehow, on the land-line for sure, then 80 m and hopefully in person. When last seen, Elli was walking kind of funny due to keeping her toes as well as her fingers crossed, hi! She has made contact with several CMs she has met on 20 meters over the last couple of years. Next trip she in planning to be able to attend the Hamfest in Friedrichshafen, for sure.

By the time you are all reading this, Elli should be back home again, unless she has gotten a bad case of itchy feet, hi!

I had a phone call from Darleen, WD5FQX. She and daughter Diane, were busy as bees preparing for their mid-July trip to the Orient. They plan to go to Bangkok where they hope to meet HS1YL and on to Bali, Manila, Indonesia, Singapore then to San Francisco and so hone, returning about August 14th.

I received a short note fran Dorothy, KA5CKA. She enjoyed the Ham-Cctn in Arlington in June. It was nice seeing the TYLRDN members and also many other YIs. She especially was happy to meet Jackie, W6YKU, and well as Kay, WA0W3F, who was one of the speakers at our YL seminar. She has been busy with gardening, playing with the three grandsons, (a 6-yr old and 2-yr old twins) and working CW.

Well, that's all folks! I'm sorry I can't get on Tangle and perhaps pick up more news from you gals but until we get the beam up, it isn't worth the try because I don't seem to get out too well.

A HAPPY SUMMER TO ALL

First item of business. My apologies to Mabie, W6YZV, and to Sue, KA6SOC, who sent me the item. It must have dropped in a "crack" someplace. Anyway, congratulations to Mabie on her new 45' tower and beam. She hoped to check into the YL nets now. She also reports that a new "Radio Society" has been started in Fallbrook. They have 35 members and 3 YIs who are licensed. We wish your new radio group much success and hope you will have many members who will study for their licenses. Mabie also hopes to see everyone at the Hawaii Convention in 1989.

IRONING BOARD NET TIDBITS: Roxie, K6ELO, has a new 3 element thunderbird antenna on 10, 15 & 20 and is enjoying DX. Irma, K6KCI, is traveling again. On May 31st she attended a YL luncheon at San Mateo where the special guest was Vai, KH6OL. Those present also were Carol, KK5L, YLRL Disbursing Treasurer and her daughter Sharon, KB6VCR; Sue, KA6SOC, Carla, WO6X, Betty, WA6BCS, Peg, K6JRL, and Lola, W6USE.

Then on June 11th, Irma entertained the Los Angeles Radio Club at her heme. Ten members were present, including Vai, KH6OL, who gave interesting information on the Convention in Hawaii next year. The next meeting of the IAYIRC will be held in August at the winery to hold elections. At the present time Irma is on a trip to Memphis, IN with her sister.

Louise, N6JDE, is spending the summer traveling in her motor heme.

Donna, N6JSO, wants to thank all who sent cards while she was in the hospital. She is making a slow recovery.

Vi, W6CBA, very involved with Hamcon 88, S.W. Division Convention ladies program and luncheon. Vi also teaches 4 classes in Ham Radio each week. She has been retired for 2 years and the last 3 1/2 years has been Disaster Communications Service Co-ordinator for the City of Whittier. Busy lady!

Lenore, W6NAZ, and Irma, K6KCI, will represent the IA club on a YL Forum at the Hamcon Convention to be held Sept. 2, 3, & 4 at Disneyland.

Frema, WA6IWT, had cancer surgery recently and is getting along nicely.

Jenny, K6JCL, and CM just returned from a visit to the Hawaiian Islands and will attend Jenny's 50th Class Reunion in Kansas City.

The LARA of Orange County installed their new officers at a meeting on June 4th at the home of Sandra, KA6WAH.

The BAYIARKS of the SF Bay Area met at the heme of Esther, W6BDE, on June 19th. Eleven Mermaids were present and a good time was had by all. Next meeting will be Oct. 3rd.

Sue, KA6SOC, attended Disaster Week meeting in Sacramento in mid-June.

Mike, W6KHM, has a new Kenwood TX530; hopes to be more active on the air

Edith, K6AYL, hosted Wood Carving booth at the Del Mar Fair and received four 2nd place ribbons for her carvings. Nice work, Edith.

