EDITOR	MIRIAM BLACKBURN BOX 2 INGOMAR, PA.	W3UUG

YL HARMONICS is the bi-monthly publication of the YOUNG LADIES RADIO LEAGUE.

Vol. XIV No. 5

PRESIDENT'S MESSAGE

Dear YL Operators:

Since the new F. C. C. Rules have gone into effect I have looked forward to increased activity of the YL's on 75 and 20 meter phone.

I can only speak for this area, but it seems to me that the girls are reluctant to operate on these bands and I want to extend a welcome to you all to check in on our YL Nets. We are looking for you.

My motto is "the more the merrier", so let's hear from you.

33,

Bea Austin, W7HHH
President YLRL, '52-'53

GIRLS, PLEASE NOTE CHANGE IN OUR VICE-PRESIDENT'S ADDRESS.

NEXT DEADLINE FOR NEWS IS JUNE 1, 1953.

NEXT ISSUE WILL INCLUDE NEW 1953 MEMBERSHIP LIST. GIRLS, PLEASE PAY YOUR DUES SO YOU MAY HAVE YOUR NAME ON THE NEW LIST.

PLEASE CHECK YOUR BALLOTS IMMEDIATELY AND SEND THEM TO OUR SECRETARY-TREASURER, MARGARET WELLS, W1BCU, WOODLAND ROAD, FOXBORO, MASS.

CLUB NEWS AND GET-TOGETHERS

YL'S MEET AT WORCESTER GABFEST

By Esther W1RYJ

The Central Mass. Amateur Radio Association sponsored a Gabfest March 27 at the Club in Worcester. Although no YL gathering was planned there were 7 licensed YL's, 3 YL's awaiting their call, and 3 YL's who took the exam at the Gabfest. During the buffet lunch the YL's gathered together. Many had questions to ask about YLRL--where they could get Harmonics about the YL nets, if the YL's sponsored contests, etc. These questions were answered and they were strongly urged to join YLRL. Certainly hope we reap a harvest. Those present were W1YCU Judy, W1VHM Alice, W1VMF Zel, W1UQA Ruth, W1NAD Ina, W1ULF Tweet, W1RYJ Esther.

NEW YORK CITY YLRL

By Madeline W2EEO

Instead of our usual meeting during February, we had secured tickets through our able chairman, Ruth Siegalman W2OWL, for a matinee show starring Bette Davis in "Two's Company". After the show, 18 of our members and their guests went to "Mama Leone's" for supper and had a gala time there.

Our March meeting was held in the New York public library on W. 23rd Street, with our new President, Kit W2TBU, presiding. Due to the prevalence of illness all over the city, attendance was quite low for the evening. Those present were Kit W2TBU, Catherine W2RAQ, Madeline W2EEO, Ruth W2IGA, Lil W2IQP, Sophie W2QGK, Alma W2MVV, and Ethel W2VXC. After the business meeting, Lil W2IQP, showed off one of her magician's tricks which was so well liked that we made her promise to do more at the next meeting.

LONG ISLAND YLRL

By Marie W2BXT

At the last meeting of January 17, we welcomed back two of our members, Anita W2GRQ who had suffered a back injury, and Jean XYL of Don W2UOL who had an appendectomy. Our unit has been invited to a joint meeting in May with the New York City YLRL to which we are all looking forward with pleasure. We are sorry to report that Vi W2JZX will be leaving us soon for a new address in the city. We sincerely hope she will not give up her active interest in our Long Island group.

LOS ANGELES YL RADIO CLUB

By Ruby W6WRT

February Meeting

Suppose you could say that this was in keeping with YL-OM Contest this month, but truthfully it was a coincidence. We think it was a nice coincidence though. Another coincidence was that our February meeting date fell on Valentine's Day. So--

On Valentine's Day, 1953, the Los Angeles YLRC omitted its regular luncheon meeting, and with our valentines as guests held a YL-OM dinner at 7:30. Fifty members and guests attended, including our Southwestern Division Director, W6KW. (Nice to have you, Johnnie and Roxie!)

CQV and VBN, May and Dobbie, scouted for a banquet room and made the reservations. NLM, Beulah, with the help of the family, furnished the Valentine theme decorations. The tables were very pretty with green ivy, red and white camellias and red candles in crystal holders. She also had cute red and white valentines for each of us to wear, showing our name and call letters. JCA and NSH, Betty and Dee, were the photographer.

A short business meeting was held which included such things as Field Day, report from Council of Radio Clubs, taking part in the amateur radio operations at International Boy Scout Jamboree in July. The OM's were quite interested and surprise was expressed at the size and good organization of our Club. Discussion and voting indicated that definitely there will be more get-togethers to come, perhaps a family picnic during the summer and another dinner come another Valentine Day.

Following are the YL-OM call letter combinations of those who were present. NLM-CPU, PJU-ZE, XYL-KW, KER-MES, CQV-VBN, PCO-QJW, WRT-UTZ, AVF-guest, RBG-OM, GKJ-GKH, CEE-HWM, NMY, OAQ, AVE-VGO, VRC-WQK, MFP-OM, NZP-OM, RWM-HJG, LBO-EJL, XYL-SBZ, KYZ-IQU, JCA-NSH, 7RHF/6-7OBN/6, JZA-GRW, XYL (waiting for call)-TPE, and WSV-WSW.

March Meeting

Those present were Roxanna Griggs, W6CQV, NLM, WSV and little yl, QGX, NZP, JZA, WRT, KER, PJU, GKJ, UHA, MFP, and Margaret Barrick. We are very pleased to have W6QGX as a new member in our club. Welcome, Harryette. Had the YLRL photograph album for display. Everyone thoroughly enjoyed seeing what the other gals look like, reminiscing, etc.

SAN DIEGO YLRL

By Neva W6YXI

We have temporarily changed our meeting night to the third Thursday of each month in order to accommodate some of the girls who want to go to some radio classes which are held on Wednesday evenings. We have the following officers at present. President, Mary Poe, W6MWU; Vice-President, Alice McCleary, W6OLP; Secretary, Jeanette Merrill; Treasurer, Neva Fredenburg, W6YSL. (I'm also publicity chairman.)

We are tentatively planning to go to Los Angeles in March to attend the YL meeting there. At present I don't know just how many of us will make the trek. If there is just Mary and I, we will figure on spending the night with one of the girls and coming back home Sunday.

CHICAGO YLRL

By Grace W9GME

We are happy to announce a Unit of the YLRL has been organized in Chicago. Serving on the board of directors will be W9AYX Jackie, W9SEZ Eleanor, and W9GME Grace. Joining the unit and are charter members, W9BCB Helene, W9MYC Gladys, W9SSL Shirleen, W9SPI Marge, W9RXY Mary, W9OTM June, W9OTO Edith, Wn9TIX Kathleen and Wn9WOI Vera. The purpose of this unit is to help beginners and those interested in Amateur Radio, and also to spread the activities of our national organization in our area, as to networks, contests, awards, and other YLRL organized affairs. We invite all YL's in our district who might be interested. Information about the club may be secured from any one of our members. They will be happy to help you. We wish to thank our President W7HHH Bea, and Secretary W1BCU Peg, who so graciously supported us and made it possible for us to organize the Chicago YLRL. Plans are underway for the next meeting to select a slate of officers. All members will be notified as to any future activities.

LADIES AMATEUR RADIO KLUB

By Cris W9LOY

As a supplement to their regular meeting the LARK of Chicago on March 19 had a day-long outing, starting with a delicious luncheon at W9SPI Marge's QTH in Homewood, Ill. Marge is the fourth member in her family to hold an amateur ticket. During the afternoon the YL's had a grand visit with a fellow member

W9DXX Alice, who has been well known in the amateur circles for her tremendous record as a DX hound. Alice has one of the most complete amateur set-ups the LARKS have ever seen. Being confined to her home most of the time due to a heart condition she can be heard on 20 meter fone and also having fun on 2 meters. Those who enjoyed the day were W9FZO, LOY, MYC, KQC, SJR, SYX and SPI along with the two YL's waiting for their tickets, Evelyn Tibbits and Gloria Natuska.

On March 2 the Chicago Tribune had a wonderful write-up about the LARK activities. The article met with enthusiasm and many inquiries from all over the district were made by girls interested in becoming amateurs.

W9 YL CONVENTION

By Julie W9LRT

The third annual convention for the YL's in the ninth call area is being held May 22 and 23 in Mishawaka, Ind. Plans call for the YL's to check in Friday, May 22, at the Mishawaka Hotel. Special rates will be given to all YL conventioners. The afternoon will be devoted to personal QSO's and business at hand. At 7:30 AM a short welcome address by a member of the Chamber of Commerce. If time allows a transmitter Hunt is tentatively scheduled. All YL's planning to attend having mobile gear, make provisions to operate on 29,620 kc. The day's activities will wind up with an open house.

Saturday morning a tour of South Bend and vicinity, conducted by the Welcome Wagon Hostess of Mishawaka, including a trip to Notre Dame University. Luncheon will be served in the private dining room at the Club Normandy. About 1:30 a demonstration on single side band will be given by W9OHM of Wabash, Ind. OM's accompanying the YL's will be welcome to all events including a banquet which will be held at the Club Normandy. At 8:30 QRM hour, music for dancing will be furnished by the "Mobilairs" an orchestra composed entirely of members of the Mobile Amateur Radio Club of South Bend. An invitation is extended to any hams who may wish to attend. The YL's of the 9th call area wish to extend an invitation to all licensed YL operators from other districts.

