| EDITOR . . . . .             | LOU LACY W5IKC             |

??? YL WAS ???

How are you doing with YL WAS? We would like to print a comparative list of who's worked what -- so kindly drop me a postal telling us how many YL QSL's you have from how many different states. Let's see who's highest on the list in the attempt to work a YL in every state.

33 Lenore Conn W6NAZ, V. Pres  
4639 Coldwater Canyon Ave.,  
North Hollywood, California

NEWS ITEMS AND PICTURES WANTED BY P.C.

All members are urged to send any news items and pictures of themselves (or of club groups) to either your local District Chairman or direct to Amelia Black Lobsenz, W2OLB, YLRL Publicity Chairman. Amelia is trying to gather enough news and pictures for an article on YLRL for QST soon.

Let's give her a hand on this and send along anything you might have as quickly as possible. Amelia's Qth is:

Amelia Black Lobsenz, W2OLB  
c/o Freitag 890 Drewry St. N. E.,  
Atlanta, Georgia.

2nd. District

D/C Wilhelmina Grabner W2MEG

W2FKA Kitty her OM got his ticket (W2VKH) Congratulations.  
W2IXY Dot, YL's had very nice time on June 28th at her Qth.  
W2MEG Willy, thanks the YL'S for electing me their district chariman. I will try to do my best.

W2NFR Helen, vacationing down in Knoxville, Tenn. visiting her sister, miss DX-ing but enjoys the lazy life.

W100H/2 Louisa, has now receiver.

W20ML Ruth, misses the ragchews on 10 meters, swimming is her only sport; wants a receiver up in So. Fallsberg to listen in.

W2PBI Jerry, Jerry's call is heard on 10 M 8-10/14/15/48 hows the camp.

W20GK Sophie, having a transceiver made for her vacation.

W2PMA Lillian, is being qrm'd by a big owl flying (PM.) pass the shack (low too) and parks in the tree in Marnasoneck! Must be interested in ham radio.

W2RAQ Catherine, played hostess to her cousin W2WOC from Niagara Falls who is strictly CW on 4626-4666 kc

W2RUJ Berle Smith from Madison, N. Y. visited W2PMA Lillian and met the Westchester hams she had fone chats with W2OVV W2QJC, sorry she could not meet more XYL'S while in NYC.

W2WOW Jo, has a rig on N.B.F.M. 40 watts input has ticket 6 years, takes an awful ribbing from the boys WOW (Wild Old Woman).

### 3rd District

D/C Miriam Blackburn W3UUG

Thanks to all the third district girls for electing me as your chairman. I would like some news about yourselves.

W3WKD, Jackie is on 20 meter phone. Gets out O.K. in the States but not too well on DX with the present antenna. Jackie and OM are expecting first Jr. OP in September. Best of luck, Jackie.

W3JSH Dottie, hasn't had much time for ham operating but expects to be on more now that the baby is 5 months old and she has a breathing spell. Dottie worked her OM on 40 C.W. when he took a two weeks cruise to Halifax, Canada with the Naval Reserve.

W6TOY/3 Eleanor isn't active at present but keeps up on all the news of the girls anyway.

W3UUG Miriam, have been working 10 Meters and 75. I'm always on the look out for more girls on our 75 meter net which meets every Tuesday at 5:45 E.S.T. How about some of you girls joining us. I had the pleasure of meeting Kay W3KGC at a ham fest in Pittsburgh this year. Any of you gals happen to go through Pittsburgh please look us up.

### 4th District

D/C Anita Bien W4JCR

No report.

### 5th District

W5IKC Lou, has been busy collecting equipment for a 3 element rotary beam, hopes to be on ten meter phone in the near future.

### 6th District

D/C Enid Aldwell W6UXF

W6NAZ Lenore is enjoying a new Meissner Signal Shifter and able now to keep skeds on any street corner. Thanks to Naomi W6YZU for hooking her up with her first ZS. (Stars over Hollywood did Lenore's play on one of their recent broadcasts. We are proud of her.)

W6PVV Jean is taking a vacation fishing trip in August, up into W7 land. She expects to do some portablenobile work on 28,988 KC and hopes to contact some of the girls. That should make the trip a pleasant one whether the fish are biting or not. Some of her recent DX is KP6AA, HH2CW, OA4BS, K7GYL, CX1DB, J2SJS and LU8EE.

W6SLT Edna has been enjoying the YL skeds on 14,140 and 3768 KC Lenore W6NAZ and Naomi W6YZU have been joining in on the 20 meter net, but they skip right over Edna.

