## Editor's Note

When you plan to move, please send your change of address immediately. This will assure the mailing of YLH to the proper QTH. Please remember that under the bulk-mailing system, Harmonics will not be returned to me. It will be discarded by the Postal Service. When this happens, it necessitates another copy, or copies (depending on how many issues you may have missed), being mailed to you at first class postage rates. It costs YLRL approximately 81¢ to replace one issue in this manner. Your attention to this will be most helpful and save YLRL this unnecessary expense.

Send change of address to the Editor and to the Receiving Trea.

# Your President's Message

The Young Ladies Radio League's contests, nets, certificates and activities preclude participation of the YLs who hold a technician's license. This class of YL operators, to our League, is a great sleeping giant, but they are active in public service, emergency operating and traffic handling. If YLRL provides involvement of the tech YLs it will add power and talent to our organization. Realizing the potential of adding a live-wire segment to our membership, I phoned Eunice, K8ONA, a long-time YLRL member, who has explored and developed the possibilities of Tech frequencies, and she proposed the following method of providing a YLRL Technician program:

## "I'm With You, Madame President"

Written by Eunice G. Bernon, K8ONA

Our YLRL president really concerns herself about all of us. Midst a myriad responsibilities, she recently called to discuss a need for increased participation among our technician class operators. Right on! The time has come.....to speak of many things. (But NOT cabbages and kings.)

Let's ponder over the status quo of the technician class ops, bless 'em. We were, originally, supposed to be builders and experimenters. But, that was eons ago. "The moving hand, having writ, DID move on." Today's tech-gals are putting their rightful gift-for-gab reputations to superior use. No need for Women's Lib here. Fact is, the OM's welcome us. And why not?

We rigidly adhere to FCC Rules and Regulations, Section 97.1-A: "Recognition and enhancement of the value of the amateur service to the public, etc." You'll find us busily engaged, day and night, in message handling, public demonstrations, mobile in parades, lecturing about our privileged hobby, and appearing on television. Our journalistic endeavors appear in newspapers and magazines, too.

What say, gals, let's dream up more stimulating activities to inspire those who do not operate below six and two meters! How about a "Traffic Contest"? Messages relayed on six, to a waiting low band liason. Why, that's the way VHF traffic nets operate. How about some phone patch excitement? How many "limited" gals can you bring aboard during a "phone patch week"?

Dust off your thinking caps, all of you. Let's begin with a "one for all, all for one" contest. Let's show our madame president that we are not BEHIND her, but right at her SIDE.

Participation, more 'n more-  
In nineteen seventy four !!

This matter will be considered in the next Board of Directors' Bulletin. If you wish to express your point of view, send your comments to the President.

Eunice, K8ONA, has further volunteered to present two small personalized plaques to the girls who offer the top two suggestions that can be quickly applied.

## Board of Directors' Meeting (January 1974).

In January, 1974, a YLRL Board of Directors' meeting was held by means of a President' Bulletin mailed to each member, with a ballot attached for each director to return her vote on each question. Your Board of Directors performed this function faithfully and after careful consideration sent me pertinent comments as well as their completed ballots.

Question #1: Jackie van de Kamp, W6YKU, asked about Life Membership which had been given to YLs who are no longer hams and she proposed a change in the Constitution to cover this condition. From the replies which I received regarding this matter, I believe that it must be postponed for consideration at a convention, for the process by which extreme views are gradually brought to a common focus is through full, free and informed discussion. This is only possible at a convention. This matter needs discussion.

Question #2: Dot, WA8IJW, Eastern Tape Librarian, proposed definite rules of procedure for conducting distribution of tapes to blind YLs. She has merely put down the accepted practice in black and white.

Result of ballot: Unanimous approval, and I believe this outline of procedural tape policy should be in the YLRL procedure policy. At the present time the rules will be in the librarians', the president's and the vice president's notebooks. One comment regarding "Area" said that provisions for tape-users in Hawaii and Alaska are theoretical for we have never yet had an application from a blind YL in either of these states. It has not yet been tried and one voter believes we should not commit ourselves in this respect.

Question #3: Shall YLRL establish a DX-YLCC Certificate as proposed in YLH #6 in 1973? Shall the President appoint a committee to draft rules, select a certificate and return their proposals to the President before June 1, 1974?

Result of Ballot: Enthusiastic approval of a YL-DXCC certificate and appointment of a committee. The only misgivings voiced by a few because of cost. Their votes were still affirmative: "Yes, if possible without too much cost." Consensus of opinion was "A worthy addition to our other YLRL certificates" and "We have had DX members since the very beginning of YLRL and we are truly a world-wide organization with a good quota of DX members, and we should surely have a YL-DXCC certificate."

