PLEASE, PLEASE, PLEASE, PLEASE

OH, PRETTY PLEASE!!

I am asking you on bended knee----PLEASE, PLEASE, PLEASE, PLEASE, keep the Treasurer informed PROMPTLY of any change in address. Call letters, name, License status, etc. .'

The Editor's File and the Secretary's file and everyone else's files are compiled from lists sent to them by the Treasurer. When she receives notification of any changes, she sends them on to the President, Vice President, Secretary, Editor, Membership Chairmen and all thirteen D/Cs. These lists are sent out by the Treasurer once a week. YL Harmonics will NOT be forwarded by the post office, but are returned to the sender—name ly, the Editor. So if she has not been notified of any change of address, all she can do is stack up the returned copies. They don't do her any good or you either. Then when a new address is located, they must be mailed at additional expense to YIRL. Will you please help us keep our records accurate? Tnx a meg.

33, Jean, K6OQD, YIRL TREASURER.

In case you didn't guess---the Cover Photo is the Bedspread to be given away!!!!

President's Message

Dear YLs:

Here is the Issue you have been hearing about and with it your opportunity to choose the Officers who will represent you during 1961. Your nominating committee has put a lot of hard work in picking a slate of qualified candidates. The rest is up to you. Actually, a handful of votes would be enough to elect any one of those candidates, but the winning candidate will represent all of the membership. To do this properly she should have the confidence that only a truly representative vote can give her. So, vote for whomsoever you wish, but please, please vote!

As mid year approaches, we have passed the 800 mark in membership with renewals arriving daily, but still a lot to come in. We didn't quite make the 1000 mark last year. With our twenty first birthday coming up, this would be a wonderful year to break a 1000, wouldn't it?? To make it easy, all of the D/Cs, major net NCS and clubs are being furnished information sheets and membership applications. Do you know a YL who would like to join our ranks? Pass her name along to one of the above of your membership chairmen. If you would like some applications, ask for them. The Membership Chairmen W807K and K6BUS have the supply.

This will be the last chance I will have to chat with you before seeing you at the Convention. Harriette, W6QGX, and I (the OM calls us the Rover Girls) will start our cross country trek June 4. We will be mobile with a KMM and ballyhoo the Convention all the way. I'm so excited, I can hardly wait. The reports from the convention committee are so fabulous, it is hard to believe all the things they have prepared. Guess I'll go pack my suitcase for the twentieth time.

CHIT CHAT AND PRE-CONVENTION SIDELIGHTS  
de KLIZT

HAVE YOU HEARD

The members of WRONE es your Convention Committees have had abt a yr es half of fun and excitement, as well as hard work preparing for the Convention. All along the way so many interesting things have happened to us that we thot we wud like to share some of them with you. --

You've heard abt the cat that scrounged all the garbage cans! Well, we know a gal who has scrounged more scrap bags, attics, basements and—if she will admit it—probably waste baskets, if not the garbage cans. Also she has personally visited or sent her daughter to visit ev'ry dime store or Variety Store she cud find. She searched the cereal boxes for submarines and flags; wonder how much cereal her OM had to eat? Her dog eats all the Shredded wheat. She has written volumns to Sears Mail Order for little animals, pestered each and ev'ry one of us for such articles as angel hair, gold braid, bits of felt, pieces of styrafoam, heads of corsage pins, well—you name it and she has been hunting for it. This gal is WLZJS co-chairman on decorations. WAIT til you see the table decorations!! This horrible conglomeration turns into just about the cutest table decorations a YL Convention ever came up with. This started out to be a project for Dee and her second graders in school and ended up being Dee and the art teachers winter play toy.

The favors for both the Luncheon and the Banquet are all hand made and your committee sincerely hopes they will be a souvenir of the convention even if not too professional. We are convinced the man in the hobby shop thinks we are nuts and when we blundered into a professional shop and asked some questions—OH that poor gal!! Our answers left her sorta speechless and I'm quite sure her hair was standing on end when she learned the job we were tackling with no experience at all. When we left she casually invited us to sign up for her instruction classes.

With all our materials assembled we set to work. After a couple broken drills our OMs took reluctant pity on us and did our drilling and sawing. You know something??? I don't think the man in the hobby shop is the only one who thinks we're nuts! Particularly after one OM, on coming home from work, was convinced his YL had dreamed up a new kind of torture--there staring him in the face were 200 pins with all the points sticking straight up! See what I mean!

THE PRIZE COMMITTEE received interesting letters too. One manufacturer who, among other things makes receivers, said they wud be happi to send a prize, but they were at a loss to know what to send a YL Convention. Obviously they cudn't send a receiver so wud we like them to bake us a cake?? Helen's prompt reply was that obviously we wud be glad to accept a cake—AND they cud bake a receiver inside.

Another compnay sent a pair of Stereo Headphones with the comment that "The styling was the delight of the XYL's as they wud not provide QRM to the hair-do".

The Producer of the TV Show the gals appeared on was really confused—almost convinced were spoke another language. Thank heaven, one of the camera men was a ham too, or we might hve been thrown out for lack of an interpreter. Sure is a good thing we don't have a YL Convention in Boston very often or I'm afraid women ham operators wud hve a reputation of being on the "balmy" side.

At this writing several publications hve run pix of the Convention Committees. What a reputation we must have! All comments on the pix hve been that it just cudn't be us--we were much too sober. Our only defense is that for once in our lives we tried to act like ladies. Guess we tried too hard or else it just wasn't becoming to us. You can judge for yourself after you meet us in Cambridge.

We read Wanda's comments in the last Issue and we really want her to come as badly as she wants to be here. We figure if she puts green ink in the Gestettner she'll hve time enuf to enjoy the Convention before they catch up with her. We are making a striped skirt and blouse just in case she decides its worth it.

The gals all across the country hve been real tricky wid all their reasons, excuses and alibis for getting to the Convention, but we do wonder what kind of "witch craft" the gal worked who talked her OM into a honeymoon. Even if it is delayed a year that must have taken a bit of doing.

Those gals coming from California are planning so mani stops to visit YLs along the way we wonder if they are starting two weeks earlier. Don't add too mani more side trips, gals--the Convention is June 1960 NOT 1961.

Hams we are and hams we'll be  
In more ways that one; as you will see  
The cake is baked and the prizes are set  
We are all ready for the YL's to be met.  
To those who can't come; it sure is a shame  
We'll miss you so much, but no one is to blame.  
Our thanks to all, both far and near;  
Your efforts mean success, we have no fear.

DX - YL NEWS  
de Arlie, W4HLF

CE2JP, Eliane-Chile - I am grateful for YIRL membership--enjoy the Harmonics very much. I am active on 28 mc (Tnx agn Eliane for nice photo and interesting letter, pse write agn soon.)

HL9TA, Jung Hyouk - We enjoy holiday from school in March--new semester started April 1st. We enjoy holiday with journey Mountain climbing and picnics. There are ten members in my family--my father who is a banker writes short stories, it is popular literature; mother who is tender hearted and she treats us very kindly; 2 married sisters ages 32 and 28; brother 26 is a medical student--he graduated from medical college March 28th; sister 18 entered educational college; other sister who is 17 is High School 1st class; younger brothers--one is middle school 2nd class other is primary school 4th grade. I am sending you, dear Arlie, a Korean purse. In old days Korean use this purse to put coins in. They tied it on the band of trousers. Now days, Grandfather and Grandmother have it. We learn how to make purse in middle school. Bride prepares it when they marry to give to their husbands father and mother. I shall have ham license nextmonth (April). I wud like to prepare RX-TX and ant, but it is very expensive for me. (Tnx for nice letter and photo, the purse has not arrived, but I'm really looking forward to getting it.)

KA2HA/K4HWR, Hilda - back in USA! Called on land line from Culpepper only 18 miles from Orange, nice chat, Hilda, but sure wish u cud hve come by our QTH. Look for news of Hilda from W2 land. See April CQ for nice pix of Hilda, K4CXJ (KA2YL), along wid JA1YL and JA1CIJ.

