

Y-L-HARMONICS

Nov.-Dec. 1943-Issued by Young Ladies Radio League.

Happy
Anniversary

Pres., Mrs. Dorothy W. Evans, W1FTJ, Box 312, Concord, New Hampshire.
Vice Pres., Elizabeth K. Zandonini, W3CDQ, 3633 Everett St., N. W., Washington, D. C.
Sec.-Treas., Mickey Marglin, W9ZTU, General Delivery, Fort Knox, Kentucky.
Publicity Chairman, Anita Bien, Route 4 Box 110, Chagrin Falls, Ohio, W8TAY.
Editor, Judy Caraway, P. O. Box 497, Monroe, Louisiana, W5FJW.

Dear YLs of YLRL:

Four years of splendid progress - two years thru the most trying period of American history! My warm congratulations to YLRL & YL HARMONICS and a prayer for continued success. Anita Dien, WSTAY, Publicity Chairman.

Greetings to all the officers and members of YLRL on this anniversary day. I hope we can continue to stick together in the future as we have in the past to keep YLRL going, and that we will have your continued cooperation. See you all on the air soon.
Lickey Marglin, W9ZTU, Secretary.

Happy Anniversary, YLRL; because times are lean and your activities rationed, this birthday of yours means more to your rooters than any other. We pledge to "stick together" in the words of our President to insure you many more happier returns of the day.
Charlotte McCaffrey, W2NSL, 2nd District Chairman.

Appreciate very much the appointment as District Chairman and will most certainly try hard to be worthy of that office. However, I must ask all you gals of the 3rd District who read this, "Don't you PLEASE write me at once, even if you have no news, so that I can at least mention your name in the next report. I'm sure you will, thanks a millyun."
33. Pauline Ann Raser, W3HVO, 3rd District Chairman.

I'm appreciative of the opportunity to serve as District Chairman and can think of no better resolution for 1944 than to resolve to sincerely and honestly strive to do whatever each one of us can to keep Harmonics and YLRL going. Jessie Hart, W5HWK, 5th District Chairman.

I dip into the past and thank all the staffs that have served Harmonics so well and kept us on the map in spite of the war and high water. I dip into the present and thank the officers who carry on so graciously. I dip into the future and pray for a victorious Year and Permanent Peace. Come on Y L R Lers! Ann Webster, W7HYO, 7th District Chairman.

I would like to take this opportunity in the anniversary issue of Harmonics to tell you how very pleased I was to be chosen by you girls as your chairman this year. I had always wished to become chairman and was thrilled to receive the position. I not only wanted to report news of our district, but I wanted to become better acquainted with all the yls both old and new members. I think we are doing very nicely in YLRL for these times, but I must remind all of you once again to remember two very important points. You must send in news each month. You have done well, but please try to do a little better. Don't let it all fall on one person's shoulders, for you're all members and, if we don't hear from you, we can't introduce you to the other girls. Also, keep in mind the date of your membership dues and keep them up for we must work to keep YLRL going after the war. I want to take the chance now to thank all of you for the lovely greeting cards I received during the holidays for I haven't as yet found time to thank you all personally. Let's hear from you more often. Ours for Victory, Dot Willett, W8UDA, 8th District Chairman.

I am happy about the way the girls are keeping the Harmonics rolling right along, and much credit is due to the girls who are getting the paper out. Esther Davis, W9EFW, 9th District Chairman.

Greetings to all YLRL members on our Anniversary. When this war is over and gas rationing a thing of the past I am going to visit each VE YLRL member and personally extend my 73s, 33s & 83s, so be prepared. Ethel Pick, VE2HI, 10th District Chairman.

I am glad to be selected as 11th D/C. News is scarce, so reports will be scarce.
Constance Hall, W3LY, 11th District Chairman.

HAPPY ANNIVERSARY TO YLRL FROM 2ND DISTRICT

'Twas a day in November in thirty-nine,
That YLs in sympathy all down the line,
Banded together and gave you your start;
For they all spoke a language that comes from the heart.

