PRESIDENT'S MESSAGE

A very Happy New Year to you all. As I write this I have just finished cleaning out my files of the past three years, preparatory to shipping all the records to Shirley Rex - your new Treasurer. Of course, I just had to re-read each little note before discarding it. Whether it was a scribbled note on a torn scrap of paper, a formal, typed letter, or written in a beautiful hand on lovely stationery, each gave me a warm, wonderful feeling all over. Particularly dear were the many notes written last year when I was expecting the arrival of my harmonic. I was so tired from moving to this new home; so very busy with all the YLRL dues pouring in; and so pregnant, with the resulting fatigues and nausea that goes with it. Your many kind thoughts were so very helpful in carrying me through a most difficult time. I could not possibly answer them all as they numbered in the hundreds, but I do want to take this opportunity to thank each and every one of you for your kind thoughts and prayers. As I sit here my new little daughter is in her playpen here beside me. Her jabbering doesn't make much sense, but I just know she is trying to say "Thanks" for making her feel so welcome. She is a very happy, good natured little girl and I am sure all your good wishes helped to make her that way. I thank God for my wonderful baby and for so many wonderful friends.

I guess it is force of habit, but I simply must include in this message a word about dues, hi! The amount for U.S. and Canadian YLs is \$2.00 - - all others \$2.50 - - and it is due by March 1st - and delinquent by the end of March. Those desiring their copy of Harmonics magazine sent by Air Mail must pay an additional \$1.50 for postage. U.S. and Canadian dues should be sent to K8MZT, Shirley Rex; all others should be sent to Betty Becker, K5MJW. If at all possible send a check or money order made payable to "Young Ladies' Radio League". Don't forget the raise in postal rates; we don't want Shirley and Betty deluged with a lot of "postage due" notes. Any change of address should be sent to Shirley Rex promptly so that she may include them in the lists she sends to the officers, D.C.s and the Editor. This way you will be sure of getting your copy of Harmonics promptly. If your dues aren't received by the end of March, Shirley must send you a delinquency notice causing additional work and expense. This increase in postal rates is going to hurt but we hope to survive without having to ask for an increase in dues. Last year our income exceeded our expenditures by only \$8.00, so you can see how very close it is. Won't you please help us to help you? Get your dues in promptly and keep Shirley informed of any change in address. If you haven't already done so, why don't you sit down right now and get your check in the mail to Shirley while it is still fresh in your mind.

I have been asked several times in the past why we didn't send out a bill near the end of the year to remind girls to pay their dues. If we mailed out a thousand bills it would amount to \$50.00 for postage alone, to say nothing of the cost of the stationery used! That would make a big "hole" in the \$8.00 "surplus". hi!. Then, too, it would make a great deal of additional work for one of the busiest girls in YLRL - your Treasurer - at what is already the very busiest time of year for her. We put plenty of notice in Harmonics magazine at the time dues become due, so we fail to see the need of sending out bills in addition to everything else.

Almost every president of YLRL likes to come up with some 'project' for her year: an issue of a Directory; incorporation of YLRL; revising the Constitution; a national convention or some such thing. The only aim I have for this year is to do whatever I can to increase our membership; either by adding new members or by getting some of our former members back with us again. We failed to make that 1000 mark in 1962, but I hope to get us back up there and well over it by the end of this year. Won't you all help in this endeavor? If each one of you made as her goal this year the recruiting of one new member or one reinstated member just think what that would mean - - we would double our present membership! If we did that then we would certainly not have to worry about any increase in postal rates... at least not about THIS one, hi! So again you can help us to help you. There is a membership application form in every issue of Harmonics magazine or if you don't want to tear that one out you can contact your membership chairman who is listed with the other officers inside the front cover and have her send you an application card. Here's to a great increase in membership in 1963.

Jean, K6OQD

DUES REMINDER & RAFFLE

* The old story - but still good....Dues become delinquent March 31, 1963.
 * Please get them in before the deadline. To make it worth your trouble, we
 * have a very nice prize that will go to some lucky gal who pays her dues
 * on time. The raffle will go to a certain date (known to officers only) or
 * 600 tickets - whichever is reached first. The raffle ticket will be sent
 * to you with your 1963 membership card. Keep this, as the winner will have
 * to send this ticket back to me to get the prize! No record of names will
 * be kept, so we'll have no other way of checking for you.