Question #4: Would you favor an Eastern YLRL and a Western YLRL convention every four years, two years after the regular quadrennial full national YLRL convention?

Result of Ballot: Almost everyone favored this idea heartily, saying "The more times the members can meet and discuss the problems or other necessary data regarding our League, the better it is for the membership." The Mississippi River was suggested as the dividing line and one reply asked if members could choose which regional conference they wished to attend. Everyone is welcome at either or both conventions. The dividing line would merely be the location of the convention. It was also suggested that perhaps it could be an informal convention meeting at one of the larger motels—they usually have meeting rooms. This would require only one or two YLs to handle all reservations and would not require all the work and planning of our International Convention.

Question #5: Who has the Membership Information and Application forms supply? Have we enough to supply all D/Cs? Do we need to?

Answer: Membership Committee Correspondents and the Supplies Chairman all have these forms and the Harmonics prints them several times a year for the membership as a whole. We have enough on hand at

present and they must be changed if the dues are increased. All D/Cs can obtain a supply of forms by writing to Londa, the supplies chairman or any Membership Committee member.

**Question #6:** Should YLRL dues be increased in 1975? By \$1.00 each? Or pro-rated? How: Send comments.

**Answer:** All directors agreed that dues must be increased. This, however, must be voted by the entire membership and you will have a ballot in Harmonics for your vote. It is explained in detail in other articles. Please consider this very carefully and send in your ballot for the method YLRL should adopt.

# NOVICE CORNER

Cynthia Bishop, WN4FCH  
NOVICE CORRESPONDENT  
Rt. 3, Box 605, Lot 8  
West Columbia, S.C. 29169

Hope everyone had a nice Easter. I wish I'd hear from some of you. I've noticed quite a few new Novice members listed with the new members so if any of you have anything you'd like for me to include on this page, let me know. This is our page to express the views of the new hams and work out the problems of being a Novice, particularly a YL.

One problem I've had is with contests. It seems that the only contests Novices know of is the Novice Roundup. When I operated in the YL-OM Contest, I didn't find any Novice who knew about the contest. After getting a contact, I had to go through an explanation of the contest so I could get a signal report and QSO number. I found it to be totally discouraging and quit after a few contacts (which took a good part of the operating time). I don't know whether Novices don't realize they can operate in these contests or maybe the contests aren't publicized enough. Whatever the reason, many Novices are losing out on some great fun!

Things have been kind of hectic around here. We've moved into a new QTH on top of a hill out in the country. With a Z-L Special (in the Antenna Handbook; if you're interested in construction techniques, just drop me a note) and a dipole, we're in "Ham Heaven." I should be booming out across the bands now!

Looks like spring has finally decided to arrive. The next time this page is printed it will be the end of summer, so I'll be expecting lots of mail from ya'll!

## YLRL MEMBERSHIP CONTEST

Each year YLRL holds a "membership contest" with a prize awarded to the YL who brings in the most new members during YLRL's fiscal year (March 1 to March 1). The winning YL has a choice of YLRL stationery, YLRL pin, or YLRL charm. Officers are not eligible to win.

YLRL is pleased to announce that Louise Moreau, W3WRE, has won first place for 1973. Louise has chosen a YLRL pin as her prize. Congratulations, Louise!

### The Deadline For News

Just a reminder that the next issue of YL Harmonics is the Directory issue—#4. Next deadline for news is August 25.

Ruth, K1IIF, District Chairman

**WRONE Certificate:** Please note these new rules and new custodian. Due to postal increase, the price of the certificate has been increased to 30¢. After fifteen years as the WRONE certificate custodian, K1IZT, will retire from the job. Thanks, Blanche, for a fine job. Our new custodian is another charter member of WRONE, Dee Shaughnessy, W1ZJS. So, please send your cards henceforth, with 30¢, to

Dee Shaughnessy, W1ZJS

P. O. Box 142

Upton, Mass. 01568

As Spring "busts out," excitement builds up in One-land in anticipation of the upcoming visit of WRONE's adoptee, Ursula, DL3LS, with OM Henry, DL1RA. Following a swing around the country including Texas, Arizona, Colorado and Missouri, they fly to Augusta, Maine, to visit Bea, K1OKC. Then to see Leona, W1YPH, followed by a visit to Cape Cod and the WRONE luncheon there at Sandwich May 4. Mary, K1ICW; Onie, W1ZEN; and this QTH are other hoped-for stops.