A lingo describing a hobby of fun,
With mental gymnastics second to none.
This hobby in wartime must ration its fun,
While the work of its lovers helps beat the Hun;
But rationing over, the war safely won,
Your daughters will cheer in a voice that is one.

So YLRL, at your birthday we look,
As our glance leaves the blanks of our loved log books,
And know as you grow in doing your part,
That your daughters can smile and take on more heart;
For the stuff that you're made of can never die,
and your growing older gives worry a "HI".

JZISL.

Your Committee is now working on revisions to the YLRL Constitution. Suggestions from the membership will be welcomed and gratefully received. These should be sent to
Mrs C. Hien, STAY, Route #4, Box 110, Chagrin Falls, Ohio, and should reach her soon.

YL OPS BIRTHDAYS - SAME DAY EVERY YEAR...

November: 5, #6RGX; 14, F. Mayer; #7TSL; #9BFW; 18, #9AMP/1; 19, #5JXL; 24, L. Ruocco;
27, #9JXF/1; #5IKC; 30, #8WTF.
December: 4, #9OUD; 6, #6TCH; 9, #8UDA; #8SKZ; 10, #9CWN; #9CAI; 11, #3CDQ; 12, J. Grab-
scheid; S. Barsel; 13, #9DBD; 18, #8SJF; 23, #1LDW; 24, #7TEP; 26, K. Edwards;
31, #9NWU.
January: 2, #5JAD; 4, #1LZH/3; 10, J. Quarequid; 11, #8UCY; 14, R. Pohly; 15, #6MVO; 21,
#8SPU; 22, #8VFL; 23, #5JAL; 26, L. Curtis; 28, #9IKS; 30, #3FXZ; 31, #1LH/6.
February: 1, E. Zionson; 4, #14NPA; 5, #6OUS; 6, #2IXY; 7, #6SGD; 8, T. Scur; 9, #9ONW;
11, #2LWS; 12, #8KNC; 13, #1LH/8; 18, #8 Hodges; 19, #8 Doc; 25, #8UUG; 30, A.
Gray; 26, #1KKQ; 27, #4HPX; 28, #1LDM.

It has been strongly urged that YLRL try for another War Bond. Esther, #9EFW, feels confident that another wouldn't be amiss, and we too think that, while all our members didn't have an opportunity to be included in the first one, there are many who would be glad of the chance to contribute to such a worthy cause. Let us hear from you girls, telling us just what your ideas may be on this. What do you think our chances are, would you be willing to do your share to complete it, if started, etc...? Ya Ed feels very strongly in favor of it, and would like to be in on it, having missed out on the other one. We can do double duty on this one, we feel sure. Drop a card or letter to Ya Ed, Box #67, Monroe, Louisiana, or to any of the other officers of the YLRL, giving your views. We would like to get it under way by this time next month, anyway. You will find names and addresses of all officers and D/Cs elsewhere in this issue.

1st District, District Chairman, Ellen Watkins, WJOU, 4th Central Ave., S. Burlington, Conn.
WJOU is busy these days; back teaching school after working at Hamilton Standard Press-
Litho; busy with Red Cross Motor Corps, driving the automobiles, selling defense bonds,
etc. Just got a picture of that snappy uniform.

WJOU is high help to W/O; always busy with many things but not too busy to help friends;
received very beautiful hand made Quilt Log from WJAPA which she and her CI WJLW made.
Got sends her thanks to all the girls for the busy Christmas and New Year cards.

WJOU is engrossed with her second daughter, born eleven years after the first. Lined is
out of practice of taking care of babies.

WJMP/1 is gradually being left with all office work at League HQ; the fellows are being
called away, one by one; she welcomed WJUI to WJML HQ during Xmas holidays, introduced her
to many of the staff.

WJFO is kept busy sewing, and writing to service men. Are they all relatives, Alice?

