Secretary's Corner

Renewals:

Bea W1NSA - Louise W1MDV - Charlotte W2NSL - Lenore W2NAZ - Hilda W4WWR - Ruth W5IZL - Lily May W5JZQ/6 - Anna W6VWR

Reinstatements:

Mike W3UUY - Agnes W4HPK - Emily W9FXM

New Members:

Lura King W8YKU - Maxine Willis W6UHA - Ruby Word W6VRT

Donations:

Ann W3UUY .50 - Hilda W4WWR .50 - Agnes W4HPK 1.00 - Lily May W5JZQ/6 1.00 - Ruby W6VRT .50 - Maxine W6UHA .50 - Lura W8YKU .50

New Addresses:

Agnes Cooley W4HPK c/o Major R. W. Cooley Phibcom Signal Depot APO 75 c/o Postmaster San Francisco, California
 Marty McVay W6PCE P. O. Box 675 Colfax, Washington
 Dean Charles W6GNE R.F.D. #8, Santee, South Carolina

To District Chairmen:

Please make note of the girls who have their report to you by the first of each month, and check same when you send me reports.

To Members:

Please do not send me checks for stationery or pins, as we do not have any on hand at the moment. I will be very happy to have your orders, and fill them as soon as possible. The price of the pins is \$.85 for sterling silver with safety catch, Plus a 30% tax. The gold filled pins for officers are \$1.10 Plus a 30% tax. International delivery will take at least 3 weeks.

are \$1.40 Plus a 30% Federal Tax. I understand delivery will take at least 30 days, will notify you when I receive same.

Thanks,
Helen W6MWO

Dear Yls;

As each of you have experienced, waiting has its wearing effects on one and we find it takes time to get things started too. Although I am very pleased with the way things are moving along and taking shape. I feel there will be much activity on the amateur bands for us during the fall and winter months.

Louise W0JTX tells me she is working to get our YLRL nets started as soon as possible.

33, Lou W5IRC

BIRTHDAYS

Birthday Greetings to the following who celebrated their birthdays during the month of August:

Florence Belliveau	W1SPH	Ella Christensen	K6ROJ
Lida King	W1CQT	Jessie Crook	W7LHK
Caroly Gadenstein	W2LSPH	Sylvia Ryder	W9VCK
Patty Katz	W2RBY	Dorothy Ficks	VE4VO
Edith Pringle	W2OEN	Moll Conroy	G2YL
Gladys Jarland	W2JBI		

The prizes for the district charity contest are as follows:

First Prize: 100 sheets and 100 envelopes of YLRL Stationery

Second Prize: 50 sheets and 50 envelopes of YLRL Stationery

Third Prize: 25 sheets and 25 envelopes of YLRL Stationery

DISTRICT NEWS

First District:

D/C Beatrice Myer W1NSA

W1ZR Edith, has just acquired a new transmitter, a Meissner 150B with shifter, from government surplus. She has made two overseas contacts, England and France, on 20 CW.

W1FTJ Dot, is using a Hammarlund Super-Pro. She has just worked Liberia for her 47th country post-war. Ruth, W2WV, dropped in for a chat recently.

W1KUI Ellen, has had fairly good luck with a Mark II Zenith receiver and transmitter which she bought recently. She has just returned from a very enjoyable vacation in Maine. Is still repairing radios and is on the air occasionally.

W1MCM Lou, is thrilled over working VSSAF, Arabia, her 44th country on 10 phone. She enjoyed a chat with W1FTJ and OM while on vacation.

W1NSA Bea, is very busy getting ready for the opening of school. Hopes to be on the air in the near future.

Second District:

D/C Lenore Conn W2NAZ

W2QCK Sophie, (not call correction) is deep in the building of her first transmitter; predicts operations by the time you read this. Sophie is prexy of NYC club of the YLRL.

W2OWL Ruth, is back on 10 phone after a motor vacation in Canada, plus visits with Dot W1FTJ and Marge W2NAI. Ruth wants to know how Dot wangled a license plate number 7388? The "Night Owl" worked her first Dx - a W6.

W2TU Rose, lately involved in four-ways on 10 and building new ECO and modulator. OM very kind in helping other YLs get on the air. (Isn't Rose's call elegant?)