Jean, K1TVT, whose hobby is sewing, spends some of her spare time sitting for her two grandchildren. Only another grandmother can know what fun this is!

Barbara, W1CAX, is missed and missing on six meters - her mother has been in the hospital, and Barbara is taxi-ing a potential skating star as Lori Ann, 13, practices five days a week.

Bea, K1OKC, had a "reunion that wasn't" in Hawaii—when she called a YL who just happened to come from Lisbon Falls, Maine (where else?).

Gladys, W1VPP, reports a new job as of July first—secretary to the president of her company. Congratulations!

Jane, W1ICV, will be without her 75 meter antenna while the QTH takes on some additional shielding in the form of aluminum siding.

**NAME CHANGES:** W1VYD Katherine Rodman instead of Duntley. K1OYM Joyce Garrick instead of Garlick.

Please, girls, send us news. So far, we've sent out 100 postal cards asking for news. Two YLs have responded.

## Clubs Affiliated With YLRL

Welcome to the Chix-on-Six who have affiliated with YLRL for the first time. And welcome back to the North County YLRC.

Secretary Myrtle, WA6ISY, reminds all YL Clubs to send her a list of members for your reaffiliation sticker.

New clubs wishing to affiliate for the first time will find complete information on "how to go about it" on page six in YLH #2-1974.

What a beautiful time of year: Flowers are blooming, birds are singing and YLs are buzzing with activity. In the last issue, we promised to introduce you to the other members of the Western Pennies net, so here's a run down on three more interesting YLs.

Annette, WA3LDL, of Meadowlands, Pa., sports an advanced class ticket along with her OM, WA3LDM. She is a busy housewife and the mother of 3 little tots and says her ham activity decreases as the children increase. She's a member of the Washington Co. Civil Defense. Family vacations are spent camping. She enjoys gardening (including the indoor fluorescent light variety), canning (makes her own sauerkraut!), freezing, and playing folk guitar. Somehow she finds time to teach Sunday school class. She'd love to have a country home with acreage...on a hilltop of course!

Shirley, WA3RXQ, checks in from Oil City, Pa. Aside from being a supervisor at Bouquin Construction Co., she does oil painting, reading, crocheting and knitting flowers, volunteer work for Easter Seals and the Venango Co. Blind Assoc. and plays the organ and guitar. Her radio activities include being a member of ECARS, Sat. net control for IMRA, and the Coast Guard net. Recently she was featured in World Radio (Cal.) for her IRMA activity. In 1973 she was awarded a laminated plaque from the Coast Guard for communications for families and friends of the servicemen at the isolated LORAN, a station in the Arctic Circle, Baffin Is. When possible she and her OM travel, and they were able to visit WBØEEN, WA1QOX and WA4BOQ.

Ann, WA3TNX, of Washington, Pa., puts out an enviable signal. In addition to teaching the blind in her work with the Bureau of the Visually and Physically Handicapped, she knits, reads, swims, and cooks. She and her OM Henry, WA3TOB, make a grand team.

Jan, WB2JCE/3, has wound up a busy freshman year at Northeastern. Her string-of-wire antenna seems to be adequate for the "small amount of operating" (her words) she does on 40 and 80. She checks into ECARS occasionally, but to her regret couldn't spare the time to get into the YL/OM contest. She did manage a visit to Amy, WA2QYZ. Jan also combined business with pleasure and interviewed Louise, W3WRE, a couple of times for a term paper on ham radio. The paper got an A+, naturally. Congratulations, Jan-Louise!

Louise, W3WRE, just added another key to her collection. She now has 201...still the largest in the world. Louise is 99.99% c.w., as you can guess. She is also an active writer, working on (1) The Story of the Bug with W2ZH for the Morse Telegraph Club (the development from 1902 to the present fancy chrome and red lucite) and (2) the History of Communications People in Emergency, beginning with 1889 and the Johnstown flood with six very brave women. She's also getting ready to deliver a few words at the Nat'l ARRL convention in July. She calls herself a "gabby dame with a pen" who's never too busy to get into mischief. Keep it up, Louise.

The PJYL Radio Club has become involved in plans for the 1976 Bicentennial celebration to be held in Phila.

Carolyn, W3GTC, has been appointed as one of the Bd. of Directors. Carolyn also tells us that because of the energy crisis, the Powder Puff Derby will not be held in 1974. She has been the communication coordinator for that event for 16 years.