WJND and her two daughters are enjoying the food they canned from their garden; Lavinia is
leader of the WJ Garding Club at Coventry; teaches a class in Windsor and surroundings; her
class is taking code from her; church choir takes much of her time on Sundays.

WJX has given up her hobby of flying for the duration; is now in service and stationed
at Beach Beach, her first assignment since basic; writes that the place is beautiful.

WJSA/3 has been ill in hospital in her home town. Our sympathy to you, Bea. O.K. now??

WJOW misses her flowers in winter; anyone know where they can get some films? She recent-
ly received card from a man in Montevideo, Uruguay; he hopes to be back on the air before
the year is out.

WJLW is now Mrs. WJUY, or Mrs. Marion Gould. Congratulations to the lucky man.

WJBY is now back in the first district. Welcome home, Eleanor.

WJBN is at Treasure Island of World Fair fine; she writes "The weather is too wonderful
for words. But I am going to miss the snow."

WJKP/1 was fortunate to be able to spend Thanksgiving with her CI at Fort Terry. The CI
must have received that Captain's rating by the time this goes to print.

WJH/1, between times she spends eating spaghetti, inspects parts at Naval Aircraft Fac-
tory in Philadelphia; has recently had a raise in rating and is now Assoc. Inspector of
radio. Congratulations! And save us a bite some time...I love it...

WJGT is keeping the home fires burning for Jim. The CI has been transferred to New London.
She has lost her faith in the interest cats are supposed to have in extermination of mice...
ask her for the story...

WJER is working at a Canteen Unit at the Boston Red Cross HQ; does clerical work for the
Skating Club of Boston; her earning hours are occupied by hush-hush work.

WJCH sends best wishes for success of this anniversary number. Thank you, Florence.

WJEP is teaching school this year, after an absence from the work. Coaching a musical
play and acting as the only member of the CPA price panel set-up gives her no time a-tall.

WJAD is a member of the staff at a large eastern technical school. Her CI works there,
too. More sh-h-h work.

WJKN keeps busy with her 12 year old son and her canteen work at the local high school.

WJOG is employed by Newark Signal Corps Inspection Zone at the Automatic Radio Mfg. Co.
in Boston. Her CI is an instructor at I.I.T.

WJSPH is junior hostess at USO Club in Fitchburg; she is helping with a class in 3rd class
phone pen-its; WJLW is the examiner.

WJW's district was picked fourth for having WJAO operating most efficiently. WJW is
active in WJIS work.

2nd District, District Chairman, Charlotte A. McCaffrey, 217 Ruttle Ave., Spring Lake, N.J.

WJSL sent in her greetings to WJL for the Anniversary Number of IHI and, aside from that,
Ye Ed seems to have no news from the 2nd District. Did they get lost, or were they sent in
all? WJL would like to know, very much.

1st District, District Chairman, Pauline Ann Raser, W3HVO, 315 Beechwood Ave., Trenton, N.J.
W3TX/3 reports that Lou, W5IKC, paid her a short visit, and her hubby, who is in the Navy, was also home on leave. Since her husband's transfer, there has been no one to stay with her daughter Dotty, so Louise has been obliged to resign her position under Civil Service at the Naval Air Station. We wish to make a correction in regards to her being reported as a member of the WAVES. Somehow we got the impression from her letter that she was, but please forgive us for the wrong report.

W3FKZ, Mary, reports she has been working 27 hours per week and is also a nurse's aide, which is harder than anything she has tackled before. She has promised us a letter, so let's hear from you real soon.

W1MZH/3 is reported in the 1st District news, but under the call W1MZH/3. Please pardon this mistake, Mary.

W3HVO is still plugging away at her new job and is wondering how in the works she is going to work at the new garden she is contemplating this spring with a job and a home on her hands! Pauline says: "Gals, if you are not mentioned in this column, there is only one reason. That is because you neglected to drop W3HVO a postcard. It only costs a penny!"