W6TDL Clara is busy making preparations for the first fall meeting of the LA-YLRL group. They will open their year's activities with a luncheon on Sept. 13 and a big meeting is being planned, with all sorts of special features.

W6MSV Carol still has her nose to the ol' grindstone at school. She says the long summer-school hours and the studying in the heat are keeping her waistline in good shape. Her OM is converting their BC348Q so that they can do some listening in, until such time as they can get on the air.

W6YZU Naomi, is doing a good job of handling some tlc between a 2S and me, her KW gets out a lot better than my 250 watts. (W6NAZ) she gets up in time for a 5:30 AM sked. Imagine! I have been dragging myself out of bed just to listen in, feeling it the loyal thing to do just because she is so good about keeping the sked. Hi.

We are proud and pleased that three of our new officers call the Sixth District their home. We know that Helen, Lenore, and Louise, together with the other officers, will do their best to guide the club through a successful year, and we offer them our congratulations.

Enid.

#### 7th. District

D/C Bea Austin W7HHH

W7GLK Dot, "We went out on Roxie Ann Mt. Field Day competing for prizes given by Rouge Valley Radio Club. Had a good time. Got in on one round of YLRL net on 20 and will break in again someday."

W7HDS Lizette, we are expecting quite a lot of company for Frontier Days, which takes place next week. We will leave for our vacation August 1st, and should be back about August 17th. Have my new VFO and so HDS is back on all bands again. Have handled over 100 messages for the boys at Vets Hospital here and thanks to the many YLs who helped me relay them. Spent a few week-ends in the Colorado Rockies, so am a bit wind, sun and saddle burned. Will try to keep the 20 fone skeds while on vacation from Des Moines, Chicago or St. Paul, as we may look up a fe Hams as well as relation.

W7HHH Jessie, have everything set up now even to a new rotary beam built by W7JFV ex 8OUQ. Still helping OM, IHJ in dental office. Very busy. Daughter Jean goes to U. of Wash. in winter and teaches dancing this summer. Going on vacation middle of August.

W7KSG Phyllis, in Korea with Red Cross, Entertains with accordion.

#### 8th District

D/C Gladys Nichols W8SJJ

W8WUF Avis, worked her 48th State last week. Also had QSO with Dean (W4GUZ) and Dot (W1FTJ). Both contacts were most enjoyable.

W8SJJ worked W9JTX (Lou) on 80 CW. Thanks gang for the honor of making me your district chairman. Please send me news I will do the rest.

#### 9th District

D/C Esther Davis W9EFW

W9EFW Esther, have been on a small vacation and expect to be back in the saddle again, will send out cards to each and every girl in the 9th District, would like for each girl to send news for the coming month.

#### 6 District

D/C Joanna Brawley W0JWJ

W0PFO new Qth for Marie is 4960A Mardel, St. Louis 9, Mo. Her OM, Herm had his call changed from 9EZK to W0JWJ. They are trying to operate on 20 meters in a four family flat.

W0BBD Leta is still on 20. She will be teaching school again this fall.

W0ONQ Mamie has been on 20 meters for about two weeks, but will soon be off the air again making the transmitter into a more compact unit to take with her to Columbia when she goes back this fall.

W0ZWL, Martha has not been active on the air since returning from California. She is busy working nights as a taxi dispatcher for Yellow Cab. They use two way radio.

W0UD Letha says activity there is on the scant side. The rig won't go on 40, and 80 is noisy. They are rebuilding their rig and making a new one. Her OM applied for his old call, DF, and got DE instead. Letha's brother got back IGM when his ticket was in for modification.

W0UA Loretta has been busy canning, but she says that "radioly speaking" the 75 meter net is the only active thing going on there. The 75 meter net is nice now, with no DX during the summer. OM BSP has been collecting radio equipment for the school through state distribution of war assets for schools.

W0TAB Ruby works with the 75 meter net occassionally, when she can get up early enough!!

W0JWJ Joanna needs only Asia and Australia cards for WAC. She has been helping the OM, GYZ, work for WAS on 10 meters. Enjoyed using the 3-element beam for some nice DX before short skip set in. Kept skeds with G5CP and CX1DB to talk to a girl in Salford and one in Montevideo with whom she had corresponded for a number of years. The Jr. OP is 8 months old and quite a handful. He's usually anxious to grab the mike and contribute a few unintelligible remarks.

Thank you all so much for your splendid cooperation this month! It certainly gave me a grand start as D.C.

33 Joanna

THOUGHT FOR THE MONTH:

We find two kinds of DX hounds,  
The best one, and the worst --  
The worst is always calling, but  
The best one listens first!