Jean, WA60KC, is busy sewing for her son's wedding in July.

Vada, W6CEE, has just returned from a trip to Salem, OR where she visited her sister.

Jean, W6ZYD, is fine-fully recuperated from the foot surgery and back in full swing.

Jean, K600D, had a wonderful surprise. Midge, K6BUS, and her CM were visiting friends in Paradise and dropped in for an all-too-brief visit. They hadn't seen each other for over 20 years!!

We have a lot of travel bugs in our District—so EffTVE CAREFULLY and look for you on the air/mobile.

33, Jean, W6ZYD

SEVENTH DISTRICT NEWS

Patsy Barmore, KA7JEZ

Hi Gals, fran Beautiful 7-land. The WX has been just lovely but just a little warm for me. I was very surprised the other day when I received a land line fran Chitra, VU2CVP. She was visiting her sister and the U.S.A. Ham radio is so great when you meet people like her.

News fran the Cactus Keys. Their May meeting was a pot luck at the hone of Karen, WAONNC, in Tucson.

Phyllis, W2GIB/7, missed the last meeting as she and Bill were on a Bahama Cruise.

Carrie, KA7VYF, brought the newest club member with her. Everyone enjoyed little Siobhan Gunning very much.

Karen, WAONNC, has been to Mexico with the Tucson Club as part of the ARRL contest March 8-9. Had a great time operating as XE2VHW.

WA7DKM, ?, is getting ready to leave Tucson and move to Shewlcv.

Stormy, KA7ZHY, is a tech and is going for her General—good luck.

lee, KB8RT, says the visit with her folks was great. The 50th Anniversary Party was a big success. Lee is going to New York to attend the American Film and Video Festival as part of her job. She will be on the Jury for the Nature and Wildlife Films.

Betty, N7TXP, has been very busy with her husband having surgery and with the children visiting.

Norma, N7GIO, has missed the last two meetings with good reason. She went to Buffalo, N.Y. as a surprise on his birthday. Norma is now a proud accredited V.E.C. and she hopes in December to add a new ham to the family. (Maybe a new YLRL member).

Fhyllis, K7SEC, was absent—she was on a trip to the Dayton Hamfest. She was planning a stopoff to visit her family in Kentucky.

Lyn, N7UE, admits she was scared to death to make her first radio contact. (That's OK Lyn, so were the best of us).

Marne, K1Y CZ, has just been lazy but traveling the world via 10 meters. She's having a ball, with the band opening up.

Thank you, Marge, for sending me the Tucson news.

Joan, KD7YB, and her CM Uppie, N7FLE, were busy with ARRL Field Day, operating the Salem club station, W7SAA. They are planning an attending the Western Country Cousins on July 9, 10, and 11. Then they will be very busy, making all the preparations for their big cross-country trip in September.

I just found out that Martina, DF9TJ, who is sponsored in YLRL by the LARA of Orange County, is now living and studying in Salem OR. Hope ycu will come to Portland for the ARRL Convention so we can all meet you.

As for me Patsy, KA7MZZ, I was at the HARC for June meeting and was met by Kathy, KB7ENK, and her Dad John, K7SHC who was visiting fran the Otvarc dub. I was very pleased to know Kathy is a member of YLRL

That's all for now—have a nice summer as I plan to.

33,
Patsy

Anna, NT8Y, has had a pacemaker installed and is much better. She thanks every one for their cards and notes of encouragement. She writes that she is hoping to make the TASYL'S Picnic in July. So glad you're better, Anna.

Pat, N8FED, fell on the ice in one of the Mall parking lots and was knocked unconscious. She was taken to the hospital with a concussion. However, she is now back driving a school bus.

Pam, K8IAK, who is our new Buckeye Burr Editor, was involved with Alliance ARC'S Hobby Show at the Carnation Mall. They put on a very interesting display with a ham TV robot, etc.