4th District, District Chairman, Gladys Garland, W4G.T, WJHL, RFD #4, Johnson City, Tenn.
W4GFO, Helen, is doing a fine job teaching high school boys Code, doing Girl Scout work, and keeping her house going for her OL and two handsome sons. Congratulations, Helen.
W4HPK, Agnes, and her OL made a trip to Savannah, Ga., spent her time knitting a twin sweater set.

W4G.T, Gladys, is working the 0600-1200 shift at the WJHL transmitter and studying for her First Class license examination.

Note: Gladys' greetings for the anniversary number were inadvertently omitted from the meetings on another page and are given herewith. A thousand pardons, please, Gladys!
To Sister YLRL Lembers: I feel honored to be elected Chairman of 4th District. With the help of all the district members, I will do my best to keep the 4th District in the Harmonics. Thanks for all the reports sent in - would like to hear from all members. Good luck to you all and best wishes for a happy new year. 33s Gladys Garland, W4G.T."

5th District, District Chairman, Jessie J. Hart, SOA W. Oak Street, El Dorado, Arkansas.

W5IZI, Ruth, must be quite handy with a camera. In addition to spending happy moments photographing her year-old granddaughter, she recently took many snaps of an Air Show being held at the Electra Airport. She has also been copying messages from Radio Tokyo recently and heard a recording made by a Prisoner of War who was a college mate of her son, Ernie.
W5JAD, Ethel, and her OL keep up their code speed by copying daily over WSL press wireless. They also have another hubby, fishing! Belong to a Fishing Club in Colorado, a beautiful place 10,000 feet above sea level, where they spend many pleasant hours.

W5IKC, Lou, spent her vacation in December visiting 9JTX/3 and YL in Norfolk, Virginia. Lou has been in her present place of employment for 11½ years. A nice record! (By the way girls, the news about 5IKC in the July to October issue of Harmonics was a MIS-PRINT in the call. Lou isn't even married, so nacherly she wouldn't be taking pictures of her granddaughter. Hi! Our abject apologies, Lou.)

W5JAL, Celia, had to give up her code classes because the work entailed in both of her jobs was too heavy, but she is Communications Operator at Camp Chaffee, Arkansas, and does Crypto and Teletype work; likes it fine. Her husband recently received a medical discharge from the Navy.

W5ZA, Eunice, and OL, Captain Falconi, have just finished a complete redecorating job on their home, with all new furniture, and are preparing the basement for their ham station after the war. Besides keeping up her golf game (Eunice is a champion golfer), she and bowl three times weekly.

W3JSH/5, Dorothy, formerly held special call of W4MG in AAHC and now working as Radio Technician for Electro-Mechanical Research, Inc., in Houston, Texas, and enjoying spending the day over a hot soldering iron again. She and hubby, BKZA, U. S. Navy, have a nice little duplex apt. and like the Southern winter weather. (Dorothy's a newwed!)

W2NAZ/6 Moore, whose QSL (including the photo thereon) is really a money, writes: "Can't say I enjoy living in this town, as everything I have been accustomed to... ISNT here. I was in radio broadcasting and I do miss the work so very much. But now I am a housewife, and that's about all. We Navy wives find several activities in the war work line, but none of it is radio."

Here's a little additional about a couple of the gals:

W5JAD says that White Deer, Texas, gets its name from the fact that once a snow white deer lived on the range in and around that part of the country. Recently celebrated her Silver Wedding Anniversary and received a beautiful sterling coffee service from Mabel, 7HXV, and Bob, 7IGK, who paid them a visit in September.

W5IZL keeps terribly busy always and has been Civilian WAC Recruiter at Electra, Texas, for past year; rated an Orchid in a recent 3th Service Command Bulletin. The WAC officers at Wichita Falls, Texas, recently sent a Staff car for her and she was only civilian guest present to see private showing of "Women at War".

5th District, District Chairman, Helen R. Cook, W6MNO, 152 S. Reeves Dr., Beverly Hills, Cal.
W7IHK/6, Jessie Crook, wishes to report that Doc, her OM, W7IHL, is still in Medical Corps and is in Italy since October, and daughter Eleanor Jean is attending Los Angeles City College. Jessie is still working at Douglas Aircraft.