* Please keep in mind that the postage is now 5¢ - first class. Third class
 * does not get to me very well - one letter was water soaked, and one three
 * weeks late. I'd complain, but Uncle Sam is the only postal service I have,
 * so I just can't change!

The results of the OZCCA Jubilee (35 years) Contest, which took place in May 1962, have now been published and my OM - Paul, OZ1PR, came in 15th out of 25 OZs in the CW section. Paul had 852 Points. For U.S.A. only W3MSR was listed with 40 points. In the Fone section of the contest there were only three OZ stations and they are as follows: 1st: OZ1MR - 248 points - my first contest on Fone!; 2nd OZ2MI, Mimi - 200 points - sed she was only on to help the scores!; and 3rd was OZ3KE - Svend - 162 points, making a stand for the OMs!

Finland, Norway, Sweden, Nigeria and Malta seemed to be the only other countries taking part in the fone section of the contest, at least the only ones who sent in logs. However, the CW section was a grand success as many hams in many countries kept the 25 OZs busy at the keys, and the resulting logs for the entire contest kept the EDR committee very bust indeed!

My own comments on the contest are that it was hard work, but fun, and as it was my first contest on fone it did a great deal to help me learn more about contest operating. I have since taken part in the Scandinavian Activity Contest, and guess the results will not be published until 1963 - and I reckon I'll be a lot nearer the bottom of the OZs list of results, hi!

Right now I'm getting the log book and QSL cards right up to date so that everything will be clear sailing on the clerical side for the YLAP on 24th Oct. I'm also getting in some time on the key so that my speed will be readable! I doubt if I will make it on fone, as the OM has not got the new PA Exciter completed, and with conditions as they are my signal wouldn't stand much of a chance against the DX stations, hi!

When I last wrote I mentioned the visit made by Marge, K6ZKH. Well, this time I send 33 to you, especially the girls in Montana, from Flo - W7QYA. Flo and her friend Patricia spent about 4 hours at this QTH with my OM & me yesterday, and believe you me, these two girls are having a fine trip and meeting lots of people. The camera Flo has with her is being well used - she had it going here, and if its in good condition still, then I guess there will be more pictures of me in circulation when Flo gets back to Montana. Flo got me by the rig, with mike in hand for at least two of these pictures, hi! Now Flo and Patricia are in Sweden, but I don't know where they go from there. Anyway, Flo will no doubt keep the girls back home posted and on return home will have lots more to tell you all.

One thing about being an XYL ham is that now I never know who will be calling when the phone rings, and it's really rather nice to meet gals from overseas. At one time I entertained only hams who came to visit OZ1PR, but now that we are both hams at this QTH, visitors seem to get a bigger kick out of things - and the YL and XYL visitors seem to outnumber the OMs!. So, keep it up gals, we like meeting you here in our home, though we are equally pleased to QSO with you while we wait for vacation time to come around again. So all the best of good wishes to you. 33 Margaret OZ1MR

Dear YLs,

As a member of YLRL I am glad to wish you first a Happy New Year and inform you that our expedition around the world aboard our boat Danae II will continue today for the Galapagos, and on to Tahiti. The OM and I will transmit on 40, 20 and 10 meters in CW and AM during this trip. It is hoped that we can work several YLs and make large DX. I join to my letter a QSL for the members.

Let me record our story. Danae II left Dakar in French West Africa on 6th Nov. 1960, reached Cape Verd Islands, Martinique, Grenada, Venezuela, Colombia and the Panama Canal with aboard: Clause, Captain and 1st operator of 6W8CB/MM; Claudine, 1st mate and 2nd operator, and Gerald, cabin boy of 8 years old. The rig is a home made transmitter with a 6146, screen and plate modulators by a pair of 1624s; VFO Geloso, antenna vertical Mosley for 10, 15 and 20 and a long wire for 40. The rig is operated from batteries. Receivers: a BC312, an HRO, & a Hallicrafter S40. The rig allowed quite a few nice DX and hope that the trip across the Pacific will be successful and rich in nice contacts. We will be followed by the HP1 and KZ5 OMs and YLs between Panama and the Galapagos on fone on 20 and 40. Wishing you again a Happy New Year, I remain faithfully yours, ClaudineOur address, Claude and Claudine Goche, c/o KØGZN, Harper, Kansas....