There will be a registration fee of \$1.00 and to be mailed to the Chairman as early as possible. For further information please contact the Chairman of the convention, Julie Morgan, 138 Monmoor Avenue, Mishawaka, Ind.

DISTRICT NEWS

Esther Routhier, W1RYJ
13 Pickard Street
Amesbury, Massachusetts

W1BCU - Peg - Keeps regular skeds with the girls on Monday and Wednesday morning, also checks into the YLRL nets both phone and cw. . . . W1FTJ - Dot - The grapevine news tells us Dot has decided to learn to habla espanol porque porque? W1NAD - Ina - And OM still doing wonderful work for C. D. Also preparing class for FCC license. They have been doing this work for the past year. Ina operates on 75 phone and 80 CW. . . . W1QON - Elie - In on the Monday and Wednesday morning roundtable. Eleanor still interested in photos of the YL's for the YLRL album. . . . W1RLQ - Chata - Doing an excellent job as N. C. of YLRL CW Net which meets on Wednesday at 9:00 PM on 3610 kcs. The number reporting has been small so how about it girls, see you Wednesday? W1SCS - Ruthie - Very happy with new 75A3 receiver. Ruthie reports she is feeling much better after quite a long siege with a sinus cold. . . . W1SVN - Millie - Just a busy girl. Has kindergarten class in the morning, teaches a Hooked Rug class, goes to sewing and typing classes. Any spare time, Millie? W1TRE - Barbara - Not too active. OM has taken over trying to work WAC. Hopes he makes it soon, Barbie, we miss you. . . . W1TUD - Alice - One of our girls who lent a helping hand in the recent flood emergency in Maine. Also took part in the YL-OM contest. . . . W1TYR - Gloria - And OM hard at work on new boat, hope to be mobile marine this summer. . . . W1UET - Martha - Still down in the sunny south but hopes to be back north sometime in May. We all miss you, Martha, very much. . . . W1UFR - Eunice - Has now become regular member of the Deep Sea Dragnet. . . . W1ULF - Tweet - Had all sort of trouble with the rig while OM was attending IRE Convention but finally did manage to get on cw. Nice work, Tweet. . . . W1UPZ - Helene - On hand to welcome the many visitors at the Jordan Marsh Hallicrafter Exhibit. Helene is Secretary of the Eastern Mass Radio Club. . . . W1UFM - Ethel - Very happy over the prospect of designing her sister's bridal trousseau. . . . W1UQA - Ruth - And OM have wonderful new QTH. Ruth to be on 75 shortly. . . . W1VFK - Ginny - Passed her general class, hopes to be on 10 and 75 in the very near future. . . . W1VPF - Glady - February certainly was an eventful month for Glady--the arrival of a baby girl and passing her exam for general class. Congratulations on both grand events. . . . W1VYH - Betty - Congratulations now in order. Baby girl born February 19, named Carolyn Ruth, weight 8-1/2 lbs. . . . W1WDX - Nancy - One of our younger YL's--she is 14 years old--when possible operates 80 CW. . . . W1WYT - Helene - Aged 9--believe Helene is the youngest licensed YL in the New England District. She is Nancy's sister. . . . W1YCU - Judy - Has a story a little different than most of our young YL's. Judy is 15 and the only licensed person in her family. She became interested in radio by visiting a neighbor who is a ham. Judy has new Viking now on ten meters but shortly to be on 75 so be listening for her. . . . W1RTB - Nel - And little Laura on vacation in Texas. This is Nel's first visit with the baby. She will be at Waco for the first part of her visit; then plans to travel about a bit. Nel will be gone for 6 to 8 weeks. . . .

May I again remind you to please be sure to send self-addressed stamped envelopes to the QSL Bureau?

Do not forget that you are invited by W1PU Sylvester, manager of the Deep Sea Dragnet, to join the Net. The Net meets Monday through Friday at 11:45 AM on 3970 kcs. Join the Dragnet, become a member of the best, the Deep Sea Dragnet.

Madeline Greenberg, W2EEO
211 Willis Avenue
New York 54, New York

W2BNC - Helen - Was disappointed not to get in on the YL/OM contest. For the past three years something has come up each time to prevent her. Maybe next year, Helen. . . . W2BXT - Marie - Is busy rounding up more members for the Long Island Unit. . . . KN2CFF - Joyce - Has been enjoying her novice contacts and also reports in on CD. Is a delegate from L. I. YLRL to the Long Island Federation of Radio Clubs. . . . W2EEO - Madeline - Visited Jean W2BTB and her OM Dick W2ZOL in Syracuse while attending the NYS Retail Hardware Convention with OM Art W2CYK. Had several swell QSOs with daughter Syl W2GPK and son Mart K2ACM. Had a lot of fun on the YL/OM party but wishes the OM's on 20 meters were as cooperative as those on 75. . . . W2EUL - Amy - Had her antenna cut again. Our suggestion - how about a whip antenna outside your window? . . . W2GPK - Sylvia - Has threatened to give her mom W2EEO serious competition in next year's anniversary party and YL/OM contests. (Oh yeah? - says ma.) . . . W2GRQ - Anita - Suffered a back injury recently but is back in the swing again. Keep well, Anita, your friends worry. Is a delegate from the LI YLRL to the Long Island Federation. . . . W2IAM - Shirley - has her own rig and operates 40 and 80, preferring CW to phone. Her OM is W2OGU and there is a junior YL, age 5-1/2. Shirley is troubled by ITV and unco-operative neighbors. . . . W2IGA - Ruth - Is slowly getting out from under all those boxes and barrels at the new QTH. Lots of luck to you and Harry and we hope it won't take Harry W2LRP too long to get the ham shack in operating order - hi. . . . W2IQP - Lil - Is trying to organize a group of XYL's in the Newark, N. J. area--is starting them off on code. She had a nice QSO with Capt. Carlsen W2ZXMM of the Flying Enterprise II. . . . W2JZX - Vi - Is reading for the Braille Technical Press by recording technical articles from current issues. She has also been busy all last month handling traffic on Overseas Net and on the Transcontinental Phone Net. Vi is recovering from a nose operation which she had done in Philadelphia. . . . W2KAE - Lynne - Is real proud - one of her pupils has passed his Novice exam and is awaiting his call. . . . W2KDP - Dot - Reports that her OM Maury is recuperating nicely and Dot hopes to be back on the air soon. . . . W2KEB - Georgie - Is on 40 meters working for her WAS Certificate. She has already passed the half-way mark. When she makes WAS, Georgie will try for YL/WAS. Good luck, gal! . . . W2MEG - Willie - Was able to make the theater party with the NYC YLRL and we were all glad to be able to have a good visit with her. Make it more often, Willie. . . . W2MVV - Alma - Has her rig dismantled. Her OM Oscar is taking too long to get it together again. . . . W2OVV - Mina - Has been QSOing her OM Butch from the home QTH while he operates mobile. Says it's lots of fun. . . . W2NAI - Marge - Has been busy on the Deep Sea Dragnet and CD but she

and Madeline W2EEO have still to get together on the air - hi. We'll make it yet, won't we, Marge? W2OWL - Ruth - Has a regular shift at the State CD Station. Hasn't been working the rig too much at home due to band conditions and getting ready to have the apartment painted. W2PUY - Selma - Had the OM babysit with little Kenny so she could be with the NYC YLRL to see Bette Davis cavort on the stage. W2PZA - Jean - Spent a lovely weekend at Atlantic City during the Washington weekend.
W2QGB - Anne - Is back from her vacation in St. Petersburg, Florida. It was quiet, restful and most beneficial. W2QGK - Sophie - Has her rig dismantled and that's why her friends haven't been hearing her. She is working on the final so that she can work 40 meter phone. W2QWL - Mignon - Has been going to the Metropolitan Opera regularly all winter. W2RAQ - Catherine - Came to the NYC YLRL meeting in full regalia as a den mother. And now tells us she will be busy with a Brownie troop too.
W2RTZ - Hope - Has been busy with her various classes. Went visiting the Whites up at ARRL headquarters during March. W2RUF - Clara - As manager of her net, has had difficult times what with bad band conditions. Is going on a trip in September, going west to California and then south to Mexico City, and hopes to visit a lot of YL's on the way. W2TBU - Kit - Presided over her first meeting of the NYC YLRL. Had a very nice trip to Arlington, Virginia, over the Washington weekend.
W2UXM - Sally - Is on the air on 75 meters. Congratulations on being a grandma. Sally's daughter, who is married to a marine stationed in Florida, just had a daughter.
W2VXC - Ethel - Is studying music like mad--had originally sung opera but is now singing semi-classical. She is still patiently waiting for her receiver to come.
W2YCX - Carlie - Is finding school interesting. Subjects are mental hygiene, audio-visual aids, school administration and the teacher, and statistics. Has been mostly on 20 cw and 75 phone. Disgusted with 10 which is dead. Carlie is having fun teaching theory to a small class. Would like to hear from a YL who is interested in classical music and who plays some musical instrument, or who may be interested in hi-fidelity amplifier circuits.

Kay Burke, W3QPJ
 416 Maple Avenue
Pittsburgh 18, Penna.