0A4GR - Dear Arlie: Many thanks for your letter. It certainly will be nice to meet you, but I'm afraid that nice trip is dwindling away as I'm hving trouble in making arrangements for my two little girls. But I haven't given up and I may still turn up I look forward to meeting all the girls who have written to me as well as the one's I Haven't met yet, by radio or mail. I had a very nice Easter Card from Ester as well as a letter from her on her return trip through Arizona, California, and Texas. She really seems to get around. I also had a most charming letter from Marion Allen (K8IHF) with which she enclosed her photo, so I'll be writing to her soon and will send her a picture of 0A4GR. My baby, Ana Maria, is just a year old and is taking her first steps and is doing remarkably well. The other, Jean Marie, who is three yrs old, is going to a little school a block away from home, doesn't like it much, but she plays makes dolls, etc. out of plastecine; For Mother's Day she brot me a card drawn in the shape of a heart wid loving words on it and had learned a few lines to say to me. So that is something! I had to put the card in the living room so that everyone cud see it and she was very proud of it, so am I. (tnx Jo for lovely pix--I do hope we both make it to Cambridge.)

0Q5IE, Jane, Belgian Congo. How can I express to you my happiness and my grateful feeling to learn the Florida YLs have taken attention to me and sponsored me to 1960. What a nice present. I appreciate it to the real value and I feel so proud to be a YL from that grand bunch. The "Floridora's" seem to be a real big club of active YLs. It was too bad I arrived home from a journey too late for YL/AP Contest. I heard a few weak signals in YL/OM Contest between two heavy thunderstorms. We are going back to Europe for vacation in June by boat via S. Africa. Five weeks in route on the sea. Hpe we won't get sea sick, hi. Address after May 25 o/c 58 CH<sup>u</sup> de Dudzècle-Bruges, Belgian, we will be there in September. A letter from Jane to Vada, W6CEE--"I sure enjoy a lot the outline History on the YIRL, you write in our publications. I have been for two years sponsored to Harmonics, K6ENL, Aleta introduced me and this year, the Floridoras made me happi wid a one more year subscription. I'm a lucky girl. Quite interesting to read news about the YLs, especially those I met on CW or sideband. Wud be so pleased to meet u.

ZL4GR, Myrtle. Notice by the address we have shifted to Green Island, 88 Main South Rd. Had a lovely surprise in March wid a visit from G2YL, Nell Corry. What a lovely chat we had. She thought it very appropriate that my QTH was 88 Main South Rd. I've been on 20 Mtrs and made nice contacts. I do enjoy receiving YL Harmonics. What wonderful times the girls have meeting together. I wrote to KH6CKO, Kay to thank her for adopting me. It was vy kind of her. You make such wonderful friends in Radio. I send my best wishes for the YIRL CONVENTION—best of DX from New Zealand.

ZS5RI, Kay— (can be hrd nearly every AM between 6 & 7 on SSB) A letter to W4HYV Many thanks for being my sponsor. I get much pleasure from reading Harmonics. My birthday is April 22nd. Son Neil 18 just beginning of the year to work in local bank. Baby Colin is 8 mos old and such a joy. MY OM Percy is an electrician—not a ham. I hpe he will be soon. Margate is a lovely resort on the So Coast of Natal, 90 miles from port of Durham on the shores of the Indian Ocean, 10 miles south of Port Shepstone. It is now autumn in SA nices month of the year. I am quite active on the air. Do a lot of DX on 10 Mtrs. Hve finally reached several OMs from the states but only one YL, K9JJS, Marion. I was so thrilled when I did hook up wid her. I hve been operating for 2 years. I am fond of sewing es knitting. I hve a knitting machine, I play tennis and love it. (nice fotos, Kay, how abt sending one for the DX/YL Album)

ZS6APG, Doreen — Congratulations on DX/YL Award!

ZS6GH, Diana, SA — After 5 yrs at least rcvd a QSL from 4S7YL (shud be proudly displaying her WAC/YL Cert. by now). Congrats Diana. She's looking forward to a visit from Iris, ZS2AA who has 3 brothers in the Gold mining area, also her OM (not a ham) has a sister there. Had the pleasure of entertaining Iris abt 9 yrs ago. Since then we've had mani new YL ops. Have had lots of rain. It is autumn, the acctnt is on wool, mostly 2 piece suits. Gee, I do dislike winter BRRR (tnx for fotos, Diana)

ZS6WV, Yvonne — S.A. Our sympathy to Yvonne and Archie on the loss of both his parents within 4 months. Two YLs ages 10 es 6 keep her busy—will hve new tower and beam up soon.

G2YL, Nell — written from Beirut, Lebanon. "Here I am at my last "port of call" on my flying trip back to G land from VK—hve been away nearly 7 mos by the time I get home in 3 days, after visiting 12 countries, es hving a wonderful time everywhere. Globetrotting certainly is a pleasant pastime; particularly for a ham. I've met over 60 hams—all were friendly es hospitable. Spent 4½ mos in ZL land, managed to see a lot of south and north Islands. Stayed wid friends on a cattle es sheep ranch, taken to many marvelous towns in their car. Highlights of the trip was a flight of an hour up among the Southern Alps in a single engined plane fitted wid skis—we made a landing on top of the Franz Josef Glacier. Thelma, ZL2JO es OM ZL2UW introduced me to mani hams there, es in Christchurch I met Mollie, ZL3AO. Tried to find Lorrained ZL4IS in Dunedin, but she had left there. Did hve a pleasant QSO wid Myrtle, ZL4GR and ZL4DT. In VK I only spent one month, but managed to see lots of scenery and hams. In VK 2, 3, 7, es 6 thoroughly enjoyed myself. In Sydney I met Muriel VK2AIA. Spent a night near Canbena, on my way from Sydney to Melbourne. Tnx to a QSO wid VK1YL when I visited the New Santa Wales HQ-station VK2WI (Wireless Insititute of Austrailia) one Sunday morn I was entertained by several Canbena Hams. VK1YL es OM (who is Dr. of Philosophy) will be going to the States for a year or so in 1961. I met Mavis, VK3KS in Melbourne, unfortunately missed Austine, VK3YL as the friends I stayed wid were on the other side of Melbourne. They took me to see Koala Bears, Kangaroos, Penquins and Parrots. In Tasmania I met Joyce-VK7YL es OM.

Since leaving Perth, Western Australia, I have been having a most interesting trip flying home across Asia, stopping off in Singapore, Bangkok, Calcutta, Delhi, Agra, Teheran and Beirut. In Singapore, Bill VSLJO drove me to Johore where I saw what a really heavy tropical thunderstorm was like. Al, HSLB showed me interesting features of Bangkok, including wonderfully ornate Buddhist Temples and gave me a most succulent and extra ordinary dinner at a Chinese Restaurant. In Delhi, VU2AK and his KYL invited me to another unusual meal, where I met 5 other VUs--this time the food equally appetising but all typically Indian. I visited Taj Mahal at Agra when the temp. was 111 degrees in the shade. Dutch friends in Teheran gave me a delightful time. Here in Beirut I am enjoying myself--QSO'd OD5CL as he arrived here from Saudi Arabia for a few days. Hope to meet more of the OD5 gang while here. 33 from Lebanon. (Tnx Nell, for the wonderful letter, feel almost as tho we were wid you.)

PLEASE NOTE. Anyone requiring a QSL from Soma, 4S7YL should write Richard D. Lee, KH6BPF, P.O. Box 34, Captain Cook, Hawaii. QSL Manager for 4S7YL. Please enclose I.R.C.

WANTED, the mailing QTH of HB9YL and XE2LI if anyone has them. Send them to Arlie, so she can get applications to them. They, along with OE2YL, G3LWY, DJ1TE, DJ1YL, DJ3YF, and DL3LG are pictured in April CQ.

Hope to C E in Cambridge.