Carolyn, K8TFR/6, who is now living in California, has not only become an Extra, she has taught a couple of classes on it already. She has been making quilts, too. She and her CM made a trip to Hawaii this year but she assures me they will be there with YIRL next year. She writes that when her mother died in FL in March she and her CM made a "flying" trip (3000 miles each way by car) to Florida and back in 11 days. By the way, she says they loved Kauai—want to see it again.

Donna, KB8YS, is working hard getting ready for the Twins Day Celebration in Twinsburg which she lives next door to. It is August 6th and we help too. It is a lot of fun with twins from all over the world.

Byrness, KA8GNR had her son Ric come to visit where he's stationed at Newport Rhode Island. He installed his Dad's new radio to surprise him when he got home. Byrness is hoping to upgrade someday.

Shirley, K8MZT, is talking about a birding expedition she wants to go on next year so badly she may not go to Hawaii after all.

Barbara, N8GFK, and her CM are Treasurer and President of the Van Wert Radio Club. Barbara was flying to FL in March with her sister-in-law.

Kay, WD8DIB, and her Ed are back home after spending the winter in FL.

Newly weds Beverly, KA8VDX, and Bart, W8IDT, were at the Dayton Hamvention for their first time and were delighted to run into Kay, WA0TOF, and Mike, WOXM. Bart had worked with both Kay and Mike in the USAF MARS.

Eila, WA8EBS, and her CM Pappy, W8BU were very pleased to have Yoko, JG3FAR and Taizo, JA3AER/N2ATT visit them at their home after Dayton. Pappy and Eila are all ready to spend another summer at their cottage on Kellys Island. (Yoko and Taizo have moved back to their home in Japan. Ed)

Polly, WD8BTS, likes traveling via AMTRAK. She just journeyed to Houston to visit son Carl, WB8SVR and family and to attend the baptism of the latest grandson, Cameron. She and daughter Sharon found it a pleasant experience and recommends it highly.

Polly also wrote that she received a letter from Ann, K9KXK, in which she wrote that she and Adah, W9RTH were busily working on QCWW reports. Ann was given a big sendoff at her school and a "This Is Your Day" party when she retired.

33,
Carol

Correction: KY8X, Shirley is really KJ8X and K8KHG, Louise is really KBHGD

NINTH DISTRICT NEWS

Marilyn Allison, HB9TTR

Greetings from 9-land! I received a nice note from Ann, K9RXK, with some news gathered on the HAWK net. Ann is retired now and enjoying it. She's not getting as much hanning done as she planned, but will do more when cold weather keeps her indoors. She and her CM have worked Honeysuckle 100 Bike-a-Thon, Equestrian Event at Camp Atterbury, and the Walk-a-Thon. They're also looking forward to the Indy Hamfes and Q.C.W.A. Convention. Ann worked at Rushville test site as VE and got to talk to Peggy, W9JUU, who was VE. Peggy is busy, as usual, and will probably have a forum at Indy Hamfest. Barb, KD9DU, is still busy with traffic net and working. She and CM have granddaughter with them while mean in service in ND. Over vacation Barb and granddaughter went to Ohio for reunion, but CM Bob stayed home and "dog-sat". Sandy, KA9RNY, and family took a short vacation to the Toledo Zoo to see the giant pandas. Sandy is net control on 3910 traffic net. She also has her hands full with IRCC and all the other jobs of amateur radio. Donna, W0OOY, talked to Ann, K9RXK, firm Upper Michigan. Donna was running QRP with a good signal. She has plans for their heme radio club to go to her and Ralph's northern property and operate Field Day from there. Adah, W9RTH, has been to Florida twice this winter. Says she enjoyed it but doesn't want to live there. She's also going to the Indy Hamfest in July and QCWA convention in September. Iou Ann, KA9NBE, and CM went to Florida via North Carolina, visiting friends and relatives along the way. She had an opportunity to see Adah. On the way heme she made contact with Ann, K9RXK, on 2 meters. When she found out how close they were ao Ann's QTH, they stepped by for a chat. Fran, K9UK had a nice time in Florida and when she got back hone, she received her 30 yr YLRL membership certificate. She also went on a trip to St. louis, works the hospital clearance sale, and still has time to stop and run the HAWK'S Net on Saturday mornings! Mary, KA9JJB, had the flu bug several times, but is feeling better new. She is working satellites and enjoying every minute of it. Dot, W9NBW, pulled a tendon trying to keep from falling. Hope you're back to normal. Jackie, NO9K, took first place at a golf cuting. Congratulations! Now that school is cut, she can take up golf full time. Thanks for the news. Sounds like the IN gals are really keeping busy.

