 EDITOR W9EXM Emily J. Schuette, 7106 S. Lowe Avenue, Chicago 21, Illinois.

Helloooo--

Doggone it is Indian Summer in Chicago today. Let me tell you I'd rather be out hiking in the country rather than sitting in this stuffy apartment typing. I don't dare turn on the receiver either or you'd never get your HARMONICS. Ho! Ho!

\* \* \*

Before I forget -- that address of W2OLB/6 is incorrect. W2OOH says she is back in N.Y. and has located an apartment in Greenwich Village. So-- please your address Amelia?

Let's GET ACQUAINTED Party held on the weekends of Sept. 10/11 & Sept. 17/18 proved to be quite disappointing in results. The ten meter band being very unsettled at that time, BUT poor condx or not Annette Thompson W4LKM/W4CMV found it worth while and came up with first prize and our congratulations! W6GQZ Iva-W6CEE Vada Clarice W7FTX-W4KMM Ginny made things interesting for Annette.

YLRJ Stationery is being sent to the winner.

\* \* \*

Meeting of the San Diego YLRJ was called to order Sept. 15, 1948 at the Linda Vista Community Center by Jean Baptis, President.

Club beach party has been definately postponed and some other activity has been planned for later in the year.

Members are planning on attending the SW conv. to be held in L. A. in Oct.

Club has started a membership drive for YLs and to aid YLs in getting their tickets. Class has been started and a large turn out is expected.

Guest speaker of the evening was Mr. Ray Wievig, W6DUP, whose topic was A.E.C.; most constructive talk.

Eleanor Baldwin W6ANW (P.C.)

Received via HQ120X & Conv. & Dipole Ant. from W6NAZ, Lenore Conn. --

Sept. 18--The YL Radio Club of L.A. had its meeting at home of W6NAZ. Outdoor Barbecue was enjoyed?? before business meeting. We discussed and made plans for the convention, that is, the ARRL SW Division Convention-- Oct. 2-3.

Evolyn W6NEP, is in charge of the YL activity for the Conv. We all planned to attend the fashion show, Sat. Oct. 2nd at the convention. We are looking forward to visiting YLs from other cities and states, particularly to visit with W2OOH Louisa.

Lenore

Lenore wanted to stress a fact she was very proud of--that is--18 YL members were present.

Leta received a swell letter from ZS6GH Diana. Here it is in parts--"I am speaking at a meeting of the S. A. R. L. on the 16th Sept., as everyone is interested in my trip. (Diana has been to the U.S. lately) I should like to have information on affiliated clubs, which I think would be a good idea for S. Africa. We are having a 40 Meter contest on 26th of Sept. and Radio ZS is giving us quite a bit of publicity. We are sunning a regular Bulletin every month. Marie ZS6KK listens to the net operated by Helene, W6MBD and has called her. She wants Helene to watch for her or any other S. Africans."

Relative to the amendment which states that a \$100.00 balance must be kept in the Treasury plus the bonds--what is your opinion? Shall we do away with it? Shall we keep it? Write to W6MBD Leta Bush 3329 Abner Place, St. Louis, Missouri expressing your opinion.

Leta and Lenore sent notice of an article in the Sept. 48 issue of Catholic Digest, featuring Rosemarie, W9AMI, written by Edward Harrigan and Nat McKelvey. The piece is condensed from "Marianist" and title of the article is "Third Sight by Short Wave", A detailed account of her triumph over sightlessness and her patient study for her ticket make highly interesting reading. Thanks to Louisa W2OOH for sending along copies.

Avis thinks it would be a fine idea for you to send me your birthdates which could be printed in Harmonics before the great event takes place. In that way you could be remembered by a Birthday card by some of the girls. What do you think? Like the idea?

New Address: W3VYU/8 Terry M. Korn, 173 Yearling Rd., Columbus 9, Ohio. (It has been done, Avis)

Ann W1OAK sends card to say she isn't the one who sent in "The Psalm of Radio" - so who did? Ann writes she is really getting out with her 40 meter rig running 60 watts on 7175 KC. She is usually on all A. M. & after 1 P. M. She'd appreciate some calls. They've had snow flurries in Barre, Vermont already too. Brr! Brr! Bet you Californians can't boast of that!

There have been two people suggested for Publicity Chairman--W7HDS Lizette Wolf, and two votes for W7FWR Mary Ann Tatro. These have been sent the president. Any more suggestions?

WLFTJ Dot- said they had a roast beef feed at the N. H. State Convention with all one could eat. Heard Weiners and Herring were the features of the Milwaukee convention. How about that? For \$7.50 per person?? Thanks for the nice letter Louisa and hope I'll cu in Chi.

