NOTICE

YLRL WILL ESTABLISH MONTHLY MEETINGS ON THE AIR

There will be no nets established for this, but frequencies and time will be announced and published for YLs to have an opportunity to find each other for QSOs.

Eva Karnatz, WABAHU, will act as chairman of this committee and work with Ada Ricchetti Caribaldi, I3MQ, to arrange this program so that YLs can find each other at a specified day each month on established frequencies. These will be friendly DX meetings on the air, no contests or prizes, just a chance for QSOs. Eva, WABAHU, will represent YLs over here to set this up with our YLs overseas through Ada, I3MQ.

Deadline

Just a reminder that the next deadline for news is August 25, 1974.

◀ Your President's Message ▶

During World War II all radio amateur stations were officially off the air, but YLRL was kept alive through the regular publishing of YL Harmonics.

The summer season, with vacations and outdoor activities, limits our transmitting time. We make occasional contacts by mobile operation and we meet at Hamfests, but consistent participation on YL nets with our amateur friends is apt to wane. Take a few moments from your travels or recreation to keep in touch with your YL friends. They are genuinely interested in your welfare and concerned, whatever happens. They rejoice in your good fortune and pleasant summer relaxation and thrill just hearing about exciting trips another YL may take to places they may have worked in their ham shack.

Now, as in the war years, YL Harmonics can fill the gap and keep us in touch. Even if you only send a postal, let your D/C know where you are and what you are doing. It takes only one card, letter or call from a member to her D/C. The other way around requires lots of effort by the D/C. Don't be bashful. We are asking to hear about you.

Perhaps our D/Cs will find a little time to write their district members if they receive no report. Some may need an expression of our concern or help in some trouble. Let me also plead here for all D/Cs to use every item sent in. Collate it, edit it, or use only one small part if space is restricted, but do acknowledge it. And by all means, if a D/C has no column for her district at any time, she should write a short message herself and send it to the YLH editor by publication date. Waiting to hear from just one D/C who fails to meet the deadline can tie up the whole issue for a week or more.

YLRL really counts on YOU. Give the best you have, with ENTHUSIASM. It will work wonder.

Board meets

The Board of Directors voted to provide activities for Technicians and the President has appointed Pat Dennis, K8VMY, as Tech Correspondent.

The Board gave approval for publishing a large YLRL Directory in 1975 to replace two issues of YLH. All members are urged to keep their membership current in order not to miss out on this marvelous publication with directory, personal information about each member, revised CB&P, YLRL history, etc. Jean Kincheloe, K6OQD, has graciously offered to undertake this project, and Marcia Rast, K6DLL (YLRL's Historian and Librarian), will also be helping to bring the records up to date.

Board of Directors' Meeting (April 1974).

In April the President mailed Bulletin #2 to the YLRL Board of Directors, and the ballots concerning the issues presented have been coming in during all the month of May. A large percentage of your directors have responded, some with very thoughtful suggestions, and some who have consulted their YL clubs, or who have discussed it with active YL operators on the nets have sent in a composite consensus of opinions. This is fine and gives your officers great help in implementing proposals which are accepted and in working out plans and developing a program that will benefit our League. Thank you all.

Here are the results of the ballots on the Bulletin #2 questions:

(1) Our Vice President Chris, WB2YBA, in charge of YLRL contests and certificates, reports that one thing emerged very clearly from the first "DX-YL to Stateside YL" contest: the proximity of Canada to the United States makes it impossible for the YLs in Europe, Australia and South America to compete on an even basis. A vote was taken to decide whether this contest should be changed: To date, 14 voted to change the contest to "DX-YL to North American YLs"

Eight voted to change it to "DX-YL to U.S./Canada YL." Fifteen votes to prohibit KL YLs from counting VE contacts and 6 votes were cast to permit them to do so.

Fourteen voted to change the contest date to Spring, when propagation is better than Winter. Four voted to keep the time the same.

(2) Ada, I3MQ, asked that YLRL establish monthly meetings on the air to make it possible for the DX-YLs to get acquainted. This is to be only an opportunity for friendly QSOs, with no cost or prizes involved. An operator doesn't do much except exchange reports in contests and these are scheduled only twice a year. If conditions are poor, the girls must wait another year to try again. Shall YLRL establish CW and SSB frequencies and GMT favorable for contacts once a month? Shall it be for a 24-hour period?

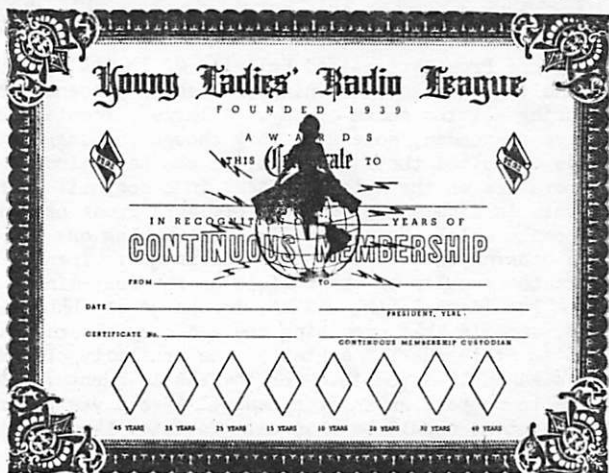

All believe this is an excellent suggestion but some question the possibility of working out the details. The President is looking for a U. S. YL to set up some times and frequencies for YLs to find each other for QSOs. These will be published and we hope many YLs will meet on the air with their DX friends.

(3) In YLH #3 the President took up the matter of providing involvement of YL Technician operators. Sixteen voted to do so and three were opposed. The President has appointed Pat Dennis, K8VMY, as Tech Correspondent. Pat will try to develop a technician program.

(4) Beth, W7NJS, sent copies of the large 1961 membership directory to the Editor of YLH and the President. There have been many requests for another complete directory with more information about each member, the league, and all its activities, for ready reference. Jean, K6OQD, has offered to help Carrie, WA4BVD, compile this publication, as she did once before. Since it will require receiving information from all members of YLRL and extensive work, printing can not be scheduled until next year, however, to get matters planned and ready for production, the present Board of Directors should authorize our YLH editor to begin at once. This special edition can replace more than one regular issue of Harmonics to cover the extra mailing and printing costs, as Maxine's large publication did in 1969. Twenty voted for this special edition and two voted against. One YL said "Great!" and another writes "I really enjoyed my 1961 issue. I am still using it."

Thanks, 33, *Eila* WA8EBS