I heard fran Pauline, N9CLZ. At the Mobile Amateur Radio Awards Club (MARAC) Annual Convention held in Denver in July, 1988, it was announced that she had been elected to be the North Central District Director. It will be for a term of 3 years. That's terrific—way to go, Pauline! She also enjoyed being at the Dayton Hamvention this year and visiting with people at the YLRL booth. Evelyn, KC7ET, will be working at the Peoria Superfest on September 17-18. Saturday, she will be manning the YLRL booth and Sunday helping with the VE program. Be sure to stop by if you're in the area. They now have 6 YLRL members in the area, tut no one in Peoria besides her yet. Her beam is up new and working very well, but she has no 80 or 40 meter wires. Dot, N9ALC, is keeping busy. The summer place is now officially Open. The generator is all turned up and ready to go for Field Day. Dot says she will have to take a dose of vitamins if she wants • to keep up with CM and better last year's score-he never sleeps! Their radio club is having their hamfest on July31. It will be at a new location, but they are expecting it to be a huge success anyway. They will be giving the VE tests at the hamfest.

As for me, I had an interesting experience. There was a fire in the phone company's switching plant which really messed up the phone system for a wide area of customers. I was approached at work to see if hams could provide communication between cur office and cur refinery. I had to explain that we couldn't use the radios for commercial purposes, but it was neat that they knew about and thought of using ham radio in an emergency. I am enjoying summer off from school (got "A"s in my 2 classes last semester!) I got new carpeting—looks like a new Place!

33, Marilyn

We are very happy to welcome these new members to YIRL:

Kazuko Araki, JH1HHJ, was adopted by Jan, WB2ICE, this spring after Kazuko sponsored Jan in JIBS. Kazuko has been licensed since 1967 and likes to operate SSB on 7 and 14 Mhz., especially on 7050 at 0100 UTC Fridays. Her CM, Toru, holds call JA3AZ, formerly JA1KKA & J3GN. Bley live in Tokyo and have a married daughter and a teen aged granddaughter. Besides amateur radio, Kazuko's special interests include golfing, chorus, and performing the Tea Ceremony. Sane of her favorite nusal compositions are the Mozart Requiem and Schubert Missa.

Ma-i Britt Carlson, SM5MTK, became a member this year as a result of winning the YIRL Hcrody Days contest. She is a good friend of Kersten, SM5EUU, who also lives in Vasteras. Maj Britt has been licensed since July of 1981 and operates SSB only on all the HF bands and is active also on VHF. She is blind and has been active in the association for the blind as well as in the local radio club. She says "Becaning a radio ham has totally changed my life and given me both new friends and new hope and broken my isolation. I appreciate very much becoming a YIRL member and look forward to participating in YIRL activities." Other activities and hobbies include languages, travel, science, singing in church choir and crocheting.

Christine Armstrong, ZT1BCW, was adopted this spring by Helan, NMOE. She is active on 80, 40, and 20 mtrs in both CW and SSB. Her CM George is ZL1FY. Bley have seven children ranging in age from 5 to 23—four girls and three boys. She says, "I am English bom, "Kiwi" by choice. Lived in N.Z. for 16 years and would not swap it. It is a clean, progressive country and the majority of the people are outgoing and friendly." Although arthritis keeps her from many hobbies, Christine has tried many areas of radio and she and her CM are looking into the possibility of getting into RITY. Chris is the new Secretary for WARO this year. She lives in Kawareau.