W3AKB - Fran - Hoping to attend IRE National Convention. Her main project at present is planning an educational meeting which the Society of Women Engineers is going to hold for high school girls to acquaint them with growing opportunities in the engineering field. Fran's navy job, together with looking after a house, garden, attending clubs and traveling, doesn't leave too much time for operating, but she does check into the M. D. D. net on 3650 kcs. She is strictly a C W op.
W3CDQ - Liz - Gave 5 OM's a contact during YL/OM contest, then was forced to quit due to the misbehavior of her Viking I. Feels she may be forced to desert her old love, the 40 mtr band, and take a whirl on 80, to avoid the qrm from S. A. phone stations. (Hoping to contact you on 80, Liz.) She and Ethel, W3MSU, are planning a chess game with a third ham via radio. Still helps out with code practice at W3PZA. Liz will be sailing to Europe on the Queen Mary, June 23rd. Is anticipating seeing some of the New York City YL's before sailing, hearing lots of YL's from the States while she is abroad and renewing acquaintances with G2YL and G3ACC.

W3KNF - Jean - Writes that the Viking II is not yet ready to go on the air. At present the chassis is mounted on four legs, an instant heating soldering gun poised for action and whenever she or the OM have a spare moment they dash into the shack, hunt for the next item, and glue it on. Being surrounded by antagonistic TV fanatics, they are carefully concealing the fact that they are hams. (Anxious to hear what happens when that antenna goes up, Jean.) On March 20th, Jean took part in a song fest put on by the Music Club of Somerset, Pa. She is also a member of the church choir.....

W3LSX - Kay - Plans to attend IRE Convention in New York City the last week in March. Got off to a good start in YL/OM contest, but had to give up early Saturday evening due to bursitis in her shoulder. (Hope you have fully recovered by now, Kay.)...

W3OQF - Barbie - Thoroughly enjoyed YL/OM contest. Had a wonderful time in New York. Went out to see Madeline, W2EEO, and then we both paid Vi, W2JZX, a visit at her home. Met Dot, W2KDP, and Marie, W2BXT, and Vi's mother, Mrs. Stein. There has been some misunderstanding among the girls--we do not print any kind of QSL cards, sorry girls.....

W3QPJ - Kay - Skeds on 80 cw with my OM, W3AAX, while he is mobile, have been working out very well. However, recently when we were in qso, my rig suddenly went off the air. I was very grateful to Jeannette, W3QPQ, for responding to my call on the land line by getting on the frequency and assuring Frank that nothing more serious than the rig's refusal to load had happened.....

W3QPQ - Jeannette - Making a fb recovery from a recent operation. Her sister, Anabel, W3NNS, spent several days with her. They have daily skeds on 75 mtr phone. Recent visitors were W3QPJ and W3AAX.....

W3RXV - Peg - Puts a nice signal into Pittsburgh on 75 phone.....

W3SVY - Lorelei - Enjoyed YL/OM party but was disappointed more local OM's didn't show up. Has sked with Meg, W3UTR, every Wednesday at 1300 E. S. T. on 3525 kcs. Would be pleased to have other YL's join them. Has been listening for the Pacific Coast cw net, Tuesdays at 0130, to no avail, but intends to keep trying.....

W3TYC - Miriam - A brand new member of YLRL whose QTH is Emporium, Pa., received her General Class ticket in February, 1953, after holding a Technician's license for less than a year. During War 2, she married a member of the U. S. Air Force, stationed in Berkeley, California, where they resided when restrictions were removed, permitting the amateurs to resume operating. Yes, her OM was a ham, W6ZYA, now W3IIX. The role of "ham widow" of a C. W. operator held small appeal for Miriam, but finally curiosity got the best of her, and she decided to learn code well enough to know what went on when her OM was on the air. Then came her decision to go after her ticket. Interruptions were many, as while her OM attended the University of California, Miriam held down a job and went to College for awhile herself, allowing little time for study. After her OM's graduation, they lived in Sacramento and it was not until they decided to come back east that Miriam tried and passed the technician test in San Francisco, receiving her call shortly after arriving in Emporium, Pa. (Glad I ran onto W3IIX, Paul, on 80 cw and learned his XYL had a ticket. Very happy to welcome you to YLRL, Miriam.).....

W3UTP - Sylvia - If you haven't heard Sylvia on the air recently, it is because her spare time is being used to prepare for her General Class exam which she will be taking in May. As a diversion, she spends Tuesday evenings square dancing, and reports that several members of her dance club are becoming interested in ham radio...

W3UTR - Meg - A warm welcome to our new member from New Florence, Pa. Meg passed the Novice exam last August and three months later came through the General

Class with flying colors. It seems that last summer her minister, now W3SQS, persuaded Meg that it was possible for her also to enjoy this grand hobby. She says, "Without 'Doc', there wouldn't have been all of this for me. He believed I could do it, and I went ahead on his belief, and it came true. It feels good to be such a newcomer and yet to find one's self showered with kindness and attention." Although Meg is confined to a wheel chair, her interests are many. She is treasurer of her church, makes all her dresses and coats, is an arm chair gardener, an avid reader, and enjoys letter writing. She would appreciate hearing from the YL's and promises that all letters or cards will be answered. Meg operates 80 cw and if you are looking for an interesting qso, be sure to listen for Meg on 3525 or 3714 kcs. (Enjoyed our chat on 80 vy much, Meg, and hope we have a repeat soon).

Mabel P. Banks, W4LAS
Route 1, Box 380
Lake Shores, Norfolk, Va.

W4LAS - Mabel is happy to report on the 4th district YL's that we now have three active YL operators in Norfolk. Latest coming to our fair city is W4TVT Claire Bardon whose OM is W4RHC, and is the mother of W4TVU Mike age eleven. Having two other jr ops, she is a real busy XYL. Is new YLRL member and enjoys checking into YLRL Wednesday morning fone net. Operates ten meters when band is open, 75 and 40 fone also 80 cw. Likes to sew and is a whiz at upholstering. Son Mike received the 15 wpm code proficiency certificate when he was eight years old. As far as we can ascertain he is the youngest male op in 4th district. He too is active on the aforementioned bands. W9KXL/4, Bobby and I welcome you to Norfolk Claire.....
W4NOX - Mima - Has recently joined Mars and is doing fine job handling traffic....
W4NUB - Anna Loys 67 year young grandmother is another example which proves that the Ham bug will bite you if you don't watch out. She was encouraged by her son W4FMW to study for the examination which brought her General class license just recently, and with whom she maintains daily schedules. You're real inspiration Anna Loys....
W4NRV - Sylvia - Has not been active for past two years but is getting some gear together and anticipates getting into the swing of amateur radio again very soon. Good luck Sylvia....
W4RLG - Frances is a most generous wife, in that she foregoes the pleasure of checking into the 75 meter fone Wednesday mornings so that the OM Joe can have use of the rig. She reports that the Alabama fone net meets daily at 5:30 PM CST on 3955 KC and she is NCS for that net on Mondays. She also checks into the Alabama CW net nightly at 7:00 PM CST on 3575 KC. Welcomes any traffic directed to Alabama. Recently received 20 WPM code prof. certificate. She too is a gal who gets things done, congratulations Frances....
W4STH - Nettie - Is a bride of about a year, working girl, and keeping house and operating a bit of Ham radio doesn't leave much time for sleep and other matters pertaining to living Hi! She became a ham in 5 land with the help of boy friend now the OM, got on the air with 40 watts and 3 element beam and Hallicrafter receiver S4OB. This equipment is now used for vacations in Blue Ridge of N. C. with the exception of the Beam. Nettie and OM W4NQP Charlie have a new NC 183 D receiver which is enjoyed by both. They operate on all bands, 160, 10 when open, 75 frequently, 40 long enough to say hello and goodbye before the QRM takes over and 20 in the middle of the day. OM is converting the mobile from 20 to 40. They both are

members of S. C. net and Georgia Cracker net. Until the recent devastating explosion in her town Nettie was unable to prove to the community folk that ham radio was good for anything but TVI not any more, she and OM took turns operating the rig after the explosion contacting different sections of the country with both the AP and UP giving the latest news. With the aid of the Red Cross they were able to relieve the anxiety of many people who had family and friends in and near the disaster area. A fine job well done, Nettie..... W4TDK - Naomi - Is steering a clear course, soon she will arrive in port with a fine cargo, namely, several licensed St. Petersburg YL's. Her spirit of encouragement and expenditure of time in teaching these fine aspiring hams is most gratifying. We of the 4th district are grateful to you, Naomi. May your reward be many licensed YL's..... W4TIE - Margaret - Reports that Mid-south Amateur Radio Association club has received the new call W4EM. Congratulations.... W4TWX - Ginny is a very lucky girl, she is beginning to realize a life long ambition that of going to college in pursuit of a degree, which will curtail ham activities to some extent. Enjoys the YL nets and is working for WAS. Her current goal is to work W1OAK, Ann for a double barrelled contact, which would be first Vermont contact and a YL at that. Would like to exchange photographs with YL's worked..... W4UUM - Sarah, whose OM is W4OPE, and the mother of teenager son and nine year old daughter. The ham gear is comprised of Globe Scout transmitter and NC 125 receiver. Is on ten meter fone at present but 40 and 80 CW is her goal. Worked 28 states while in Novice class. Has been general class as of 53, congratulations Sarah..... W4YQN - Vivian whose OM is WN4WXM, is the mother of an eleven year old daughter, Bobbie Jo. Enjoys ham radio and worked 30 states while novice class. Transmitter is home built job running 25 watts and NC 125 receiver. Passed novice exam December 4, 1952, and General exam February 5, 1953. How's that for pursuing the inevitable, girls..... W4LAS - Mabel, would like to remind all 4th district YL's that we have one more W4 issue of Harmonics before our year comes to a close as D. C. Please help us make our 4th district news contribution in this last issue of year interesting and informative. Please write to me during the next six weeks. Also send your Photograph to W1QON YLRL Publicity Chairman, and try to interest at least one non-YLRL member in our organization..... W4WPD - Shirley, whose OM is W4VFR, is the mother of thirteen year old son and manages to hold down a job as well as holding the fort at home. Is General class and says that ham radio is a man's world in Tampa, enjoys 40 meters..... W4VCB - Ev - Is doing so very much to further interest in YLRL--telling non-members how to become and enjoy YLRL memberships. She informs me that plans are well under way for their Hamfest which will be held June 28 and here and now extends invitations to all to attend. Hope it's biggest and best ever. Ev..... W4WYY - Myrtle- Is busy getting her own rig set up apart from the OM's. Is engaging in spring housecleaning and of course in between she spends some time in keeping her seven, yes, I said seven Jr. ops in line. She does her bit to boost Harmonics.