She did go two nites a week to Tech for a semester es thot if she cud free herself to cram for a week or two, wud be able to pass the General. However, her Novice license has Expired. She is determined before summer is over to take the General now that she's had a "taste" of hamming—sez she'll never be happi to stay out of it. Her first contact on the air was KN7GYE, Rev. THE SPARCYLS of St Petersburg, Fla. are cogitating the possibility of operating FD there as a YL venture exclusively with no OMs included in the doings at all.....at all????????? We are all sorry to hear that W4LZI, Fran suffered a heart attack---has been off the 6 Mtr Net since that time....we hope she will soon be much better and allowed to be on the air agn.

K4RED, Lucy sounds stronger every week on Net....is making a splendid recovery from her very serious operation of mid-Feb. Fortunately an appt. with her MD in Orlando coincided with Floridora YL Annual Mtg, so we all got to see her for a few min. She even won a 24 hour clock at the Hamfest. Everyone is mightily glad to hear that K4SOL, Tomi, only had a short stay in the hospital with a severe asthma attack. However, the unhappy news is that she will have to return in the future for an operation. All the thots and prayers of the gals are with K4BSP, Lucille as her OM Arthur; W4YU is seriously ill. We hope he is well long before this appears in print. Our sympathies go to K4CWV, Mary on the loss of her mother. W4ICA, V. Her rig is a Viking Valiant, 75A3, es Hornet TB-3B Tribander es 40 Mtr half-wave doublet. She joins Tangle Net frequently. Other hobbies: photography, duck hunting and fishing. She has 3 jr ops. Oh yes, there is also an XYL named Margaret, and "Billie's" name is more usually spelled William, and he is probably the only OM who even briefly was a member of YIRL. Latest info is that he is no longer a "member", but is a "subscriber"....but it was fun while it lasted eh, Billie??

K4UIZ, Ev is doing a fine job as Net Mgr of the Business Gal Floridora YL Net. Every week finds more cking in, es everyone who sihes to is invited to join in--7225 at 0900 Sundays. Even Easter Sunday found 8 gals who met for a brief Net before donning their new Easter finery.

K4HSC, Meg es her OM journeyed to their summer home in Hiawassee arriving on Apr 19th. We all missed Meg at the Orlando Hamfest, but its probably just as well she did-- the following Net after her arrival not a single Floridora YL cud cpi one another, whereas all cud copy Meg on the longer skip, so she Ncd the Net from there. New Member W4MUU, Dot picked that day to check into the Net from Ft. Myers Beach--must hve been discouraging.

K4ANR, Ruth es OM Art, W4FE hve been doing a lot of entertaining lately---had W4IUR, Min and OM Walt K4VNA for dinner wid Min concocting an Indian curry wid authority since she grew up in that country; and K4GCT, Helen and OM Bubber, W4ZD were houseguest before the Orland Hamfest to which they went on together.

K4RNS, Marge is busily gathering Certificates still---recently added Alamo YLs, SHOM, WAS/YL, for a grand total of 27 of 'em. With Marge at the helm of the Floridora YLs this yr as Prexy, the outlook is for an outstanding and successful yr for the group. Marge lost all her voice except a croak for a week in April es the air simply wasn't the same without her!

W4UF, Dot recently rcvd the following certs: Alamo YLs, WWCNY, WAVE, W4GAN, YIRL sticker #4, WRONE sticker es was the 1st Fla station to get the Colonial American Award. The latter is quite new es is being offered by Carey and Cares Keyser, W3YVJ and W3YRN. Requirements--work two stations on dif bands in each of the 13 original Colonies of the U.S. Dot also has necessary crds for Wrkd All New England Award. Apr. 27th after SSB Net, OQ5IE, Jane es Dot held a solid hlf hour QSO on 20 mtr SSB. Jane is sponsored as a foreign YIRL member this yr by Floridora YLs, so it was pleasant to hve such a nice contact wid her for the first time.

Six Georgia Peaches attended the yearly get-together at the Savannah Radio Club. They were K4BDZ, Martha; K4CZR, Kay; K4DNL, Olivia; K4GCT, Helen; K4IFF, Lin; and K4UEZ, Jessie....reports are that all had a fine time. K4ZZS, Marguerite es OM, Jim W4PFF mobiled from Dublin to see K4KKR, Pegg at her new QTH in Warner Robins. Peggy has a new sewing machine, so the hand that flips the switch has also been busy making draperies. W4YEK, Nita was up nite and day during Atlanta's infanous ice storm, handling traffic. She es Olivia, K4DNL are good beam raisers and assisted in an antenna raising at K4SUDs. Olivia sez thanks to all the forgotten OMs who made it possible for her to get the first Seldon Heard OM Certificate. KN4JST, Alexis was clever enuf to make a transistor rcvr for her project for the Science Fair at her school. Wonder how many young OMs turned pale green wid envy when they saw it??

A number of Atlanta gals W4YEK, K4UEZ; K4QYL, K4DNL enjoyed being wid K4ZZS and W4BWR all the way from Melbourne, Fla during a spring MARS mtg at Ft. Macon, Ga. K4DNL was only lucky enuf to win a prize. K4YFW, Madline es OM hve bot a new slf contained trailer es planning to move it to a new location in Fla. KN4SIN, Ginny wrkd Canada, Puerto Rico and Venezuela the 1st week she got her ticket es has already QSOd 15 states. K4AIQ, Carolyn added MRS. to her name on April loth and we wish her great happiness. Other YLs acquiring new equipment recently--K4GCT, Helen acquired OM Bubber's rcvr; W4YEK, Nita, has a new Elmac 4F67 mobile rig; K4LIU, Marita has a new big rig on 20' (also has been elected Advisor for the Atlanta Teenage Radio Club); and K4DNL, Olivia has a 65 ft tower and her big rig has been hrd on wid a mighty potent signal.

K4PKR, Caroline has been taking dancing lessons, and went out on her anniversary to show off her new skill. She plans a house-warming party for May 21st for all YLs who get to St. Pete for the Phillipi Park Hamfest. She has completed requirements for SHOM.

K4ICA, V. Mayree had a thrilling day when she overheard on the air a msg that an MD in Cuba needed a certain very rare instrument to save the life of a dying boy. She spent some hours on the matter and wid help of her OM and an MD in Miami they only such instrument in Fla. was purchased by V. Mayree's OM and shipped by air to Habana in time to save the youngster's life.

W4IKM, Annette es OM Tommy, W4CWV are planning a trip to romantic Old Mexico the latter part of May. Hpe the guitar playing es lovely senoritas are all up to expectation!

W4HGT, Pat es K4PPX, Fran helped handle messages recently during the National CD alert. Fran lacks 2 contacts for HAWK cert on 6 M. K4CXD, Johnnie now has a fine new 45 ft tower for her 2 and 6 Mtr beams.

## FIFTH DISTRICT NEWS

de Harriett Woehst, K5BJU, 3518 Linkwood Drive, Houston 25,  
Texas

WELCOME TO THE NEW FIFTH DISTRICT MEMBERS OF YIRL: K5VBC, Jean Rhodes, 8916 Ferndale, Shreveport, La and K5LXA (also K4ICA) V. Mayree Tallman, P.O. Box 105, Lake Hamilton, Ark. REINSTATED MEMBERS are W5CXM, Phyllis Riblet, 5627 Tiffany Dr., Houston 45, Texas and W5WUX, Evelyn Weed, 1620 W. Long 17th Street, North Little Rock, Ark.

It's wonderful to welcome new gals to YIRL but once we add them to the list along with other super duper 5th Dist members, it's twice as hard to lose them to another area.. perhaps if we made them feel SO happy in 5-land they'd not leave us! Can't you imagine the kind of hospitality we'd hve to generate to hve them allow their OMs to move on es let the YL stay with us???? That you'd like the forwarding address of a couple of YLs who hve recently moved out of the District---ex K5TZE is now WA6JNU Loretta Provost, 1610 Riverside Dr., Glendale 1, Calif. and K5JFJ/6 Julia Young, 6726 W. 87th St., Los Angeles. Our loss is Californias gain!