W6RUX, Genevieve Capstaff, is working at WGN, Chicago, and very happy with her work there. Her address is 162 E. Ohio St.; would like to meet some of the YLs there.

W6COG, Helene, lost her wire haired fox terrier, Sandy, 13 yrs. old. He died in August, and will be missed. Helene expects her unit number for her WERS - 2 1/2 meter transmitter within the week - "Mobile".

W6TMB, June and her OM W6SIN, have been practically commuting between Los Angeles and Wash., D.C., for the past year.

W6TAV, Norma, has been very busy with Red Cross work and putting in hours with Aircraft Warning Service; looks forward to receiving Harmonics and reading about the wonderful things the YLs are doing to help win the war.

W6ZP Evelyn and W6MA are in the WERS net in Long Beach. Her only other war activity is a victory garden and having a radio shop, telling people all day they don't have any 5016's.

W6WNI Kitty has adopted the hobby of collecting pre-cancelled stamps. Also the past year raised a few chickens; had a letter from Martha W6ZWL saying she was coming thru Prescott enroute to her home and would like to have Kitty come down to the station while the train stopped there. Kitty met the train Thanksgiving evening and enjoyed meeting Martha and their little visit very much.

W6TCH Marty is staying home and being a housewife these days; her OM W7EQN is with govt.

W7IHL, Norma Schall, RM 3/C, Navy Barracks, Treasure Island, is stationed in San Francisco and would like to contact any YLs up there; also hopes to get to Los Angeles soon.

W6MNO was very happy to meet W3GOK's sis while visiting in Wash. Sorry was unable to contact the other girls she tried to call; as D/G will try and keep the 6th District's interest from waning, as Dottie puts it...H...

Notes: Here also is Helen's anniversary greetings to the gals: "Thanks to Dottie and Anita for the appointment as District Chairman. I appreciate the honor and will do all possible to cooperate. Also want to thank all the gals for their FB letters and hope for continued cooperation. 33. Helen."

7th District, District Chairman, Ann Webster, W7HYO, 511 F Street, Rock Springs, Wyoming.

W9EAY Mae is residing in Riverside, Calif.; her son is an Ensign in Navy and her daughter is in Savannah, Ga.; she likes California.

W7KUD Violet and hubby are doing to school at Boeing Field for CIA; getting ready for two year term in Alaska.

W7IHK Jessie works in airplane factory; writes: "I don't have time for nips or naps; I'm building planes to whip the Japs." OM is a Major and in Italy; daughter attending college, studying dramatics.

W7HUT Verna, now in Anchorage; OM has furnace and stove repair shop.

W7ENU Mary returned from Nome and now is in Portland, Ore.; has daughter Christine aged 16 mo.; OM still in Alaska but expects to be transferred.

W7FWE whose OM FWD has been ill, is much better.

W7ITZ Ruth is now residing in Portland; OM FTA in defense work.

W7HEO's OM has been ill with flu; now able to be about; had her hands full trying to stoke three coal stoves, one of which is a furnace; OM doesn't mind that work, tho...

W7FTX Clarice originally hails from Corvallis, Montana, but expects to remain in Fall City, Wash., for duration; OM W7FGR is working at Lake Washington Shipyards as Radio Engineer and Material Coordinator. Clarice says she was home first of Nov. & had a nice QSO via fone w/ W7IBH Hazel Cook. Wishes her best 33s passed to all the girls.

W7HHH Bea sent along a request for application blank to be sent to Ruth Booth, 1438 Mill St., Portland, Ore. Mary tx, Bea, and will be happy to welcome her to 7th District.

W7FTR Mary Ann's OM suffered a heart attack but is much improved; her son is in Navy and was home from Alaska in Nov.; we all sincerely hope the OM will make a complete recovery.

W7HHH. Just another little note on Bea. She is still teaching code to a young man who has been bed ridden for five years and working in their bike shop. More power to you, Bea and much credit for helping that young man.