Harriet Sanders, W5NES
R. F. D. #1, Box 79A
Laredo, Texas

W5HWK - Jessie - Disappointed in 10 meter band this past winter so will soon be on 75 with a KW, and hopes to have some nice contacts. TV made its initial bow in Amarillo on March 18th, so there is a rough road ahead for most Hams there.....
W5JCY - Bertha - Three children in school and one 16 months old, plus a few hobbies, keep Bertha too busy for much "Hamming". Has parakeets that must be fed and kept clean, and an aquarium of tropical fish. Lives about 10 miles from Oklahoma City, and with a baby-sitting problem, hasn't been able to attend any Hamfests for sometime...
W5JYD - Pat - Is on 75 and 40 meter fone and will be on 420 mcs soon. Also expects to be mobile on 75. Has been having enjoyable QSO's with W5VOH in El Paso, and is very active on the Mars net. Has been attending the Alamogarda Amateur Radio Club and enjoying it thoroughly. Took a nice trip to San Diego January 31st. Didn't have time to look up any Hams as she was on the go all of the time. Passes along the information that Libbie Simons, W8DAK, is now residing in Alamogarda. (Welcome to W5 land, Libbie.)....
W5NEW - Harriett - Didn't realize so many Hams stayed up all night to operate until recently I had a sked with Mildred, W6HTS, at 1:30 AM. C. S. T. The QRM was terrific so made a sked one hour later. Still conditions were not too good, but was able to have a QSO and enjoyed it lots. During the hour between sked time, enjoyed a 100% QSO with Maxine, W5UKT, in Dallas. Have taken up a new hobby--oil painting. Not very good, but having lots of fun smearing paint. Have been fishing lots lately too, as they have really been biting.....
W5SVN - Maxine - Her fone work has been confined to 40 meters as the OM hasn't put up an antenna for 75 meters yet. So to date, QSO's between the girls there have been on the land line. Is looking forward to Hamfest to be held in Tyler, April 19th, for Northeast Texas.....
W5TEB - Bonnie - Ham activity has taken a backseat lately for other activities. Is secretary of the Crippled Children's Society, and has been very busy on the Annual Easter Seal drive. Also is vice-president of the PTA, and a member of the board. Does manage a little Mars work and 40 mtr. Skeds with W5IZL. Recently moved into a new house so there is lots of work, getting grass seeds planted, curtains made, etc.....
W5TDB - Emma - Hopes to have more power soon to help take care of some of the extra QRM--plans to run about 400 watts to a Globe King 400 A. Is making plans for the New Mexico ham picnic to be held in Roswell, May 24th. All YL's and OM's are welcome.....
W5WUX - Evelyn - Has had general class ticket since September 15th and really enjoys Ham Radio. Doesn't want to work in their grocery store anymore. Fifteen year old son is W5UHD, has been a ham a year longer than she. The OM just likes to fish. (Bet he will be a ham before long in self-defense). Checks into YL net that meets on Friday at 7:00 AM. Has a Harvey Wells TBS 50 - 40 watts.....
WN5URI - Jewell - Hasn't beat the code for general class yet, but hopes to pass it on the 15th of April when it's given in Little Rock. She and OM almost have their KW rig finished. The Hams in ElDorado are organizing a club which she plans to be quite active in.

Mildred O'Brien, W6HTS
1431 Castec Drive
Sacramento 21, California

W6EHA/5 - Gen - I'm still trying for the L. A. Lad'n Lassie certificate. Have 8 YL's to date. Need two more. 20 meter YL net has been poor lately, but do manage to work W7HHH nearly every Thursday. Hope conditions to the east improve. We expect to have some kind of an antenna on 40 soon and will be looking for YL's. The OM, W6EHB/5, was at Salton Sea, California, for three weeks and K6DK at the base graciously allowed Cotton the use of his station. We had some nice contacts on 75. Twice, the New Mexico Emergency Net helped us make contact. (W5BIW, Dick, is net control, and W5DRA, Teeve, is his XYL). That is when ham radio pays off!.....

W6GUS - Marie - The National Orange Show is in progress here in San Bernardino (March 19-29) and I thought you would like to know that the YLRL is receiving some publicity. The C-Bar-C (Citrus Belt Amateur Radio Club) to which the OM and I belong has a large booth in the hobby show and are proudly displaying a blue ribbon (1st price) and medal. The OM (W6ZUU) is chairman of the booth so I asked for some room for YLRL. There is a copy of the Harmonics in the display case opened to the "local news" and a large placard on the wall to wit:

YLRL

Young Ladies Radio League, International
Organization of Women Active in Amateur Radio
Operators. We make Schedules, Work Traffic,
Assist in Civil Defense, and Rag Chew. We
take same FCC tests and maintain same high
standards of operation as our brother hams.

President - Beatrice Austin, W7HHH,
Bend, Oregon.

Sec. - Treas. - Margaret Wells, W1BCU,
Woodland Road
Foxboro, Mass.

For local information -

Marie White, W6GUS, Call 5-6397

Fine business, Marie. Keep up the good work..... W6HRO now DL4WO - Helen - Is most certainly missed around here. Hope some of us will be able to contact her from new new QTH in Germany..... W6HTS - Mildred - Finally managed to be heard on 20 mtr YLRL net. Really enjoyed talking to the girls and hope as time goes on conditions will improve and I'll be able to hear more of those who check in. I've been checking in with the W7 YL 75 mtr net also, and feel right at home. Our W6 YL 75 mtr net is growing each week, and our net control, W6PJF, Rosemary, is doing a wonderful job. Last week net lasted for three hours and there were 14 check ins. Thanks to all who sent in news this time..... W6IFX - LaVerne - Hope to be on the air very soon. We are in the midst of putting up a new antenna. It really is good to be home again for good. Gets mighty tiresome traveling 2500 miles every two months. Bob, the OM, and I enjoyed meeting Betty West, WN8KLZ, and her OM, Ken, W8JAX, Wanda Bickersteth, WN8MHE, and her OM, Al. We spent many wonderful evenings with Esther and John,

W8ATB and W8QBO and enjoyed my 3 o'clock skeds with Esther on 3900 kc. I will be on 20 and 75 when everything gets organized here. W6JMS/6 - Lucille - Gertie W6FEA and her OM, Clare, made us feel very welcome in their new home, Friday night. We enjoyed looking at Gertie's QSL cards from YL operators and pictures of the girls which she received when she was chairman of the W6 district. Enjoyed meeting Betty, W6ZKD, who works for Radio Parts Co. here in Fresno. Also had nice QSO with Marge, W6LFR, who lives in Hayward. She expects to check into YLRL 75 mtr net. W6KER - Gilda - I understand Gilda is a very fine secretary for the Los Angeles Club, and that her minutes are very interesting. Gilda announces that Ruby, W6WRT, is holder of #1 certificate of the L. A. Lad'n Lassies. Gilda puts out a very fine signal on 75 mtr. YL net. W6KXT - Rene - We arrived here in Lima the latter part of September, and applied for our license in October. There is no examination given here, just place your application and wait, patiently. It is permissible to operate all bands here. The OM got the call of OA4N about eight months later. I don't have my own call but have permission to operate, using the OM's call. We operate ten fone, twenty fone and c. w. and twenty-one mcs. fone or c. w. with our Collins 32VI and Sx-28 and various beams and ants. My only contacts with YLRL are through W5DRA, Teev, and Esther, W1RYJ. There was a mix-up on my QTH last year and I didn't receive Harmonics. Martha, KZ5ML, Martha, sent me one of her copies and it was gratefully received. Our editor has my QTH now, and I am looking forward to receiving Harmonics. I read it from cover to cover. Hi! We have two Jr. Ops., Tommy, ten, and Kay, six. They attend the American School and have learned to speak Spanish real well. I'm the one who took the lessons. The OM is a Radio Instructor for the Peruvian Air Force. Would be very happy to hear from any of the girls. W6LXL - Ruth - So far we are not on the air yet, but did buy a receiver (NC101XA) last week. At least I can "listen" for awhile until the OM gets around to finishing our rig. Our four little ones keep me plenty busy, but I do find time to copy some c. w. occasionally. The OM, Walt, W6LXH, is thinking of starting a class for beginning "hams". Anyone interested just drop me a card. W6NLM - Beulah - Is president of the YLRC of Los Angeles and reports work on a membership drive for YLRL, also says the club expresses desire for a National YLRL convention that should be held in conjunction with the National ARRL convention. Beulah is very active on the air, handles traffic on Mission Trail Net, and is a very faithful member of the 75 mtr YL net every Wednesday morning. W6PJF - Rosemary - Active on 2 mtrs and 80 and 75. Enjoying the girls on the YL 75 mtr net and hoping so much for new check ins. Kept off 80 and 75 evenings because of TVI. Looking forward to meeting lots of new YL's at the Fresno Hamfest May 2nd. Enjoying hearing the girls on W7HHH's net on Mondays, and a great big hello to those on there who can't copy my little undernourished signal. Hi! Just a note to say that under all circumstances, Rosemary does a wonderful job as NC on our 75 mtr YL net. The other day, her modulator went out at net time. Did that stop her? I should say not. She went right ahead on c. w. and did a swell job. W6PJU - Mildred - Been busy with a new grandson, Bruce Conrad Griffin, who is now three months old. Got rid of the Novice call - passed the Technician exam and one of these days will settle down to make it a General ticket. In the meantime, am going to night school and trying to learn a bit more about radio theory. We have one night a week of straight theory and the other night is lab work. My daughter-in-law, Barbara, (no call) is attending with me and my son, Jim, is teaching the class. The OM, W6ZE, is busy helping organize