(from GM3NYG to K5MJW)

Dear Betty,

As you will see from the above address (Moniaive, Dumfriesshire, Scotland.) I am off on my travels again. December will soon be here and am trying to get all of my days off used up before the end of the year. The house where I am staying was, until a year ago, part of the Laurie estate - you've heard of the song 'Annie Laurie'.

Think I told you about my fortnight in London earlier this year. Have now a copy of the photograph I had taken with Dorothy, G3MER. Am sending a copy to Beth, but as it is colored, don't think it would be suitable for Harmonics. Will see what I can do about getting a copy of it in black and white. Am buying a black and white film for the camera before Flo, W7QYA, gets here so we will probably have lots of photographs taken together. Will send you one if they turn out.

Hope I have the call and address OK as I don't have my address book with me and am trusting that my memory is in good working order!

Beth sent me a copy of CQ/YL - find it most interesting and am having a great time reading it. Started off by reading a little bit here and a little bit there, but finally settled down and read it right through from beginning to end.

Have been riding around the countryside on a bicycle most of the day. Rode into Moniaive (2½ miles) and back for the papers this morning as I thought it too nice a day to go in the bus. In the afternoon I went in the opposite direction taking some jars with me in the carrier on the back of the bike. Finally got back after a nice trip with five pounds of blackberries - could have gathered lots more, but ran out of jars!

Am sending you a postcard by the same mail so you can see what the countryside looks like. The house I am staying in is to the right of the center of the postcard. It is not a farmhouse, although the barns give that impression. As you can see, the nearest house is about a quarter of a mile away. The person who took the photograph has been standing near Maxwellton House where Annie Laurie was born and stayed until her marriage. The countryside is really beautiful right now as the trees are turning color. The house has Virginia creeper over most of the front of it and it looks really very pretty right now as it is mostly red with bits of yellow here and there. Moniaive is also a pretty little village with lots of flowers everywhere. The main streets are very narrow with the fronts of the little cottages mostly opening straight onto the road. Traveling through by car is quite a problem as the streets are only wide enough for two cars. As all the shops are in the main street, once the two grocers have a van in front of each of their shops, the butcher has his van outside his shop and at least a couple of cars are parked it is a problem - even on foot. What amuses me is that although the village is at the most half a mile long, if you live there, you don't go to the shops - you have everything delivered!

From the FINS comes word that Ani ta, ZS1TZ will be in the state of Florida during May of 1963. She's looking forward to meeting lots of the Floridoras - and aren't they just looking forward to meeting her, too!!!.

Peggy Harnois, K1GSF, 56 Pennell St., Westbrook, Maine

Hope all of you gals and your families had a nice Holiday Season and are now getting back to the "old routine". Due probably to the holiday activities, there is not a great deal of news from this area. Sorry to report that Dee, W1ZJS, has been on the sick list. Understand though that she is on the mend, and can now do a little hamming. Ginny, K1LCI, and Ruth, K1IIF have new antennas and that these have made a big improvement in their signals. Ginny promptly christened hers by working Korea. Jean, K1TVT, has been very busy. Along with all the holiday doings, several of her children have had the chicken pox! Leona, W1YPH, has been kept busy with CHC, Chapter 4 new memberships. She says the mail has been very heavy at her QTH and she is glad to see it all. Maxine, K1OGU, and her OM have been going ice fishing - having lots of fun, but getting no fish!! This station received a nice Christmas card from K1SLS/9. Louise said she had plenty of snow at her QTH - Well, Louise, we do too, now!! The movies taken by Bob, K1EFZ, Father of K1GSF, at the WRONE Fall Luncheon are excellent and I wish all of you could see them. Glad to report that the Yankee Lassie net, on phone, is going great. Jean, K1IJV, NCS of the CW net would like to see more of the gals on that net, tho!!

SECOND DISTRICT NEWS

D.C. - Lil Klarfeld, W2IQP, 148 Leslie St., Newark, N. J.