W7GLK-Dot just returned from vacation trip in Vancouver, B.C. VE7OM took us in charge and showed us the sights around Vancouver. It would take too long to tell all the hams did for us. We were royally entertained and will always have a warm spot in my heart for them. Am now enjoying a visit from my sister from Indiana.

W7HHH-Ben. They always have YL contests on the wrong days for me. HI. We are leaving for the Mt. Shasta, California Hamfest on the 11th. Will try to be on 28 MC on the tenth if the band is open. Carl (GNJ) and I went to the Ham Picnic at Newport Oregon on August 28. I won a tube. Two other YLs were there, Gloria, 7I90 from Lebanon and Doris, 7JFM of Baker. It was a long trip; over 400 miles round trip, but we had a grand time and it was worth it.

W7HYO-Ann. OM and I have been working on a basement for our new home. The excavating is all done and the ditches have been dug. We are now in the process of getting the forms in for a footing for the basement. As soon as that is done, we plan to move in our basement apartment and build from there up. Sorry I'm not on the air.

W7KCU-Marty. To all YLs: Friends of mine in Colfax wish to contact Phil Larkins and Johnny L. Brookfield..N.Y. play on the radio..Accordian. Home town Tallahassee, Fla. Do not believe they are hams, but one of you might know them or have heard of them. If so, any information would be greatly appreciated. Contact me at Box 675, Colfax, Wn. I am very proud and happy to have tied for second place in the June contest and wish to thank YLRL for the lovely and much appreciated pin. Sorry I couldn't enter the last contest. Our rig was under repairs. Am now on CW.

7th District cont.

W7KEU-Laura, Am now a member of the North Seattle Radio Club. Going on vacation for three weeks.

W7LCS-Teddy, Hoping to contact the OM thru hams in Rio and Buenos Aires. OM made one contact thru PY1DG to W7KKL of our radio club, but so many DX hounds were calling them, they lost the Seattle station. While in Puerto Rico he met Alicia, KP4GL who sent me a message.

W7LKG-Vida, The 7th district is sorry to lose Vida to W5 land.

W7CJH-Wilma, and OM W7CX are proud parents of jr. harmonic, Larry Arthur born Sept. 15th with Dr. W.W. Hall (W5TED) officiating. A ham set up if there ever was one. All doing nicely.

W8ATB-Esther now has her Class A ticket and can be heard on 75 and 20 using her OM's call W8QBO. (Congratulations Esther).

W8KDX-Wilda wasn't on the air this Summer--too much company. She and the OM (W8ENO) have a Collins 32V transmitter and will be all set to greet the DX all in one afternoon-- Guyana, Venezuela, Brazil, Costa Rica and Alaska. Quoting Wilda, "Fun and more fun."

W8KZK-Ramona has not been on the air since before the war. She writes that the OM (W8KGM) recently purchased an army surplus transmitter and receiver and they hope to be on two and six meters in the near future.

W8SJE-Gladys has her rig all polished up and in very good working order for the coming traffic season. She intends to be on the Ohio BN net as regular as possible and will be NCS one night a week. Gladys attended the annual Ham Fest at Findlay, Ohio and had a grand time meeting the gang many of them being members of the BN net. It was a lucky day for Gladys too as she won a shiny new bug.

W8WIS-Elsie received her ticket July, 1941 and can be heard on ten meter fone. She has brand new three element beam and hopes to contact some of the girls on the Y1RL net. Elsie also enjoys sewing and fishing and her prize DX is ILRO in Modena, Italy. (Fine business Elsie).

W8UDA-Dottie didn't do much operating this Summer due to an operation but is feeling tops again and is back on the air, looking for YLs to complete her YL-WAS. Dottie needs only Utah and New Mexico to complete her WAS on 40 meters. She has been working DX on 40 and 20 and contacted her first OKL. (Nice going Dottie).

W8YBL-Margaret hasn't been doing much operating lately, but enjoys a daily sked with her sister-in-law, Avis (W3WUT). She had the pleasure of meeting W6DKX and KYL (Alice) while they were vacationing in Michigan.

W8YGD-Viola has worked YLs in Canada, Germany, Ecuador and Peru. Her biggest thrill in ham radio happened last Sept. 30th, when she worked six new countries-- Italy (ILMI), France (F8XI), Burma (X22YF), Denmark (OZ7PK), Luxemburg (LK1JK), and Germany (D4ATF). (I'd be thrilled too, Viola).

W8YKU-Laura enjoyed a nice trip into Michigan and Indiana and paid a surprise visit on Avis, W3WUT. Laura and the OM are proud possessors of a 1949 Ford and have plans for a ten meter mobile transmitter. (Was grand to see you, Laura).

W3VYU/8-Terry was married on Sept. 3rd to Dr. Granino A. Korn. She and the OM have done some flying, but are spending most of their spare time in the ham shack getting things organized and are both looking forward to "lots of hamming" in the future. (Congratulations Terry, and I'm sure all the other girls join me in wishing you and the OM lots of happiness).