Cathy Purdie, ZL2ADK, was adopted by Jenny, KA9VJF. Cathy has been licensed since 1979 when she became New Zealand's first YL novice. She has upgraded to grade 1 ard operates now on all bands. Following a fire last September that destroyed her equipment she has acquired a 430s and tribander (which is waiting for a tower) and hopes to be back on the air in good shape soon. She has been a member of NZART (the only YL currently a member) and as National Councillor, gets to visit a lot of branches and come in contact with a lot of hams. Her CM Brian is ZL2TPS. Bley have four children. After spending several years living on airforce bases, they have returned to civilian life in a very small town, Sanson, pop. 400. Cathy teaches country school grades 6 and 7. Hobbies include motor caravaning and marching girl activities as well as hamming. Cathy is planning a trip to the U.S. next year and will visit their American "daughter¹, Geri (the AFS student who lived with them) at her heme near Chicago.

NEWS FRCM OTHER DX MEMBERS:

Lucia, CT1YH, after returning from a month vacation in Algarve with her son from Africa, has operated with the special prefixes CSSYH and CS8YH in ccmmemoration of Portuguese Discoveries. A special award is available for working 5 Portuguese stations and 5 South Africa stations.

Renata, DJ9SB, enjoys especially working CW and meeting CW friends at events such as the EUC dinners in Buedingen and in Bergheim this spring. She and her CM also went to a French/German ham meeting at Baden-Baden this spring. Renata continues to study French and Spanish and give lessons in English, French, and Spanish.

Aimee, FK8FA, was back in New Caledonia for just 3 months (after returning from trip to U.S.) before going to Fr. Guyana in Feb. to be with Michel. (Luckily, she had not put up her beam antenna again for the short time there, for in Jan.

cyclone Anne went through and destroyed many things on the island.) She and Michel, FD1NHL, have been waiting all this time for FY call signs, as Michel expects to be in Fr. Guyana from same time yet. Aimee went the last weekend of March (WPX contest) on a expedition to Salvation Is. and operated station FY9IS along with Christian, FY5AN. It was her first experience with DX-peditioning and very nice in spite of poor propagation. At the end of June, Aimee will return for a few months to New Caledonia, along with Michel's mother, then back again to Fr. Guiana in November.

Diana, G4EZL, is working hard for the YL 88 awards - has even been on YL Open Haise a couple times. Her health has kept her from teaching the last year & slowed her down a bit in keeping in touch with all her radio friends.

Ann, G0BIR, enjoys many amateur activities, including operating as controller of BYIARA net on Monday nights, setting up BYIARA stands for the "rallies" or (hamfests) and working contests. She was pleased to place second in YL-CM contest and best G station.

Frances, GM0AXX, likes DXing and award hunting and is working for YICC and YL-DXCC as well as a number of the European and Russian awards. With trap dipole and less than 100 watts, she has felt limited in her DX contacts, but hopes conditions will improve and help her out!

Marina, PY1DVU, was elected President of the Women's Club of Rio de Janeiro this year. It is internationally affiliated and sponsors many activities for women and promotes the welfare of women and children in her country. She is active currently only on VHF while waiting for her antenna to be repaired. She hopes to be active again on the YL DX net Wed. 1900 OTC on 14.248 MHz.

Gun, SM0GYG, hopes to be able to go to the convention in Hawaii—if it is possible to get around there with her big electrical wheelchair and if, through the Independent Living Program (that has been so wonderful this year) she will still next year be able to find reliable assistants to bring along. It would be especially fun for her to see HI again (she was married there) and to meet all the YIs.

Joy, VK2EBX, impressed a group of people from their Twin Town in England (Yeovil, Somerset) when, during the festivities she was able to relay a message by radio to them from Don, G3NOF back in Yeovil. Joy was also pleased to earn the ARRL Golden Jubilee DXCC award and she hopes to meet many new YIs in YL Activity Days the 6th of each month.

Sharada Krishna, VU2PSS, hopes she can convince her "new" CM to become a ham. After a honeymoon trip, Krishna left for his employment in Saudi Arabia where he must be for a year or more. Sharada, is now living with her in-laws: c/o T. Narayana Rao, Shreyas, 6-3-12 38/B/14, Rajbhavan Rd., Scmajiguda, Hyderabad 500 482.