We here in W2-land are experiencing the coldest weather in a long spell. Terrific storms causing broken antennas, beams, etc., have slowed our girls down quite a bit, but with the coming months we all expect to be up and doing again. The NYCYLRL held their December meeting at the home of Madeline, W2EEO - there was a nice turnout. The following attended the HARC Convention: Ruth, W2OWL, Madeline, W2EEO, Dot, K2DPN, Kitty, W2TBU, and Ruth Schlitt. The Jersey Tomaters had to postpone their regular meeting of December 3rd until December 17th because of fog - the worst the state of New Jersey had ever seen.....it blanketed the whole northern part of the state. Election of officers was held and the entire slate of officers was carried over. WV2WOY Lois: big wheel now in operation, but needs to be elevated because of TV interference. WV2WOZ Diane has finally settled down to school work after six weeks at a Girl Scout Day Camp and two weeks vacation at Normandy Shores. She's our youngest member - aged 12. WA2 QCE Leta now has a stacked six over six Gonset Antenna. WV2WPB Royann, and WA2QCE Leta of the Jersey Tomaters plus Dot, K2DPN, also a J.T. member, were in attendance at the Hudson Division Convention in N.Y.C. WV2ZOY Helen, now has a big wheel on top of a clothes line pole. (So if we get out it doesn't make any difference where the antenna sits.)Let's hope the pole doesn't topple over. Frieda, sister of W2IQP is settled in her new home right next door to Debbie K2OTW - W2IQP's daughter-in-law! K2OTV, Clara, finally has her 2 meter rig put together and will be on the air soon. Sylvia Siegle, XYL of K2RKI, is happy to have daughter Sheila home from a year abroad. Most of the year was spent in Isreal studying on a scholarship from the Jewish Agency. The last months were spent in Italy, Switzerland and France. Despite all her adventures, she is very happy to be back in the good old U.S.A. Debbie, K2OTW, President of the Jersey Tomaters, is glad that summer is over and we are going back to our 2 meter net again, and meeting all the girls again. We had a nice turnout at our November 5th meeting. Eileen, K2AGJ has had visitors from Jamesburg. WV2ATP - Lou and his wife WV2WYE, Florence. Eileen is now proud possessor of a new police receiver. Storm damage knocked the top section off her antenna. K2UKQ, Kay not on the air just now....transmitter is being revamped. 33.....Lil

Edith Rosner, W3AAU, 645 Artwood Dr., Philadelphia 11, Pa.

For the first time PJYLs participated in Field Day this year and we're very pleased with our initial results. We had more fun than a pack of monkeys! It always rains on Field Day and this year was no exception. The storm was a bad one, but the gals stayed on the air all through it, and even put gas in the generator every hour on the hour - getting half drowned in the process!! The participants were W3SLF, W3TNP, W3VNN, W3SBE, W3BCI, W3BIN and W3AAU. We used W3AAU as our Field Day call. Sylvia, W3SLF, got out of the hospital after what she called her "grand opening" in time to operate K3UN in October along with W3GTC and W3AAU, with W3VNN on the side. Each year the Delaware Valley Council, of which PJYL is a member, gets an invitation to operate this station as part of Philadelphia's celebration of UN week. Carolyn, Sylvia and I were present at the opening of the event at Gimbel's Dept. Store in the downtown Philadelphia. Sylvia did a bang-up job there every day but one - all day too, and this after surgery! The station was in operation during store hours, so it was quite a job. W3VNN just got back from a mobile trip of Florida with her OM, W3HTF....now I have enough oranges to keep me happy for the next month!!! The annual Christmas luncheon of our club was held at the home of W3TNP on December 8th - turkey with all the trimmings and all the goodies that go with it. Our January meeting will be held at the QTH of Shirley, W3VNN, after we go bowling! Mary, W3BCI, announced her engagement at the Christmas luncheon. She is keeping it in the ham family. Since her plans indicate a June wedding we told her 'not until after Field Day', hi!! Her mother is Fran, W3SBE. Grace, K3OXU, has a new beautiful baby boy. Florence, W3SRS, delayed her planned moving day to attend our Christmas luncheon - That's loyalty!! We've heard that W4VCB, Ev Wykoff, our first president, has joined Waylarks. We are very glad that she and her OM are back from the frozen North country. 33, Edith, W3AAU

FOURTH DISTRICT NEWS

Marge Campbell, K4RNS - 1700 Nova Rd., Holly Hills, Fla.