Bert, W3TNP, and her OM had a delightful time in Fla. recently. While Ernie golfed, Bert loafed by the Country Club pool and copied code from the cw tape she took along. On March 23, they also attended the QCWA banquet at which W2TUK (ARRL pres.) was guest speaker. They had some f.b. eye-ball QSOs with Louise, W3WRE, and Florence, WA2WYE, there. Bert and Ernie plan to attend the Pa. Army Marsfest May 4-5th at Penn State University Park, along with Amy, WA2QYZ, and her OM Bob, WA2JAN.

Mollie, K3FYS, finally has an antenna on her roof, but it needs pruning! Now that the weather is getting mild, maybe her son will be able to get up there and do the job so that Mollie can join the Monday nite PJYL net at 7:30 p.m. local time. We hope the rest of you who are reading this column will join too! We miss Maggie, WA3OTY, who's been in the hospital.

The PJYLS are very happy that Sylvia, W3SLF, is able to get out to meetings again. She and her OM are getting ready to put up a new all-band antenna and get back on the air after an absence of three years. We're sorry that another member, Bonnie WB2ALQ, can't attend meetings for a while. She's taking a course in bridge, which should make her OM happy. Well, we win some and lose some. Edie, W3AAU, and Jane, K3ZDN, have to miss too: they're taking a course in auto mechanics. Get your repair work lined up gals! Edie, by the way, is getting ready to take her nephew to California for his Bar Mitzvah present. Quite a custom she's established.

You've been most generous with news. Keep up the good work. You can send the next batch directly to Bert Kenas, W3TNP, 2823 Old York Road, Willow Grove, Pennsylvania 19090 by August. TNX and

Nancy, WB4NTW, District Chairman

Greetings from the Fourth District and yours truly, WB4NTW

Congratulations are in order for Edna, WA4EPM, who has 160 countries confirmed for DXCC. She will be operating in the Georgia QSO Party, May 11, 12, and 13. Edna works only CW so look for her on 7060 KC and 14,060 MHZ. Her code speed is CP-20.

K4RHU, Jeannie, leaves for Kansas next week to see her step-daughter and two grand children. This is her first trip by air and we are hoping for good weather and a wonderful vacation, Jeannie.

W4EHN, Betty, has just returned from Washington, D. C. attending a D.A.R. convention at which the President was the featured speaker. Betty said that he was looking well.

W7OII/4, Jean, is packing to move to the Fifth Call Area. She will truly be missed by the Georgia Peaches, but our loss is their gain. We will look for you in the contests, Jean. Our short QSO on two meter FM was lots of fun.

## THE BALLOT

Now that you have read all about the Nominees for the 1975 YLRL OFFICERS on these preceding pages (you have, haven't you?), please ease this center-fold page out from the staples that hold it in place.....Now, with pen in hand, and with careful consideration of the privilege in which you are about to indulge, place an "X" in the square to the left of the name of the Candidate for whom you wish to vote.

The 1974 Nominating Committee has done a terrific job of screening the YLRL membership in order to prepare this fine slate of Candidates to serve you in 1975. Show your appreciation to W6CBA, Chairman, and her Committee Members, WA2RDV and WA5MPM, by casting your ballot - NOW! You will also be telling these competent Nominees that you appreciate their willingness to serve the constituents of YLRL by allowing their names to be placed here for your consideration! Voting is such a privilege...it's the very core of democracy in action...Don't miss your opportunity to enjoy that right by putting this issue aside...and perhaps forgetting to register YOUR VOTE on time!

YOUR VOTE is the one we want! YOURS and YOURS and YOURS and YOURS! Those individual votes add up to be great sums when EACH YL supports YLRL with performance!

And, speaking of individual effort, there are places on this Ballot in which only one Candidate's name appears for a specific office. She will appreciate your support in voting for that one Nominee!

It is the INDIVIDUAL effort, singularly and collectively of many dedicated YLs that keeps YLRL rolling along! The vote of the individual is as important as just about any function she can perform - it is a manifestation of her interest in the progress of the League as a whole!

VOTE! NOW!

Editor's Note: I believe the above was written by the 1970 editor. It says it all so I have repeated it here. So, won't you please vote and mail the ballot without delay.

PROPOSAL:

Proposal to change the Constitution - Article II-Dues.

Dues shall be increased \$1.00 (\$4.00 U.S., \$4.50 DX per year)

YES  NO

A note of explanation: It is in the best interest of YLRL, due to bookkeeping problems and other complications, to offer the dues-increase plan favored by the majority of the Board of Directors. It is hoped that if this plan is adopted, even if there are minor increases in printing and postage expense in the near future, there will be no need for an additional increase in dues.

