PRESIDENT'S MESSAGE

It is gratifying to me that enthusiasm is continuing among the YLRL members toward making it a bigger and better League, as evidenced by the very excellent suggestions and ideas that have been presented by the membership. It makes this job of being your president easier, when there is the feeling of whole-hearted support!

This suggestion that I shall tell you came from Marge, WIVOS. Thanks, Marge! Others will be used in the various places where they apply as time goes by.

Marge's suggestion: Since YLRL has started acting as a subscription agent for CQ and QST (thru Beulah, W4DEE), why not handle subscriptions to all magazines for those of you who wish to go through YLRL for this service? Beulah is willing to include this service in her duties, so this suggestion has been accepted. Soon you will receive, under separate cover, a booklet giving the rates of many of the magazines. With Christmas coming so soon, it may be that you and some of your friends wish to use the gift-subscription plan. Lots of luck!

If you have an idea or suggestion that you think may be of help—pass it along. We'll be happy to receive it!

Regarding Officers' Bulletin—even the results indicate continuation of it, there will be no more, unless there is a vital need, due to lack of you know what—hi!

Acceptance of appointments as District Chairmen have been received from PA0ZC, Louise, for Europe and England, ZLAGR, Myrtle, for New Zealand and Australia, and Z56MW, Joy, for all of Africa. We're going to hear regularly from our sister hams that live in far-off places.

Due to changed circumstances Luryn, W7SBS, has resigned the position of District Chairman of the 7th District. Acceptance of an appointment has not been received as of this writing.

Here are two new YLRL Nets:

40 Meter Phone	7215 KC	10 AM EST	Thursdays	NC W4SGD, Alt. NC W8HWK

VICE PRESIDENT'S MESSAGE

Following is the result of the questionnaires that were returned:

Party held on weekends	37
Open to all YLs	47
Multiplier for each state and country worked	47
Power multiplier of 1.5 for under 150 watts on 'phone and 1.25 for under 150 watts on CW	33
Party on Wed. & Thurs.	63
Open to YLRL Members only	54
Five points for each contact, regardless of location	69
No changes in power multiplier	47

There were a total of 116 returned; however, not everybody marked a preference, therefore the difference in totals. Due to the late date, this year's Anniversary Party will be conducted by the rules set last year. There is a committee of six, from all parts of the country, working on details to establish the new set of permanent rules. The final result may be presented for your vote at the same time the Amendments to the Constitution are presented.

EDITOR'S NOTE

Bear with us once more on a small edition of Harmonics. This situation will be changed in the near future. Your District chairman will appreciate your traffic reports, DX news, etc. To make Harmonics a bit more enjoyable, send your news in to her. Keep those orders rolling in for the Address labels; also any subscriptions to CQ and QST, W4DEE, will welcome with open arms.

I want to announce a new contest, open to "Hams" only, starting now and ending November 30th, midnight. We are looking for new Harmonics Cover ideas, something more modern than we've been using. So get those sketching pencils going; submit as many drawings as you like, just hurry them along to me. A judging committee will be appointed this month. Decision will be entirely up to them. A prize for the winning sketch will be donated by Dottie Evans, W1FTJ, and one for second place by myself. Prizes will be appropriate, whether won by an OM or a YL. Winning Cover will appear on Jan.-Feb. issue.