The FINS (Floridora International Sidebanders) celebrated their first anniversary on December 6th, with a bang up net. V. Mayree, K4ICA, whose brainchild the net is, steered the net through the maze of QRM and DX check-ins in her usual firm, but gentle manner. 47 DX stations checked in to congratulate the Floridora YLs on the success of the net in prompting closer relations with our far-away neighbors, and making it easier for them to contact others Stateside in order to qualify for our various certificates, primarily the Floridora YL official certificate, plus the special award that K4ICA awards to both DX YLs and DXoms for 5 consecutive check-ins. V. Mayree awarded the special certificate to W4BWR, K4RHL, K4GKL, W4CWV and K4RNS for their faithful and loyal support of the net, and they, in turn, made one up, signed it and presented it to V. Mayree for unselfish support of the net.... As a reminder to those who are not aware of it - the FINS net meets every Thursday on 14,333 kcs. at 1800 GMT for the purpose of aiding DX YLs to make contacts until about 2000, at which time the DX OMs are invited for the same purpose. Floridora YLs are on frequency every week, and to eliminate too much confusion, the following skeds have been set up for other Stateside YLs & OMs to join: 1st Thursday of every month - YLs in the 1st, 2nd & 3rd districts; 2nd Thursday - the 5th and 6th districts; 3rd Thursday - 7th, 8th, 9th & 10th District; 4th Thursday - Stateside OMs; and on a 5th Thursday when it occurs - just organized confusion, hi! Should these dates not be convenient to you, we invite you to join any time. Join the fun working the DX stations the easy way - they call us pretty often!

Marge and her OM have named their new QTH "Nova Pines", put in a miniature grove of citrus and are adding the breeding of parakeets to their hobbies once again, having done this before when living in Penna..... W4UEW, Helen, is practicing on her new Hammond organ that Santa brought her instead of being at her rig!! She and OM W4LZT and K4RSN/RNR are looking forward to the Hamboree in Miami. Her OM is QSL Mgr. for UA1KBW, Yuri - just send QSL and SASE to him.....We are also wishing well for the Mother of W4WPD, Shirley, who has undergone cataract surgery. Shirley's office was moved downtown, so now we hardly ever hear her on the air - and we sure do miss her....Among those affected by the deep freeze that hit the citrus were K4ANR, Ruth and OM W4FE; W4CWV, Annette's folks; and K4RNS who just lost leaves on the new grove - damage unknown - yet!....K4PBW, Vinne and OM K4JVX went a'visitin' and landed at the shack of K4ANR/W4FE.....W4LZI, "Frankie" Waples has a new address - 1102 S. FOURTH DISTRICT, Cont'd.

From the WAYLARCS comes much sadness with the reporting of the death of Joy Lannin, K2HWM, formerly W3RXD of this area. She will be remembered as the XYL of Jack W3JTK during their residence in this area. Joy passed away in October 1962 as the result of complications following surgery. The Waylarcs join their many friends in the Washington area in extending condolences to Jack, K2HW: and their two children.....Waylarc held its meeting on Nov. 3, 1962 at the National Museum. Those present were Vi K4EAM, Ethel K4LMB, Irene W3RXJ, Liz W3CDQ, and Sandra K3SQX.....Several girls in the area who are blind have expressed a desire to become amateur radio operators. It was decided to loan the instructograph free of charge to any of these girls who might need it..... We hope to have an interesting new member in WAYLARC - Dorothy, the XYL of Peter Bianchi, K3KFN. She was in Ecuador when she 'met' her future OM by way of ham radio. There was an interesting article about them in the local papers on November 13th.....