NOTE TO DX MEMBERS: Since you will be voting only for the major officers, it may be more convenient and save postage if you will remove this page only, along the dotted line. If you prefer to use an Aerogramme, which permits no enclosures, you may copy down the names and indicate your choices in that way.

## Members Urged to Vote

The Nominating Committee has done such a fine job of preparing this Ballot for YOU. Now, it's time for YOU TO DO YOUR PART! It won't take but a minute! Follow the instructions on pages 14 and 15. Then, RUN - don't walk - to the nearest mailbox and send YOUR V O T E - TODAY!

K4HSC, Meg, has a new antenna built by her son, Jack, improving her signal quite a bit. Thanks, Meg, for such a fine job as relay station for the Georgia Peaches and for taking over for us when band conditions were really terrible.

Frances, W4AAB, has had lots of company and is expecting more. She will find time to go to the Orlando Hamfest, June 15 and 16. From the sound of things Tuesday morning, many Floridoras will attend.

K4WXS, Lee, is knitting a coat for her trip to New York in July. It is an off white and from the sound of things, it is very beautiful.

A big welcome is extended to Betty, WA4QJG, our newest member in the Fourth Area. Betty and her OM Harry, W4GRH, are members of ARRL, the Amateur Radio Club of Savannah, and are charter members of our Repeater Association. A Technician, Betty is very active in the two meter activities of the club Savannah Samaritan Society, Repeater Association Net where she has served as Alternate NCS, and she has just completed a phone patch kit for use on two meters. Betty built it all herself and it stood the smoke test.

WB4NTW is very happy to announce that a QSL Manager has been obtained in the person of Betty Prince, WA4QJG, 1419 East 60 Street, Savannah, Georgia 31404

We hope that your summer will be a happy one and that by our next deadline, August 25, we will have heard from many of you in the Fourth Area. To see your news in print, drop us a line. From all of us to all of you a very thirty-three from yours truly, WB4NTW. Have a safe, happy vacation and we will see you again soon.

Violet, W6CBA, District Chairman

With summer right around the corner, it seems that a lot of people are already planning vacations. At least that is what our last YLRC of Los Angeles sounded like. More about that later.

K6VFE, Sister Charlotte, sent me a letter stating she thoroughly enjoys reading each copy of YL Harmonics and can't wait for the next one to arrive. She is in her 3rd year of retirement now, from teaching science in secondary schools. She teaches Novices and 24 have taken their exams. She has been speaking to the mentally-gifted children and the Rotary clubs in her area about ham radio. She and another ham reactivated the Poinsettia Club of Ventura and their attendance has averaged around 30 people. Lenore, W6NAZ, even addressed one of the meetings. (You're really something, Sister Charlotte! Thanks for your letter.

W6KHM, Mike's QTH has been getting a face lifting, I understand. New tile and bright orange tweedy carpeting. WOW!

W6YKU, Jackie, writes from Chico that she traded jobs in YLRL, relinquishing the busy work of being Receiving Treasurer and accepting that of Continuous Membership Chairman. She still attends college full time and is doing the bookkeeping for her church. She also sent a picture of Nell, G2YL, taken last summer, while Jackie was in England, to the BAYLARCs for their scrap book.

K6HHD, Jan, has also retired from her job as Disbursing Treasurer in YLRL. The BAYLARCs thank these gals, as we all do, for their efforts and service in this capacity.

WA6PKP, Vera's orchestra group gave its spring concert a few weeks ago. She now fiddles in the first row. Their concert was held at the College of San Mateo auditorium. A huge success.

W6BDE, Esther, had a wild weekend a few weeks ago in Reno, Nevada. She went for broke on the one-arm-bandits. In spite of all the excitement she did visit with K7QGO, Mae.

W6TDL, Clara, and OM Jim had a beautiful Bar-B-Q for over 50 people in Hemet. This was their way of thanking the YLRC of LA for all the work and effort of the gals over the years when she was not always able to help because of personal reasons. BEAUTIFULLY DONE, Clara and Jim!

WA6QKC, Joann, and OM Duncan had a fantastic trip to New Zealand. I haven't heard too much about it yet, but they did have a marvelous visit with ZL2JO, Thelma. Will tell more later.

K6AYJ, Edith, had a beautiful wedding in her family.