W2QWL Mignon, and Catherine, W2RAQ, guest hamming at PMA'S and all steamed up to get their own stations going. Major triumph when RAQ's OM was won over to ham radio through the visit.

W2OVV Mina, of Greenwich Village has a Millen Exciter on 10 phone but Mr. Redgrump, small son, keeps her too busy to use it very often. But listen for the half-kw of LLZ, Mina's OM.

W2QJC Rita, still getting a full share of cw as a Press Wireless op. Rita, like Jeanne, W2PZA looking for a xmitr to run on DC and Guaranteed BCI-less.

W2PMA Lillian, hard working secretary of NYC club just took on same job the the new MARC. She's anxious for the bigger rig to get on 10, altho her first will work the W7s. Lil has been inviting new YLs to work their first QSOs for her sta.

W2NQC Violet, welcoming back her brother, W2NPFY from the Mth and getting him to help her build a modulator. She has been burning up the low frequency end of 80 meters.

W2RUF Clara, ex-W8KYR - Welcome to our district. Sorry you had to give up W8KYR but we know you'll make W2RUF equally famous. Clara recently gave a four hand piano duo recital with herself and W2 AAU ex W8AAU of Rochester New York. They met via amateur radio.

Congratulations on new calls -- Ann Friedman W2YGB - Pam Katz W2REY - Mignon Rosenfeld W2QWL - Cecil Waters W2QET - Edith Pringle W2QEN.

Kit Zionson starting to build her rig and hoping her call comes soon. Nearly all the other ASPH's with the same hope.

Heard on the bands: W2NGO Anita on 10 phone; ditto Willie W2MGG; W2EKA Kitty also on 10; W2IXY Dot working the world again on 20 phone; W1NVP/2 (W20LB) Amelia on 40. She is kept busy collecting news for her column in Q. The "YL Frequency". Help her out.

Vi, W2JEX

Looking for: W2MJS Emma, and W2NSL Charlotte and everybody else.

Thanks for the honor of District Chairman. Again many thanks to Dot W2IXY who served us last term. Pse, oh pse, send in your news items first of each month. 33 de W2NAZ Lenore, who has retreated to 40 cw after giving all other bands a try. How abt skeds, you W6s?

Third District

D/C Fran Darno W3AKB

W3CDQ "Liz" writes as follows: "on air with new rig on 7 Mc. 846 xtal osc., 807 doubler, 100th final with 1800 v on plate, 7 and 14 Mc. Another rig is on 145 and 13609 kc. Antenna not too good. Won some coil dope (fingernail polish) at recent Washington Radio Club Picnic. Hi!!!

W3UUY "Mike" writes "I am now in your district by reason of the change in call area. Have received my new call from FCC; it was changed from W3UUY to W3UUY. Haven't much to report. The OM and I are traveling around the country. He is on 2 meters mobile and we are working on a 10 meter mobile rig for me, but we are having trouble getting the parts we want to make a compact job, with low power, since it is to be operated from the car battery."

W3AKB Fran, have rescued my old rig from the attic of our house in Philly and brought it down to Washington to our apartment. Once we get the problem solved of how to hang up an antenna in the restricted area (no poles over roof level), I will be on the air pronto. In the meantime will be on now and then from W3BWT which is the rig belonging to my OM over at his Mother's QRA.

Fourth District:

W4GUZ Deen Charles should have the prize in the fourth district this month as she had her news to the D/C August 29th. Exciting news, Deen has been trimming little things in pink and blue - is expecting a harmonic in a couple of weeks and she hopes it is a YL. Hi-hi. In addition to that, her OM has built her a 10 meter rig. She wont be using it immediately but will expect to in the not too far future. She also is fortunate in finding a str room house to her liking in Seneca, S.C.

W4HNS Jerry has been operating 10 meters but not getting very much. they are waiting for coils for the RT-9. The OM is getting ready to climb the apartment building there to put up the antennas.

Fifth District

D/O Eunice Falconi W5ZA

W5IKC Lou says her radio club is making plans for a treasure hunt, working on five meters. Hopes to create more interest on this band. Will start her bowling league play the first and second weeks in September.