W6MUT-Avis worked Haiti the other day and how has 40 countries worked -- still a long, long, way to DXCC. Hi. Avis thanks all the girls who sent in their news items and for their splendid cooperation.

W6ZGT- Millian enjoyed a nice vacation in California this past Summer and was very pleased to meet Lenore, W6NAZ. Millian also has her Class A ticket now and can be heard on 20 as well as 10 fone in the near future. She will be on deck for the Y1RL 10 meter net when it gets under motion again and will be glad to make skeds with any of the YLs.

W9EXM-Emily is occupied with Household chores. She is on ten fone when time allows working Gs and OZs and PA's. She finds 29.6 to be an ideal freq. Please everyone keep off. Hi! Sorry HARMONICS is late but time can't be stopped and one does have other things to do also. Had a nice QSO with W6NAZ once, but haven't heard Lenore since. I hear W5DRA, Yative, on the high end and would like to work her.

W9RCM-Ella writes that she and OM W9BCM, have spent most all the Summer at their lake home. They have a rig out there and an SX28A and 3 element beam. However, they don't work out so well there because of lack of height. Ella will try to have lots of news from the Ninth District next month.

Write to: Marie Van Aller, W0PFO,

W0DDD-Leta received a very newsy letter from VE6MP, Maude. She has been entertaining hams and their families from Missouri, Michigan, Montana, Iowa, South Dakota, New Jersey, and North Carolina during the summer. Some stayed three weeks, and some just a couple of days, but she enjoyed them all. W6ZNY, Anna Marie wants to be reinstated in Y1RL. Her call was W9ONW but is now married and living in San Jose, Calif. She plans to come to St. Louis for the holidays, and we will be looking forward to seeing her again.

W0QUD-Letha writes that her multi RF stage rig is still under construction and at the present time she and the OM are building up one of those little Monotones that was described in QST. Letha is still managing the net, and likes directing the boys on how to clear the stuff. Hi. They need more hams in the net. Anyone interested contact Letha.

W0PFO-Marie has been very busy, what with working 5 days a week at the Van Sickle Radio Company, taking care of a household, doing the washing and ironing, etc. Marie doesn't find much time for hamming, but hopes to get caught up one of these days, and do a little ragchewing. Hi. I wish some of the YLs in the 8 district would send me news, about themselves, their stations, bands they're working, etc. I would surely like to hear from them. How about it girls?

Canada

Write to: D/C Maude Phillips, VE6MP,  
Chancellor, Alberta, Canada

VE6MP- I have had a very interesting Summer entertaining Ham friends and their families from all over the States. At one time I had ten here for over a week. It sure impressed the neighbors going by the house to see all the nice new cars parked around the lot from So. Dak., N. Carolina, Mich., Mo., Iowa and Montana. They commenced to think that Chancellor was really going to town. Hi! I have a grand new 3 element rotary beam on a 45 ft. steel tower and got a 9 plus report from a ZL. Ten is just opening up here and I am certainly thrilled, as I do not care for 20. Shall practically live in the Radio Shack from now on! Canadian gals, please send in some news.

(Ed's note: The picture was swell Maude. Thanks for it and nice letter. Too bad wasn't able to put picture in HARMONICS. Guess that would be too expensive and we do have to watch expenses. Hi!)

"Restawhile", Clanwilliam Rd.,  
Lee-on-Solent, Hants, England.

G3ACC reports having now got 99 countries and 89 confirmed. She hopes to get her QRP transmitter working for a QRP contest taking place soon--Good luck Meg. She is having trouble with her modulator, but hopes to get going soon as she hears much DX telephony. Spent a wonderful fortnight in France recently, and stayed with an F3, called in on R. E. F. and was given a great welcome. Meg is now on the trail for worked all states and hopes to work many YLRL members, specially in difficult states! On 14 Mc she is VFO.

G2YL has just had a weeks holiday, and spent it at home, trying to catch up on some of the odd jobs in the shack! Took one day away from it and visited 8LY--8LY and 2YL used to have a daily sked on 58MC, but now 8LY has moved to a new qth at sea level, they cannot contact, on that frequency. Nell is on 28MC phone and CW when time permits.

G8LY bemoaning fact that 28MC is opening up & 14.5MC now open to 6, as 58MC is often devoid of signals! I'm building broad-band convertor for 14.5MC, which is growing at rate of about one screw or one hole in chassis per day!! Has noticed a television aerial go up on Pier Tower, and wonders if they will "see" G8LY when she beams in that direction on 58MC!! Have just had a great friend of mine staying with us, British, but working for UNO in Washington, so I've been getting some first hand "gen" on the states Hi. I am hoping to get back on 28 MC soon (VFO). Must QRT now and work out dimensions for my 28MC rotary beam plus a 14.5MC one perched on top. Gales here are QRO at times so it will be only 16' up I think. Hi.