the RACES program in connection with CD here at Santa Ana and that's keeping him out of mischief. W6PVV - Jean - Enjoying hamming from home location and at Clear Lake Summer home. Has been having fun for the first time with music. She has a new Hammond organ to play on. Jean is also a Fuschia fancier. Just recently went on a trip to Salt Lake City with the OM, saw old friends, some of them radio too, but did not hear of any YL's located there. We missed you on net Jean, and will be looking for you on Wednesdays from now on. W6UXF - Enid - My operation is over and done with, and it's certainly nice to be back home again. I'll be back on my feet in a few weeks, and in the meantime I'm getting a good rest and soaking up a lot of good old California sunshine. . . . W6WRT - Ruby - Vada and Al, W6CEE and W6HEM, paid us a visit and brought along their new Gonsett 2-meter Communicator. It's a wonderful piece of gear and we had lots of fun playing around with it. W6WSV - Just got back from a wonderful 10 days in Hawaii and had the most glorious vacation to date. I didn't meet any YL's, but did try to locate Dell, KH6TI, and after returning home found she was not even there. Saw Waikiki, the entire island of Oahu, Kauai, Maui, and Hawaii. Spent a couple days at each place. Was impressed by the wonderful climate, unusual racial blends of the inhabitants, geological wonders, (volcanoes, lava tubes, black sand, etc.) beautiful flora, the many exotic and tasty new fruits - papaya, guava, poha cherries, breadfruit, (guess that's a vegetable, though), passion fruit, and other delicacies such as taro and poi, boiled peanuts, Chinese bananas, sugar cane right in the stalk and pineapple fresh off the plant. Saw many wonderful native dancers and singing groups, went through numerous orchid nurseries, went a couple hundred feet into the earth into the Thurston Lava Tube, watched the preparations for a luau, walked around among the steam cracks of Kilauea Crater and slept one night at Volcano House which is right on the edge of a volcano. Heard many wonderful stories and legends of the Hawaiian people from our guide. --- We are in the process of building, and hope to be on cw again (40 mostly) around Easter. W6YXI - Neva - I'm inactive at present but hope to be back on the air sometime this spring. The OM, W6VJQ, is planning on sending the rig up to Burbank to have the Collins completely overhauled. Ordinarily I'm a 75 mtr gal and it will seem like heaven to get back on the air. I think Harmonics is just wonderful. I think that it is very well laid out and the printing job is 4.0. . . don't know when I have seen such a nice paper.

Irma F. Aufand, W7OVW
P. O. Box 423
Bremerton, Washington

W7HHH - Bea writes that she is looking forward to the Convention in Salem on May 23 and 24, and hoping to see lots of YL's present. They are planning a YL operators luncheon and there should be lots of fun for all. Bea and OM haven't missed an Oregon State Convention since 1938. That's quite a record. Bea says now that the regulations have been changed she hopes to hear a lot more check-ins on Monday afternoons at 3:00 PM on 3900 Kcs - Pacific Standard Time, that is.

W7JFB - Miriam writes - have been more interested in TV than Ham radio of late, we got a new larger set and a new antenna for channel 5; also did some experimenting on channel 11, but the situation here appears grim on that score, so we have given up the idea of receiving Tacoma. You girls in the east with all your TV stations will

probably never understand our problems of trying to receive our two stations in this section, but we have fun, oh yes, and TVI too. Miriam also reports that Betty, W7PTX, is finally on phone, after a bit of coaxing and help from Miriam, and the reports are good and she is doing FB so far. W7JWC writes she was all ready to go on 75 meters when the band opened. Sure hope you made it Manila and had a lot of fun. Manila is hoping to hook up with a lot of the YL's she used to hear on 10 when the YL net was on 10. W7OVW writes, and I sure hope this makes the dead line--the OM W7BMG and I have moved since last I talked to all of you. He opened a branch store for C. & G. Radio Supply Company in Bremerton, Washington. I am working as his office girl and as you can imagine it has taken a lot of hours for we moved our home over here too, and that is why we haven't been on the air lately, but we are pretty well settled now and hope to have some gear on the air soon. Also hope that I will get this write up in the mail with a little more time to spare next time. Our new mailing address is P. O. Box 423, Bremerton, Washington; hope we hear from lots of you YL's before next month.

Wava Harlan, W8FPT
Route 1, Box 494
Augusta, Michigan

W8ATB - Esther - reports "Because of the heavy QRM and band conditions we have changed our Net time to 9:30 EST Wednesdays on 3900. Any new girls wishing to join us will be most welcome. Our attendance last week was 16 girls. The party held here last month in honor of W6IFK was a big success. For the first time since I have been in the Ham Game the YL's outnumbered the OM's. There were 6 girls and we took over the Ham Shack while the boys enjoyed TV. Am looking forward to meeting some of you girls at the Michigan B. R. Net Picnic which will be held in Traverse City, July 19. The Midwinter Hamfest in Grand Rapids on Feb. 28 was a huge success. A grand time was had by all. Miss the mobile rig right now. Waiting for John to get the gear in the new car. Yes, you guessed it--another Chevrolet like the one we have only a light blue this time." W8EIR - Kate - had a good time at the Grand Rapids Hamfest and enjoyed meeting the new girls and renewing acquaintances with the old ones. She is keeping busy with Radells as with spring near all the girls are getting ready for Easter. Kate wants to thank all the girls for the QSL cards she has received and hopes she hasn't missed acknowledging any of them. W8FPT - Wava - attended the Grand Rapids Hamfest and enjoyed seeing the following girls there: W8ATB, W8EIR, W8JOK, W8SJF, W8IRI, W8LIV, W8GYU, W8GJX. Still busy on new house and hoping to move in sometime in May. W8FTK - Dorothy - just returned from a month vacation in Detroit and Ohio where she met quite a few hams. Not on air at present due to the fact her long wire antenna came down before she went away and won't be able to get it up again until the weather breaks. The reservations for cottages are beginning to come in and she will be busy getting ready for another vacation season. W8FYT - Lillian - attended Dayton Hamvention with daughter Joy, W8LNZ. Her other daughter, Renee, was receptionist. . . . W8GJX - Helen - is busier than ever now since going back to her old profession of entertaining nightly on the Hammond organ at the Sherman Hotel in Escanaba. W8HLF - Arlie - says "The OM bought me a new rig, Collins 32V-3. I'm tickled pink with it. I'm working 40 fone mostly and if you girls want to join us we have kind of a tea party, as we call it, on 7.205 at 11:00 A.M. EST each morning during the week. I monitor