Seems each Issue we must report illnesses...K5MIZ, Al and W5ERH, Betty hve both been seeing spot before their eyes in the form of MEASLES their children managed to bring home. K5OPS Ethel was not well and the possibility of surgery is in the offing.... Hrd thru the grapevine that K5BNQ Doris found from the DR that she was "dangerously anemic"...not too surprising after all her virus's, etc...glad u found the trouble, Doris es hpe u stick with the Docs treatment til you perk up that "tired blood". W5EAO, Dot, is looking forward to brighter days ahead as a result of the physical therapy to which she is devoting much of her time. K5YTT, Grace has been under the weather too, but her ailments call for congrats instead of sympathy...the Stork is hovering overhead creating a breeze around that QTH!

K6TXQ, Evalyn wrkd her first DX/YL on 14 Mc CW in the person of OH2YL, tho she's enjoyed mani FB DX QSOs with OMs es is wrking feverishly on DXCC, et al, knowing that the day will come when she'll hve to QRT and accomplish other things...keep "stalking" ZL2JO, UA3CU, OH3ND es UA3KAF, Evalyn, for those hours of listening pay rich dividends in catching DX! Notice that K5PFF, Audrey recently joined the West Gulf DX Club..... and so has K5OPT, Ruth...fun to be DX-happy, huh??? K5ALF, Mae and W5ERH, Betty got such a kick out of yaking with DX one night on 20 they stayed up till 0500 together. From all reports they really had fun and evidently both had to give up and go to bed....think they were trying to out-last each other!

W5ERH is enjoying her new 75A4....K5TXQ fighting the battle of decision trying to determine which of a couple of excellent Xntrs they want in their shack...K5BJU is happy with her new HT-37. Newest thing at the QTH of K5YIT, Liz is the mani hours she enjoys being at home since she recently QRT wrking. This gal is a living advertisement for the GAYLARK certificate....After she worked a VE3-OM and told his of the Cert., he has broken in on every QSO on 20 mtrs to ask YLs from one coast to the other if they are GAYLARKS??...and she even sent him a list of the girls calls and names!

W5ZPD, Cindy, evidently has a hot lead on some YLs who hve not been educated about YIRL....she called the other day for a fist full of applications and info sheets. So gld we can furnish them.....sic 'em! K5TXQ is responsible for the addition of K5VBC to our League. Jean had a Novice license for 11 mos and by the time she got her Conditional 2 weeks Evalyn had introduced her to the mani participants of the YL SSB Net. Jean has two jr ops, her OM is W5JMN....she operates a DX-100 B es SX-99 mostly on 75 and 20 mtrs. She & OM are members of the Shreveport Amateur Mobile Club.

Tnx, Evalyn, for helping us know Jean better.....Now I hear that there's another YL in those parts whos call I don't find among our 5th District YIRL members. She's Cory, K5UKK....Look for her girls and lets help Evalyn bring her in, too!

K5RUI, Louise must hve given up the idea of riding the bicycle to Cambridge, for she is still hard trying to devise a way.....Bet you'll make it! You Fort Worth gals be on the look-out for W5ACQ...ex K4CYV, Olga. Louise saw in HARMONICS that she was moving to Dallas, called the FCC to find her QTH listed wid them, only to hear she had settled in Ft. Worth....2213 David Dr. to be exact---Look her up, WHO!

There are some girls absent from the air while they fight wid architects over details of their dream houses...K5PIO Margie was abt to give up the fight and stay in the apartment house the last I hrd....K5PFF is teaching her architect a few new commodities---the GAS air condition unit she wants in her new home was something he'd never hrd of before...gud that you knew where to write for the poop sheet on it, Audrey, he might NEVER hve known there was such a thing! When u gals get discouraged call on K5RHN, Martha...or K5LIU, Mildred. Martha wud tell u that the joys of her new home are worth all the headaches in the building of it. We're glad to hear your potent signal from that new QTH, Martha! Mildred, on the other hand wud advise you to FIRE the architect and DO IT YOURSELF! She es Fred hve had...and are hving.... the time of their lives being builder, contractor, decorator, et al! They own a house they purchased upon their arrival here a couple of yrs ago that had served its only purpose....storage! They recently decided to freshen it up a bit and sell, or possibly rent....but when they marveled at the transformation on their own hands had brot about, they decided to move into it themselves. K5YIT helped Mildred paper one of the bedrooms and we hear its a BEAUT!

W8ATB, Esther recently made K5YIB Barbie happi wid a visit. Esther es OM found the Houston's property a nice substitute for a trailer park! Esther has a brand new SSB Xmtr es checked into the YL SSB Net early in May to rcv a hearty welcome! Barbie also tells us that she and Jane, K5RJU, "copped prizes in the HAWK contest". Since these two 5's did so well when the HAWKS are predomiantly 9's, they REALLY did well! Congrats, girls!...

Hve you seen Jennie, W5YSJ's stationery wid the bee-u-ti-ful family crest thereon? Hve you wrkd the lovely lady, K5LXA (also K4ICA)? We were so happi to wrk u on 20 from the Florida QTH, V. Mayree---es happi u are in 5 land now...Hpe to catch u on 40---can't hear u on higher frequencies since you are so much closer. Those of you who hve had the pleasure of enjoying QSOs wid our "mixed-up" friend, W5CXM, Phyllis, (formerly known as the 75 Mtr kid) will be happy to know she is the happiest new... mother in the world! Doesn't take time to ham for the joys of her lovely new home, super family keep her on cloud 19! Listen for K5SKF, the GAYLARK club call on Field Day....if you listen on 75, you're likely to hear that CXM lining 'em up knockin" 'em cold!

It seemed fitting to closely analyze the products of the efforts of the Nominating Committee from time to time throughout these weeks of all-out vigilance. Each time facts and figures were put forth on paper....the number of girls asked to serve, or accepted or declined, etc....it became more apparent that those girls who decline nominations regardless of post in which they've been asked to serve do so wid very good reason---some due to health, some busy elsewhere, some not members of YIRL long enuf, etc. Becuz of the job held here as 5th DC for 1960 the opportunity to be on the Nominating Committee was made possible. It has been a gratifying experience.. but left little opportunity to be active on the lower bands....we'll look forward to hearing and seeing more of u 5th Dist YLs on the air now that the NC job is done.... and we hpe to see a BUNCH of you in Dallas at the West Gulf ARRL Convention,

Vy 33, Harriette, K5BJU

## SIXTH DISTRICT NEWS

de K6HHD, Jan O'Brien, 6606 5th St., Rio Linda, California

Hi Gals,

Had a nice letter from Mary, W6TCN, in Pine Valley--sez she will get her old timers certificate this year as she was first licensed in 1948...Congratulations, K6TFN was quite surprised when her Siamese Cat had Black Alley-cat kittens--She and Fran, W6GAI, both thought that Fran's Siamese was the Expectant father. Speaking of W6GAI, she has become quite a sailor these days as she went to sea agn for a month, this time operating MM on the SS Sante Fe visiting Coffee and Banana ports in Central America. K6QPG, Mary, is back in 6 land sez she will be on 40 and 15 fone and hpes to get her antenna up for 10 and 20. W6JMS, Lucille has moved bk to the LA area agn. Elsa, W6JZA, has a new 23 foot house trailer she is anxious to try out but had to cut down the old orange tree to make room for it so out went the 2 meter antenna. So mani of the gals hve commented on what a wonderful time they had in Sacramento in March.... glad to hear it. With 110, at last count, and probably more by now who are YLRL members in 6th District, I sure wud like to hear from more of you--all the information in the above came from two people, W6TCN and K6TFN--mani tnx to Mary and Tommy. Hve had some illness here which put me behind the deadline to Wanda for this news, but the OM and littlest boy who were both sick are back to normal agn so all is as usual, which of course still means utter confusion.