W5JAD Ethel, writes that she and Tom have just returned from a vacation spent in Colorado. She has worked Capetown South Africa with her low power (16 watts) last week. Sunday W5HYT and XYL and JENP and WENYF, all of Amarillo, Texas drove up to see them. Both had mobile transmitters, and found Ethel and the OM sitting on the porch. (Fine thing, Ethel, for two enthusiastic Hams, HI) Ethel has a reservation at the Biltmore for the Ham-Fest in Oklahoma City.

W5FJW Judy, spent two weeks in Los Angeles, but was so busy she didn't have time to do more than look in one shop window at a lot of ham gear, Judy is not on the air yet, but she did get poles up for antenna, had everything wired up for a certain spot, then changed her mind, but hopes to be on the air before very long. She will be on 40 C.W. for a while. Judy and Fan Wells W5HEK are the two girls in a Radio class taught by W5IVF. Judy is going to try for her class A, but insists she is too dumb. (Bet you make it Judy).

W5ZA Eunice is on ten meters with a little 18 watt transmitter. So far hasn't made a single contact, as the band has been very poor since the rig was hooked up. The big kilowatt job is still in the process of being over-hauled but should be finished soon. When finished it will operate on ten, twenty phone and 40 C.W. Her OM has been ill most of the summer and has had very little time to work on the rig.

Sixth District

D/O Clara Dickson W6TDL

W6UNF Edie still on 80 meters in spite of summer cough and having good rag chews. Had a nice visit from Edna W6LSP.

W5JZK/6 Lilly May has not been active this summer but hopes to be back at traffic handling with a 60 feet tower antenna and a KW on 10 meters, when it really opens up again. She and the OM Wayne, are planning to attend the ARRL Mid-West Convention in Topeka Kansas October 5th and 6th.

W9WCW/6 Ruth, Formerly of Madison Wisconsin is now W1WQX. She is anxious to contact her former ninth district friends on 10 meter phone. Worked Helen W2POT and arranged for her YLPL Reinstatement. Ruth and her OM, Hank, 6VRC are enthusiastic YLRL boosters.
(My grateful thanks, Hank and Ruth for your swell co-operation)

W6UWR Louise is the proud possessor of a new station call. She is formerly W2LSPH, New York City. Louise has been ill but is better. She and the OM are vacation minded.

W6UHA Maxine is the newest addition to the ranks of the sixth district and a most welcome one. Maxine handled plenty of Pacific C.I. traffic on 10 meter phone and is now busy doing the same on 20 meter C.W.

W6TDL Clara hasn't been too active this summer, except for personal Qsos. Best recent contact was renewing old friendship with W4FCW/JR Yokosuka Japan, ops Brad & Rick 1/2 hour qso q5r9plus.

W6MWO Helen is very busy with her new duties but took time out to attend the Glendale Fiesta and Barbeque. (Sixth district is proud to acknowledge you as our new YLRL National Secretary, and offers you our fullest cooperation and support. Judging by your past record as sixth district chairman, we'd say a very wise choice and best wishes for a most successful year.)

W6TCH Marty's new QTH is P.O. Box #675 Celfax, Washington. Marty has joined the OM in Washington and they plan on living there for a year or two. The OM's call is Q7EJN so they hope to be on the air soon with his call. Spent a week at Lake Chatcolet, fishing and relaxing. The sixth district girls miss you Marty, but happy you are there with the OM enjoying yourself.

W6WRT Ruby Word ex W9TAB is another new member and most welcome. Just received her W6call. She is operating 10 meters and Helen W6MWO had a very nice QSO with her one evening. Her OM's call is W6UTZ.

Seventh District

D/C Lizette Wolf W7HDS

W7HHH Bea had a grand trip to Lake Louise in Calgary, Canada and Glacier National Park. While in Walla Walla, Washington, Esther W7LXR visited her. Had missed seeing Betty W7GJQ, at Whitefish, Montana, who is now Boise, Idaho.

W7HYO Ann who did such a fine job as D/C for our district last year, reports a very warm summer but was planning a fishing trip over Labor Day to forget it. Was happy about getting ye ole Ham tickets renewed for a five year stretch.

W7LHK Jessie is assisting her OM - back from overseas - in his dentist office and redecorating their home. Plans to do a lot of Hamming when the rainy season sets in there with their new Super-pro. Had a nice vacation at Campbell River and Vancouver Island with sun-burn for good measure.