this frequency all day and hope some more of you girls will join us. So far we have had W0CXC, W0BWC, W9ILH, W9QLH, W9QBN, W9KXL/4, W8SPU, W8HWX, W8HLF, W4SGD, W4WFN, W4VCB, W3MAX, K2AMZ, W1VBT, W1FTJ. Thanks to the girls who have sent us photos of themselves. "... W8HUX - Marvel - planned to attend the Dayton Hamvention but couldn't make it at the last minute. W8HWX - Lillian - is busy working on her yard as she has about 1/4 acre in flower beds and they are coming up early this year. Has a new Viking 2 the OM just finished building. Has been enjoying looking through back numbers of CQ and seeing photos of the different girls. Plans to cut them out and put them in a scrap book. WN8KLZ - Betty - reports "I would like to say that the OM, W8JAX, and I had a FB evening with WN8MHE, W6IFK/8 and their OM's, Dorothy, W8UDA, and Jessie, ex W8OEP, at Esther's W8ATB, and John's W8QBO. Esther served a delicious lunch. There wasn't a crumb left!! Would also like to say thanks to Loreli, W3SVY, Dottie, W3JSH, and Dottie, W1FTJ, for remembering novice YL's and XYL's in the 13th Anniversary Party. I called "CQ YL" for hours and did not hear anyone else. May I suggest that members of YLRL remember the novices as most of them do become General Class and may take more interest in contests if some measure of success is obtained while operating on novice privileges."... WN8MHE - Wanda - writes "I surely am enjoying being one of the girls, also the Harmonics. Am hoping to go for my General Class some time in April or May. I enjoyed the farewell party given by Esther, W8ATB, for W6IFK, Lavern, who went back to California after a two month stay in Flint. I want to thank all the girls for the notes and cards I received while in the hospital as it made my stay much brighter."... W8SJF - Gladys - was listening to the Wednesday Am YL net and heard the discussion about dues. She said it brought her up with a start and, as a result, one more girl from the Eighth District is paid up. Gladys is strictly CW but a silent member of the 75 fone net..... W8SPU - Helen - We went to Dayton Friday night and back Sunday afternoon, had a wonderful time at the Hamvention. I met W8FYT, her daughter W8LNZ, W9JUJ, W8VWL, W3UUG, VE3 AJR. Didn't win a thing. Mobiled all the way home on 10 and 75..... W8UDA - Dorothy - is now in Lansing, Michigan, working at the Olds in defense work and reports she likes it very much. Her address is Dorothy Deindorfer, 621 Brook St., Lansing, Mich..... W8VWL - Ruth - sent the following information on the Dayton Hamvention: "Miriam, W3UUG, and her OM, W3MPO, were down; also happy to see VE3AJR, W8SPU, W8FYT and daughter W8LNZ. The Hamvention was a success with over 800 attending. Many prizes were given away but we weren't among the lucky ones. My OM, Joe, took his examination for Novice and felt sure he passed. At 12:00 noon a luncheon was given for the ladies and at 1:30 a style show. The Banquet was held at 7:00 with guest speakers Dan McCoy, W8DG, as Toastmaster; Paul Godley; Jack Brabb, W8SPF; and Ed Tilton, W1HDG. I didn't get a chance to meet all the YL's who attended."... W8WUT - Avis - has only been working CW on forty lately. Bowling and violets both coming along fine, and bowling team is in third place in 12 team league.

Grace Ryden, W9GME
2054 N. Lincoln Avenue
Chicago, Illinois

W9AYX - Jackie - Operating 75 meter fone now and finds time for a few QSO's. Still busy getting the spring work done on the new QTH and also takes care of her father-in-law

who is 80 years old and is making his home with them. Had a nice visit with the oldest daughter who is working in Milwaukee and came for the week end. Enjoyed chat with Mary W9RUJ last Saturday, W9RZV set up a portable rig. Helped to organize the Chicago YLRL Unit and will be serving on the board directors. Plans on attending the W9 YL convention in May at Mishawaka, Ind. W9BCB - Helene - Not too active since 10 meters is so very dead. Planning to put up a 75 meter antenna soon and will join the gals on the Wednesday morning net. Charter member in the Chicago YLRL. Helene is expecting a new Harmonic in May and doesn't think she will be able to make the W9 YL convention. W9FZO - Helen - No news. W9GME - Grace - Operating on 75 meters now and really enjoys checking in on the YLRL Wednesday morning net and talking with all the W8YL's. Has an after net QSO with Eleanor W9SEZ. Manages to get on Saturday mornings and chats with W9LRT Julie, W9AYX Jackie, and Gladys W9MYC. Helped to organize the Chicago YLRL and will serve on the board directors. Thanks to all gals for their nice letters and news--it is greatly appreciated. Thanks to all the girls who so splendidly cooperated in helping organize the Chicago YLRL and making this Club possible. Planning to attend the W9YL convention in May. Thanks to Nit W9LGR for the beautiful wedding invitation and only wish I could attend. We will be just getting back from the W9 YL convention. We sincerely wish you and Doug a world of happiness. W9JPT - Helen - Your letter was returned to me. I wonder if your address changed when you moved to the new QTH. Please let me know. W9JTX - Louise - The big news has arrived. Louise and Earl are the proud parents of a new YL Harmonic. Mary Frances was born February 15, weighing 5lb. 7 oz. and 19 inches long. Has dark hair and eyes. Congratulations to you both. Managed to get in a few contacts for the YL/OM contest while the OM took care of Mary. Will try to be on the air as much as possible. W9JUJ - Peggy - Can be heard on 75 fone now. Attended the Dayton, Ohio, Hamvention on March 21st. W9KQC - Virginia - Very busy trying to work and take care of the baby cuts her operating time out. Held the meeting for the LARK for the month of March and was also NC for the 10 meter YL net. W9KXL/4 - Bobby - Now living in Norfolk, Va. We are still looking for that signal and hope to work you soon. W9LGR - Nit - Has foresaken Taylor Springs, Ill.--now for Watertown, Wisc., where she is already working and planning her wedding for April 5th to Doug W9ADM. They met via the airways and held regular skeds for a year before they met each other in person. Doug is employed at Radio Station WTTM. They will be married in Tayler Springs and back to Watertown where they will live in their new house. Cupid really gets around. Congratulations. Thanks to W9DZU Ralph her dad for this news. W9LOY - Cris - Very busy with club activities at present but hopes to have more time to devote to operating in the future. Operates both fixed and mobile on 10 meters. Enjoyed the visit with W9DXX Alice. W9LRT - Julie - Chairman of the 3rd annual W9 Yl convention to be held at Mishawaka, Ind. Very busy planning a big program. Extends an invitation to all YL's from other districts who wish to attend. Manages to get on the air every Saturday morning and keeps a sked with W9AYX Jackie. Hopes to see you all in May. W9MFT - Martha - Operating 40 fone and hopes to have a 75 meter antenna up soon. Enjoyed her first contact on 40, none other than W1AW and had a grand chat too. The YL and XYL auxiliary are planning a rummage sale to raise funds for a get-together with the OM's. Taking the Jr op to a Radio Show and he says he is going to tell the man "Mom spends all her time with Ham radio when she isn't busy" effective I9 54 they will have license plates with call letters. Martha says they have

two cars so they will have one for Sunday and one for every day. W9MYC - Gladys - Has done it again-- was the first YL contact with another YL, W4WPD Shirley on 40 CW. Also enjoyed a 40 meter fone contact with Arlie W8HLF. Still working hard to get YL WAS and is always on the lookout for YL contacts. Had a lovely visit with W9DXX Alice who had many interesting things to tell about her Ham experiences. Joined in the YL/OM contest and had quite a few QSO's. Member of the Chicago YLRL. Hopes to attend the W9 YL convention in May. W9NCZ - Mary - Getting the spring housecleaning done has really kept her off the air. Hopes to attend the W9 YL convention in May. The YL op is doing fine and has doubled her weight in 4 months. Sorry Jackie I couldn't keep our sked that day. W9OMZ - Jeane - Just elected President of the YL Club in Milwaukee. (We don't have the details, please mail us some for the next issue; we would have liked to have had it for the Club news.) W9OTM - June - A high school girl comes from an all ham family. Recently elected Secretary and Treasurer of the Elgin Radio Amateur Service Club. Joined one of her dad's W9OWD Everett Code classes with her mother W9OTO Edith a couple years ago. Operates 40 and 80 meters mostly, runs 100 watts; receiver is an S-40. June loves music and plays the violin and sings. Member of the Chicago YLRL. W9OTO - Edith - Mother of an all Ham family, the OM W9OWD, June W9OTM, and son John was the first to get a ticket in the family when he was 13 years old. The OM is an ordained minister. Her whole family are musicians and also sing. Operate 40 and 80 meter CW with about 100 watts. Has a 25 watt rig on 160 meters built by her son John. Loves to rag-chew and doesn't care too much for DX. Has only Mississippi and Nevada to work for WAS YL. They have a certificate they give, WAB, worked all Battins. Member of the Chicago YLRL. W9PEX - Rosanna - Has joined the QRM on 75 meters, checks in on the YLRL Wednesday morning net. Enjoys going to the Elkart Amateur Radio Club and serves as their secretary and treasurer. Has lots of fun with W9MLE Peg Mondays and Fridays on 40 CW. Would like skeds with any other YL's on 40 during the daytime only. W9QYG - Verona - Still operating portable 5 in Albuquerque, N. Mexico. Will soon be sending in for her modification. Doing a little operating on 40 but doesn't get out too well, antenna problems. Keeps an ear open all the time on 20-40 and 75 meters for the W9's. Thanks for the letter and news. We do appreciate hearing from you. Good luck to you both. W9RGK - Gay - With the new Jr op in the house hasn't too much time to operate or even try the new viking out. Tried 40 fone the night the band opened and had only one local contact. Mostly operating 40 and 80 CW with an occasional rag-chew on 10 meters. Enjoys Harmonics and looks forward to every issue. Wn9RUJ - Mary - Has gone up for the general and waiting for the verdict. Bought a new home and hopes to be settled in the new QTH by May. "That new Cadillac with a whip antenna on it should look real nice parked in front." How about that Mary? Let us know about the new club. W9RXY - Marge - Has been off the air for a month. The wind took down the antenna. Worked like a beaver to get set up for the YL/OM contest and had 25 QSO's when things were just getting good the "telephone rang" you know what. I went off the air, one disgusted YL. Would like to know if any one knows how to TVI proof an 813 with an 8 micrvolt TV signal. Enjoys contacts with Gay W9RGK and hopes to meet her in person some day. Member of the Chicago YLRL. W9SEZ - Eleanor - Operating I60 and 75 meter fone now. Enjoyed checking in on the YLRL Wednesday morning net on 3900 kc. Tried 40 fone the night the band opened but no results. Expects to have 2 new towers up soon, one on the house and one on the garage, for her new antennas. Will also have a mobile rig in the car on all

bands. Eleanor's equipment varies from week to week as the OM is in the radio business. Planning to attend the W9YL convention in May if everything goes well. Helped to organize the Chicago YLRL Unit and will serve on the board directors.