For those of you who wud like to know just who "this gal" is that is your 6th D/C, I offer the following: Oft times referred to as "Howdy Howdy Doody"--I really prefer my first tag--Hot House Daisies. Licensed in 1954, Conditional Class--the ticket arrived the day after the first jr op. My OM is W6GDO, Jay who wrks for "na Bell" in Sacramento, He is the ARRL SCM for Sacramento Valley Section. His parents are Mildred, W6HTS and Jack, W6HSB so you see why I became a ham. We hve two boys--Donnie is Five and a half and in kindergarten and Bobby is two and a half, both prospective hams. Moved into a new home last October here in Rio Linda which is ten miles north of Sacramento. The third bedroom serves as a Ham Shack. When I am active I operate

fone and RTTY, my favorite Band is Ten Mtrs Fone but do most of my operating on 75 and 2. Enuf for now, wud like very much to hve the same type of information from everyone of you, How about it??????? See you next Issue.

Vy 33, Jan, K6HHD

After the last Issue of Harmonic went into the mail Wanda, K6ENK, went to Sacramento and "hopped" a bus to San Francisco where she was met by Martha, W6QYL, taken to her home for a "yummy" Dinner and then to the BAYLARC's meeting at the QTH of K6CUV, Lee Fisher. It was a FB mtg wid Esther, W6BDE, their president presiding. At the conclusion of the meeting Wanda showed the slides taken at the March Convention to the girls. Very interesting??????

June 11th is the date set for a YL Get-to-gether, mainly BAYLARC's and CHIRPs at Castro Valley for a big picnic----the guest of honor will be Patti, K6LPH.

Gladys, W6DXI and Harryette, W6QGX left Saturday morning June 4th heading East and in the direction of the Cambridge Convention-----bet they hve a "ball" all the way.

#### SEVENTH DISTRICT

de W7CFV, Betty E. Hartzig, P.O. Box 564, Grants Pass, Ore.

TO ALL 7th DISTRICT MEMBERS: Within two weeks you will rcv a form letter from ur D/C, regarding membership drive, getting more gals interested in YIRL, and THE AWARD I personally will donate to the one responsible for getting the most new members. A note from the member along wid something for YL H plus the confirmation on the list. I get from Jean, K6OQD, will rule. I will include a few things from "behind the scene". For the most part information you might be interested in and wudn't know unless you were, or are an officer.

"RADIO OPERATOR COMES TO AID OF CENSUS TAKER WID PROBLEM" printed from a report in the Idaho Sunday Journal, dated, April 24, 1960 contributed by W7GGV, Helen. "Ordinarily, a census enumerator conducts interviews in the strict privacy of the home, to keep the information confidential. Pocatello enumerator Dwaine H. Siesser, 345 Pearl, broke the rule last week--wid the authority of regional census supervisor Arthur Wilson. Siesser conducted a census interview via short wave radio and a ham operator. Siesser's district included Kinport Peak, he was told, and there was a family living on the peak that needed enumeration. The family lives on the peak year around; maintaining relay equipment for television. The only way to reach the top of the peak was walk--approximately 10 miles. No roads open this time of the year, Siesser said, and there are no telephones on Kinport. The dilemma was solved wid the aid of Helen Mailet (W7GGV) and her ham radio set. The Kinport operator communicated via ham set, so a link was established and the census interview was completed. Wilson said that to main-tain the confidence of the census interview, the man on the peak cud not be identified." This article will be sent on for the scrap-book, Helen, as requested. Wish others wud take time out to inform us of what they do, particularly the unusual.

Glad to report that Dot, W7GIK, finally decided to come home from her trip to the East. She visited friends, saw sights, es attended family gatherings--also attended some ham activities--stayed wid Butch, K9IXD in Indianapolis. Dot says the nicest thing that happened was bringing her sister back wid her---she's already looking for a larger place...will be a pleasure to hear u bk on the air agn, Dot.

Understand that Margaret W7FVF is moving from Redman to Portland when school is out. Hpe someone has told her she will hve to wear shoes and not stare at tall Bldgs or everyone will know she is from the brush country. I say this wid feeling becuz Betty, W7CPV got up one morning in Pasadena, Calif. walked to the bus stop, took one of the Big Red Cars going into LA as they called them then, then walked from Main St. to Figueroa, 4 bdox, before I realized I was still wearing bed-room slippers--had one more block to go so I started limping first on one foot then the other to see which worked the best. The Pacific Mutual Bld is big, es lots of people wrk there so to save embarassment I told them I had a sprained ankle, es the Dr said to wear a slipper --so to keep from hving a short leg I was wearing the other one also....an older now.. so don't do those things anymore.....Like Wanda, K6ENK, I just go to Conventions without my clothes. (Betty, I can't even get to this one without my clothes)

This summer will find 2 Oregon YLs on Mt Tops. Ollie W7DHK on Lava Butte Look-Out, who is an instructor of the firmer school to be held at Tualo....will transfer to Tualo Butte in June wid portable rig along. While across the state line into Washington, Marianna, W7WFO is dashing around getting ready to take over Powder Horn, north of Woodland, Wash. She will be up 3000 ft operating 6 Mtrs es hpes 75 on batters for rag chewing skeds wid OM Ty, W7JPP who is a National Ski Patrolman. He will go up on weekends to take her and jr op, Alan groceries. She hpes to wrk Ollie who has a Cheyenne Xntr & Mohican Rcvr.

The fo-netics for Marge W7 Extra Tired Mama is so true, busy wid children activities, is a Brownie Leader, busy prparing for Brownie Day Camp etc. Dorothy, K7DMX has only one---born in April wid the handle, Tamara. Gongrats---a pretty name too. Another Bend gal is Betty K7JPI who brags of hving 3 harmonics,---and to top it off won a 40 Mtr dipole at the Portland Convention. Bessie, W7DIC, lucky gal won a 10 Mtr whip, spring and mount---wasn't what she wanted to win for her OM John K7GSS, so for YLs who may hve seen her on the Hwy May 1 wid a hanky up to her face---she wasn't really crying! Secret is still safe gal!

At the same time, only going on North to Seattle was Beth, W7NJS hugging a beautiful plaque presented to her at the Convention by the Portland gang, in appreciation for being the mysterious Listening Ear, for our Netter, the Oregon Emergency Net newspaper. Beth sure had all of us guessing---don't think more than 4 people in the whole state knew she was the one that sent in choice bits of gossip from eavesdropping on the Band. No one wassafe, but none of us care, it was what made the paper grow. She always signed it, 73, Sammy.

Another one moving soon, is Bessie K7EBY of Tucson---she will try hamming from Missouri some time in June. Sorri to loose you, Bessie---send us ur new QTH. If anyone wants to contact Polly, K7DCI you'll find her on 40 Mtrs---she belongs to the Treasure State Net. Winnifred K7BKH recovering from trip to hospital for surgery is the Net Control. The Stork we were worrying about last Issue found the QTH of Jan W7BHZ---left a bouncing baby boy, and told its Grandna, Lily Mae, W7KAE who was waiting around to spoil it, that Mother and son wud be fine & she cud go bk home to Douglas, Arizona. Tis Lily Mae's 1st grandson---congrats to all concerned. (mother, grandmother, etc.)

K3IEY/7 Betty es OM Box W3DSY/7 started out from Penn pulling a 10 x 45 ft trailer---when they reached No. Bend, 2,958 miles further they decided "they had had it". They are using 761 AC & W Sqdrn, No. Bend Air Force Station as their mailing addressing---gets her mail quicker than if addressed to trailer. K7IWU Diana loves bowling---has a trophy to prove their team were champs in the Tournament at Dilly. She is also the guilty one referred to in the article on page 65 of March/April Issue. OM, Ken K7CLL is trying a new approach now. They are both taking up painting es will enroll in an art class when they move to Salem this summer.