W6CBA, Vi, is now planning for three weeks in Hawaii instead of two. Will be visiting with KH6BIH, Dave, and many other KH6's. Hopefully, some YLs. Am planning to operate from Hawaii and give contacts to those who need a YL in Hawaii. This is my 20th wedding anniversary gift from my OM Don. Aloha!

Joyce, K7RRS, District Chairman

WA7RBR, Margaret, of Seattle is enjoying Christopher, her first grandchild, born last December 31.

WA7UFS, Mona, and her OM attended the Western Washington DX Club buffet supper early in April.

Verda, K7UBC, of Idaho had major surgery March 11. She was home on March 15 and has continued her rapid recovery. She has been her doctor's star patient.

Jane, W7LXQ, of Washington visited Honolulu, Kono-Kailua, and Hilo, Hawaii in February. She did a lot of touring and visited most of the "sights." Jane also attended the State of Washington Huguenot Society meeting in Seattle, March 23. Just so she won't have any grass growing under her feet, she plans to take the Tacoma Genealogy Society's charter trip to Salt Lake City the first week in May.

WA7LBQ (ex KL7FPN), Kay of Bluff, Utah, has moved to Rosebud, S.D., where she has a new position in the Public Health Service Hospital. Kay has been having rig trouble, too.

K7TWQ, Jessie, and her OM Clarence are back on their ranch near Potlatch, Idaho, after a winter in Southern California. On the way home she stopped in Redwood City and visited Lucie, WB6RFE.

We were sad to report that W7HMQ, OM of Alice, W7WHV, in Puyallup, Washington, passed away recently. They were married 45 years. Alice is very lonely and plans to move to Las Vegas this fall to be near her brother. We know she'd appreciate hearing from her friends.

We also regret the passing of Violet Weed, WA7LTQ, of Portland on April 7. Violet was active on both phone and CW.

In April Raj, K7NZO, and her OM Chuck, K7UFY, moved from their home in the Olympics to Lacey, Washington. They have moved into a park-like adult community. The community even has a radio shack, and Raj and Chuck plan to help many toward their General Class licenses. Their new address is 2310 Sleater Kinney Road, Lacey, Washington 98503.

Carol, K7WUB, of Wyoming is not on the air much these days. She has taken up golf, under doctor's orders yet, and loves the game. Her daughter Tess, who is a novice, is busy with the piano.

WA7BDD, Joan, of Spokane has a fancy new electric typewriter.

W7QYA, Flo and her OM, who spent part of the winter golfing and swimming in Hemet, California, have returned to their Montana QTH.

W7LCS, Toddy of Seattle, expects to have her OM Bill, W7IYV, home all summer after several months at sea. Toddy is teaching Hawaiian dancing and is a member of a girl's ukulele band. She is also a director of the West Seattle Radio Club.

Pat, WA7GMX, of Washington, was running to her car and fell and broke her leg. Pat, you must slow down!

W7PTX, Betty, of Washington and her daughter Shirl have a fall trip planned to Copenhagen, Madrid, Torremolinas, Tangiers, and Portugal. They already have their passports.

Jean, WA7SOK, of Oregon is having rig troubles; her transmitter will not load on 20. She has MARS 2-meter equipment which will be usable as soon as a repeater becomes available. Jean was on the YL-OM contest. She contacted an OM in Korea, talked also to his XYL, and now has a QSL from Jill Anten, HL9TL, ex-WA7KSD. Jill says they expect to be back in Tacoma in August.

Bea, W7HHH, of Oregon continues to make a good recovery from the injuries sustained in her Oct. 12th car accident. She has been home since Feb. 25. She uses a walker but still has a full leg cast, hinged, on her left side. She expects to be out of it by June 1. Her step-daughter from Portland has spent some time with her, helping. Bea is again N/C on the Monday afternoon Honeybee Net and checks in on Working Girls' Net.

Beth, W7NJS, of Portland spent fifteen days in March in California visiting with relatives and ham friends. She is becoming a member of QCWA in late April.

The Minow picnic will be June 1 and 2 in Coeur d'Alene, Idaho. For more information contact K7UBC, Verda.

K7CHA, Bertha, is busy helping her OM Harry, W7RZY, with the 42nd WIMU (Wyoming, Idaho, Montana, Utah) Hamfest. They are secretary and president, respectively. The hamfest is August 2, 3, and 4 at Mack's Inn, Idaho. Bertha is interested in trying to get licensed YLs together at the hamfest. If you are going to be there and are interested in having a time for an eyeball QSO set on the program, please contact Bertha.

We would like to have some news from Arizona.