W9SPI - Marge - Waiting for her technician's ticket. Has 33 states confirmed for WAS on 80 CW. Had a nice QSO with Dot W0MPB in Kansas and Corabell WnIVZI in Maine. Already earned RCC. Operates 80 meter CW around 11:00 to 2:00 AM most every day. Entertained the LARK for luncheon on March 19th and all took a trip to W9DXX Alice's QTH. Enjoyed it very much. Member of the Chicago YLRL.

W9SPN/5 - Rose - Received her novice ticket in May and went for her technicians in September. Spent 33 years in Beloit, Wisc, but the OM and her decided to move to Dallas where it is warmer and part of the family in neighboring states. Just recently elected secretary of the Blackhawk Amateur Radio Club. Loves all phases of Ham radio. Built her own Eldico modulator and will be all ready to go on the fone bands. The NC-183 is still in Wisconsin and hopes to get that real soon. Nice hearing from you Rose and good luck in the new QTH.

W9SSL - Shirleen - Not too active on the air-- brushing up on the code and theory to go down for her general. Likes the new Viking very much and gets to talk to some of the YL's when the OM is on the other bands. Member of the Chicago YLRL.

W9SJR - Bernice - no news.

W9SXY - Peggy - No news.

Wn9TIX - Kathleen - One of our new ops to join the ham fraternity. Has already been up for the general. Attends high school and is taking a radio course. Belongs to the Nutria Radio Club which is the school club. Operates 80 meter CW with 40 watts and a half wave doublet for an antenna. Hopes her dad will get her a new receiver when she gets the general ticket. Member of the Chicago YLRL. Congratulations to you Kathleen. Hope you can join us often.

W9TFL - Pat - Operating 10 for quite some time but has not been too active lately since 10 is so dead. Planning to go on 20 and 75 meters as soon as the OM W9VGI has the time to put up the antennas. They are located on a farm and will have plenty of room. Conducted a code and theory class during the winter and Wn9UMH was one of the pupils. Pat has 1 Harmonic in school and tries to get on the air as often as possible. Rig runs 300 watts.

Wn9WOI - Vera - Another teenager to join our ranks. Attends high school and taking a radio course. Belongs to the Nutria Radio Club which is the school club. Vera will be a new member in the YLRL and has also become a member of the Chicago YLRL Unit. Our congratulations Vera--good luck in your new hobby. If we can help you in any way, we are more than happy to do so.

Inga Hoffman, W0KOY
 Stanton,
 North Dakota

W0ZWL - Martha - I was a little late sending in my dues to Harmonics. I do enjoy it a lot and hope I won't miss any issue. Since we were allowed on the air again I have not had as much time to spend on our hobby as I did before; however, I do report in to the S. Dak. CW net quite regularly; also am a member of the Mars' net. Try to work a little 40 meter CW once in awhile. The OM has a rig ready for 40 fone but this week he is snowed in, in Nebraska. We are planning a hobby show--we gals run the food booth and make a little money. The show is put on for the third year, and is getting

some of them out after the show is over Hi! WØDBH - Edythe - I am an R. N. and married the OM WØDBI in 1946. We got our ham license in 1951. We both believe it is a wonderful combination hobby. We have two girls and two boys--the oldest five--the youngest ten months. I do the children's sewing and our canning. I honestly love it all. For hobbies, I believe the only other one I can claim is reading--that takes up the spare time I have that hamming doesn't take up. WNØIRD - Lillian- Expect to try for my class C soon. I like Harmonics very much. It is fun to know what the other girls are doing. Jean, WØIRJ , is on quite a bit. She is on 3985 quite a bit or around there. I correspond with WØIEI, Angie, she has two little boys and a girl. WØKOY - Inga - Glad to see the calls of new members in our district. Would like to hear from them; also from other members not yet heard from. Miss Maxine WØCCK now W5YRT, hope to work her on 10 meters this spring if it ever opens up. Worked WØZWL Martha and her OM WØYQR on 160 meters; also worked WØHEZ, Virginia on 160 for the first time. Received a short but sweet letter from W8ATB, Esther. Haven't heard WØCVQ, Leona, on 160 for a long time. Last I heard her OM WØNBS was back from the hospital and checked in on the N. Dak. net a few times, then absent on roll call. Maybe he had Xmtr trouble. The net has been discontinued for the summer. Today is March 23. We are having our worst snowstorm of the season. Before that we had nice spring weather. The snow is all gone and the Big Missouri River and Knife River here is expected to break up as soon as this is over with. We look for an easy break up this year and very little flooding. We had 24 inches of ice on the Missouri instead of the usual 27 of other years. WØRAW - Bertha - Writes that they are living in Port Lavaca, Texas, a little coastal town of 6500 population and like it very well, and may stay there for the summer. Had just received a card from W5RZJ, Louisa. (Seems like a lot of our WØ girls went south for the winter--now that spring is on the way maybe they will go north with the birds Hi!) Bertha is on 40 and 80 meters.

Louise Bostwick, KH6AFL
 4825 D Kahala Avenue
 Honolulu 15, T. H.

KH6ACD - Ernie expects to join forces with KH6WU shortly. It sounds like an Amateur Radio Romance to me. KH6AFC - Hazel is now on 40 meter fone. She took part in a Civilian Defense Program in the Islands. KH6AFL - Luika had a letter from KH6TI - Del who is in New York City at present (qth Mrs. W. G. Johnson, 334 West 77th St.). The bands have been so poor I have been playing a lot of golf and bridge lately. KH6AFN - Jeanette handles skeds for Okinawa twice a week on 20 meters. She patches XYL's through to their OM's stationed there. Her house always looks immaculate but we can't dope out when she get time for housework. Her OM is a very tidy guy. KH6AJD - Alice May also took part in the Civilian Defense program. WH6AUJ - Dot built herself a power supply and is now building a Xmitter. She is studying for her General Class or whatever they call it now. Grr! WH6APG - Linda is very busy taking care of her little "Xmtr". We have not heard her on the air lately but she says she is working on that next ticket. WØGRH - Terry is busy working for the C. A. A. and I have not heard her on the air. She comes to the meetings when she can. Jeanette, KH6AFN, ran into WIFRO Alice Fitzgerald who is working here in Honolulu.

Flo Hart, KL7CY
803 East 1 Place, Apt. 1036
Anchorage, Alaska

KL7ARU - Celia - is busy with writing and working up her BC radio shows. I caught her "Village Sketches" which is on the net here Sunday night. Very interesting. She was building an oscillator the last I heard directly. KL7CY - Flo - I don't do much except care for our 7 year old daughter, read and sew and fuss around. Would like to tell the girls a little something about Anchorage. There is a very fine Symphony orchestra and a very active little Theater Group, and I don't know how many more similar activities. The Alaska Crippled Children's Association, or ACCA as we call it, is one organization that is composed almost entirely of volunteers. They have a Gift Shop, The Gilded Cage, the profits of which go to ACCA, which is staffed by volunteers. The Anchorage area now has upwards to 60,000 people. There is every shopping facility one would wish for. To illustrate, one well known grocery chain has 5 branches here. I can pick and choose from 15 or more dress shops and if the budget permits could select a Hattie Carnegie or some similar original and an original hat to complement the gown. There are several department stores, many shoe, and other specialized shops also. There are two book shops, and an excellent Public Library. Every one has several hobbies. Oil painting is most popular with professional results. Photography, of course, is a must. Four motion picture theaters, innumerable night clubs, supper clubs and the like are here to satisfy that need. Alaska is a wonderful place, but I am afraid there is a great deal of misinformation concerning it. I'm beginning to sound like the Chamber of Commerce. Hi! This winter saw 18 below the coldest temperature in this area. In Fairbanks and the interior it was much colder, down to 55 and even 60 below on occasion. KL7RN - Jeanne, I've been spending a large portion of my time in painting. I broke into the 20 meter net last week. Kinda thru the back door and certainly not well but. . . Anyway, W6NLM, Beulah, heard me and vainly tried to check me in. Finally Bea heard my squeak so I think I got checked in. Will try it again.

Elizabeth Bell, KZ5AE
P. O. Box 72
Pedro Miguel, Canal Zone

The Canal Zone Q. R. Mary's are still on the air waves, still listening for other YL's and are happy to report we have heard a few more States YL's recently.

Our 1953 officers are: President, KZ5LM, Lois

V. Pres. , KZ5KA, Kay

Sec. , KZ5AE, Sis

Certificate

Mgr. , KZ5NN, Dee, and KZ5DW, Dot.