Alice, W7DVH, recently entered specimens in the Spring Flower Show held by their local Garden Club. The theme was "May Magic". Alice entered six arrangements and won six ribbons---also entered some horticultural specimens and altogether got nine ribbons, BUT, not of them blue, five red and four white. Alice is retiring president of their Garden Club. She goes to Roseburg next month as a Grange delegate. Want to say a special hello to Miriam, W7JFB who recently joined the Seattle chapter of the National Cystic Fibrosis Research Foundation---her grandson, Ricky, born in October, is one of the 7,000 C/F babies born each year. Only recently has this non-contagious, congenital disease been recognized, and research been directed toward it's diagnosis and treatment. Formerly, only half the C/F children reached the age of five, now one half reach adolescence. The chief characteristic of the disease (one baby in every 600 has it) is over-production of too-thick mucous by mucous glands throughout the body. This prevents normal respiration and digestion. There is a high incidence of respiratory troubles as pneumonia as clogging of the pancreatic duct prevents much digestion as use of food. Ricky is doing better, after a week in the Seattle Children Orthopedic Hospital with continuing treatments at home. Thank you very much, Miriam, for letting us know abt Ricky. Something like this makes one stop and count their blessings. We're all praying for little Ricky.

W7GSR, Frances Morgan joined the Silent Keys shortly before Christmas in 1959. We extend our sympathy to her OM Bill, W7IEY a commercial op, Maritime. Toddy, W7LCS attended Frances funeral. We are wondering if anyone knows the date Frances (whos last name was McClelland before marriage) Morgan joined YLRL? Some think she may have been a charter member of YLRL??

Toddy, W7LCS; recently returned from a trip to New Orleans, Houston, Dallas, and San Diego by Jet from San Francisco---five different airlines, two jets. The day after her return, she as Betty, W7PTX, Ruby, W7QME, Helen, K7HSB, and Phyllis, K7CPB entertained Beth, W7NJS. Beth was visiting her mother and sisters. Too bad that Laura, KØJAS, who was there at that time, couldn't join the group---she had business to attend.

The Seattle-Everett group are planning a June Picnic at Woodland Park in Seattle.

33. Betty, W7CPV

#### EIGHTH DISTRICT NEWS

de W8ONI, Hope Joyce, RR2, Cedar Springs, Michigan U.S.A.

BIGGEST NEWS in and around the area are Conventions, of course. Michigan's Saginaw and Grand Rapids were the best ever. Very good attendance at both YL Meetings. Most exciting news at Hope, W8ONI's QTH is that her very own OM, W8NXZ brot home the grand door prize from Grand Rapids---a complete S-Line Xmtr, Rcvr, as Pwr Supply. Mid-west Convention News is in the making---several 8th District YLs plan to attend. Biggest and best is Cambridge in June. Still hoping for miracles at this QTH.

IT HAS BEEN SUGGESTED that Michigan start a YLRL Club. All those interested send "for and agin" comments to Hope, W8ONI. W8NAL, Carmolla suggests a certain freq. allotted on each band (informally) so YLs cud get together at any time---for example Florida has 29.004. "All over the word when ones wishes to get into Florida, sho QSYs to 29.004." She also suggests a list of YL fone patches. How about comments on this also?

Met Alice, W8OTK, in Saginaw---an astounded at the amount of work connected with and accomplished by the Membership Chairman. Anything we can do to help will be greatly appreciated. Supplies of YLRL applications and info sheets are stocked up by all D/Cs, NCS, and Club Secretaries. It behooves us to get on our little horses and get behind our Membership Chairman. 26.

HOPEFULS and MADE-IT-BY-GUM! K8MZT, Shirley, taking General May 6th--as yet to-be-or-not-to-be not known. W8VRH, Jackie made General--now on 75, 40, es 20. She's a member of Chix on Six, MARS and AREC; likes traffic so here's an outlet for Akron. She's hping for Cambridge this month too! K8LOK made General at Saginaw Convention. OM, W8LAD has been a ham for minny minny years so hamming is not new to Edna Mac. If the facts were known, she's probably the woman behind the man at their Xntr.

WHO'S NEW DEPT. K8ARA, Ruth, proud grandmother of Stanley David--parents K8AVP, Judy and W8PRM, Stan. K8MZT, Shirley expects to take care of granddaughter No. 1, while hospital arranges No. 2 if it doesn't interfere wid Cambridge. Should be all taken care of by June 15th. Our fingers are crossed, Shirley.

CONVALESCING, we hope W8OMH (a bird watcher) spent a week in bed recently--those sacroiliac jokes aren't really funny, are they Pearl? Better and back on the air along wid OM es his new ticket. Plans to avoid spring cleaning by moving upstairs in their new home. W8RIR, Beth is still hobbling a little after her foot surgery, but expects to feel better than ever soon. Beth finally rcvd Certificate for winning 8th District CW in Anniversary Party--congrats! W8SSF, Arline, hasn't been on the air much since Thanksgiving becuz of illness--will be on soon as wx es shack warms up wrking on YLCC. W8MHE Wanda, also hospital and surgery--on the mend now. Prior to hospitalization Wanda talked to Esther W8ATB es John who were rcving a suntan out west while we shoveled snow and coal!

NEW EQUIPMENT - K8KSO has exchanged her Globe Scout for a Viking Valiant es is wrking alt es pepper shaker DX on 15 ntrs--still favors CW tho! Newest converts to SSB are W8RIR, W8ATB, and W8ONI. K8LHF's new equipment is kitchen cupboards, curtains and paint. Wonder if you're getting any DX, Marion? Shirley, K8MZT has a new Al-TO Keyer wrking wid Valiant, HQ170, Tri-bander V8C-40 Longwire and VFO for SSB exciter (still to come). W8NAL Carmella wrking on new mobile rig--learning abt noise, hi! W8SSF, Arline rcvd a Viking Valiant for 1959 Xmas from OM es is promised a Collins Rcvr for Xmas 1960. What do you feed the OM, Arline?????? W8VRH, Mary, new Hornet Tri-bander wrking beautifully, contacts a neighbor often who is in Puerto Rico.

SPORTS. K8IOP, Vi, won a trophy for a high bowling score, now is ready for golf lessons. Some of us do do other thingsthan ham! Speaking of sports----do any of you gals watch birds???? I don't mind winter recently, cuz our birds are such interesting characters. K8DTD Maxine and K8OMH Pearl hve given me lots of pointers es mani a QSO partly consists of yellow-bellied sapsuckers, purple finches etc. Seems we are not along in our devotion for our feathered friends--mani retired, wealthy es downright lazy OMs also birdwatch! Gardening isn't really a sport unless you call chasing neighbor's kids, dogs es chickens a sport, but lots of ud do--garden that is. K8ITF, Marge gardens, plus paints and wrks on new 20 ntr Bird Cage antenna but as she sez "the housework's always there"---AIN'T IT THE TRUTH! K8OTK, W8ONI, K8DTD, also avid planters, weeders and reapers. W8VRH, Mary recently visted a green-house--wonder what she brot home?? She loves Roses.

K8EIR, Kate is chairman for Alpena County for Michigan Week. W8LGY Ruth says the YLs in the Columbus area had their pictures etc. on a TV program reporting on Women's Hobbies---she doesn't know who or how mani becuz she forgot to watch, but she was one. K8MQB Alice spends lots of time on Awards and Award Records. Also, Net Control once a week for West Virginia fone Net.

We seem to hve a good percentage of MARS members. K8PSE Donna participates in AF MARS--wrks 2 es 6 Mtrs. She is looking for SHOMS. W8QPT is AF MARS also. Anne recently introduced 15 7th grade Girl Scouts es their leaders to ham radio via MARS. She is a teacher es we'll wager she made a good demonstration.

K8DWA (K7KAV) Mary concluded a QSO, cleared es was called by both W8NZ es W9NZ simultaneously -- how about that!