Sylvia, ZL2IS, went to a YL barbeque lunch at the home of Dawn, ZT2AGX, in Raumatu in May. "A nice muster of YLs, including some from Australia." Driving back the next day, they ran into heavy rain, the start of Cyclone Bala, which did a great deal of damage in N.Z. Sylvia invites air YIs to join in the Monday YL net at 3700 MHz (0200 NZ time).

Diane, ZS5DC, looks forward to the time she can hear old friends from YIRL on the air again. Since moving they have been experimenting with indoor antennas. She did pick up Mavis, VK3KS, one morning and had a good chat - and also worked a bit on ISSB Anniversary party. She invites any YIs to join in on sked with Marv Ann, WA3HUP, and DARrCTN, WD5TOX 2300 OTC, 14.225 MHz.

Greetings are also sent to YIRL members from Tina, ISUNA, Tuulikki, OH7XX, Rajja, SM0HNV, Constance, G8LY, and Chizue, JA1EYL.

I am impressed with the number of YL activities and meetings in Germany each year! In the DL YL Informationen, one can read about them and the good times the YIs have; not only with the meetings and the good food and camaraderie, but also with the radio contests that are often a part of the gatherings - mobile radio

centests, foxhunts, etc. Each year there is a YL meeting in Bayern and an 80 fltr YL group meeting in Saarland. The latest big YL group meeting was in Limburg on May 14 & 15. Anyone planning a trip to Germany should consider attending one of the following YL meetings: German/Dutch Amateur Radio Days at Bad Bentheim Aug. 25-28; 80 mtr YL meeting in Saarland, Oct. 7-9.

In the DL YL Activity Party March 14 results, I see many familiar calls: DF3BN, EK9ZL, DF2SL, DF8XU, 044 YMM, SM0HNV, DKLHH. Congratulations for your participation!

A new Board policy states that from now on all DX members shall receive their YL Harmonics by air mail. The policy was adopted for several reasons among them the wish to have all DX YLs treated as equally as possible and receive their Harmonics in a timely way. Most sponsors pay the air mail rate for their adoptees and we have sane joint sponsorships whereby one person may pay the dues and another the mailing cost. Of course, reciprocal membership in the other country's YL group may be given to just one of the two YL sponsors as membership can't be shared. The joint sponsorships we have new work quite well, as they are generally worked out mutually between two YLs that are considering it. I will also try to facilitate joint sponsorships for those who want me to.

33 de Mary, KA0CMX
XXX

THOSE AMERICANS! by Joy Col is, VK2EHX

To us, it's a torch, but to them it's a flashlight;
When we think of Autumn, they say it's the Fall.
We grow "temahtoes" but they eat "temaitoes".
It's a "vais", not a "vahz" on the shelf in the hall!
 We buy a car when we want to go motoring!
 They get around in an automobile.
 They drive on the right side, for us that's the wrong side!
 For left side is right side when we take the wheel.
They don't have a holiday, they leave on vacation;
And all their "lootenants" to us are just "left."
And baseball, and gridiron, and Kentucky Derby,
And gophers and chipmunks - of these we're bereft.
 They walk on the sidewalk, and not on the pavement.
 Ride on locomotives, while we go by train.
 But one thing perhaps that we all have in carman,
 If ever we fly, well, we all go by plane!
Their children eat candy and cookies at playtime,
Cur's get by with lollies and biscuits, At lunch,
When they're having flapjacks, we're all eating pancakes,
They eat fried chicken, on meat pies we munch.
 We live in flats, but they live in apartments.
 Our cars run on petrol, they fill up with gas.
 When it comes to paying, and what we're all saying -
 They pay with the "bread" while we have the "brass".
Can someone give roe the "lowdown", Just what is a "hoedown"?
A "carousel"? "Clambake"? "American Pie"?
Understanding the Yankee is making me cranky!
Oh! Why is a man not a bloke, but a guy?
 American friend, when we're cmmunicating -
 Perhaps you find Aussies a puzzle as well!
 If we all spoke English like Dannies and Limeys
 Would we have all these problems? I wish I could tell!