33, Joyce, K7RRS

First of all, my sincere apologies to Rosemarie, K8VFR, for not proof-reading last issue's news and catching the glaring goof I made. Herewith the complete story: On April 5th her daughter Rebecca was married to Fraser High School coach, Mario Borrocci. Many happy years together!

A delightful letter from Joan Bryner, WN8PAV, tells that she and her mother Joyce, WN8NWT, both passed their general tests on March 22. She wants to thank Myrtle, WA6ISY for the nice letter welcoming her to YLRL and for the good advice. "Every time I started to get nervous during the general test, I would think about her telling me to eat two bananas 1/2 hour before the test. It really helped a lot." Did you really eat the bananas or just think about it? Joyce has been a novice for about a year and a half. Her age is the same as Jack Benny's and she is a nurse anesthetist at the local hospital (Grantsville, W.Va.). She plans to stay on CW and be active on the CW nets. Her other hobbies are tropical fish and three kids. She only needs 3 states to get WAS on 80 meters. Joan has been a novice for about a year and is 17 years old. She also likes CW but wants to work SSB too. Being active on SSB and CW nets will use her other hobby—talking! They are trying hard to give up their distinction of being the only active hams in the county.

The TASYLs held a meeting at the Great Lakes Convention March 23rd at Muskegon, with ten members attending. Plans were discussed for observing their 10th anniversary in 1975, as well as for a get-together June 30th at the Green Lake home of Pat, K8TYK. Due to the resignation of the President Marion, WA8OCD, the Vice President Rosemary, WA8VXE, has taken over her duties. Thelma, WA8ENW, was appointed net chairwoman. An evening net will be held the first Monday of the month at 7 pm on 3950 so the working gals will have a chance to check in.

The Buckeye Belle annual meeting was held Sunday, March 31, at the White Lily Chapel, in Ashley, Ohio, under the Chairmanship of Ruth, WA8CJP. The Cincinnati and Dayton girls made the favors and the Chix-on-Six provided the program. All attending were asked to bring "goodies" to be raffled off with the prizes. Bet there were lots of unusual things among them!

All YLs are urged to look up the Buckeye Belle and YLRL booths at the Dayton Hamvention for eyelash QSOs with lots of the gals you may have met only on the air. Dayton gets more and more like a giant family reunion with activities to appeal to all interests.

Hunting for YLs? Try the Buckeye Belle nets Monday morning 8 am at 3950 and Tuesday evenings 8 pm at 3972. NCS for the am net is Beulah, WA8EKQ, and Edie, W8MBI, for the pm net. (Also, TASYLs morning net is Thursday 9 am 3850, Thelma, WA8ENW, Net Chairman.)

To close with some personal news—Ruth, WA8FSX, and her John, W8FGD, are the proud grandparents of a baby girl, Amy Kathleen. Her mother is Ruth's daughter Nan and her great aunt is Nellie, WA8DWL. Congratulations!

Keep those cards and letters coming, folks! Next news due in August so brag about all your vacations.

Spring has sprung! And with that comes Hope...to get that tower up and start working the low bands once again. Right now we have only 2 fm in the kitchen, of all places, and a mobile rig, but that's not like sitting in the shack and racking them up. I'm also interested in amateur TV so that will be a new experience. Saw it demonstrated at SAROC and it aroused my curiosity.

Hats off to Marilyn, now WB9MFC, for having 243 QSOs in the Novice Roundup (including a LU on 15). You deserve something for that...hi. Marilyn will be trying for her general shortly.

All YLs are invited to work the Six-meter Club of Chicago Repeater, WR9ABC. Frequencies are 146.37 - 146.97.

A big reminder that the Six Meter Club has changed its date and location of the hamfest. The date is June 9 at Santa Fe Park.

We are planning a vacation trip to San Diego, California, in August and in between this and that get back on the air to meet some of you.

Have a happy summer, lots of gud DX, and please remember to send me your happenings.

By now maybe some of you gals have met Helen WB0GQL on the air or in person at the Dayton Hamvention. She and her OM, WB0GVR, were going to stay with Louise, WB8JIB, in Yellow Springs and try to put up a 160 meter antenna for her while there for the Hamvention. I will be anxious to hear about that since the OM and I love to go to Hamfests.

Since Helen didn't have her General Class ticket yet, she gave the Novices some great competition in the Roundup Contest, coming up with a total of 74,108 points. She made 749 contacts—24 countries—and a 15 WPM CP certificate. Congratulations, Helen!