From W6NAZ: Our friend Henry OKLAQ sends us more YL information: "our first Slovak YL call is OK3IL, Miss Hana Vigasova, a YL clerk in the manufacture of well known OK3ID where are busy many other OK3 hams. Hana is a typist and "never thought about the possibility to understand short waves, but was encouraged by others there." "I entried at the Slovak Short Wave Union, SSKA, and after much fear that I shall never do it, but patience from friends and family, I finally went to the exam. I came back OK3IL. Just the next day after the exam my colleagues have built for me a Windom." Now

she has 50 watts input. Her receiver is an 11 valve. Her transmitting time is between 8 to 10 in the evenings...and so far but few qsos, altho "with the meal is growing up the appetite so one day I hope to work DX." Another YL is OKLYL, Jirina Skohoutilova, administrations clerk in our headquarters in Prague...21 years old, married to an army officer. She received her license a few weeks ago. A year ago she began her Morse study and it was not easy to convince her parents of the evening course or even of the importance of Amateur Radio. But she got the license! Starts work on 56 MC...but as her colleagues are "doubting about my Morse, so I started work on 3.5 MC on cw...but I am very very glad if my partners will reply still QRS...Hi. I am seeking an apartment as many other people in Prague (and all the USA!--ed.) My modest equipment I like very much but hope for enlargement so I could get some DX!" Henry also tells us of a registered short wave listener--Mary OK-RP 4492-1 who, with her OM, is studying hard for her license and listening on the ultra highs. Greetings to all our YL friends in OK land!

\* \* \*

From Xtal...CAROA magazine..."The Dominion Observatory transmitters are on the air continuously 24 hours a day with the call sign CHU transmitting second-beats on frequencies of 3330 Kc., 7335 Kc. and 14,760 Kc. The musical pitch of 1,000 cycles per second, which is characteristic of these signals, is derived from a precise crystal source."  
W6UHA, Maxine, conveyed good wishes for the second annual Goderich picnic as well as did other hams. A splendid time was had by all.  
VELFV and LR were recent visitors at the shack of our gal VELVZ, Madeleine. (Boy friends?--ed.)  
VE3QL has moved to W6 so it looks like our address is incorrect. Anyone know the whereabouts of VE3QL, May England?  
VE5FL, Florence is on CW occasionally on all bands.  
VE6MP, Maude, attended the Glacier hamfest. (Did you win anything Maude?--ed.) Oh yes, her OM VE6HZ was also present.  
Don't you Canadian YLs read Harmonics? I'd like to know the OMs call too so I can write news about them also. Besides, there hasn't been news from the Canadian district for ages--so write your D/C VE6MP, Maude Phillips.

This is your paper and if you don't like something about it, please don't hesitate in making your suggestions. Your ed. is far from being a perfect one. If you have any new ideas about something else you'd like to have incorporated in the paper--send them along. But don't forget I want news and then some! Thanks to everyone for bring so "on time" with their news. I like you.

#### YLRL NINTH ANNIVERSARY PARTY

DATES: Friday, Saturday, and Sunday, November 26, '27, and 28. 1948.

HOURS: Contest begins 4 A.M. local time Friday Nov. 26th and ends at midnight local time Sunday Nov. 28th.

ELIGIBILITY: Only YLRL members are eligible to compete.

- EXCHANGE: RST report (CW) or RS report (phone) and name of state (or U.S. Possession). VE districts, KH6, KL7, G, etc.
- OPERATING: Skeds and cross-band operation permitted. Call YIRL. All contacts submitted must be made either on cw only, or on phone only. Skeds can be made with either phone or cw stations however. For example; a cw operator must do all of her transmitting during the contest on cw, but she may sked phone stations and vice versa.
- SCORING: 10 points for each YIRL member station worked, multiplied by the number of different states (and possessions) worked.  
5 points for each additional YIRL member station heard, this to be added to total after multiplying.  
1 point for each non-member station worked during the contest period, this to be added to the total after multiplying. This includes all stations whether OM or YL. Note that report and name of state must be exchanged on these contacts also, but these states cannot be counted twice regardless of what band worked on. All bands may be used. Score sheets must be mailed to WIMCW, 19 State Ave., Care Elizabeth, Maine, within one week after close of contest.
- PRIZE: First prize only.-- Cup donated by your Vice President, Lou Littlefield.  
Cup to be passed on to new winner of annual Anniversary Party each year. A member winning the cup three times gains permanent possession of it.

Ed's note: Thought you can make up your own score sheets as per example, since it would take a lot of paper especially since you will get credit for non members worked and YLRL members heard.