K8EFG June es OM dropped in at K8LHF's Marion's recently. K8MKG, Jean and OM rounded out this get-together enjoyable. ANOTHER FAMOUS LONG LASTING GET-to-gether took place in the west and south-west. W8ATB Esther has the following to say: "Wish I cud tell you all abt our wonderful trip out west, but time and place don't allow it. We just had the best time. Traveling wid the trailer was the answer. We enjoyed all the Lunchdons and Dinners, also the invitations we could not accept but are keeping rain checks on. It was interesting meeting the President, Secretary, and Treasurer of YLRL, also the gal that invited us to join YLRL in 1947, Clara, W6WDL.....The following week (after returning home) we recvd out 100V es are enjoying it. Home in time to attend the Grand Rapids Convention es what a thrill to hvc our 8th Dist Chairman es her OM win the Collins S-Line. Congratulations. Again Thanks."

K0GZO, Ginny reports a wonderful three weeks baby-sitting wid their 7 month old grandson, Donnie from Albuquerque; while learning she needed to be 30 yrs younger, listening to squeaky toys, squeals of a happy baby, etc. the rig and correspondence had to be forgotten. But Ginny enjoyed every minute of it--didn't you, gal? Now, her house is getting a face-lifting outside with new paint---sez their practically living in a fish bowl wid curtains down, un-retuned baby furniture sitting around etc. But think how nice it will be when its all over. Ginny loves her new HT-32 & 33--has been cking into the YL SSB Net. Found a new YL on SSB, Jean Barber, K0ZZF from Anthony, Kansas--hears she's a swell gal es hpes to meet her soon.

News is coming in fabulously, girls----keep sending it es 33's til next time.  
Joyce, W8ONI.

NINTH DISTRICT NEWS

de Butch Singer, K9IXD, 7070 E. 21st St., Indianapolis 19

Diane, K9TRP will finish out the year as V.P. for LARK to fill the vacancy left by the resignation of Connie, W9UON. LARK's entertained 55 friends es members at the LARKORAMA held in April. The committee responsible for an enjoyable evening were Helen, W9BCA; Lynn, K9IWR; Eve, K9EMS; Lu, K9IEM; Adeline, W9LDK es Diane, K9TRP. Coming Event is the annual Lark picnic on June 12. Winners of the LARK CONTEST held in conjunction wid the YL/OM contest were Opal, W6PCA; Hazel, K9QGR; Bev, K9HGY es Roberta, K9IVG.

HAWK held a very successful Spring Meeting at Butler University in May. Special treat was the presence of HAWK member W7GLK, Dot from Ashland, Oregon. Business discussed included a HAWK Benefit running to October. A Model HW 29 Keathkit Sixer will go to the Lucky winner. Chairman of the Benefit Comm is Ann, K9SUT assisted by K9RXX, Ann as W9RTH, Adah. VP Fran, K9ILK was unable to attend the Spring Mtg due to the illness of her aged father. Also missed was Genie, W9STU who's sister, we regret to report, passed away the following week as Rosanna, W9PEX--old faithful--had a nasty flu bug.

Hazel, K9QJR is a native of California--first licensed in Jan. 1959--since then has wrkd over 175 YLs, has RCC, WAS 50, HAWK, LARK, Grandmother, Lads 'N Lassies, Mission to Missles, WRONE, LCL, Gaylark as needs 5 States for WAS/YL as one more each for Georgia Peach as Floridora. She loves DX--has 37 countries. In addition to hanning she finds time to feed 31 pigs daily, is a professional photographer, does dress-making, writes for three newspapers as plays the organ and does solo singing at various local functions. Isn't "9" lucky to have such a talented ambitious YL!

The HAWK ROOST which is not a Net but encourages all hams to check in for HAWK contacts or jojn in the merry-go-round has returned to Tuesday 9:00 time. The frequency is 50.2 This time and frequency favors ground wave.

NEWLY LICENSED are: Doris, Kn9WJG who had a very serious accident (tangled with a farm machine) and when sufficiently recovered as while recuperating studied CW as theory and passed on first attempt; Mary, Kn9WJR who is the mother of 5 jr-ops wid ages ranging from 15 down to 4 yrs. Mary is active on 2 and studying for General.

NEW HAWK members are: Jean, Kn9UEG who obtained her license in Sept. 59. Altho' Jean's major in school was Home Ec, her top grades are in math, physics, etc. so theory was no problem. So soon as she gets the dits and dahs down she'll be ready for General as competing in the DX race wid OM, W9GHK wid a 75A4 as HT 32; Ruby, K9UXV is a 6 Mtr enthusiast as became interested in ham radio 2 yrs ago when she met as started to date K9HTB. Her station is a Seneca and HQ 100 as 5 el beam. Wedding bells will be ringing soon when Ruby becomes Mrs. Paul Kirby.

Rae, K9MPN has completed wiring a DX 100 as now has a NC 2-40D. Due to illness of Rae's mother she has moved wid her mother to her sister's home. An antenna shud be up vy shortly so Rae can resume her hanning activities.

Attending the Dayton Hamvention were several HAWKS: Rita (Pick Pocket Peggy) K9PPP; Louise (Hungry Gold Digger) K9HGD who is feeling better as now employed 3 days a week; Rosalie, K9KKG who just returned from a fine hanning spree at her north Vernon farm as now needs only one for Floridora for their Certificate; K9MZV Ruth who took time out to snag a CO on 6 before taking off for Dayton as who picked up CO2DY another Cuba a few days later; Helen, WLHOY who gave a very enjoyable as entertaining talk on VHF at dinner; K9QJR, Norma joined OM Ray when she sees very little of (his wrk takes him out of state weeks at a time); K9GYK Ruth nobiled in but only after she picked up a Cuba station from the home QTH. 1412 was lousy wid VHFers as it was 0300 before Ruth to the room cleared to go to bed. Wonder who it was that left word at the desk to phone her at 0500!! Also who was holding a QSO on the water pipes 'til 0530? K9JJC (Jumpin Jimminy Cricket), Elsie was present but she didn't walk off wid one of those BIG prizes this yr. She recently won a typewriter guessing most closely the number of objects in a jar at an Industrial Show. K9IXD, Butch also present as nearest to winning a prize was hving spent most of Saturday wid an Ohio YL who is studying for a ticket. Esther in Ironton has a real reason for cranning now wid a complete Collins station in her possession.

BREAKING OUT?? Ann, K9SUT wid a dandy case of poison Ivy; K9HGY, Bev who probably had measles as K9IXD Butch who rcvd her Poison Ivy from Frequency Hound, Cindy Q. Singer Von Blatzhafen.

WINNERS OF THE HAWK QSL Alphabet Contest were: K5YIB, Barbie; K9SUT, Ann es K5RJU, Janie. Prizes were eye-lash QSL cards.

Ann, K9RXX and Adah, W9RTH are the new publishers for the Indiana State Ham Paper, BISON. Butch, K9IXD is resigning as Editor of same after several years. This will leave me, your 9th D/C more time for this column so won't you please send ur news to me regularly. I will be on vacation most of the month of July so please forward before the 4th. Let's hve this column cover more YLs scattered through-out the States and especially Wisconsin.

#### TENTH DISTRICT NEWS

do. WØSZH, Norma Gray, 9404 Gregory, Raytown 33, Missouri, USA

FIRST OF ALL--please look in the Eight District column for news of KØGZo--the Editor "goofed"--made a mis-placed person out of Ginny. Sorri, gals.

Guess Spring Fever has us in it's grip--we spend more time outside than inside hanning. Marte, KØEPE is getting patio fever wid some opposition from the OM. Seems there are two beans in the way, but Marte is hopeful--even has a name picked out for it---- "Daddy-O-Patio". She's so optimistic she invites you to come sit on the patio when you attend the Denver Hamfest July 17th. Our sympathy to Marte on the recent death of her mother in law.

Dot, KØGIC tells us she deserts the lower bands for 6 during the summer. She has time for yard work between openings. Keeps her hand in CW though.