The SPARCYLS Christmas Party - 1962! This is the time of the year when the SPARCYLS really 'sparkle!' They held their annual Christmas party on Sunday, December 2nd, at the QTH of W4LOX, Estelle. Her two daughters Sara 12, and June 9, assisted in the decoration and serving. Sara cut out and arranged large red letters on the living room wall spelling out SPARCYLS. Then on the glass doors between the dining room and patio appeared a large sign with SPARCYLS in black letters on a white background. Under this was a string of holly, while beneath that were smaller green letters spelling FLORIDORA. The tables in the dining room and the patio, covered with Christmas cloths, were laden with cakes, cookies, cup cakes, coffee, punch, nuts and candies..... Naomi, W4TDK, President, employed a novel way of introduction by having the girls write something about themselves, including date of license, bands worked etc., but omitting name and call. As these were read it was up to the group to see who could identify them.....There was much ado as the exchange gifts were passed out and opened. Further surprises were in store for those lucky ones winning the many door prizes. After a round of picture taking, the gals forgot their diets and enjoyed all the goodies. The hour of parting finally arrived with everyone happy, and giving Estelle a vote of thanks - declaring they would be looking forward to next year's party.....Those attending were: W4HRC, Little Bo and her sister Marie (our mascot) from Jacksonville; W4IUR, Mim from Daytona Beach; W4WPD, Shirley and WA4HLD, Ricky from Tampa; K4PLT, Sandy from Limona; W4BIL, Fran and K4RCQ, Elsie from Clearwater; W4TQQ/4, Jerry from Bellair Beach; W4TDK, Naomi, W4LOX, Estelle, K4WXS, Lee, K4NSY, Madlyn, K4CSC, Edna, K4EAC, Hilda, K9WUG/4, Gladys, WA4KYA, Vivian, WA4EDL, Nancy, and W4BAV, Cathy - all of St. Petersburg. We missed those who were unable to attend and hope to see them next year. SPARCYLS was organized November 5th, 1954, being, we believe, the first YL club in Florida. They sponsored the 4th District YLRL Convention in June 1955 - also a 'first' for the 4th district - and have carried on successfully their objective of promoting interest and fellowship in ham activities. In fact, the Floridoras came into being through the efforts of several SPARCYLS - namely W4BIL, Fran; W4WPD, Shirley; and ex-W4GXZ, Blanche- now K1IZT. The SPARCYLS Christmas Party is an annual affair to which all YLs are invited; it's a project which brings the YLs in personal contact with those who might not otherwise meet, on account of working different bands, etc....Be seeing you all next year at the party...(This fine writeup was sent to K4RNS by Cathy, W4BAV...Ed.)

In case you are new to the hobby or haven't attended on of the fun fests before, here's how it came about.....About 6 years ago some of our YL s decided it would be fun to have a party and get as many of the California YLs together as possible. The first get-to-gether was held in Santa Barbara with over 60 licensed YLs attending the luncheon - Most of them attended the evening banquet with their OMs. They came from as far as Oregon and Nevada. Everyone had so much fun that it was decided that the Chirps would throw the whing-ding the next year. The succeeding years the San Diego and San Francisco YL clubs hosted the affair.....This year the Los Angeles YLRC is the hostess club and is assuming the entertainment costs. These are not conventions - no manufacturer's display, technical talks, formal programs or anything to sell - just fun. An informal luncheon with a fashion show is planned, some prizes and an evening Luau where we entertain our OMs. You can arrange for sleeping accomodations at the hotel, or at one of the many motels in the area. Bring trailer or tent, but, most of all, bring yourself! There is an interesting pre-registration prize, too. Deadline for this is March 15, 1963. Price \$10.00 up to March 15th - after that \$12.00

KH6 District News

Jeanette De Long, KH6AFN 1865 Eames St., Wahiawa, Oahu

On December 13th a baby girl arrived at the Keefer household - Hazel, KH6AFC. She has been named Marcie Lee. This makes three girls and one boy for Hazel and Jim.....Hattie, KH6DUM, has had a bout with bursitis, again. Yes, even in sunny Hawaii we suffer with this sort of illness in the winter months. Hattie is very active in civil defense. In December we had a false alarm of a tidal wave and much confusion.....As for myself, I have been working over the Holidays in retail, and have had very little time for anything else. The OM has purchased a tower, and we should have it up and in the swing very soon.

A new ham station, KH6EQQ, went into operation the end of Dec. at the Army Hospital at Honolulu. The credit for establishing a Tripler General Hospital ham station goes to the Hawaii Women's Amateur Radio Club (KH6YL) which, as early as 1951, began investigating the possibilities of starting a hospital station. On hand for the dedication were two of the club members who had instigated the idea: Mrs. Jeanette DeLong, KH6AFN and Mrs. Hazel Keefer, KH6AFC. Another member aided in the planning but was unable to attend ceremonies due to illness - Mrs. Louise Bostwick, KH6AFL. The new station at Tripler will have two functions: MARS and morale. (see photo. Ed.)

Aloha from the Islands, Jeanette.