KZ5NN - Dee - has returned from a month's visit to Lima, Peru, where she visited in the homes of OA4DI, OA4BC, and OA4AE, and enjoyed their wonderful hospitality. She visited factories making crystal, silver, ceramics, wood products and shoes. Also visited the museum in Lima and the Inca ruins. With OA4BC and Louise she spent a glorious week end high in the mountains of Huancayo and visited the Indians there. During her visit she also met OA4EU, V, N. DT, M, CL, C, AI.

KZ5ML - Martha - Entertained ZLIMP and his XYL recently as they were passing thru the Canal Zone. . . . KZ5 hams were happy to greet Capt. Kurt Carlson, W2ZXM, on his recent transit of the Canal. None of the YL's met him personally as his Flying Enterprise transited the canal without dockage. Some of the OM's were able to board ship to greet him and present him with an honorary call, KZ5HC; and most of us did work him during his short stay in the area. We are still holding our monthly net drills with net control station rotating so that each YL can gain experience in this phase of net operation.

Dell Daykin, VE3AJR
124 Erie Street South
Lemington, Ontario

VE3BTE - Rose - Has been chosen as custodian of the lovely Challenge Trophy won by the Hamilton Amateur Radio Club for the high Canadian score last field day. It is a very beautiful affair, with a gleaming silver angle at the very top. Better see that the OM gets a can of silver polish and keeps it slicked up, Rose! . . . VE1ABT - Doreen - Became interested in radio after she married VEIPF. She hails from Brandon, Manitoba, but now resides in Nashwaaksis, N. B. (try that one on c. w.). It is a small village close to Fredericton. Doreen is planning on trying for her phone ticket in the very near future. Best of luck to you, Doreen! . . . VE3DEA - Denny - Is a new member of YLRL. You remember reading about her in last bulletin. Dell sent her an application form and she had already received one a few days before. It never rains but it pours! A great big welcome to YLRL, Denny. More news about Denny next issue. . . . VE3DTW - Ethel - Reports that she is now a proud grandma. Congratulations, Ethel. She has been busy redecorating the "Lighthouse" and paying return visits to ham friends who come to see her and OM during the summer. It must be a very pleasant place to visit -- 1-1/2 miles out into Lake Ontario on a pier of the Welland Canal, with equally pleasant company at the journey's end. . . . VE2HI - Ethel - Our other Ethel works some phone but describes herself as "a C. W. hound". She has been on the air since "way back" and her favorite haunt is 7040 kcs. So look for her there, girls. She is the very efficient secretary of the Montreal Amateur Club. She drives a little English car and is fortunate to have her call letters for her license plate. Quebec is the only Canadian province where this practice is allowed. Ethel really goes places in her "Austin", particularly to hamfests, hither and yon. Hope you have your antenna up again by now, Ethel. . . . VE3AJR - Dell - Was one of the gals present at the Dayton hamvention. Renewed acquaintance with Helen, W8SPU, Peggy, W9JUJ, and met Miriam, W3UUG, Ruth, W8VWL and Lil, W8FYT. Had a wonderful time visiting hams and radio stores. Spent night at motel in Toledo on the way home and spent the evening with Marvel, W8HUX and OM. Ate delicious cherry pie and ice cream at 1:30 A. M. and slept peacefully that night proving that Marvel is a marvelous cook. Hope you Canadian gals have all sent in your dues by now and will send a note with all the latest gossip for the next issue, and sincerest thanks to those of you who did send such nice letters.

ATTENTION YL NURSES

Joseph Lebo, W2OEU, will publish his article on nurses who are radio amateurs in the April issue of The American Journal of Nursing.

GIRLS, PLEASE NOTE

W4LAS, Mabel, has received a lot of requests from the girls as to the meaning of 33s. 33s means "LOVE SEALED WITH FRIENDSHIP BETWEEN ONE YL AND ANOTHER".

REPORT OF YLRL 1953 NOMINATING COMMITTEE

YL's: We contacted many members in hopes of securing nominees for offices for the coming year, and thus submit our report. Thanks to the girls on my committee, which includes Kay, W3QPJ, Esther W1RYJ, and Harriett W5NES, for their splendid help. Ballots will be mailed to each member soon; vote for your candidate and return to the Secretary promptly. The results will be published in the June issue of Harmonics, and new officers will take over the first of July.

33,

Mildred O'Brien, W6HTS
Chairman of Nominating Committee

Results of Nominating Committee:

For President:

Esther Stuewe, W8ATB; Grace Ryden, W9GME; Margaret Wells, W1BCU.

For Vice-President:

Rosemary Robin, W6PJF; Genevieve Malette, W6EHA/5; Ruth Siegelman, W2OWL;
Frances Shannon, W4RLG.

Secretary-Treasurer:

Miriam Blackburn, W3UUG.

Editor:

None (Some girls in the YLRC in Los Angeles have offered.)

Publicity Chairman:

Barbara Houston, W3OQF; Peg Ferber, W3RXV.

W1 D. C.

Ann Chandler, W1OAK; Mildred Doremus, W1SVN

W2 D. C.

Hope Plummer, W2RTZ; Madeline Greenberg, W2EEO

W3 D. C.

Loreli Johnston, W3SVY

W4 D. C.

Anita Bien, W4JCR

W5 D. C.

Maxine Thompson, W5YRT; Patt Hubert, W5SPV; Jessie Harton, W5HWK;
Pat Cary, W5JYD.

W6 D. C.

Lucille Hinkle, W6JMS; Vada Letcher, W6CEE.

W7 D. C.

Bea Austin, W7HHH

W8 D. C.

Kate Eastman, W8EIR

W9 D. C.

Eleanor Engebretson, W9SEZ

W0 D. C.

Ethel Kleinendorst, W0BFW; Mary Jo Overbeck, W0CXC; Marguerite Bourell, W0SAJ.

On the ballots there may be additional nominees whose names were not available for this issue of Harmonics.

FROM THE SECRETARY'S DESK

NEW MEMBERS

VE3DEA	"Denny" Denmark, 110 Meadowville Drive, Toronto 18, Ontario, Canada.
W4NUB	Anna Hand, Hand Avenue & 13th Street, Bay Minette, Alabama.
W9QLH	Blanche Edwards, Humbert Road, Alton, Illinois.
W5UXW	Opal Helms, Box 987, Wink, Texas
W4VDL	Eileen Pendleton, 1408 St. Stephens Drive, Mobile 17, Alabama.
W9OTO	Edith Battin, 616 Glenwood Avenue, Elgin, Illinois.
W4TOG	Jane Fischesser, 3776 Wares Ferry Road, Montgomery, Alabama.
W9QBN	Therese Trapp, 3946 Ranburn Circle, Gary, Indiana.
W4WFN	Dorris Mitchell, 1772 De Foor Avenue N. W., Atlanta, Ga.
K2AMZ	Alda Willett, 176 North Avenue, Rochester 13, New York.
W0HBO	Barbara Whalen, 225 W. 82 Terrace, Kansas City 14, Mo.
W6LFR	Margaret Coelho, 729-1/2 1st Street, Hayward, California.
W5VQE	Edna Ferguson, 307 Duncan Street, Jackson, Miss.

NEW MEMBERS - Continued

71TKW	Doris Staniewiez, 29 Franklin Street, Reading, Mass.
WN4WTJ	Betty Mahaffey, 3143 Lamphier Avenue, Memphis 12, Tennessee.
W4YFH	Pearl Klunk, Quarters 36, U. S. Naval Air Stn., Pensacola, Florida.
W4TFH	Edna Scott, 2720 Old Steel Creek Road, Charlotte 8, N. C.
W5TXK	Margaret Brown, 1308 Fourth Avenue, Jackson, Miss.
WØIRJ	Jean Heikkila, Cromwell, Minn.
WN5WCG	Helen Martin, Box 990, Gulfport, Miss.
W3TYC	Miriam Reinhardt, c/o Gen. Del., 325 Oak Street, Emporium, Penna.
W9KXL/4	Elizabeth Slagle, Midway Cts. RFD #4 Box 514, Norfolk, Va.
KL7ANG	Nancy Walden, Box 879, Anchorage, Alaska.
W4UMM	Sarah Abbott, 839 McMillan St. N. W., Atlanta, Ga.
WN4YQN	Vivian Shockley, 207 Third Avenue N. W., Winchester, Tenn.
W4WXF	Clara Kent, RFD #2, Antioch, Tenn.
W4WPD	Shirley Hill, Box 118, Produce, Florida.
WN8MBI	Marie Helminski, 3943 Concord Street, Toledo, Ohio.
W1VYH	Elizabeth Wood, 53 Main Street, Topsfield, Mass.

NON-MEMBER W4ARR, Robert Crane, 329 E. Glenwood Avenue, Birmingham, Ala.

CHANGE OF QTH

W1MUW	Norma Moskey, 157 Englewood Drive, West Hartford, Conn.
W3NNS	Anabel Garrahan, 1445-1/2 Wyoming Avenue, Forty Fort, Pa.
W3JSH	Dottie Wickenhiser, 8 Chelsea Avenue, White Plains, New York.
KH6TI	Ardelle Johnson, 334 West 77th Street, New York City, 24, N. Y.
W6PVV	Jean Sanderson, 600 Acacia Avenue, Sn Bruno, California.
W3WKD	Jacqueline Wood, 85 Darington Street, Washington 24, D. C.
W9RGK	Grace Lawson, 505 S. McCullough, Urbana, Illinois.