Helen works with Cub Scouts, PTA, and painting. Her latest painting is a textile 3' by 2' of the Lord's Supper. She has also done a Bullfighter in glitter paint and a White Velvet of Jesus' Head.

She is going to try to get us some new members from five YLs in her club that will get their tickets around the first of June. Good Luck!

Yours truly and family are very much enjoying the beautiful spring we are having in Iowa and our new QTH. We did get our antennas up and that helps me check out the FPM 300 even more. I even got on the YL Open House Net last Wednesday and enjoyed hearing all the gals and most even heard me. Today I got the news that I will continue to be NCS for the Iowa 75 Meter Net until next May, 1975.

You that enjoy going to Hamfests or Conventions will want to watch QST or the August issue of YLH for news of the Midwest Convention. It is going to be held in South Sioux City, Nebraska, on October 4th and 5th and I will get more details for the August issue of YLH. Hopefully, I will get lots more news for that issue, also.

Aloha -

Bea, K1OKC, visited Honolulu in February from Augusta, Maine, and called me on the land-line. She didn't know that I was from Maine too so that made our QSO all the more interesting.

Jane, W7LXQ, formerly KL7AX in Anchorage, was also here and called me for a nice long chat.

I'm not on the air at all for the moment and no news from Mary, KH6HPS, this time so guess that's it for now.

33, Dell, KH6TI

## Notice

I have a letter from Ada, I3MQ. Ada would like YL MEETINGS on the air—not contest—but just an opportunity for DX and American YLs to work each other and get contacts toward YL Awards, and also get to know each other. I think it is an excellent idea. She would like to have regular week-end hours for perhaps 24 hour periods once a month on all bands because W K and VE YLs have very few occasions to meet DX-YLs on the air: only two times in one year in contests and if conditions are not good, they must wait for the next year to try again. Will every YL who is interested in such a YL meeting-plan please contact her own D/C and then if the D/Cs will get in touch with me, we can arrange and advertise frequencies and GMT for both CW and SSB.

33, Eila, WA8EBS - President

## Silent Keys

It is with deep regret that we report the passing of Helen Swanson, WAØSVD, on December 29, 1973, at the age of 37.

Helen was stricken with polio at the age of 17 and had been confined to a nursing home since 1960. She had been most active on the ham bands—75-40-20-15-10, and was a member of the Handi-Ham System, PICONET, RARC, YLRL, YL ISSB, IHC, PLC, 10-10, and ARRL. YLRL extends our deepest sympathy to her family and many friends.

We also regret to report the passing of Edna Moss, W4DBX. Edna was a member from 1955 to 1967 in YLRL.

WRONE CERTIFICATE RULES

1. Work 6 WRONE members with at least three different New England States represented.
2. Contacts must be made after May 1st, 1959, on any band, except contacts on any WRONE net do not apply.
3. Contacts must be made from one location except Maritime Mobile Stations. The MM's need only work the specified number of contacts while Maritime Mobile.
4. Sppllication may be made by sending a list of your 6 contacts showing Call, Date, Frequency and State. Have the list certified by an officer of a Radio Club or 2 other Hams. (A certified list shows the information shown on the QSL cards from the WRONE members - the signatures of the Hams certify that they have seen the QSL cards that correspond with the list submitted.)
5. There is a 30¢ charge - send the list and 30¢ to the Custodian: Dee Shaugnessy, W1ZJS, P.O. Box 142, Upton, Mass. 01568
6. There is a Gold Sticker issued when another list is submitted with contacts listing the other three New England States, (not shown on orig. certificate).

# We Miss You!

No district news from Two-land, Five-land, KL7-land, and VE-land. I suspect that the Canadian postal strike prevented news from VE-land.

My grateful thanks to all who sent their news on time. Next deadline for news is August 25. For those of you who will have no news to submit, please send me a note to this effect by the deadline so that I may plan the "layout" of the magazine. Thank you.

Carrie C. Lynch, WA4BVD, Editor

# Upgrades

YLRL congratulates the following YLs who have upgraded their license.

WN2TAA is now WB2TAA after achieving General. Also achieving Gen. are WN7SVV—now WA7SVV, WN7UFS—now WA7UFS, and WN8QGD—now WB8QGD.

WNØGMC has upgraded to Technician with new call of WBØGMC, and WA9TVM has achieved Advanced.

# Sympathy Note

We are sorry to report that W7HMQ became a Silent Key recently. He is the OM of Alice Young, W7WHV. YLRL extends our deepest sympathy to Alice and her family.
