Greetings and Welcome to Huntsville!

I would like to welcome each of you attending the Young Ladies Radio League National Convention. We are so pleased that you have chosen Huntsville to have this special event.

While you are here, I hope you will have time to visit some of our attractions. Big Spring Park offers a beautiful setting for a leisurely walk day or night. The Huntsville Museum of Art is a short walk from the convention hotel and will have on view during your visit *Encounters: Shane Fero* which showcases the North Carolina artist's glassmaking technique which has escalated lampworking to a high-art form. Huntsville Botanical Garden is always in bloom. The U.S. Space & Rocket Center displays the history of space exploration and glimpses of its future. The recently opened Davidson Center for Space Exploration has the only original Saturn V rocket that carries the designation of a National Historic Landmark. Burritt Museum on Monte Sano offers an outstanding view of the Tennessee Valley. The Huntsville Stars AA professional baseball team plays the Chattanooga Lookouts at Joe Davis Stadium August 14th -16th. Friday night's game is highlighted by a spectacular fireworks finale. There are many sights and wonderful places of interest for our residents as well as for our visitors. I hope you will have the opportunity to enjoy some of these while you are here.

Best wishes for a successful convention. Please visit with us again.

Sincerely,