W7LJF Helen's little girl Patty is recovering from Polio, and is at home now, doing very nicely, we are happy to say. Helen's son won \$100 in the Fisher Model Contest, as first in the junior group for Wyoming. Her OM W7LJQ with 500 watts on 75 poles a hole in that band for Helen to peek through nine plus.

W7LXR (Via W7HHH) Esther is renewing her membership in YLRL, and we are happy to have her back. She works 40 and 80 CW.

W7JFB Miriam and I have been holding skeds on 20 phone almost daily at 1400 MST on 14260 KC. She is anxious for the YLRL Nets to start. Has 200 watts on 75 phone also. Has been building a converter for six meters which she days is very active there.

W7JWC Manila a new member now in Kirkland, Washington, says she will soon be home in Montana again. Her new rig will have a pair of 24G's, but has been on 80 CW with a pair of 6L6's working her brother W7FDY. Hopes to join the YLRL 80 CW Net. Has Harmonics (twins) Jerry and Linda, age 20 months.

W7HDS Thanks for your fine co-operation in furnishing such help in your many letters and cards girls. Our DX members in the K7 area will no doubt have their news in for next issue. I have been active on 20 and 75 phone mostly. Plan to attend the Sept 14 and 15 Convention in Denver. Have the OPS certificate on the wall again.

33c, Lizette

Eighth District

D/C Peggy Henry, W8Y0J

W8WJT Avis, who has been working the OM's rig (W3WJU) since last November, now has her own 50 watt transmitter on 10 meter phone. Her first DX was CM9EN Perthshire, Scotland, whom both she and the OM have contacted before.

W8JSH has now received official word that her call is to remain as is, since she is now in third district. Has been busy but has found some time to operate on 80, using the OM's call, W8KWA.

W8YEL says that every time she is busy canning peaches, the band opens up, with the result that occasionally she forgets her peaches (who wouldn't). She also has been using the OM's call (W8VIB), has had little luck with DX, her only contact being with KP4AY. Better luck in the future, Margaret.

W8UUC has been working 10 meters under her call and 75 under the OM's call. They have worked 53 countries on 10 since the war. She would like to contact some other girls who would be interesting in starting a net on 75, in the mornings. How about it girls?

W8KNC Opal is feeling much better, and is awaiting her W3 call. She has not gotten on the air but is thinking of taking up CW since she cannot work on the new phone band.

W8KYR has now received the new call of W2RUF. Our loss is the second district's gain.

W8Y0J My twin brother, W8YLO, and I have just received our station licenses but as yet are not on the air, but we're still hoping.

Ninth District

D/C Harryette Barker W8KSA

No report:

Ten District

D/C Loretta Ensor W8QJA

W8OUD Letha has xmitter on 40 M, located in svc shop but not good location for antenna because of trees. Is also writing mystery story in her spare time.

W8OWQ Mamie has xitter in K.C. having some changes made. Expects to be on in about one month on 10-20-40 M.

W8DBD Leta has a phone on 20 where she hears plenty of dx. Is working for nets administration as an adjuster.

10719. I don't see how she can since 3-15-48. She and OM living with her mother, have a good shack. Spending most of spare time sewing for little harmonic group in November. Has built fifteen couplers on 10 and 20 M, running 300 W to pr T-40s with rotatable 30 m doublet perched atop house for antenna.

WcUA Loretta like rest of girls, feel lost with new call. We have moved 80 feet west back of radio room and painted both masts. Now single horizontal wire, top fed 30 M antenna stretches between the two. Have also moved 4 1/2 years of dust and made wire replacements to big xmitter. After some crystal grinding will be ready to tune xmitter to 80 M.

From the editor

Due to the fact that due to my not being familiar with the duplicator and the time for sending thru express, the paper is late but I will try to do better next month.

If members will send their zone numbers to their district chairman or to me, mailing will be easier and faster.

To District Chairman:

Please be as brief as possible with your news.

Your Editor

Clara Leger W2RUP ex W8KYR.

...

Girls, this issue isn't very good but I hope to do better next time. This is my first experience. Please excuse any mistakes.

Clara