W7LSPH Phyllis Coe is practicing taking code from bug on mill. Good luck!!!

8th District, District Chairman, W8UDA, Dot Gillett, 3513 Fleming Rd., Flint, 5, Michigan.

W8TAY sent K6ROJ a big juicy red apple! Wonder if it reached Ella all right???

W8LVN was married to W8CLA on July 10th. Deryle has changed her name from Jones to Smith. Hi. Her new QTH is Box 349, Oxford, N. Y. Don't we all congratulate her??? Well, Yes!!!

W8TPZ informs us W9KSA and W8VWL visited her recently and they talked for hours...

W8KNC and her OM are interested in model railroading.

W8ASH on W8TAY: Had an article on "Amateur Radio" in BRUSH DEVELOPMENTS, house organ of a Brush Development Co. FB, Nita, and congrats to you...

9th District, District Chairman, W9EFD, Esther L. Davis, 1006 Hush St., Ft. Wayne, Ind.

W9DED Leta is very busy at her work in the transmitter room at S.F.; they are sending all code, from 20 down, by hand; it's keeping her in trim for future use.

W9FRR Edid enjoys her work as inspector in radio production plant and operates for WERS, all of which keeps her ready for that day??? Also takes care of her two youngsters...

W9IKS Edna has been teaching radio theory with expectations of doing research work for a firm in Chicago; next to radio, her flying rates tops. Good luck in both, Edna.

W9JPT Helen says she is waiting for the bands to open again, that she has no excitement in her life any more, but we'll bet 2-1/2 acres of ground can be a lot of work, besides raising her own chickens. Planned to make her own Xmas gifts. Wish we were smart, too.

W9JMI Clara has had old man winter at her door, for they were snowed in at St. Cloud, Minn. Spends lots of time looking after her grandson, but that's how most grandma's are, bless 'em. She enjoys Harmonics and looks forward to it.

W9JMJ Joanna teaches General Science at Normandy High School; has taught radio code; is a Girl Scout Troop Leader; WERS op.; her Dad, W9KCA, is alternate op for WERS.

W9NLW Jean a graduate of U. of I. last Oct. 3rd with AB degree, majored in mathematics and is on staff of U as an assistant; also engineer at radio station WILL. (Nice going!!!)

W9NBX Edid is working as inspector in radio production plant; enjoys work very much.

W9LW Nell now living in Brunswick, Me., where her OM Lt. J. G. is an instructor of radio at Bowdin College; her two kiddies seven and ten month take up most of her time but never too busy to read Harmonics.

W9O/Q Helen is keeping busy with her pen pals and looks for the day we can all be together again on the air.

W9M Anne Marie Tevlin, who's QTH is 444 Ellsworth Ave., New Haven, 2, Conn., informs us she has not received Harmonics for some time, but blames herself. Hi. She is doing just what she enjoys most, teaching code to students.

WQUD Letta: Congratulations to you and the CM 99HS. The only trouble she is having at present is getting enough cooking utensils together, especially a pancake turner. I'll bet they don't go hungry for she is an ardent listener to the Mystery Chef on the Blue Network.

99IA Loretta has done her part on the farm by raising food stuff and filling all the jars possible; also found use for printed food bags by making aprons and patch work pieces.

99TU sneaked off from her job as Sec. of YLRL for 15 days on a furlough, first one in a year, visited her family in Milwaukee. Micky is trying to keep her head above water, wading thru her pile of YLRL correspondence.

99OPX is kept very busy sewing for her two youngsters; enjoys home planning & decorating.

99EXY has new TH. 1157-1/2 Ruberta Ave., Glendale, 1, Calif. (Pusst, did Mae let her dogs lapse???)

99CHB is chairman of local Red Cross; also manages one of Municipal Stores in Longville, Minn.

99AIP reports that Anna Marie Tevlin, 99CHB, is now Mrs. Mark Guerra. 'Twas the case of teacher carries student, or was it vice versa?? Good luck to the newlyweds!!!