You'll find Joy, KØIKL on SSB in real style wid an HT-32 driving a 4-1000 KW final amplifier. She enjoys mtg all the new YLs on SSB Net. Her new DX countries are HZLAB & 9GIBQ. Been busy decorating her new "old house" es very psed wid results!

Connie, KØGAS is boasting abt her new 100V es so happi abt being able to change bands by herself (Congrats, Connie.)

Martha, WØZWL, es her OM have given 20 to 25 Novice exams to interested Hams. She states most go on to become Generals---no wonder the QRM is bad up her way! Our congrats to Martha for rcvng the Public Service Award Cert from ARRL for her operating last Sept regarding the forest-fire in Deadwood, S.D.

Lee, KØEDH shud be highly commended for the wonderful job she does as manager of the TWN, the LCL Net is proud to hve her a member.

I wonder how mani YLs desert the rig for the water via boating? Irene KØSML does it in a 19 foot cruiser, Norma, WØSZH does it in a 14 foot runabout--how many more, I wonder? The Wichita, Kansas Air Capital Amateur Radio Assn makes its first Contest April 23, for members only. They hope to make it an annual event.

Anne, KØBOF really has the ideal set up for antennas on a 200 acre dairy fam. Al, her OM is not a ham es so far her 2 daughters es 9 grandchildren show no interest in getting a license. She has helped some of the interested young fellows around Helena obtain their tickets. Anne is a Wx spotter es recently reported a tornado just four miles east of her which is too close for comfort.

Any one need advice on upholstering a chair? Ask Kay, KØBTV. She has one to her credit. Been cking into CD operations alert es hping to get to the YLRL Convention!

Opal, WØCMV has been busy wrking at the clinic dispensary es learning to drive again after her father's death last Nov.

Cleo, KØJFO, sez the floods in March really brot amateurs to public attention. They had an efficient Net through-out the area. Another SSB YL es enjoys that Net. It's gratifying to see how mani YLs are taking an active part in CD work--Cleo being no exception. During a recent CD alert she helped keep in constant contact wid State Capital Officials.

Ethel WØBFW had a vy enjoyable winter visiting in California--attended a SSB West Coast Directors Mtg in Bakersfield, but didn't meet any YLs. Was gld she missed all the cold wx in mid-west. Bertha WØRAW es OM weren't so lucky--they got bk in time to shovel some of that white stuff. Bertha hpes to be more active, but hasn't been up to par since her operation.

Sandy, KNØYHW asked that we let you know she can be found on 40 Mtrs es wud appreciate a QSO. Sandy es OM, WØSRC live in a student apt so hve their antenna strung arnd the roof. She was taking pre-veterinary medicine, but met John so now is wrking and Pushing Hubby Through--he's a grad student in Chemistry. Thanks to Thelma KØHEU for getting her interested in rocks. Her apt now looks like a quarry. Thelma got her tax date es dead line for YL/OM Logs mixed, so now all she'll get is QSL's es SWLs.

Flora KØMMR has a vy gud suggestion for future YL OM contests. Hve it from Fri, 6:00 P.M. 'til Sun 6:00 a.m.--then it wudn't interfere wid attending Church. Congrats Flora on being appointed EC for Miller County.

A NEW GRANDMOTHER to look for, gals, is Donna, WØOMM--it's a girl. Grandpa Al and Daddy Ronnie are on cloud 9---of course Donna is very calm. (does the babe hve a mother?)

LOADED CLOTHES LINE YL NET announces the following new officers for 1960: Pres. and NCS KØEVG, Pat; V.P. es ANCS - W5YSJ, Jennie; Secty Treas - K5KVJ, Gladys; Publicity, KØEFE, Marte.

The LCL net regrets to report that Carolyn E. Owen, KØBCQ is a SILENT KEY. She passed away April 8th. She was a charter member #2 of the LCL Net. She wrote a poem es dedicated it to the LCL Net--we wud like to pass it on for everyone's enjoyment.

'Twas on April 8, a Monday, my dear,

When an XYL's voice called out very clear

"CQ YL" were the two little words--

Words that took flight just like the birds.

And as they winged through the brisk fresh air,

Seven took heed and put aside their care

Of loading the clothes line that early morn.....

A chore that most glas would like to scorn.

And from RST to 33 'twas a pleasure you can bet

To check in that day and meet new friends on

"THE LOADED CLOTHES LINE NET".

33's, Norma WØSZH

#### EDITOR'S NOTE:

The Custodian for WAC Certificate, Barbie, K5YIB prepared a real FB report for this Issue of YL Harmonics, but due to the ballot, election information, etc. it is necessary to omit it until next Issue. I trust Barbie will forgive me--- AND ALSO that Vada, W6CEE will do likewise, becuz I will omit the YLRL History in this Issue. Wud like to send it all to you, but it makes the cpi just too big for assembling and mailing. Too bad we just can't put everything in---so much good material comes in that I never got to use.

SORRI NO NEWS FROM KL7 land or from CANADA this Issue---trust we can give you an extra long report from both in next Issue.

NEWS FROM HAWAII

de KH6BTX, Gladys, 1420 Kolopua Street, Honolulu 17

The baby State of Hawaii is sorri to lose KH6AUJ, one of our most popular KH6YLs this summer. Dotty and family will be making Oklahoma their new QTH. Honolulu ARC will be minus her services, where she has faithfully fulfilled her duties as Secty, Treasurer as other capacities where needed. Her voice will be much missed from the MARS Nets. The latest certificates she has earned are the Triple K Award No. 29 and WAP Award No. 172--the third KH6. She was commended by the Hilo ARC for her help wid the Sweet Bread Sale, proceeds to help Hilo Convention. The KH6 gals through this medium sincerely wish Dotty, her family, all the best. Hope someday they will come back, for as they say, once you get to know the true Hawaii, How can you forget Hawaii!

KH6DLD, Sheila is off the air temporarily. She's hving a new han shack built nxt to her sewing room where she also does her ironing. She has to keep her little son, Jinny, company too. He's a well behaved baby, but does need lots of attention. Next Issue will write about her new antenna. She rcvd a new batch of QSL crds es is busy finishing QSLs to OMs she QSO'd in YL/OM contest.

KH6AFL confines her han activity to MARS Net at present. Not hving a daughter, Luika is hving lots of fun sewing clothes for her grand-daughter. Being the loving grandmother, she is very proud of her grandchildren. We are still waiting for Luika to go on 20 CW--she is a good CW op es her cpi is FB.

At the time of this report KH6CKO has not returned from her California Vacation. Will write abt her trip next Issue. (Editor heard that Kay was entertained by the YLs in So. California while in L.A.)

Aloha es 33 - Gladys

FRAGMENTS AND SCRAPS de QRZ  
(?)

Y'ALL COME!

Understand the Southern gals have quite a time sending code--takes so long to add the accent! Sho' muff.

Y'ALL COME BACK

I was a settin' by the fire, cracking walnuts and reading the evening scandal sheet, local type. It seems that somebody has no come up with the history of the nudist camps. My understanding of it boils down to this: Some sunbathers decided that there should be no stern untuned.

My inventor sez he thinks there shud be an addition to our deluxe xnti-rcvr wid the built in baby-sitter, ironing board, dishwasher, and clothes washer and dryer--u remember? U just push the little knobs that u otherwise use for tuning--what was I talking about? Oh yes, well, my inventor friends sez this type is passe. U shud be able to twiddle the reddysnitch, and fribble the wouf-hong and all ur troubles will vanish like magic. Me, I think that the twiddling and fribbulating take too much energy. Until he tells me how it can be done by exhaling (which I hafta do anyway) of thought) which I find is very tine-consuning) I refuse to add his drawings to mine.

Bridge friends only: If your partner is a han, you can signal your bids with hand code. What? Of course, its cheating, but think of the code practice you'll both get!

If you know any little funny happenings on Nets or about YL friends, etc. Share it with the gals. Forward it to QRZ (?) in care of Wanda, K6ENK, the Editor. She sez she'll even use old jokes (new ones too, if you can find them--hi).