99RFL wishes to express her appreciation to all the girls for the splendid way in which they have sent in the news. (Wish other districts would be as responsive!) Esther has reached her goal of 500 hrs. as Nurse's Aide and now, after 3 months, has spent her last three weeks supervising a class of new Aides. Congratulations are certainly due!

10th District, District Chairman, Ethel Pick, VE2HI, 535 Lansdowne Ave., Westmount, P. Q., Can.
VE2VO Dot Visited VE2APA in Nov.; had grand rag chew; Dot tells us Maude is always laughing and full of fun; Dot loves her job as operating Cpl. in OWAC attached to signals; she loves pounding brass, also hiking, skating, and members of the RAF... Hi...

VE2APA Maude teaches small class of young girls in wireless, code and electricity with help from the CM; reports the girls are progressing very well.

VE2HI Ethel is still teaching school and driving her baby Austin car. Wish we could visit at summer shack of hers up in the Laurentian Mountains. How about an invite, Ethel???

11th District, District Chairman, Constance Hall, G8LY, N. Waltham Rectory, Basingstoke, Hampshire, England.

All the news from this district was included in the greetings from Constance which we gave you elsewhere in the anniversary greetings of the various officials of the club. We surely would like to get news of all hams in that district, whether members or not, so we could know how the other half of the world is getting along.

Odds and Ends of News Items from All Districts, gleaned from various notes, letters, etc.:
KE8OJ is a school ma'am now. She teaches 4th & 5th grade pupils in the morning and 6th & 7th grade pupils in the afternoon; sez she is gg in morn till nite and will be ready for a good long vacation when the war is over. We'll bet!!!

W1WZ/3 has signed up for a course in meters and inspection at Temple University.

99JLI is now op. at KWIK and has a restricted phone license.

99CH/1 is civilian instructor in radio at Yale University. More power to you, Anna!

VE2HI does her share in entertaining the service boys away from home; has turned her shack into a spare room for the boys to stay weekends or odd nights; mighty fine idea, we think.

W7HXU is Label G. Deebe, 1104 Sigeloy North, Seattle, 9, Washington. She is a brand new member with us and a member of whom we are very proud. Her OM is Bob Deebe, W7IG (Eva Got Label...) and they are a mighty fine couple to know. Let's get better acquainted.

W7HHH has been quite ill but has not returned to work.

W7LKY lost her sister in Sept. Our sympathy goes to Gretchen in her loss. Gretchen has been done up with lumbago but is now up and about once more..

W1USA and W3CDQ got together for a real gab-fest not too long ago...

W7HUT and CM made themselves a present at Xmas of a Bell & Howell movie camera...yum, yum.

WJL has been enjoying a Florida vacation; we wonder if not out before the Jan??
WJL, we understand, is getting to be quite a bowling fan!
WJL says being a 100 Housewife is certainly doing her share; but she enjoys it, too.
WJL Sister Glendon is now a WAG, we understand. Will someone please give us her up-to-date address, rank, etc., etc., etc...

WJL We sincerely regret that we had little news from some districts, and would like to have all the W/Cs send us something whenever possible. Ye Ed has tried faithfully to keep all papers assembled from day to day for the paper but, unless she lost some, failed to get reports from all districts. If she did lose them, she offers her humblest apologies to the gals. We will really strive to do better next time.

WJL had a nice letter from Mae, WJL, who is now in California. For her many friends, her new JTE is:

Mrs. L. M. Hart, 4927/6
1157 1/2 Roberta Avenue
Glendale, 1, California.

Glendale is a far cry from Deerbrook, Wisconsin, and we feel sure that Mae will be glad to hear from her many YLRL friends. She says her son is now an ensign in the Navy and her daughter is in Savannah, Georgia. She wants to be remembered to members, one and all. (If this news is repeated, we think it is worth it. Ye, Ed.)

WJL on our WAG from New Hampshire is: Pvt. Leora E. Howe #A105454
WAG Communications Det.
Hotel Claridge
Miami Beach, Florida.

With all this craze of swapping WSL's, why don't we gals begin to swap with each other? We'll warrant there isn't one of us but would give a lot to have WSLs from other YLRLers. So - why not take your last membership list and start in your own swapping of WSLs??? We have heard it rumored that a new membership list is in the making, by the way. Also, a good many of the members have stated their desire to exchange photos with other members. With the beginning of the new year, and with "Auld Acquaintance" feeling filling all our hearts, this would be a dandy time.

We have the following from WJL: "In our last issue we stated that WJL had been taking pictures of her grand-daughter, Jan Ann. We apologise; in fact the apology comes direct from the heart of WJL for it was her fault and her's alone. WJL is NOT a grandmother; in fact, Lou isn't even married! She's a good stout so got a good laugh from the error. But WJL who is the grandmother and who DID take the pictures of Jan Ann wants to go on record as being mighty proud of the honor! Hi! So we all hail both these gals for their good humor...and let's love her head in church!"

FLASH!!

District Chairmen are requested to send in names of their districts on the 15th of each month hereafter. Please cooperate, both members and W/Cs...

Will our members who have ordered membership pins please be patient with us... and the pin company. They are VERY slow in filling our orders, but you may be sure that, just as soon as the pins are received by the Secretary, they will go out to you. Thanks a meg. Kickey...

Yells to Youall Yls from Ye Ed:

With all due respect to an honest excuse, and I know not if I have one, I do intend to set forth here a little of the reason this issue is late. And I have had many, many cards and letters wanting to know the reason why. First of all, I reckon we Southerners are just natural-born lazy! And now, let's see... Just about the time I got out the last issue, I started having a little trouble with some so-called friends over at the Church, and have been trying to get that straightened out for some time - not quite thru yet, in fact! That, of course, has weighed rather heavily on my mind - you have no idea how much, for I love my Church work above all other things that I do and have always done an awfully lot of it in so many capacities. As I have told several of you girls, I have been having my teeth pulled. So far, I have not lost all of them as I had to stop for a while for various reasons, but expect to proceed with the task any day now. So I may have my new "store-boughten" ones by the time the next issue comes out...hi... Another of my great interests here is the Little Theatre, and I spent at least a whole month on a play in which I had a part. With rehearsals every nite, you know how much time that left me for other things! Fortunately, none of our Civic Music Association concerts fell on the wrong dates at that time, too, so I have taken in all of them. How I did enjoy hearing Vivian Della Chiesa! She is too lovely. Have been having trouble, too, with the hired help, not being able to get anyone to work regular for some time, but have finally found a girl who is a real find, no fooling. Certainly pray that I can keep her forever. So now that that situation is taken care of, it also leaves me a little more spare time. Of course, I usually have company on Sundays after Church and for the rest of the day, but that is just part of Sunday to me. We have lost several of the men at the store to the various armed services and it has given us girls plenty of work to do. I usually draw a number of hours overtime each payday, so you can account for some time there... Just lately we have run into a little difficulty here at the store with the bosses about pay and are trying to get that settled right away. One girl has given her two weeks' notice and three of us have more or less given them an ultimatum. So I still have plenty on my mind! At any rate, here it is after so long a time, and I do hope you girls will approve of this issue. I have run it on the Ditto machine as it is so much easier to type and run copies this way, and I wanted to get it out the quickest way possible. If it causes any of you any inconvenience possibly in keeping files, or anything like that, please tell me and I will revert to the old mimeograph for the remainder of my term of office. The old machine is really not too efficient and is very wasteful, but I will do my best with it. I really would like to hear from every one of you girls, no fooling... I love doing this work and appreciate no end my appointment. I ask that all of you pray for me that I might do a good job if possible. I hope I have not left out anything in this issue that should have gone in. If so, I want you to call it to my attention and we will see that it is in the next issue. And so, until next time, gals, good luck to you all, and God Bless You!

33...Judy Caraway, W5FJW
